

XSS[®] SIGHT SYSTEMS

24/7
TRITIUM SIGHTS™
DAYLIGHT • HALF LIGHT • LOW LIGHT

24/7 EXPRESS HANDGUN SIGHTS™

The Original fast acquisition sight enhanced with our 24/7 Tritium rear sight.

XS 24/7 Express sights are the finest sights made for fast sight acquisition in all light conditions. Day Light , Half-Light, or Low-Light, just "dot the i". Fast, simple and effective. This is the ultimate self defense sight system that provides sights you can see around the clock.

XS 24/7 Big Dot Express Set - Glock 21

Features:

- ◆ Enhances sight acquisition in all light conditions
- ◆ Ultimate "Flash Sight" picture
- ◆ Excels in high stress defensive situations
- ◆ Improves Low-Light accuracy
- ◆ Low profile, snag free design
- ◆ Available with Big Dot Tritium or Standard Dot Tritium front sight

XS 24/7 Big Dot Express Set - Springfield Operator

XS 24/7 Big Dot Express Set - Para Ordnance C745 LDA

XS 24/7 Big Dot Express Set - Sig 226

XS 24/7 Standard Dot Adjustable Set - Kimber Target Available for Bomar, LPA & Kimber Target cuts

DAYLIGHT • HALF LIGHT • LOW LIGHT

RECOMMENDED XS EXPRESS SIGHT ALIGNMENT & SIGHT PICTURE

EXPRESS SIGHT ALIGNMENT

The full circle of the Dot front sight is visible and centered over the shallow V and vertical bar of the Express rear sight.

EXPRESS SIGHT PICTURE

CLOSE RANGE - 15 yards and in
Point of Impact - Within the Dot
Get a quick hit at normal defensive ranges by placing the full front Dot on the intended Point of Impact

EXTENDED RANGE - 25 yards and out
Point of Impact - Top of the Dot
Allows for precise shot placement beyond normal defensive range

XS EXPRESS SIGHTS

The Original fast acquisition sight.

XS Big Dot Tritium or Standard Dot Tritium front sight paired with our original white line rear provide very good sight acquisition for those models that are not adaptable to the 24/7 sight system. Available for limited models.

XS Express Big Dot Tritium Set - Smith & Wesson 686

XS Big Dot Tritium - Smith & Wesson 640 (Front Sight only, See RV-0001-3 set)

XS Express Big Dot Tritium Set - Beretta Tomcat

Non tritium sights are available for limited models - Call for availability

GHOST-RING HUNTING SIGHTS

XS GHOST-RING HUNTING SIGHTS

XS Ghost-Ring hunting sights offer improved accuracy and faster sight acquisition in a rugged all-steel design.

Features:

- ◆ White on black front post that is perfect for all light conditions.
- ◆ The white stripe draws focus to the front sight for fast target reference.
- ◆ Large Ghost-Ring affords great field of view for fast target acquisition.
- ◆ Ghost-Ring rear sight is fully adjustable for windage and elevation.
- ◆ Sets include .230" and .191" I.D. apertures.
- ◆ Easy installation – in most cases matching existing screw holes requires a minimum, if any, gunsmithing.

XS Ghost-Ring Set - Marlin 1895 Guide Gun
Available with or without "wings"

XS Ghost-Ring Set - Winchester 94 Angle Eject

XS Ghost-Ring Set - Mauser 98

Windage and Elevation Adjustable

XS Ghost-Ring sights provide 14 inches of windage and 16 inches of elevation at 100 yards based on a 24" sight radius.

Elevation changes are made by screwing the aperture up or down.

Windage changes are made by the use of opposing windage screws.

BACKUP GHOST-RING SIGHTS

BACKUP GHOST-RING SIGHTS FOR SCOPE BASES

Offers versatility in dealing with changing hunting conditions or the emergency of a damaged scope. Mounts to the scope base and retains zero when reinstalled in the field. Windage and elevation adjustable. Supplied with .230" and .191" I.D. apertures.

REMINGTON 700 BACKUP

Incorporates the XS Ghost-Ring sight into a Weaver Style scope base. Ready for immediate use in the field.

We recommend using the test posts provided to determine front sight height.

Low Weaver Backup

Tall Weaver Backup

Warne Premier Backup

Sako Backup

Ruger Backup
(requires drill & tap)

Remington 700 Backup
with integral Weaver Style Scope Base

.191" I.D. Aperture

XS Ghost-Ring Sight Sets & Backup Sights
come with both a .191 Aperture and a .230 Aperture so you can choose which is right for your shooting conditions.

.230" I.D. Aperture

Easy drop in installation requires no gunsmithing

XS LEVER SCOUT MOUNT™

XS patented Lever Scout™ Weaver Style rail allows easy forward mounting of Scout Scopes or Red Dot Sights. This System allows shooting with both eyes open for quick moving target acquisition.

Features:

- ◆ Mounts rock solid to withstand the heaviest recoil.
- ◆ Built tough from lightweight aircraft aluminum.
- ◆ Hard anodized for surface hardness and scratch resistance.
- ◆ Drop-in installation using the rear sight dovetail and front receiver screw holes.
- ◆ Requires no gunsmithing. Complete kit is provided for home assembly.
- ◆ Ghost-Ring sights can be used with the scope dismantled. See page 3.

Part #	Model	Price
28-2141A-095-1	Marlin 1895 - .45-70, .450, .444.....	\$50.00

XS 24/7 Big Dot Express – Remington 870

XS 24/7 EXPRESS SHOTGUN SIGHTS

24/7 Express Sights for Remington rifle sighted barrels provide all the advantages of **24/7** Express pistol sights on the defensive shotgun.

Features:

- ◆ Fast sight alignment and acquisition in all light conditions
- ◆ Great for patrol, tactical and home defense shotguns.
- ◆ Available with Big Dot Tritium or Std. Dot Tritium front sight and **24/7** tritium rear sight.

Set #	Description	Price
RE-0006-5	Remington - 24/7 Big Dot Express Set.....	\$120.00
RE-0006-6	Remington - 24/7 Standard Dot Express Set.....	\$120.00

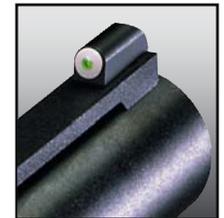

May be used on other models by soldering Remington front and rear bases to the shotgun.

Big Dot Tritium Remington pedestal barrel

Big Dot Tritium Plain barrel

Big Dot Tritium Vent rib barrel

XS BIG DOT TRITIUM FRONT SIGHTS

The Big Dot Tritium front sight improves sight acquisition speed and tritium enhances Low-Light use of the defensive shotgun.

Features:

- ◆ Easy Installation.
- ◆ Epoxies over the existing front bead sight.

Set #	Description	Price
SG-2001-3	Remington pedestal barrel - Big Dot Tritium.....	\$60.00
SG-2002-3	Vent rib barrel - Big Dot Tritium.....	\$60.00
SG-2003-3	Plain barrel - Big Dot Tritium.....	\$60.00

These sights require Remington factory size front bead for installation. The sights will work with a .125 - .140 diameter bead. If your shotgun is not equipped with this size bead one will have to be installed. - Order Brownells #6 or #26 front bead.

TACTICAL SIGHTS

AR-15 and M-16 TACTICAL SIGHTS

Dramatically improve your sight picture in All Light Conditions and increase sight acquisition speed. XS offers 5 front sight choices and two rear sights.

NEW! 24/7 Tritium Stripe:

"Just finished Gunsite 556 and wanted to say how beautifully your XS white stripe 24/7 carbine sight performed. ... the system enabled me to hit with accuracy & speed under all light conditions. ... quick, simple, combat durable..."

Eric Olds - Gunsite Adjunct Instructor

- ◆ .100 wide Square top post for Daylight and long range accuracy.
- ◆ White Stripe reflects ambient light for excellent Half-Light sight acquisition.
- ◆ Tritium for superb Low-Light sight visibility.

NEW! Tritium Rear:

- ◆ Subdued tritium dots for usable low light sight visibility.
- ◆ Large .225" I.D. tritium aperture for better low light sight visibility and faster close range sight acquisition.
- ◆ Precision .100" I.D. aperture for great accuracy in daylight or at long range.
- ◆ XS exclusive Same Plane design.

Standard Dot or Big Dot Tritium Front Sights:

- ◆ Standard Dot for general use out to intermediate ranges.
- ◆ Big Dot for up close & entry guns.

White Stripe Front Sights:

- ◆ Available in both .080 and .100 widths.
- ◆ Great sight visibility in a non-tritium sight.

Precision Tactical Rear:

- ◆ XS exclusive Same Plane design.
- ◆ Allows the shooter to change apertures without changing the rifles zero.
- ◆ Precision .100" I.D. aperture for great accuracy in daylight or at long range.
- ◆ Fast acquisition .230 aperture for low light and CQB.

TACTICAL SIGHTS

RUGER TACTICAL RIFLE SIGHTS

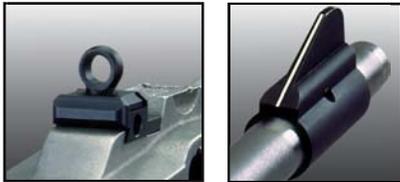

XS Sights for Ruger Rifles provide all the advantages of XS AR-15 sights to the Ruger Mini 14 family of rifles.

- ◆ **NEW 24/7 Tritium Stripe** front sight for the Mini 14 and Ranch Rifle adds tritium to the increased visibility of the XS White Stripe post. Enhanced sight visibility in Daylight, Half-Light and Low-Light plus faster sight acquisition make this a true 24/7 sight system.
- ◆ The XS White Stripe post provides improved sight visibility in a non tritium sight and is available for the Mini 14, Ranch Rifle and Mini 30.
- ◆ The Mini 14 .140" I.D. rear sight gives a true Ghost-Ring sight picture for faster acquisition.
- ◆ The Ranch Rifle/Mini 30 rear sight is fully adjustable and drops in without modifying your rifle.

BLACK POWDER ACCESSORIES

XS POWER ROD™

The best thing that ever happened to muzzleloaders. The patented XS Power Rod stores like a field rod and works like a range rod. The T-Handle flips open for leverage and then rotates into the rod for easy storage.

- ◆ Power to easily seat bullets even in fouled bores.
- ◆ Eliminates the need for a short starter.
- ◆ Witness marks to verify load.
- ◆ Machined from 7075 T-6 aluminum for strength then anodized for durability.
- ◆ 23/64" diameter for use with guns over .36 caliber.
- ◆ Available in 1/2 inch increments from 21" to 46". Measure your existing rod, then order the same length Power Rod. **
- ◆ Also available as a segmented Backup Rod for use in the event of a lost or damaged rod.
- ◆ Deluxe Accessory Kit (available separately) contains cleaning tips, hollow point tip, bullet puller and 6" extension.

XS Power Rod

XS Backup Power Rod includes:

- ◆ T Handle Section
- ◆ Spitzer/Round Ball Tip
- ◆ 4 - 6" Sections
- ◆ Drawstring Bag
- ◆ 30.5" Maximum Length

XS Backup Power Rod

XS Deluxe Accessory Kit includes:

- ◆ Hollow Point Tip
- ◆ Cleaning Jag Tip (8-32)
- ◆ .45, .50, & .54 Bushings
- ◆ Bullet Puller Tip
- ◆ 6" Extension
- ◆ Drawstring Bag

XS Deluxe Accessory Kit

**Power Rod Sample order: For 26" Power Rod add 260 to part number making 91-9000A-260-1

XS GHOST-RING HUNTING SIGHTS FOR MUZZLELOADERS

Available for most muzzleloaders, in-line and traditional side hammer. See Page 4 for ordering information.

XS Ghost-Ring Set - Knight Disc Rifle

GHOST-RING SIGHTS FOR OCTAGON BARREL RIFLES

For Octagon Barrel Guns not listed by model on page 4, measure the barrel dimension "A" as shown at left. Sights are available for 7/8", 15/16", 1", 1-1/16", 1 1/8", 1-1/4", and 1-3/8" Octagon barrels. Drilling and tapping may be required. Call for Part Numbers. Rear sights are available separately priced at \$60.00 or paired with the appropriate white stripe front post at \$90.00.

XS Ghost-Ring Set - TC Hawken

XS EXPRESS SIGHT ALIGNMENT

EXPRESS SIGHT ALIGNMENT

The full circle of the Dot front sight is visible and centered over the shallow V and vertical bar of the Express rear sight.

Express Sight Picture

CLOSE RANGE – 15 yards and in Point of Impact – within the Dot

Get a quick hit at normal defensive ranges by placing the full front Dot on the intended Point of Impact.

EXTENDED RANGE – 25 yards and out Point of Impact – Top of Dot

Allows for precise shot placement beyond normal defensive ranges

XS GHOST-RING SIGHT ALIGNMENT

*The Bullets
intended
Point of Impact*

Shooting XS Ghost-Ring Sights

- The shooter's eye will naturally center the top of the Front Post in the XS Ghost-Ring.
- To accomplish this, the Shooter must visually focus on the front sight.
- When the shooter focuses on the front sight the XS Ghost-Ring will become a FUZZY ghost-like image.
- Even though the XS Ghost-Ring is fuzzy, the shooter's eye still centers the front sight in the Ghost-Ring.

XS White Stripe
Sight Picture

*The Bullets Point intended
Point of Impact may be either the
center of the dot or the top
of the dot. In both examples
the front sight aiming point is
centered in the Ghost-Ring.*

XS Sight Systems Limited Lifetime Warranty

XS Sight Systems, Inc. (herein after XS) products (excluding tritium) are warranted to be free from defects in material and workmanship during normal use. There are no implied warranties. Upon return (pre-paid) to XS, XS will - at its option - repair or replace any defective products. XS shall not be liable for any loss - direct, indirect, or consequential - arising from your use, or your inability to use, any of its products. This warranty gives you specific legal rights, and you may have other rights that vary from state to state. XS warrants full replacement against breakage or the tritium lamp for 10 years and between 10 and 15 years, XS offers replacement for 50% off the then current tritium sight cost. This warranty does not cover damages deemed from abnormal, abusive, or improper use, including any fault resulting from an accident or improper service. Remember that tritium naturally decays, but can be expected to have a useful "service" life of at least 10 years. Note: Tritium is regulated by the Nuclear Regulatory Commission and sights containing tritium may not be disassembled by anyone other than NRC licensees. For any non warranty claim other than defects or tritium lamp breakage, please return your product to the place of purchase, along with your receipt. When returning products to XS, remember to insure the package and include a copy of your receipt.

A Word About Installation

We actually prefer helping you identify or locate a dealer, or potential new dealer, who can order the parts and install them for you. Please check our web-site for stocking dealers near your area. Installations are referred to dealers/gunsmiths that we know who can provide this service. Our staff will provide technical assistance to any gunsmith regarding installation of XS Sight Systems products. Please give us a call, or have the gunsmith call us to order the product for you.
