

# *The NEW Stevens® Model 411 Upland Sporter*

## QUALITY AND VALUE AT A POPULAR PRICE!

*The Steven's Upland Sporter adds the modern touches today's value-conscious hunter demands in a well-built, reliable side-by-side shotgun.*

The model 411 is a lot of gun for the money and offers features usually found on guns costing twice as much. Crafted in Russia to Stevens' precise specifications, the Upland Sporter features screw-in choke tubes, hammer forged chrome-lined barrels, a single selective trigger and automatic ejectors. The automatic safety is on the tang—right where you'd like it to be. It even has the luxurious touch of laser-engraved decorative sideplates and a red florescent front bead with brass mid-rib bead. Add high-luster bluing, a matte lacquer European walnut pistol grip stock and splinter forearm with cut checkering and the Model 411 Upland Sporter is a gun you'll be proud to carry in any company!
