Developed in Israel for the world's military and special security services, the combat-proven **Fobus Standard Holster** series is a revolutionary step forward in holster design and technology. State of the art design, injection molding and space age high-density plastics are combined to create a holster which cannot be duplicated in leather or any other material.

Outstanding features that Fobus incorporates in the holsters are hip hugging, high riding, and a low profile with unbelievable retention, comfort and lightweight construction.

Comfort is vital to those that carry a sidearm. Fobus designers have delivered holsters that weigh a mere 2 ounces, yet are more rugged and reliable than all others, and are maintenance free.

Fobus holsters have now set the standard with elite law enforcement personnel and police departments at federal, state and local levels worldwide. Sportsmen and professionals enjoy having the finest in holster technology and knowing that their sidearm remains safe at their side, ready for instant use. All Fobus products carry a lifetime warranty.

## GL2

All holster models are available in **Paddle**, **Belt** and **Left Hand**.

Retail from  
\$19.99 to \$22.99

# The **NEW** 360° ROTO HOLSTER SYSTEM

## 360° ROTATING HOLSTER

The unique Fobus Roto-Holster System rotates 360 degrees and adjusts easily for cross draw, bodyguard/driver, small of the back, or strong side carry.

*The Fobus Roto-Holster System is available in all current holster models and are IDPA approved.*

## BR2RP

All holster models are available in **Paddle**, **Belt** and **Left Hand**.

Retail \$27.99, Extra attachments \$8.99

***Fobus Holsters are the next wave in tactical holsters. Our holsters feature passive retention with rapid deployment, are combat tested, perform in all situations and are virtually indestructible. And, a 100% lifetime guarantee stands behind each and every holster.***

The Unique Fobus **Roto-Holster System** rotates 360 degrees and adjusts easily for cross draw, bodyguard/driver, small of the back, or strong side carry. Our patented locking adjustment allows the firearm either a forward or reverse cant with a total of 40 different position settings. The Fobus Roto-Holsters are ultra lightweight, with flexible two-piece design for maximum strength and all day wear comfort. Your choice of an easily interchangeable paddle or belt loop attachment is included, and extra attachments are sold separately.

*\*Most models are available in either belt, paddle or left hand style, see our complete chart of compatible models and styles on the web at [www.fobusholster.com](http://www.fobusholster.com).*
