Remember your first trip to the range to learn how to shoot? Whether it was your dad, mom or a friend who took you, there's no forgetting the special feeling you had when you first found the target. That spirit of excitement is what Champion Traps & Targets is all about. From backyard practice to major trap clubs, we provide every shooter with the most effective and fun targets. And the word "fun" is important to us. When properly supervised and with targets safely placed, there's no end to the fun that can be had during a day of shooting. That's why you'll see a host of innovative new targets meant to be more than just a great training and practice tool—like our new VisiColor™ reactive targets. Don't forget to check out our new series of affordable electric traps, both handset and auto-feed, pick one up and take it to the range or your backyard.

## TOM KNAPP SHOTS CHAMPION TARGETS

World-renowned shooter Tom Knapp keeps outdoing himself with amazing target shooting displays. If you've been fortunate enough to catch one of his shows, you know how easy he makes it look to throw 10 Champion clay targets into the air and hit each one with an individual shot before they hit the ground. And Tom is also pretty handy with a .22 rifle. That's why you'll be seeing shooting tips from Tom throughout this catalog. Keep practicing —maybe one day you'll beat Tom's world record!

# HIGH VISIBILITY PAPER TARGETS

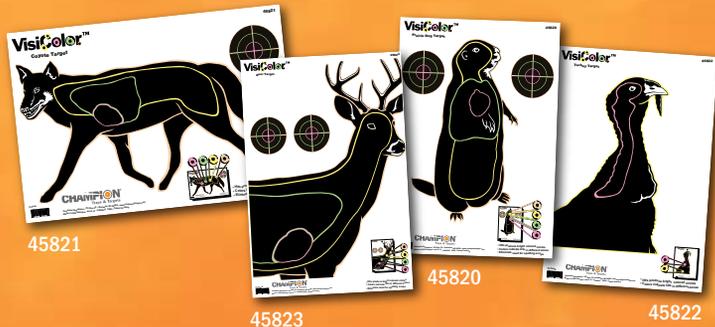

New VisiColor™ high-visibility targets from Champion offer you an interactive, fun and useful way to sight in and practice. Based on our proven VisiShot™ technology, VisiColor provides multi-colored impact halos for easy identification of specific hit locations. For example, the standard 8-inch target features a different color for each inch outside of the bullseye for simple ID of great shots. Animal versions feature multiple colored zones—including a noticeable pink vital zone. Patent pending.

VisiShot target technology makes trips down range to check shot placement a thing of the past. Bright orange circles appear from shots on black. Champion offers an entire set of NRA-style animal targets along with critters and varmints for more realistic practice and shooting fun.

### TOM KNAPP TIP

Attention shooters! When sighting in your favorite gun, remember to breathe. Don't let the excitement of a day of shooting get the best of your nerves. Take a deep breath, exhale and squeeze the trigger. A relaxed shooter makes for a pinpoint marksman.

# PAPER TARGETS FOR PRECISION PRACTICE

These time-tested target designs have been the backbone of our paper target line-up for a number of years. Use them for sighting-in or just plain plinking. Scorekeeper targets provide a complete, labeled notes section for recording every detail about the shots taken, loads fired and every other fact you'll need to know when preparing for a day in the field.

# CLAY TARGETS FOR TRAINING AND COMPETITION

Champion also offers a full selection of clay targets—from the venerable standard style to quail, dove, duck and jackrabbit. You're sure to be able to duplicate about any hunting and shooting situation with the combination of our traps and targets. Just remember, practice makes perfect...

## SPORTING CLAY VARIETY PACK

The Sporting Clay Variety pack is a great way to take advantage of the versatility of one of the Champion Traps and provide hours of shooting fun. It gives you a mix of 107 targets in Jackrabbit, Quail, Dove and Standard

Includes: 15-Nestor\* Standard, 28-Jackrabbit, 30-90mm Midi, 34-60mm Mini

### Part No. 25701 Sporting Clay Variety Pack

\*Nestor are high-dome standards that can be launched with a 90mm Midi underneath. Midi drops out during flight.

## Quartering Pheasant

### STANDARD

The Standard Clay sets the bar for clay target throwing and is the most commonly thrown target. It can be thrown solo or as part of a nested pair. Put a 90mm Midi underneath for an extra challenging shot. The Midi will drop out in flight for a challenging doubles presentation.

Targets Per Case: 135  
 Description: Basic clay target presentation  
 Diameter: 108 millimeters  
 Flight Pattern: Steady and versatile  
 Height: 14 millimeters  
 Weight: 105 grams  
 Emulates: Variety of bird hunting situations

### Part No. 25601 Sporting Clay

## Bolting Rabbit

### JACK RABBIT

The Rabbit, also called a Jackrabbit, has a diameter equal to the standard MP, but no raised dome. A thick outer rim provides the needed strength as this target bounds across the ground.

Targets Per Case: 54  
 Description: Thick outer rim  
 Diameter: 108 millimeters  
 Flight Pattern: Rolls across ground  
 Height: 14 millimeters  
 Weight: 120 grams  
 Emulates: Simulates scurrying rabbit

### Part No. 25759 RSC Rabbit

**Flushing Quail**

### QUAIL / MIDI

The Quail, also called a 90mm or Midi, is a mid-sized target thrown in coveys of two, three and four to simulate quail. Quails can also be placed under 108mm Sporting Clays and be thrown as nested pairs. Each nested pair leaves the thrower as one and the Quail drops out during flight.

Targets Per Case: 48  
 Description: Mid-sized target thrown in coveys up to four  
 Diameter: 90 millimeters  
 Flight Pattern: Straight: If thrown as double it drops from underneath SC 108mm during flight  
 Height: 22 millimeters  
 Weight: 74 grams  
 Emulates: Simulates quail

**Part No. 25809 RSC Quail**

**Passing Dove**

### DOVE / MINI

The Dove, also called a 60mm or Mini, is a very tiny target thrown high overhead to simulate high-flying doves. Very difficult to hit and usually requires a full choke. With proper alignment against the inside of the Sporting Clay standard, the Dove can also be nested with the larger Sporting Clay target.

Targets Per Case: 108  
 Description: Tiny high-flying target  
 Diameter: 60 millimeters  
 Flight Pattern: Straight and fast  
 Height: 19 millimeters  
 Weight: 32 grams  
 Emulates: Simulates doves flying overhead

**Part No. 25909 RSC Dove**

**Overhead Passing Duck**

### DUCK / BATTUE

The Duck, also called a Battue (pronounced Baa-too), is a very shallow-domed target usually thrown in pairs. They fly fast, presenting a very low profile, but have weak aerodynamic properties due to the low dome. The targets quickly reach a stall speed and abruptly rotate 90 degrees, presenting their entire surface area to the shooter. The shooter has only a few seconds to shoot the targets as they quickly plunge to earth. This presentation simulates descending ducks.

Targets Per Case: 108  
 Description: Fast-flying low-dome clay  
 Diameter: 108 millimeters  
 Flight Pattern: Quickly reaches stall speed, rotates 90 degrees, plunges to earth  
 Height: 14 millimeters  
 Weight: 80 grams  
 Emulates: Rapid descent to ground simulates descending duck

**Part No. 25859 RSC Duck**

### TOM KNAPP TIP

Sometimes throwing targets for your shooting pals can be just as exciting as being on the trigger. Champion offers a full range of target throwers that toss them long and fast. Challenge your buddies and maybe someday they'll be up to the hand-tossing challenge.

# ELECTRIC TRAPS THAT TURN YOUR BACKYARD INTO A GUN CLUB

Our line of electric traps is anchored by the SST and 180-Sporter. These traps were designed for the serious shooter on the move. And last year, we added a full complement of manual traps to allow anyone to hone their skills. New for 2006, we're proud to introduce a line of electric traps that fall in-between these two lines and round out our offerings.

40267

## SST ELECTRIC TRAP

Graduate from manual to electric traps with the SST (Single Stack Trap). Sturdy, portable and versatile, the SST provides you with professional-grade throwing without the professional's price tag. Invest in one today and improve your trap shooting skills. The Wobble and Oscillator accessories are available as add-ons for an extra shooting challenge.

Part No.	Description
40267	SST Trap

40259

## SST RABBIT TRAP

Champion introduces the SST Rabbit Trap—a whole new dimension of clay target throwing that will challenge even the most adept shooters. Its fast cycle time and heavy-duty clutch, frame, mainspring and cocking motor will keep targets zinging for as long as you can hold your gun to your shoulder.

Part No.	Description
40259	SST Rabbit Trap

### 180-SPORTER

Trap enthusiasts at the range or in the backyard will appreciate the 180-Sporter. This next-generation SST is lightweight, portable and features a 180-target capacity. It throws 3000-5000 targets on a fully charged battery. The fast cycle time and ability to throw targets 70 yards make it ideal for trap, skeet or sporting clays.

Part No.	Description
45320	180-Sporter

### OSCILLATOR & WOBBLE ATTACHMENT

The Oscillating Base is a wonderful accessory for your SST or 180-Sporter. It provides two ranges of horizontal motion, including a full 45° option and an alternative “two hole” setting that matches the regulation trap throwing angles of larger commercial traps. Adding the wobble attachment gives you a vertically oscillating trap with 0-35° of movement. Each comes with an independent On/Off switch to convert from stationary to angling targets.

Part No.	Description
40265	SST Oscillator
40263	SST Wobble Attachment

### TRAP TAXI™

You've got your portable electric trap from Champion® Traps & Targets, but you need to move it around. Champion has you covered with the new Trap Taxi™—a specially designed pull trailer that holds a variety of traps including the SST, 180-sporter and EasyBird™ Auto-Feed traps. Hook it up to your ATV, small tractor, or pull it yourself, and make your trap even more portable.

Part No.	Description
40261	Trap Taxi (trap sold separately)

# ELECTRIC TRAPS THAT TURN YOUR BACKYARD INTO A GUN CLUB

The new EasyBird™ series of traps provides backyard shooters with a portable, entry-level trap. We have taken the work out of trap throwing so you can spend more time shooting. EasyBird electric traps allow you to save on your cocking arm and makes target shooting fun for everyone. It's easy, just place the Champion clay target on the throwing arm and push the release button.

## EASYBIRD™ ELECTRIC HANDSET TRAP

This Electric Handset Trap makes throwing clay targets a breeze. The throwing arm automatically resets after each throw. All you have to do is place the Champion clay target on the throwing arm, push the release button and shoot. The EasyBird does the rest. EasyBird makes target shooting fun for everyone with a consistent, easy-to-use trap that throws targets up to 70 yards. The single-seated trap even features a manual oscillating feature for even more challenging targets.
