Gun Cleaning Supplies

## GUN VISE

Secure your rifle or shotgun for just about any work you want to perform on it. The Tipton Gun Vise is an ideal "third hand" for cleaning and gunsmithing. It features a rubberized cradle and jaws to protect and grip your gun, a quick release cam action for easy access, molded-in compartments for solvents and small parts, and is made of tough, solvent-resistant polymers.

Gun Cleaning Supplies

## DELUXE CARBON FIBER CLEANING ROD

Carbon fiber is well-suited to the tough tasks assigned to cleaning rods. It combines the best features of stainless steel and coated cleaning rods, then adds valuable properties of its own.

During Operation Iraqi Freedom, US military armorers called on Tipton to provide cleaning rods that would clean service rifles in demanding conditions. It made sense to us: Carbon fiber is an ideal material for cleaning rods. Stainless steel rods can scratch or wear barrels if they're used carelessly - though they won't pick up potentially damaging small abrasive particles. "Coated" rods get part of the job done - they keep the stainless steel shaft from damaging your barrel's rifling, but the coating will pick up small abrasive particles, which means you're effectively running fine-grit sandpaper through your bore. Carbon fiber rods are the best of both: the carbon fiber can't scratch your bore like stainless steel, and they won't embed like coated rods. We call these cleaning rods "deluxe" because they feature an ergonomically designed handle that spins on two sets of ball bearings - the result is a cleaning rod that smoothly follows the rifling both pushing and pulling, even while under pressure. The "shank-through" construction also allows the user to apply "reasonable" hammer blows to the end of the cleaning rod to get a tight patch through a bore.

- Available in Six Sizes to Fit Most Rifles and Calibers
- Carbon Fiber Shaft to Prevent Bent Rods
- Ball-Bearing Handle Allows Full Following of Rifling
- 8-32 Threads Accept Most Popular Accessories

**Choice of the US Military.**

## CLEANING ROD RACK

Keep your cleaning rods safe, secure, and organized with this sturdy Rack. Black, rigid polymer Rack is 10-3/4" long and holds six rods. Resistant to solvents, lubes, and preservatives. Supplied with two screws for attachment at any convenient location near your bench or cleaning station.

Product #.....160-539

## STAINLESS STEEL CLEANING RODS

All the features shooters demand in a cleaning rod, at an affordable price. Fouling and abrasive particles cannot imbed in the hard, stainless steel shafts. The tough, chemical-resistant handle features a self-lubricating bearing for smooth rod rotation while cleaning. Pistol and rifle rods have 8-32 female threads (except 17 caliber, 5-40 thread). Shotgun rods accept standard 5/16"-27 threaded accessories.

## JAG & BRUSH SETS

### TIPTON 12-PIECE JAG SET

These 12 solid brass cleaning jags are the fastest way to thoroughly clean, dry, or oil the bore. Each jag is designed to provide a tight fit between the patch and the bore. A pointed tip keeps the patch centered and allows it to drop off when the jag exits the muzzle. Made with 8-32 threads (17 caliber has 5-40 threads), they will fit most brands of cleaning rods, and should provide years of service. Kit includes 17, 22, 243/6mm, 25/6.5mm, 270/7mm, 30, 338/8mm, 35/9mm, 375, 40, 44 and 45 jags. Convenient storage box features marked cavities for each caliber.

45 caliber .....	239-013

### TIPTON BORE BRUSH SETS

Tipton Bore Brush Sets are a new concept in firearms maintenance. Conveniently packaged caliber- and gauge-specific sets of brushes means you always have the right brush at hand. Because they are caliber- and gauge-specific, you can be assured of

an optimum fit to your firearm's bore for efficient and thorough cleaning. Contained in a durable, hinged box with marked cavities, it's easy to select the correct brush for your particular application. The core winding of some inferior brushes are cut at the end, leaving a sharp, exposed edge. The cut shank quickly loosens and leaves dislodged bristles with each pass down the bore. Tipton Brush shanks are looped and wound, not cut. Tipton Bore Brush Sets are available in both bronze and nylon. Bronze brushes are made from premium phosphor bronze for long life and cleaning power. The nylon brushes are made from a material that is unaffected by most modern solvents including copper solvent which can easily deteriorate a bronze brush. Threads fit most popular brands of cleaning rods (8-32 for Rifle and Pistol, except for 17 caliber which is threaded 5-40), and 5/16-27 for Shotguns. Rifle set contains 14 caliber specific brushes (17-45 caliber), Pistol set contains 8 brushes (22-47/48 caliber), Shotgun set contains 6 brushes (410-10 gauge).

Description .....	Nylon # .....	Bronze #

### SOLID BRASS SLOTTED TIPS

For flooding the barrel with solvent or wiping the bore with oil or preservatives, nothing beats a patch in a Slotted Tip. Tipton offers an assortment of four caliber-range specific Rifle/Pistol tips for your convenience, or they can be purchased separately. Solid brass is softer than barrel steel so there is no worry of damaging your bore, plus they will last much longer than the typical synthetic plastic tips. Rifle/Pistol Tips are threaded 8-32 and the Shotgun Tip 5/16"-27.

Gun Cleaning Supplies

## SHOTGUN CLEANING KITS

We didn't cut any corners on the Tipton Shotgun Cleaning Kit. Everything you could possibly need to perform the cleaning operation on your most prized smooth bore is included inside a durable carrying case.

- 7 Bore/Chamber Brushes
- 4 Bore Mops
- 200 Patches-410-12 Gauge
- Shotgun Patch Puller
- Utility Brush
- Nylon Gun Brush
- 10 Shooter's Swabs
- 3 oz Bore Solvent
- 2 oz Gun Oil
- 4 Cleaning Picks
- 3-Piece Cleaning rod
- Chamber Rod

Product #.....684-250

### ACTION/CHAMBER CLEANING TOOL SET

These tools are made specifically for those hard to reach areas inside the receiver of your bolt action rifle. The action cleaning tool utilizes cylindrical swabs to clean and lubricate the locking lug recesses. The chamber cleaning tool uses a mop to remove carbon and powder residue that is often left in the chamber during conventional bore cleaning. Includes both tools, a small and a large rifle chamber mop, 10 swabs, and a nylon cleaning brush.

Description .....	Product #
Action/Chamber Cleaning Tool Set.....	368-628
Replacement Swabs, Pack of 100.....	115-373

### CLEAN AND OIL BRUSH

Fine natural bristle cleaning and oil application brush. Hundreds of soft, thick 1-3/4" bristles, do a great job cleaning and carrying oil and preservatives to the exterior of your guns, and the hard-to-reach areas like under vent ribs.

Product #.....375-777

## RIFLE & HANDGUN CLEANING KITS

Tipton Rifle and Handgun Cleaning Kits are stocked with the highest quality supplies. We don't believe in plastic jags or plastic slotted tips, and you won't find any here. This kit contains quality brass jags and slotted tips, premium bronze brushes, and lots of other exclusive tools and accessories you never knew could be so helpful. All packed in a convenient carrying case.

- 11 Bronze Brushes
- 12 Brass Jags
- 4 Slotted Tips
- 200 Patches (22-45 caliber)
- Utility Brush
- Nylon Gun Brush
- 3-Piece 40" Cleaning Rod, 22 Caliber
- 3-Piece 40" Cleaning Rod, 27 Caliber
- 10 Shooter's Swabs
- 3 oz Bore Solvent
- 2 oz Gun Oil
- Action/Chamber cleaning tool set
- 4 Cleaning Picks

Product #.....534-451

### CLEAN AND LUBE BRUSH

100% horsehair brush only 1/2" wide is perfect for cleaning and lubricating small, hard to get at areas on all firearms. Use dry to sweep out dust and unburned powder. Use with solvents to loosen up more tenacious fouling. Apply lubes and preservatives to critical points in the action and trigger assembly.

Description .....	Product #
2 Pack.....	862-185
12 Pack.....	806-270

### SHOOTERS SWABS

Wire-handled swabs are perfect for applications of lubes and preservatives. They also work well with solvents to scrub out recesses in receivers, bolt bodies, and other hard-to-reach areas. Dozens of uses.

Gun Cleaning Supplies

## PIPETTES™

Convenient, no-spill means to transfer liquid products for mixing and measuring. Perfect for adding bore solvents, oils, and preservatives to patches, brushes, and mops without contaminating the bottle contents. Measure stock finishes, stains, and other finishing products. Available in two lengths, 3-1/2" and 6". Offered in handy 2-packs, or bulk bags of 12.

Description .....	Quantity.....	Product #
Pipettes, 3-1/2" .....	2 .....	751-224
Pipettes, 3-1/2" .....	12 .....	154-174
Pipettes, 6" .....	2 .....	159-743
Pipettes, 6" .....	12 .....	146-527

## COTTON INSPECTION GLOVES

Fine, heavy-duty white cotton gloves ideally suited for wear while inspecting or evaluating fine firearms, knives, swords, or expensive antiques. Prevents fingerprinting or transfer of contaminating material that can degrade the finish of new or vintage firearms and keepsakes.

Excellent for collectors, appraisers, or anyone dealing in quality firearms. Package of 4 pair.

Product #.....626-671

## MOLY SUPER LUBE

Tipton Moly Super Lube combines space-age lubricating gel with molybdenum disulfide. The moly embeds in the pores of the metal and provides long-lasting lubrication. The 10 oz applicator-tip syringe allows you to apply just the right amount! Perfect for semi-auto pistol slides, actions, triggers, barrel threads, bolt raceways - you name it!

Product #.....672-592

## RUST GUARD

Rust protection and lubrication in one package. 6 oz aerosol contains DuPont Teflon® to lubricate moving parts, and a preservative to guard against rust and corrosion. Spray on when a thorough cleaning is not convenient; after cleaning use to lubricate and preserve before storage.

Product # .....248-829

## BORE CLEANING SOLVENT

Heavy duty formulation removes all traces of copper and carbon fouling, and residues of powder and plastic wads. Contains rust preventative preservatives for long-term storage. Available in 3 and 16 oz bottles

Description.....	Product #
3 oz .....	746-274
16 oz .....	420-764

## HEAVY DUTY VINYL GLOVES

Cleaning firearms can be a messy job.

These Heavy Duty 10" long Vinyl Gloves will protect your skin from solvents, penetrants, lubes, and preservatives. Keep lead and carbon fouling off your hands. Because they are heavier than "surgical" gloves, they can be expected to last for many cleaning jobs. Offered in medium and large. (See page 31 for sizing chart.)

Description.....	Product #
Medium .....	149-472
Large.....	195-845

## COSMOLINE™

Recognized by firearms enthusiasts for decades, Cosmoline is the favored preservative for long-term storage of guns, tools, and other metal objects. Cosmoline is a soft grease that has demonstrated to be the definitive rust and corrosion inhibitor. Made to original GI specifications, Cosmoline can be brushed on directly, or warmed in hot water for dipping small parts. 12 oz can.

Product #.....267-557

## INSTA-CLEAN

All-purpose firearms cleaner/degreaser. It quickly removes oil and fouling, dries quickly, and leaves no residue. Thoroughly cleans triggers, actions, chambers, threads, firing pins, and other moving parts. It is non-flammable and does not deplete the ozone in the upper atmosphere. Contains no CFC's. Avoid contact with wooden, plastic, and aluminum parts. 16 oz aerosol.

Product #.....334-393

## RUST SHIELD

Cleans and prevents rust in one application. Rust Shield combines nitro-solvent and rust preventing oil in one product. Dissolves powder residue, primer and metal fouling, while penetrating the pores of the metal to provide rust protection in any climate. Recharge the Chamois Wiping Cloth with handy 2 oz refill.

## SHOP TOWELS

Every workbench has a multitude of uses for the standard red shop towel. They are indispensable for wiping off guns, cleaning up spills and dozens of other uses around the shop. Made from 100% cotton, so they are lint free, ultra-absorbent and machine washable.

- Ultra-absorbent, cotton towels specifically for wiping down firearms
- Replaces the pile of dirty rags on your workbench
- Re-Usable: Just machine wash and dry

## SNAP CAPS

Snap Caps have a variety of uses around the bench. It is generally accepted that one shouldn't drop the firing pin on an empty chamber - which is the primary reason to have Snap Caps for your favorite guns. You should always use Snap Caps when checking or adjusting the trigger pull. If you prefer to release the tension on the hammer springs, when storing your guns, Snap Caps are ideal. Whatever your needs, Snap Caps are handy and inexpensive.
