Big Burst™ Revealing Targets

If you can't see where your bullet hits, what's the point? Introducing BIG BURST, BIRCHWOOD CASEY's latest innovation in revealing targets. Shoot from any distance and BIG BURST Revealing Targets instantly reveal your bullet holes in a high-visibility white burst! See your bullet holes appear immediately and enjoy a more fun shooting experience and more productive practice. BIG BURST reveals results on the entire target, from border-to-border – every shot that hits bursts into white!

No more need for binoculars or spotting scopes – you will see the color burst at any distance. Maximum contrast orange and black colors provide maximum visibility! Self-adhesive for quick and easy set up. Available in a variety of target sizes.

Shoot•N•C® Turkey Silhouette

Add a little color to your next silhouette target practice. Every shot "explodes" in color upon impact! New turkey silhouette kit includes one corrugated 24" x 25" turkey silhouette target and four 12" x 12" SHOOT•N•C self-adhesive replacement turkey heads. SHOOT•N•C self-adhesive turkey vital targets are also sold separately – no need to replace the entire turkey silhouette target!

Kit includes:

1	24" x 25" Corrugated Turkey Silhouette
4	12" x 12" Turkey Vital Targets
34364	TK-4 24" x 25" Turkey Silhouette Kit
34365	TV-5 12" x 12" Turkey Vital Targets

Value Priced!

Self-Adhesive!

Dirty Bird® Target

Large 17.25" targets are great for long-range rifle shooting 200 yards and beyond. Bullet holes are easy to see due to "intense white" splatter effect, even within the red bull's-eye. An outstanding value for five targets – the price per target is comparable to plain paper targets! Non-adhesive back allows you to affix the target to your surface of choice, add notes and save for future reference. Red aiming points are highly visible – perfect for scoped or open sights. Tie-breaking ring in the center.

35185	PT17.25-5	17.25" Bull's-Eye Target
-------	-----------	--------------------------

Muzzle Magic™ Foam

Maintain your accuracy by keeping your muzzleloader clean! BIRCHWOOD CASEY's highly effective MUZZLE MAGIC FOAM was developed especially for dissolving blackpowder, blackpowder substitutes and pellet residue. Also recommended for removing corrosive primer residue MUZZLE MAGIC FOAM, provides a superior clean for your barrel, metal parts and bore. Use frequently when firing to prevent loss of accuracy. Water soluble – safe for use with natural and biodegradable patch and bullet lubricants. Handy pump spray spout offers no-spill cleaning.

Water-proof!

NEW Products!

Barrel Boss™ Cleaning Rod Combo Kit – 20-Gauge

Give your 20-gauge barrels the same BARREL BOSS clean you give your 12-gauge barrels! Now adapted to fit your 20-gauge shotgun, the BARREL BOSS Cleaning Kit is the fastest and most thorough way to clean your shotgun barrels.

Lead, plastic and powder residue are no match for the BARREL BOSS rod cleaning system. The 36" fuzzy rod is threaded on both ends so you can switch the handle when one end gets dirty or attach the brass wire brush for extra scrubbing power. The handy storage handle is interchangeable between the two rods. Use the heavy duty 36" aluminum rod with brass wire brush to scrub the bore and the fuzzy rod to buff out remaining residue, leaving your barrel sparkling clean! The fuzzy rod is solvent resistant and washable. Built-in storage handle for wire brush, patches and jags. Includes a loop for convenient hanging storage.

41120 FABS-20 20-Gauge Barrel Boss Rod Combo Kit

Stainless Steel Universal Gun Cleaning System

Cleaning rifles, shotguns and pistols with this Universal Gun Cleaning System is a snap. The V-groove designed handle ensures a solid grip while cleaning. The Cleaning System is compatible with most brushes, swabs and tips on the market. When needed, the Cleaning System easily converts into a screwdriver for further cleaning purposes. The specially designed swivel end of the rod easily moves with any rifling, removing lead, plastic and powder residue. Made of 304-stainless steel, this Cleaning System is durable, convenient and compact for storage and travel. For use with all rifles, pistols or shotguns.

41130 SCK Stainless Steel Universal Gun Cleaning Kit

Angled Cleaning Brushes

Angled cleaning brushes make deep cleaning easier! Three brushes with angled necks allow easy access to all the hard-to-reach places that can cause cleaning headaches. See how easy it is to reach into even the most awkward and narrow spaces! Straight-handled brushes simply can't reach where these brushes can. Corners, crevices, gaps and cracks no longer have to be a problem!

Two styles of bristles clean thoroughly and safely. Use stainless steel bristles for hard metals and the nylon bristles to avoid scratches on more sensitive surfaces. Brushes take up little room, fitting conveniently in nearly every gun cleaning kit. Comfortable and easy to handle, all three brushes have wooden handles that make gripping a cinch. Solvent and corrosion-resistant.

41108 AB-3 Angle Brush Assortment

Barrel Cots Gun Barrel Protectors

It's easy to keep debris, rain, snow, mud, bugs and more out of your barrel with Barrel Cot. Simply roll the Barrel Cot onto the barrel of your firearm – when you're ready to shoot, go right ahead. Barrel Cot does not have to be removed and does not reduce your accuracy. It protects the barrel of your gun without sacrificing any performance! One size fits all barrels – pistol, rifle, shotgun and muzzleloader. 20 Cots per bag.

33712 BW20 20 Barrel Cots Poly Bag

Shoot•N•C® Targets

Capture the Shoot•N•C® Experience!

When you go out shooting you want a reaction. That's why SHOOT•N•C has earned the reputation as the Best Target on the Market. For years, old cans and bottles were a favorite at the practice range. Now SHOOT•N•C targets give you the big reaction you want! These revolutionary self-adhesive targets explode in color upon impact. And the bright neon green ring around the bullet holes is visible to the naked eye – allowing you shot after shot without interruption. So forget hunting for cans and load up on SHOOT•N•C targets, and let the fun begin.

- Upon bullet impact, a bright neon green ring appears around each hole.
- See bullet holes instantly. No more walking down range, no more binoculars and no more spotting scopes.
- All SHOOT•N•C Targets are self-adhesive.
- To use, simply apply to an existing target or penetrable backstop.
- Great for all firearms and calibers.
- Indoor/outdoor use. Excellent for those with reduced vision capabilities.

Exploding Bullet Holes!

See Your Hits Upon Impact!

Shoot•N•C® Self-Adhesive Targets 1", 2" and Assorted Bull's-Eye Packs

The SHOOT•N•C Bull's-Eye Target Packs are an amazing value! Each pack contains numerous small round targets for a shooter's delight! They can be used for close-range shooting with airguns and sharp shooting with .22 rimfire or centerfire guns. Use the self-adhesive 1", 2" or 3" bull's-eye targets to design your own custom target sheet. It is a less expensive way to set up challenging targets and test your skills by placing several targets on each page. They also make great pasters for the larger SHOOT•N•C Targets and each size is designed to fit within the next larger size's ring pattern.

Shoot•N•C® Self-Adhesive Targets 12" and 17.25" Bull's-Eye Packs

The biggest bull's-eye targets we make. These targets are great for long range rifle shooting – 200 yards and beyond! The greater surface area makes them the perfect choice for use with muzzleloaders, shotgun slugs and to show shotgun patterning. The self-adhesive back makes set-up and even replacement easy. And, the self-adhesive repair pasters included on each target sheet will extend the target life.

-------	-----	-------------------	------------------------------

Shoot•N•C® Targets

Shoot•N•C® Self-Adhesive Targets 8" and 12" Sight-In Packs

Five targets on one sheet, each "exploding" in color upon impact. Use center target for sighting-in and four smaller targets for testing results of various ballistic loads or for confirmation of sight-in groups. Convenient one-inch numbered grid lines simplify scope adjustments. SHOOT•N•C Targets work with all calibers, feature scratch-proof coating for durability in the field and are self-adhesive. Apply over conventional "grid" pattern targets and add a little color to your next target practice!

- Large "stadia" lines for centering and to help prevent canting.
- 12" x 12" target size for sighting-in up to 400 yards with scopes as low as 3X.

34105	SI-5	8" Sight-In	5 Sheet Pack
34112	SI-12	8" Sight-In	12 Sheet Value Pack
34180	SI-500	8" Sight-In	500 Sheet Range Pack
34205	TI-5	12" Sight-In	5 Sheet Pack
34212	TI-12	12" Sight-In	12 Sheet Value Pack

34280	TI-500	12" Sight-In	500 Sheet Range Pack

Shoot•N•C® Sight-In Target Kit

This complete, portable target kit turns any field into a great practice range. The Kit includes a heavy-duty self-standing A-frame backboard, four 12" x 12" SHOOT•N•C Self-Adhesive Sight-In Targets and four 1" and 2" square paster sheets for target repair. Durable cardboard backing and integral base for adding weight makes this target kit usable even in windy conditions.

34202 TIK-2 12" Sight-In Kit

Portable Shooting Range

It's a convenient, portable, easy-to-use shooting range! Plus, it comes with a supply of self-adhesive SHOOT•N•C targets and a 18" x 18" weatherproof plastic corrugated backboard. The Portable Shooting Range – for rifles, pistols and shotguns – is constructed from heavy-duty welded steel, yet it's lightweight and simple to set up with no adjustments needed. It even has a footrest for pushing it into the ground and to prevent it from turning in the wind. Perfect for self-adhesive SHOOT•N•C targets and taped or stapled paper targets. For replacement corrugated boards, use both supports for 18" or wider sheets and one support for narrower sheets. Arms pinch the corrugated for a firm hold; use with the flutes horizontal for easiest lateral adjustment and rigidity when shooting. The durable, black powder coat finish resists rust and you get a lifetime frame guarantee.

46101 PSR Portable Shooting Range

Target Backboard Weatherproof Plastic

- Durable weatherproof plastic backboard
- Withstands hundreds of rounds of shooting fun!
- 24" x 24" size for multiple or large size targets
- Easy to use with our self-adhesive Shoot•N•C® Targets and Target Spots® – change targets in a snap!

46100 PBB 24" x 24" Target Backboard

Shoot•N•C® Silhouette Target Kit

Reusable kit for your silhouette practice. The kit includes two self-adhesive 12" x 18" SHOOT•N•C "chest" targets, two 9" replacement SHOOT•N•C ovals to cover head, one corrugated 23" x 35" silhouette which matches B27R specs and two sheets of 36 repair pasters to cover shot marks.

- Reusable cardboard target for silhouette practice.
- Targets include tick marks for easy line-up and placement.
- Heavy-duty corrugated silhouette makes for longer shooting life, compared to traditional paper targets.
- SHOOT•N•C replacement centers conserve target life – no need to replace entire silhouette target after each use.

Dirty Bird® Targets

The name comes from the splatter of white that appears upon bullet impact, which allows you to immediately spot each shot. These targets are a great value and simple to use both indoors and outdoors. The black and white contrast of these splattering targets is perfect for reading shot groups. The non-adhesive back also allows you to affix to a surface as you wish, add notes and then easily save the targets for future reference.

Why use paper targets when you can enjoy the splatter of DIRTY BIRD targets? And with the price per target comparable to paper, DIRTY BIRD targets are not only easy on your eyes, they're easy on your wallet.

New!

Dirty Bird® Rapid Fire 3" and 5.5" Bull's-Eye Packs

Multiple target facings on one sheet makes for more shooting time and less target changing time. Nine 3" targets or four 5.5" targets on one convenient sheet. Room between targets to write notes, and the stiff, non-adhesive backing allows you to save target sheets for future reference. Each DIRTY BIRD Target comes with an aiming point for open or scoped sights.

35309	RF3-12	108 - 3" Bull's-Eye Targets	12 Sheet Pack
35370	RF3-100	900 - 3" Bull's-Eye Targets	100 Sheet Range Pack

35070	PT12-100	12" Bull's-Eye Target	100 Sheet Range Pack

Dirty Bird® Target

Large 17.25" targets are great for long-range rifle shooting 200 yards and beyond. Bullet holes are easy to see due to "intense white" splatter effect, even within the red bull's-eye. An outstanding value for five targets – the price per target is comparable to plain paper targets! Non-adhesive back allows you to affix the target to your surface of choice, add notes and save for future reference. Red aiming points are highly visible – perfect for scoped or open sights. Tie-breaking ring in the center.

See it Splatter!

Big Burst™ Revealing Targets

If you can't see where your bullet hits, what's the point? Introducing BIG BURST, BIRCHWOOD CASEY's latest innovation in revealing targets. Shoot from any distance and BIG BURST Revealing Targets instantly reveal your bullet holes in a high-visibility white burst! See your bullet holes appear immediately and enjoy a more fun shooting experience and more productive practice. BIG BURST reveals results on the entire target, from border-to-border – every shot that hits bursts into white!

No more need for binoculars or spotting scopes – you'll see the color burst at easily a distance. Maximum contrast orange and black colors provide maximum visibility! Self-adhesive for quick and easy set up. Available in a variety of target sizes.

36348	BB3	48-3" Targets

Target Spots®

Simply Fun!

Self-Adhesive Target Spots®

Convenient, self-adhesive, fluorescent red TARGET SPOTS in 1", 1½", 2", 3", 6" and 8" create instant bull's-eyes for all types of target practice. The high contrast, radiant red color lets you see a sharper sight picture and bullet holes more clearly for better scores and smaller groups. Try all sizes for different distances and uses – rifle, shotgun, handguns and archery. A perforated back panel makes this package a handy TARGET SPOTS dispenser!

33901	TS1	216-1"
33904	TS1½	96-1½"
33902	TS2	36-2", 72-1"
33903	TS3	24-3"
33906	TS6	12-6"
33916	TS8	8-8"

Self-Adhesive Target Spots® Assortment

One package with three sizes: 72-1", 36-2" and 24-3" – 132 TARGET SPOTS in all and they stick to almost any surface! Designed for avid shooters who need more than one size, this value pack assortment contains the three most popular sizes for a full range of shooting activities.

33928 TSA-12 72-1", 36-2", 24-3" (132 total targets)

Target Spots® Display

The TARGET SPOTS Display attractively presents five sizes – 60 units in all, in a self-selling point-of-purchase display. This compact, multiple use merchandiser (20" x 12" x 5") uses less than ½ sq. ft. of counter space or 1½ sq. ft. of pegboard making it ideal for placement in strategic, high impulse sales areas. Durable black wire rack is free and the complete unit includes an attention grabbing header card for maximum visibility. The TARGET SPOTS Display and individual packages were carefully designed for ease in identification and selection by customers.

Display includes:

12	33901	TS1	1" TARGET SPOTS
12	33904	TS1½	1½" TARGET SPOTS
12	33902	TS2	2" TARGET SPOTS

World of Targets®

Gallery® Resetting Targets .22 Rimfire and Airgun

Get the hottest new targets for plinking enthusiasts! Extremely convenient, you'll experience hours of shooting fun with your .22 rimfire or airgun, without having to walk down range or pull chords to reset. Simply hit all four hanging targets and then shoot at the resetting target and all four targets drop back down for another round of shooting fun (.22 target has 2 1/2" paddles and airgun has 1 3/4" paddles). And, with no assembly, parts or tools required, these targets set up fast and easily fold flat for storage. Both solid steel targets feature twist designed paddles with no welds to break and come with a lifetime guarantee from breakage! Airgun version requires a moderately powerful airgun (approximately 500 feet per second or faster) with lead pellets only to operate effectively.

.44 Gallery® Resetting Target

Lots of fun for the pistol shooter. The .44 GALLERY Resetting Target will work for .38 to .44 magnum caliber pistols and has 3 3/4" paddles for non-stop plinking excitement. Shoot the bottom two hanging paddles and watch them flip up onto the resetting bar, and then shoot the upper paddle to reset them. There is no need to walk down range to reset your targets anymore. And with no assembly, parts or tools required this target sets-up fast, and easily folds flat for storage. Built from solid steel, these twist designed paddles have no welds to break and come with a lifetime guarantee from breakage!

47044 GRT44 Centerfire Handguns up to .44 Magnum

WORLD OF TARGETS Specifications

Each target is a solid 3/16" thick (3/8" on the magnums) hung from a durable, welded steel frame to provide years of trouble-free practice. All targets include high visibility Target Spots®. Portable and easy-to-use spinning targets mean no more knocked down targets to set-up. A foot rest makes it easy to push targets into the hardest ground.

The Rimfire Spinners are designed for .22 rimfire cartridges using only soft-nosed bullets. Minimum target distance for shooters and spectators is 25 yards. Do not use .22 rimfire magnums, centerfire handguns, centerfire rifles, blackpowder or BB guns on this target.

The Magnum Spinners are designed for centerfire handgun cartridges up to .44 magnum using only soft-nosed bullets. Minimum target distance for shooters and spectators is 25 yards. Do not use centerfire rifles, .22 rimfire, blackpowder or pellet/BB guns on these targets.

World of Targets®

Qualifier® Spinner Target

The QUALIFIER Spinner Target is a popular three disc spinning target for members of the .22 rimfire club. The three different sizes: 3⁵/₈", 2¹/₄" and 1⁵/₈" circles, will challenge the marksman, sharpshooter or expert in all of us. Improve your shooting skills!

46322 QTA22 .22 Rimfire Rifles and Handguns

Duplex™ Spinner Target

The DUPLEX Spinner Target is for fans of the .22 rimfire who like a lot of action. With two independent spinners featuring 3⁵/₈", 2¹/₄" and 1⁵/₈" circles, this target offers it all! Shoot side-by-side with a friend for action you can see and hear.

46422 DOA22 .22 Rimfire Rifles and Handguns

Sharpshooter™ Spinner Target

The SHARPSHOOTER Spinner Target is the all-around pick for the active .22 rimfire shooter. Your choice between the challenging 2¹/₄" and easier 3⁵/₈" circle with every shot. Shoot long range or short range, top or the bottom.

46221 SDA22 .22 Rimfire Rifles and Handguns

Prairie Chuck™ Silhouette Target

WORLD OF TARGETS' own silhouette swinger – the PRAIRIE CHUCK will sharpen your skills with your favorite .22 rimfire. A popular practice target among squirrel hunters as well! An exciting, challenging long or short range target, there is always action you can see and hear.

46676 PSS22 .22 Rimfire Rifles and Handguns

Double Mag™ Spinner Target

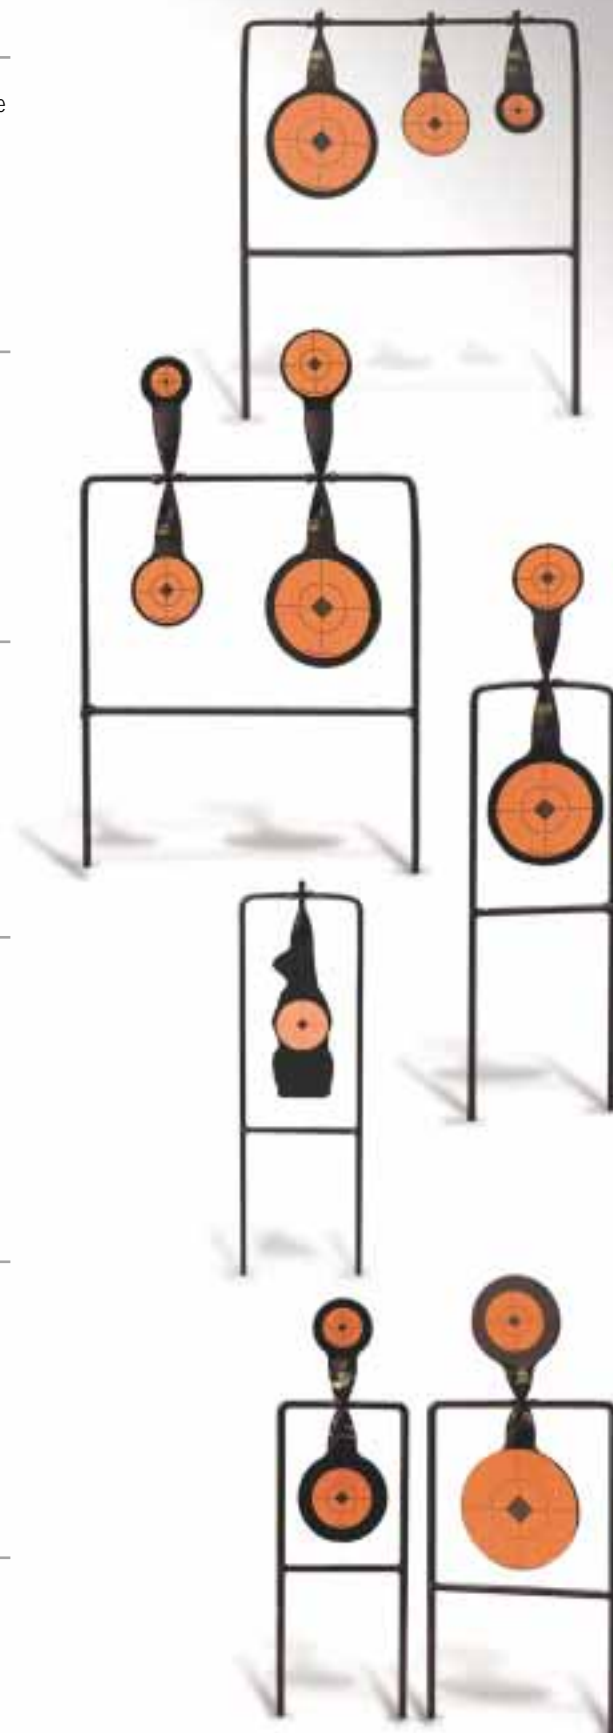

The DOUBLE MAG Spinner Target is a popular, two disc spinning target for the "big bore" pistol shooters. You choose between the challenging 3" and easier 4¹/₄" circle for action you can see and hear when hit. Both magnum targets use 3⁵/₈" thick steel.

46244 DMC44 Centerfire Handguns up to .44 Magnum

Super Mag™ Spinner Target

The SUPER MAG Spinner Target is the answer for an easier-to-hit target and for longer range practice. Constructed like the standard DOUBLE MAG but with 50% larger circles! Each disc measures 4¹/₄" and 6" across and uses the same 3⁵/₈" thick steel.

46344 SDM44 Centerfire Handguns up to .44 Magnum

Cleaning & Maintenance

Gun Scrubber® Solvent/Degreaser

The jet-action, high-pressure solvent/degreaser that blasts away dirt and fouling – and air dries immediately. Removes all kinds of oil, grease, grit and softens powder residue, leaving metal perfectly clean and free of any film. Eliminates most common causes of gun failures by effectively cleaning (without disassembly) with the solvent used by professional gunsmiths. Great for semi-automatic and gas operated shotguns, rifles and pistols. A handy extension tube produces a powerful blasting action that penetrates even the tiniest crevices. Flushes out both soluble and insoluble residue from hard to clean trigger assemblies, inside receivers and actions without disassembly. Excellent for removing preservative coating from bullet molds, cleaning all reloading tools and removing foreign matter from shotgun choke tubes and barrel threads.

- Non-flammable – harmless to metal finishes.
- Fast – air dries immediately – no rinsing.
- No ozone depleting chemicals.
- Thorough – effectively removes grease, oil and grit.
- Excellent for all guns – rifles, shotguns, handguns.
- Easy-to-use – no need for complete dismantling.

Bore Scrubber® 2-in-1 Bore Cleaner

A complete formula for copper and nitro fouling. This 2-in-1 solvent does it all! Attacks, dissolves and removes all types of barrel fouling including: lead, copper, plastic, carbon and powder fouling. Superior rust preventive additives provide long term protection after cleaning. Contains no nitrobenzene, butyl cellosolve or other highly toxic ingredients. Safe, fast and easy to use. Great for rifles, shotguns and handguns.

Barricade® Rust Protection for Firearms

BARRICADE Rust Protection protects your firearms from rust. It rapidly drives out moisture from metal pores and deposits a transparent coating which seals the surface with a protective film. Withstands 500 hours in ASTM humidity test and 96 hours in ASTM salt spray test.

BARRICADE Rust Protection is also an excellent penetrant for loosening rusty or frozen parts, as well as a good lubricant and an effective bore cleaner. Contains FPR to wipe off corrosive fingerprints on all your firearms. Available in spout or aerosol cans.

Cleaning & Maintenance

Cleaning Rod Combo Kits

The fastest and most thorough way to clean your 12-gauge shotgun barrel now is available for cleaning your 20-gauge shotgun barrel, too! Lead, plastic and powder residue are no match for the BARREL BOSS rod cleaning system for both 12- and 20-gauge shotguns. The 36" fuzzy rod is threaded on both ends so you can switch the handle when one end gets dirty or attach the brass wire brush for extra scrubbing power. The handy storage handle is interchangeable between the two rods. Use the heavy-duty aluminum rod with brass wire brush to scrub the bore and the fuzzy rod to buff out remaining residue, leaving your barrel sparkling clean! The fuzzy rod is solvent-resistant and washable. Built-in storage handle for wire brush, patches and jags. Includes a loop for convenient hanging storage.

12-Gauge and 20-Gauge Kits includes:

- 1 36" Fuzzy Cleaning Rod
- 1 36" Aluminum Rod
- 1 Brass Wire Brush

- 41120 FABS-20 20-Gauge Cleaning Rod Combo
- 41122 FABS-12 12-Gauge Cleaning Rod Combo

12-Gauge **Barrel Boss™** Display

Compact eye-catching display comes pre-packed with 25 BARREL BOSS Cleaning Combo rods. Size: 44" x 8" x 8".

Includes:

- 25 41122 FABS-12
- 41000 BSD-12 12-Gauge **BARREL BOSS** Display

New!

Universal Gun Cleaning System

Cleaning rifles, shotguns and pistols with this universal Gun Cleaning System is a snap. The V-groove designed handle ensures a solid grip while cleaning. The Cleaning System is compatible with most brushes, swabs and tips on the market. When needed, the Cleaning System easily converts into a screwdriver for further cleaning purposes. The specially-designed swivel end of the rod easily moves with any rifling, removing lead, plastic and powder residue. Made of 304-stainless steel, this Cleaning System is durable, convenient and compact for storage and travel. For use with all rifles, pistols or shotguns.

- 41130 SCK Universal Stainless Steel Gun Cleaning Kit

Angled Cleaning Brushes

Angled cleaning brushes make deep cleaning easier! Three brushes with angled necks allow easy access to all the hard-to-reach places that can cause cleaning headaches. See how easy it is to reach into even the most awkward and narrow spaces! Straight-handled brushes simply can't reach where these brushes can. Corners, crevices, gaps and cracks no longer have to be a problem!

Two styles of bristles clean thoroughly and safely. Use stainless steel bristles for hard metals and nylon to avoid scratches on more sensitive surfaces. Brushes take up little room, fitting conveniently in nearly every gun cleaning kit. Comfortable and easy to handle, all three brushes have wooden handles that make gripping a cinch. Solvent and corrosion-resistant.

- 41108 AB-3 Angle Brush Assortment

Cleaning & Maintenance

Synthetic Gun Oil With PTFE Lubricant

A superior lubricant for all climates. Contains PTFE lubricant to greatly reduce the friction between mating surfaces. Will not gum-up or lose its viscosity under extreme temperature variations from -55°F to 300°F. The natural solvency of Synthetic Gun Oil cleans as it oils while its low evaporation rate assures protection against rust. Excellent for lubricating and protecting all metal sports equipment and for many household applications. In handy spout can or convenient aerosols.

Lead Remover & Polishing Cloth

Brings back original luster. Quickly removes leading, burn rings, carbon residue including copper and plastic fouling, rust and tarnish. Excellent for stainless steel, nickel and most metal surfaces. Great for use on handguns, rifles, shotguns and muzzleloaders. Can be cut to size for removing unwanted residue inside the chamber, cylinder, forcing cone, bore and choke. Cleans and polishes metal, wood, glass, plastic and porcelain surfaces – ideal for sporting equipment, home and auto use.

31001	LRC	9" x 12"	Poly Bag
-------	-----	----------	----------

Gun & Reel Silicone Cloth

Leaves a lustrous, lasting, protective film on all metal, wood and plastic surfaces. The double-napped, 100% cotton flannel cloth is impregnated with pure silicone and then packaged in a convenient reclosable poly bag, staying clean and moist after use. Use on firearms, sporting equipment and precision instruments to safely remove dust and corrosive fingerprints.

30001	SGRC	14.4" x 15"	Poly Bag

Cleaning & Maintenance

New!

Moly Lube™ Dry Film Lubricant

A dry film lubricant designed to lubricate and penetrate, forming a smooth, extremely slippery surface on metal. Molybdenum disulfide particles are deposited onto metal surfaces and give maximum lubricity and wear resistance, even under extreme temperatures and pressures. Won't attract and hold dust, dirt or other contaminants! Easy-to-use MOLY LUBE Dry Film Lubricant uses an almost instant-drying solvent/degreaser as the carrier in a convenient, aerosol can. Especially suited for internal lubrication of moving parts on all firearms. Recommended for precision airguns where petroleum lubricants are not advised.

40131 MOS2 4 oz net wt Aerosol Can

Brass Cartridge Case Cleaner

Super concentrate – this one bottle makes over two gallons of reusable cleaning solution and will clean 8,000 medium sized cases. Easily removes resizing lubricant, oils, grime and stains from brass cartridge cases. Restores them to original finish for reliable operation. Helps remove powder residue. Brass Cartridge Case Cleaner is a safe, non-fuming, non-etching solution that won't weaken cases. Reusable – store solution in a plastic or glass container (not metal) and use when needed.

33845 CCI 16 fl oz Plastic Bottle

Sight Black™ Aerosol

Convenient take-along jet black spray that stops glare! Great for hunting, skeet, trap and target shooting. SIGHT BLACK gives a velvety, flat black coating to barrels, sights and other metal surfaces. Dries instantly. Harmless to precision sights and all finishes. Exclusive handy snorkel tube to control spray.

33925 ASB 3.5 oz net wt Aerosol Can

Choke Tube Lube

Prevents stuck choke tubes caused by corrosion, high stress of steel shot loads, extreme temperatures and pressure from repeated trap and skeet shooting. Withstands heat and prevents seizure even at extreme temperatures up to 2000°F. Provides maximum lubrication against friction and excellent corrosion protection from rain and salt water. Anti-seize lubricating compound guarantees ease in choke tube insertion and removal for all regular and stainless steel tubes. Excels as a universal lubricant and eliminates galling on stainless steel. Excellent for use on muzzleloaders, breech plugs and nipples to prevent seizing.

40015 CTL 3/4 oz net wt

No. 77 Muzzle Magic™ Cleaner

Prevent rust and loss of accuracy from black powder fouling by cleaning your muzzleloader with No. 77 – the traditional, water-soluble cleaner. Safe for use with natural lubricants. Effectively dissolves powder residue and loosens any metal traces for easy removal. After cleaning your muzzleloader, apply Barricade® Rust Protection to all metal parts to protect from rust. Flip-top for no-spill cleaning.

33745 BC77 16 fl oz Squeeze Bottle

Muzzle Magic™ Foam

Maintain your accuracy by keeping your firearm clean! BIRCHWOOD CASEY's highly effective MUZZLE MAGIC FOAM was developed especially for dissolving blackpowder, blackpowder substitutes and pellet residue. Also recommended for removing corrosive primer residue MUZZLE MAGIC FOAM, provides a superior clean for your barrel, metal parts and bore. Use frequently when firing to prevent loss of accuracy. Water soluble – safe for use with natural and biodegradable patch and bullet lubricants. Handy pump spray spout offers no spill cleaning.

33747 MMF5 6.7 fl oz Plastic Pump Bottle

Metal Finishing

Perma Blue® Liquid Gun Blue

A #1 bestseller, PERMA BLUE Liquid Gun Blue is the proven way to touch-up scratches and worn spots or to completely re-blue most guns. It will give a non-streaky, even blue-black finish to steel (except stainless). All parts to be blueed must be thoroughly cleaned with a metal cleaner such as BIRCHWOOD CASEY Cleaner-Degreaser and any rust must be removed before applying the blue.

13125	PB22	3 fl oz	Plastic Bottle
53000	BST4	128 fl oz	Gallon (not pictured)

Perma Blue® Paste Gun Blue

The longest lasting finish, but slower to darken than the liquid blues. Easy to use, PERMA BLUE Paste Gun Blue reacts slowly with the metal but builds up a denser finish that will outlast the liquid blues. Excellent for touch-up or complete rebluing. Metal must be clean and free of rust (like the liquid blues) and sealed with Barricade® Rust Preventive to enhance and protect the finish. A dark blue color may require three or more applications of PERMA BLUE Paste but each coat takes only 30 to 60 seconds to work. Complete instructions on each tube. Apply with swab or "Q-tip."

13322	SBP2	2 oz net wt	Squeeze Tube
13325	SBP3	3 oz net wt	Plastic Bottle (not pictured)

Super Blue™ Liquid Gun Blue

A double-strength blueing solution designed for blueing highly polished steel parts and hardened steels containing nickel and chrome alloys (except stainless). SUPER BLUE Extra Strength Gun Blue is the blackest blue. Use caution to confine the solution to the area to be blueed, as it will have an effect on the existing blue.

13425	R2	3 fl oz	Plastic Bottle
13432	R2-QT	32 fl oz	Plastic Quart Bottle

Plum Brown™ Barrel Finish

Produces a rich, authentic, old style brown finish for original or replica firearms. PLUM BROWN Barrel Finish is ideal for restoring antique guns, muzzleloaders and other metal antiques. A durable, protective and attractive finish that's simple to apply. Just heat metal with propane torch or other clean, convenient method and apply browning solution with swab. Immediate results – no waiting for old-fashioned slow rust process which can take weeks to finish.

Aluminum Black® Metal Finish

The room temperature chemical used by gunsmiths and industry to blacken aluminum parts. Restores scratched and marred areas quickly. Fast-acting liquid is easy to apply with no dimensional change. Color will vary from deep gray to black depending on alloy. ALUMINUM BLACK Metal Finish is also excellent for blackening name plates, plaques, trophies and other engraved items.

63000	A14	128 fl oz	Gallon (not pictured)

Brass Black Metal Touch-Up

Fast-acting liquid used by gunsmiths and industry to blacken or antique brass, copper and bronze parts. Easy to apply with no dimensional change. Often used to mark cartridge cases to identify loads. Excellent for blackening name plates, plaques, castings, sculptures and other home, workshop and hobby uses. Color varies depending on alloy and can be highlighted if desired.

Complete Perma Blue® Liquid Gun Blue Kit

Easy to use PERMA BLUE Liquid Gun Blue is the proven way for touching up or completely rebluing most guns. Fast-acting liquid gives a non-streaky, uniform blue-black finish to steel. Everything you need to do a "professional looking" job is included in this kit.

Kit includes:

- 3 oz PERMA BLUE Liquid Gun Blue
- 3 oz Cleaner-Degreaser
- 3 oz Blue & Rust Remover
- 00 Steel Wool Pads
- Blueing Applicators, Sponge, Service Cloth
- Barricade® Rust Protection Gun Wipes
- Complete Instruction Guide

13801 GBK

Complete Perma Blue® Paste Gun Blue Kit

Make your gun like new with our PERMA BLUE Paste Gun Blue Kit. Complete, easy-to-follow instructions are included with each kit. A generous supply of everything you need to do a "first class" job is included. PERMA BLUE Paste will give a deep, rich blue-black finish to most steels but will not blacken aluminum, stainless steel or other non-ferrous metals.

Kit includes:

- 2 oz PERMA BLUE Paste Gun Blue
- 3 oz Cleaner-Degreaser
- 3 oz Blue & Rust Remover
- 00 Steel Wool Pads
- Blueing Applicators, Sponge, Service Cloth
- Barricade® Rust Protection Gun Wipes
- Complete Instruction Guide

Blue & Rust Remover

Blue & Rust Remover is a safe, reliable solution that removes rust and old blue easily and quickly without damaging base metal. Safe for removing old finish from firearms, muzzleloaders and antiques. Also excellent for removing rust from tools, gauges and precision instruments. Blue and rust removal is a necessary step before rebluing or browning.

16125 BR1 3 fl oz Plastic Bottle

Cleaner-Degreaser Liquid and Aerosol

Specially formulated to remove dirt, fouling, grease and oil quickly and easily. Cleaner-Degreaser Aerosol uses a high-pressure spray to clean metal surfaces fast, with a quick drying time that leaves no residue. It's a safe, easy and effective way to clean your firearm thoroughly or as a preparatory cleaner for blueing or browning.

Presto® Gun Blue Pen

The fastest and easiest way to touch-up nicks and scratches is with an easy-to-use PRESTO Gun Blue Pen! Penetrates hard steel instantly and gives a durable blue-black finish that won't rub off. Use like a marking pen for one coat coverage on non-stainless steels. No spill. No drip. Simply rub on with "bullet point" felt tip!

13201 PSP Felt Tip Pen

Super Black™ Touch-Up Pens

An easy and effective way to touch-up nicks, scratches and worn areas of black anodized aluminum or black painted surfaces. The pen contains a fast drying, lead-free paint with superior adhesion and durability that helps fill in deep scratches or worn areas. These special formulations are for use on highly polished and matte finished alloy gun receivers, trigger guards, scopes, binoculars, cameras, flashlights, fishing reels and other sporting accessories. Use like a marking pen with no mess – simply rub on with "chisel point" felt tip.

Wood Finishing

Tru-Oil® Gun Stock Finish

There is no better oil finish! TRU-OIL Gun Stock Finish is the professional's choice for gunstock (or furniture) finishing for more than 30 years. Its unique blend of linseed and natural oils dries fast, resists water damage and will not cloud, yellow or crack with age. TRU-OIL Gun Stock Finish penetrates deeply and forms a tough, clear, hard finish that protects and enhances the beauty of fine woods. For a hand-rubbed, satin luster, simply buff with steel wool and rubbing compound or use Stock Sheen & Conditioner. Excellent as a sealer for under butt plates, recoil pads and in inletted actions to prevent stock damage. Use the liquid for fast filling of the pores and the aerosol for the final finish.

23245	TAC13	13 oz net wt	Aerosol Can

Walnut Wood Stain

Water soluble stains are sun-fast, true to color and non-bleeding. Produces a clear, rich color without grain clouding or smearing. Highlights the grain and enhances the natural beauty of wood. Walnut Stain is a true, brown-walnut color for the traditional look. Color intensity is easily controlled by adding water to concentrate or using full strength for light colored woods such as birch.

24123	WS1	3 fl oz	Plastic Bottle
-------	-----	---------	----------------

Gun Stock Sealer & Filler

Seals out moisture and fills the pores in one easy step. A clear sealer and filler lets you choose your favorite stain or leave the wood in a natural tone. Use Sealer & Filler as the first step to a beautiful Tru-Oil® Gun Stock Finish. Easy to use and dries fast.

23323	S & F	3 fl oz	Plastic Bottle
-------	-------	---------	----------------

Gun Stock Wax

A high-quality formula combining protective and beautifying qualities of the finest carnauba, beeswax and silicone. Produces a lustrous water repellent film that will not rub off like oils. Offers maximum protection against finish cracking from weather and handling. Enhances and protects the beauty of woods, metals and leather.

23723	PSW	3 fl oz	Plastic Bottle
-------	-----	---------	----------------

Stock Sheen & Conditioner

The easy way to give your newly finished Tru-Oil® Gun Stock a traditional satin finish or to clean, beautify and polish your old stock. Removes surface imperfections and gives your stock a smooth, hand-rubbed finish. Also protects against weather and handling. Will not fingermark.

23623	CDZ	3 fl oz	Plastic Bottle

Eliminates Solvent Striking on Synthetic Stocks

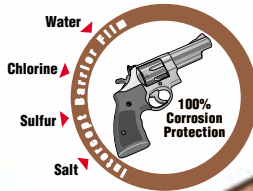

Shooting Accessories

BIRCHWOOD CASEY has developed a premium line of gun cases and sleeves to protect your firearms like never before possible! COPPERTECT will preserve your fine firearms and shooting accessories for 25 years. No longer do you need to put your firearms in a case with a fabric liner that can retain moisture! Utilizing Intercept Technology®, a special copper proven to be the most effective means to stop and neutralize corrosive gases, COPPERTECT cases and sleeves are unsurpassed in long-lasting performance.

COPPERTECT gun protection system prevents rust and blocks mildew. Its protection is so strong that it maintains effectiveness even if the liner becomes torn or ripped. This protection system erases any chance of oxidation and leaves no deposits or residue on your fine firearms.

Intercept® has proven in laboratory testing to be up to 10 times more effective than VCI and other options. VCI's emit gases which can be toxic and potentially dangerous to you and the environment. Intercept® is free of volatile chemicals and is environmentally friendly and recyclable.

One Size Fits All!

Floats up to 12 pounds!

25 Year Gun Protection!

CopperTect™ Padded Sleeve

COPPERTECT Padded Sleeves are made with a durable, non-absorbent 600D polyester exterior and 10mm of closed-cell foam padding inside making them water resistant and able to float up to a 12 lbs firearm.

- 31648 CRC 48" Rifle Padded Sleeve
- 31652 CSC 52" Shotgun Padded Sleeve
- 31618 CHC 16" x 9" Handgun Padded Sleeve

CopperTect™ Preservation Sleeves

COPPERTECT Preservation Sleeves are an inexpensive way to protect your fine firearms for 25 years. The Intercept Technology® copper lining is the same corrosion-proof technology that is used inside the gun cases. COPPERTECT Sleeves come with a nylon zipper for ease of use and are great for gun collectors since their thin, compact size easily fits inside your gun safe, original box or hard-sided case to protect your firearms from corrosion. One size fits all.

- 31152 CSS Shotgun Storage Sleeve
- 31148 CRS Rifle Storage Sleeve
- 31118 CHS Handgun/Accessory Storage Sleeve

CopperTect™ Displays

Draw consumer attention with these eye-catching wire displays that can stand alone or be pegboarded for versatility. The two displays stack together to make one point-of-purchase display.

Display includes:

 32301 CLA-CD PERMA DRI Counter Display

Save-It™ Shell Catcher 12-Gauge Semi-Auto Shotguns

The original Peterson SAVE-IT Shell Catcher is back! An all steel shotgun shell catcher that prevents empty hulls from being ejected through the receiver opening on semi-automatic shotguns and holds the empties for easy removal. One model works with all 12-gauge semi-auto shotguns.

Simply peel off the double faced tape to attach the unit to the gun's receiver. The semi-permanent adhesive can be removed if desired. Softly padded tape acts like a barrier, keeping the metal plate away from the gun. There is no movement or vibration to scratch the receiver's finish. The SAVE-IT Shell Catcher is adjustable for different shotshell loads and guns if needed. Simply close or open the ends of the wire with no modifications to the gun.

Save it from hitting your neighbor on the range, hitting their expensive gun, causing distractions for you and other shooters and the empties from hitting the ground. Save the empties for reloading or having to pick them up later. Easy-to-use and works great!

41012 CCP SAVE-IT Shell Catcher

The wire retaining member locks in the up position for singles, turned down for doubles and easily pulls out for hunting.

Barrel Cots Gun Barrel Protectors

It's easy to keep debris, rain, snow, mud, bugs and more out of your barrel with Barrel Cot. Simply roll the Barrel Cot onto the barrel of your firearm – when you're ready to shoot, go right ahead. Barrel Cot does not have to be removed and does not reduce your accuracy. It protects the barrel of your gun without sacrificing any performance! One size fits all barrels – pistol, rifle, shotgun and muzzleloader. 20 Cots per bag.

Safe for plastic, aluminum & graphite reels!

32226 RSA2 comes in 12-pack PDQ box.

Reel Scrubber® Solvent/Degreaser

The solvent/degreaser you rely on to penetrate even the tiniest crevices of your reel now has a new formula that's even more effective in removing dirt, oil and grease. The new take-along sized aerosol makes the cleaning process even easier. It offers tackle box sized cleaning for all your moving parts, including gears, bearings, shafts, drag systems, etc. It is perfect for fresh and saltwater spinning, spincasting and bait casting reels as well as other marine equipment. No disassembly of the reel is required – the extension tube produces a blasting action that penetrates deep. The new formula is less expensive and safe for plastics and painted surfaces.
