HEAVY DUTY CASE

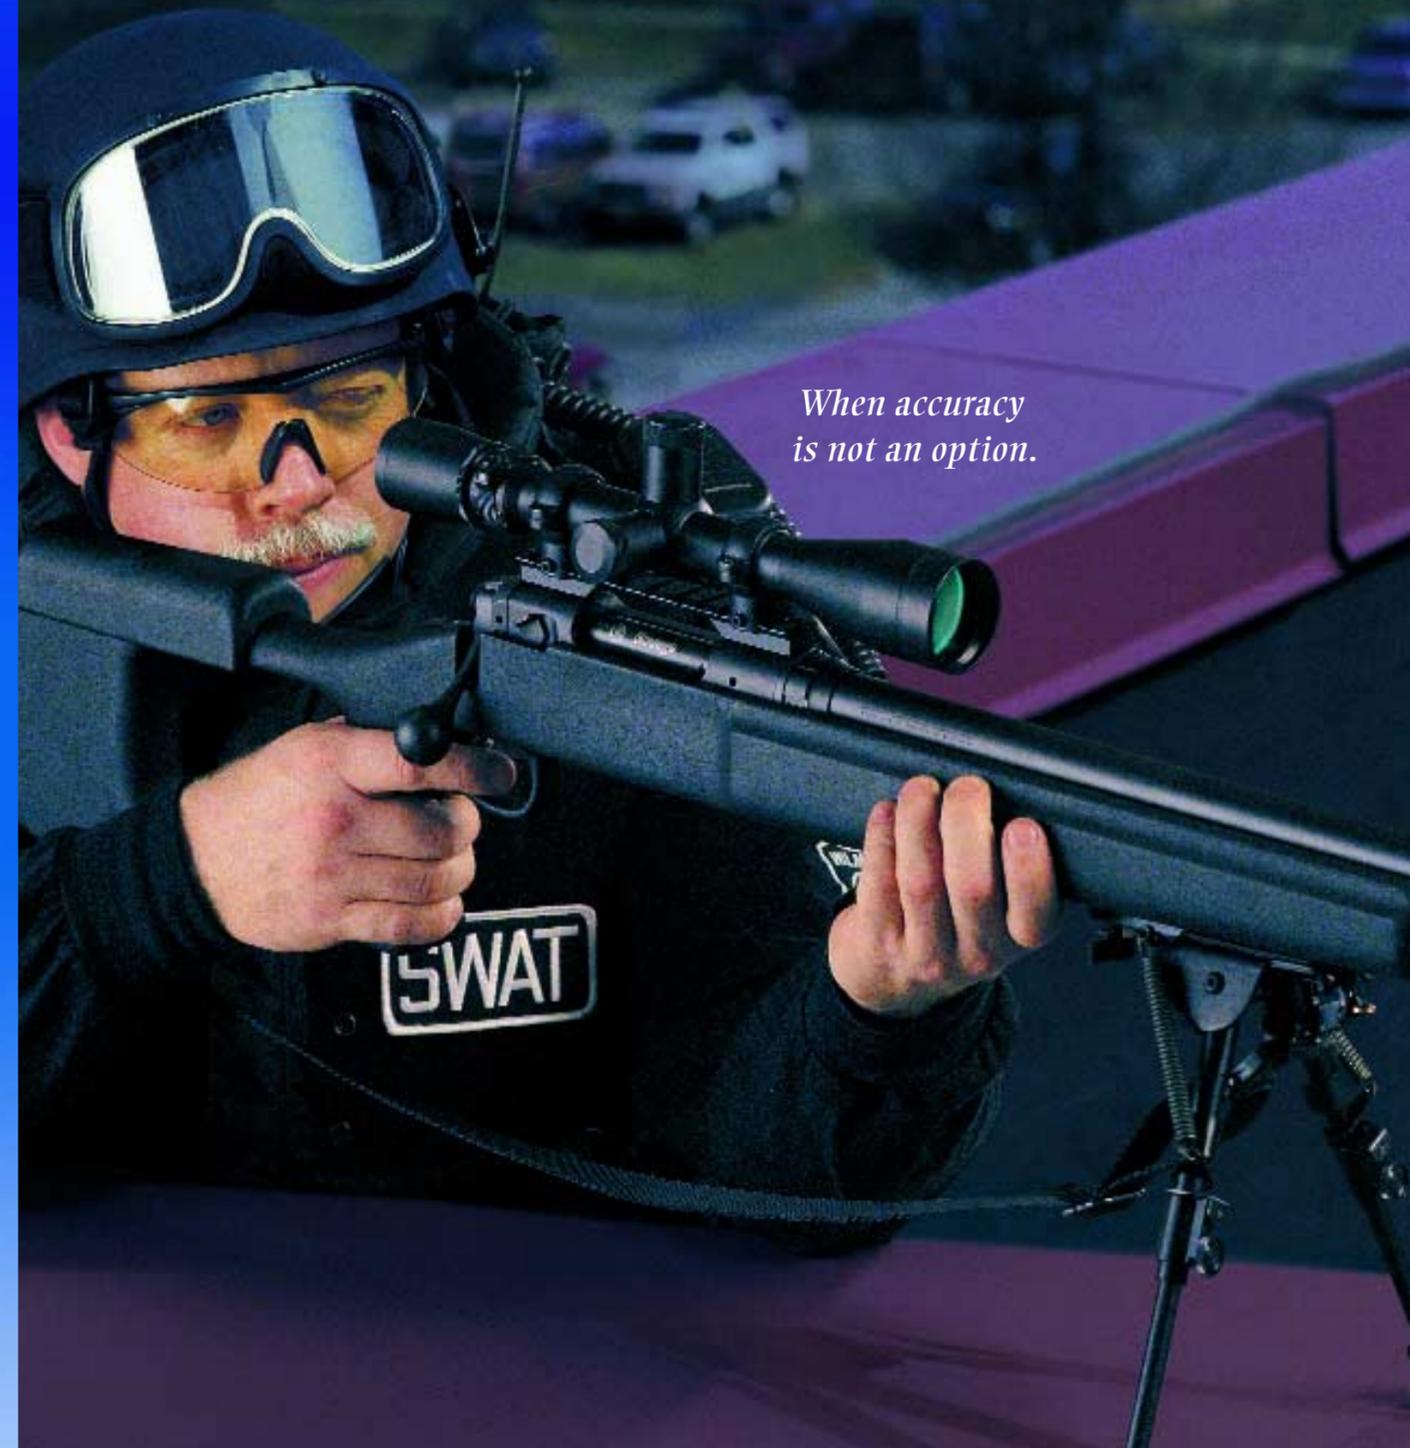

Standard with Model 10FPXP models, heavy duty aluminum case with four-latch/three-digit combination lock for added security.

- Infinitely adjustable
- Trigger pull between 1-1/2 lbs. and 6 lbs.
- Capable of being adjusted by the owner
- Completely safe – no danger of accidental discharge even at the lowest setting
- Crisp release with no creep

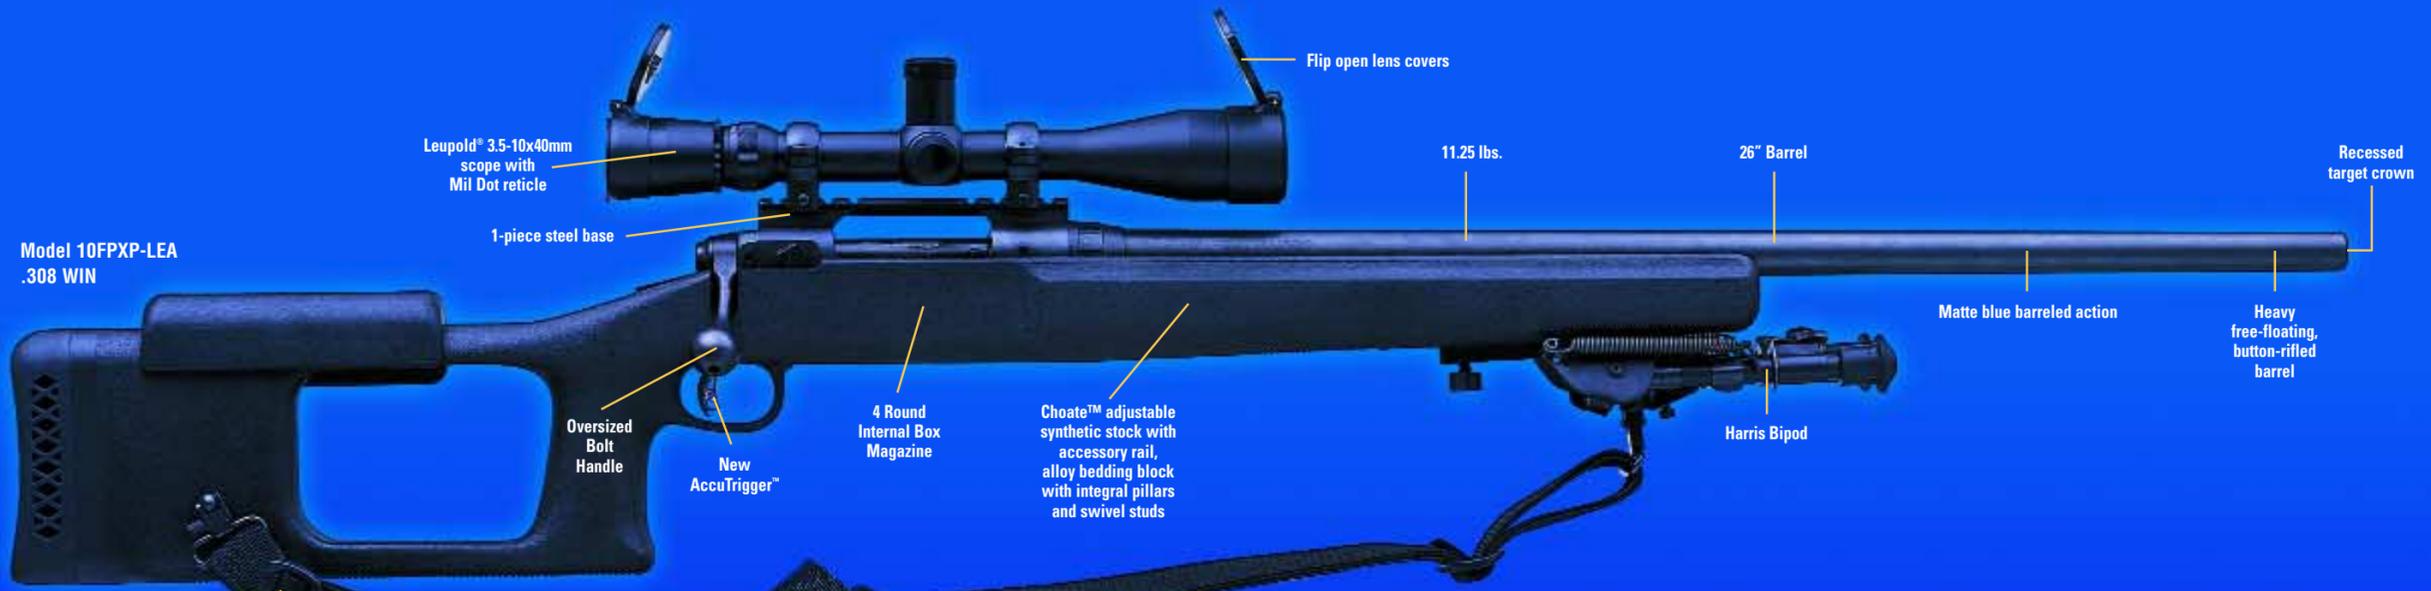

New... Savage AccuTrigger™

For 2003, Savage defines a new standard by introducing the new AccuTrigger™ on all Law Enforcement Series rifles. It's easily adjustable by the shooter—between 1 1/2 to 6lbs. When maintained and adjusted as intended, the AccuTrigger™ is completely safe and cannot accidentally discharge during normal use from being jarred or dropped. Extensive testing revealed the AccuTrigger™ is smoother, crisper, broke cleaner and demonstrated less creep than any other factory-built trigger tested. The Savage AccuTrigger™—a revolutionary design that will forever change the way shooters expect triggers to function.

When accuracy is not an option.

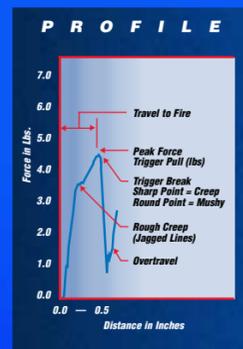

Unsurpassed Accuracy, Unbeatable Value

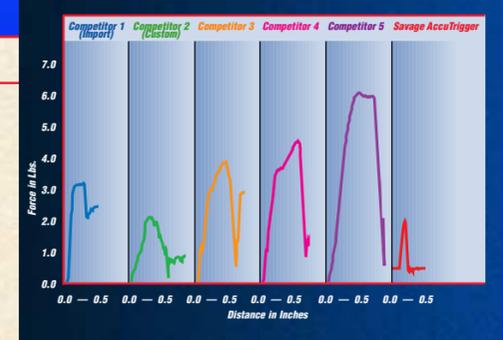

Model 10FPXP-LEA
.308 WIN

AccuTrigger™ Performance

Savage used sophisticated software to compare objective measurements of their new AccuTrigger™ with competitors' triggers. These comparisons confirmed there is a graphic and repeatable difference between the AccuTrigger™ and all other triggers tested. This objective method of testing demonstrated the new Savage system has a lighter trigger pull than all the other major brands. In fact, the AccuTrigger™ was lighter than a top-of-the-line imported brand and a custom aftermarket trigger. Testing also revealed the AccuTrigger™ was much smoother, crisper, broke cleaner and demonstrated less creep than any other factory-built trigger tested.

TRIGGER COMPARISON

AccuTrigger is a trademark of Savage Arms, Inc.

Savage's legendary out-of-the-box accuracy, unfailing reliability and rugged durability, all at an unbeatable value, make the Law Enforcement series a must for today's security forces. Built on its time-tested 110 action, Savage now raises the bar in tactical rifles by offering the new AccuTrigger™ on all its LE models. Add this to a button rifled, free-floating barrel with target style recessed crown and dual pillar bedding and Savage delivers a rifle with unsurpassed accuracy. The LE series also offers standard, Choate or McMillian stocks and a third swivel stud for quick bipod attachment. The bolt handle is oversized for quick acquisition when multiple shots are required. Specialized package models feature a Leupold 3.5-10x40mm scope with Mil Dot reticle and flip-open lens covers, and a Harris bipod. The Savage Law Enforcement Series – when accuracy is not an option.
