NEW! Howa/Hogue Rifles. See Page 2-3

Joel Dapaoli with a nice meat hog. Taken at Tejon Ranch in California using a Howa/Hogue in .30-06.

## Howa's Stock Value has Just Doubled!

### One of the best-known barreled actions in the shooting industry is the Howa M-1500.

Well-established with serious shooters and custom gun builders for its reliability and accuracy, the M-1500 offers many advanced features for a rifle in its price range. Now, Legacy Sports International has joined with Hogue, Inc. to offer a **Hogue OverMolded™** stock with this great shooter, creating a supremely accurate and comfortable hunting rifle right off the shelf.

Check out these features:

- Non-slip, Cobblestone™ grip works in all weather conditions
- Comfortable, soft grip helps absorb recoil, reducing fatigue over extended shooting sessions

- Fiberglass reinforced skeleton for strength and perfect fit-to-action
- Won't harden with age; impervious to gun cleaning solvents/gun oils
- Pillar bedding uses aluminum bosses for rock-solid accuracy
- Barrel free-floats for maximum accuracy
- Stocks come with ambidextrous palm swells, a "varmint" style forend, built-in swivel studs and Hogue recoil pad
- Available in Black or OD Green

When you put all of these features together into one package, you have just built one heck of a production rifle! The **NEW Howa/Hogue** combination is a real shooter – not just another black stock!

High desert coyote falls prey to a Howa/Christensen Carbon Fiber Supreme

## Howa Packages Can't be Beat!

Howa M-1500 rifles are built right, starting with a forged steel receiver with its flat bottom and integral recoil lug. Barrels are hammer-forged for precision rifling. The bolt is a one-piece forging with two large locking lugs for maximum strength and a powerful M-16-style extractor. The bolt face completely surrounds the cartridge head for safety.

The fully adjustable Howa trigger is famous for consistent, crisp let-off. A lightweight hinged floor-plate opens at the touch of a button. All models are drilled and tapped for standard scope bases and come with solid rubber butt pads and sling swivel studs.

You can have your Howa in Blued or Stainless Steel, short or long action, with a choice of standard or heavy barrels.

Now, Legacy Sports takes the guesswork out of putting together the ideal rifle and scope for just about every hunting situation. We've fitted **Howa/Hogue** rifles in our most popular calibers with a 3-10x42 Nikko-Stirling Nightheader riflescope and rings and bases. Result? Top-quality combinations that deliver dependability and high performance right out of the box, at prices that can't be beat.

Nikko-Stirling Nightheader 3-10x42

Lifetime Warranty. Superior Clarity. Saddle Parallax Adjustment. Air Gun Rated.

## Howa/Christensen Arms Carbon Fiber Supreme Rifles

Two Great Names in the rifle business—Howa and Christensen Arms—have paired up to bring you the newest of the Howa tack drivers in .204, .223, .22-250, .243 and .308 calibers.

### Why are Howa / Christensen Arms Carbon Barrels Superior? ACCURACY!

- Less Barrel Whip (Due to High Stiffness and Low Weight of Barrel)
- Consistent First Shot and Long Term Accuracy (Carbon Epoxy does not Warp or Change Shape with Temperature Variations)

### IMPACT RESISTANT! Resistant to damage and easily repairable

**LONGER BARREL LIFE!** Carbon Fibers Conducts Heat Away From Highest Temperature Region of Barrel Much Faster Than Steel

### CORROSION RESISTANT!

### SUPERIOR MATERIALS!

- Aerospace Quality Fiber and Epoxy
- Less Weight (Carbon / Epoxy Composite is 5.4 Times Lighter Than Steel)
- High Strength (Carbon Fiber is 5 times Stronger Than Steel Used in Barrels)
- High Stiffness (Carbon Fiber is 1.4 Times Stiffer Than Steel Used in Barrels - Per Weight Carbon Fiber is 7.5 Times Stiffer than Steel)
- FIVE Times Stiffer than a Lightweight Steel Barrel!

**The Howa/Axiom features:**

- Rugged billet aluminum or lightweight synthetic construction
- Instantly adjustable length-of-pull from 11.5" to 15.5"
- Two recoil suppression devices for maximum recoil reduction of up to 70%
- Completely free-floated barrel for maximum accuracy
- CNC milled to specifically fit the Howa M-1500 action
- Available in matte black or Prairie Ghost™ finish
- Available with Nikko-Stirling scope package

**For precision hunting and predator control.**

Combining the proven Howa M-1500 barreled action with the Knoxx Industries Axiom V/S™ rifle stock, the **Howa/Axiom** produces the ultimate in rifle comfort and accuracy. Utilizing the Knoxx Axiom V/S™ stock, the **Howa/Axiom** provides unequalled shooting design and ergonomics, as well as a huge reduction in felt recoil.

Howa/Axiom stocks are adjustable from 11.5" to 15.5" length of pull and can absorb up to 70% of felt recoil.

The **Howa/Axiom** is ideally suited for either bench rest shooting or hunting, by providing an adjustable configuration for all shooting positions. Five calibers are available in

a 24" heavy barrel: .204 Ruger, .223 Rem., .22-250 Rem., .243 Win. And .308 Win.; with an additional two calibers available in a 20" heavy barrel: .223 Rem. and .308 Winchester.

Cabot Benton of Good Ole Boys TV with a nice gemsbok taken in Namibia with a .300 Win. Mag. Howa Camo Lightning.

**Minimize Your Visibility - Maximize Your Accuracy**

All of the same great advantages of a Howa barreled action with the added benefit of a camo stock. The Camo Lightning features a polymer stock with a molded cheek piece, comfortable forearm, palm swell, free-floated barrel channel and modern checkering. A wide choice of factory chamberings range from flat shooting varmint calibers through potent magnums. All models are drilled and tapped for standard scope bases and come with solid rubber butt pads and sling swivel studs. Make sure you stay unseen until you're ready to pull the trigger! Get a Howa Camo Lightning before your next hunt.

Chris Cobbett of Northwoods Outdoors TV bagged this fine whitetail with a stainless .300 Win. Mag. Howa Camo Lightning.

## Light weight, quick handling and superb performance

The Howa M-1500 Ultralight Mountain Rifle, in .223, .22-250, .243, .308 and 7mm-08, shaves more than a pound off the weight of a standard rifle but sacrifices nothing in accuracy. The receiver gets special milling and the bolt knob is hollowed. Metal finish is a deep, non-glare blue/black or matte stainless steel. M-1500 Ultralight Youth Model with its 12 5/8-inch length-of-pull is the right way to start junior shooters. At a shade under 6 1/2 pounds, both these rifles live up to the Howa promise, "High performance right out of the box."

Craig Smith of Game Guard Camo proudly shows off the buck his son, Brody, nailed with his Howa Ultralight Youth rifle.

Sam Upshaw of Star Arms, Texas passes on the legacy to his grandson Chance. Chance, age 6, takes his first buck with a .243 Ultralight Youth.

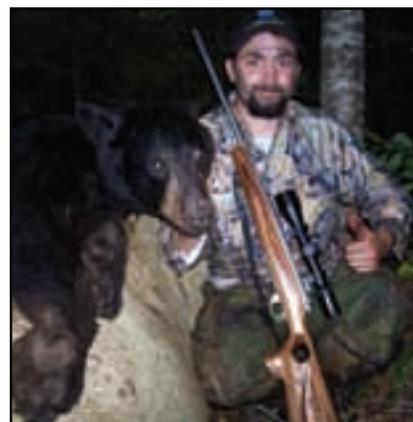

Jim Matthews gets his coyote with a .22-250 Ultralight Mountain.

This nice Texas buck was taken by Chris Calis with a .270 Thumbhole Sporter.

**Dead-On Accuracy. Comfort All Day Long.**

The M-1500 Thumbhole Sporter offers a raised comb for consistent sight acquisition, plus a touch of forward taper to reduce felt recoil. A flared pistol grip and scalloped thumbhole ensure comfortable hand and wrist position for precise trigger control. It's a forward-looking design that's 100% practical.

Rocky Marcario, Managing Director of Membership, NRA, shows a fine Alaskan moose he shot with his Howa.

Howa Thumbhole stocks provide a more vertical grip for consistent trigger control and reduced recoil to the shoulder.

Stocking Dealer Sam Upshaw of Star Arms proudly shows this Kansas buck that scored 198 B&C, harvested with a Howa Thumbhole Sporter.

**For precision hunting and predator control.**

Howa Varmint and Varminter Supreme rifles take performance to new heights. Built around the proven M-1500 action, these rifles have 24-inch hammer-forged bull barrels with recessed muzzle crown in either non-glare blue or matte stainless steel. The M-1500's acclaimed trigger adjusts for sear engagement and weight of pull. A three-position safety allows safe single-loading and secure bolt lock-down. Recoil pads and swivel studs are standard.

The Varminter Supreme stock is designed with a raised comb and rollover cheekpiece, a full

pistol-grip with palm-filling swell, a broad beavertail forend and vented stock for barrel cooling.

The Thumbhole Varminter adds a high, straight comb and a more vertical pistol grip that's ideal for shooting off a bench or rest. For hunting, pest control, or match competition, you can't go wrong choosing a Howa M-1500 Varmint or Varminter Supreme rifle. The Howa Varminter Supreme and Thumbhole Varminter Supreme rifles come in Matte Black, Nutmeg (brown), and Pepper (gray) laminated stocks.

"I have used many Howa barreled actions when building custom rifles. The Howa is well designed and shows excellent craftsmanship. They are as good or better than the higher-priced barreled actions used as a platform for many custom rifles, and I do not hesitate to recommend the Howa to my customers as a foundation for their custom rifle."

- Jim Grunning, Owner, Grunning Precision

### For the custom rifle maker or enthusiast who prefers a particular stock design.

Compare Howa with other factory barreled actions:

- .204 Ruger Caliber Barreled Actions!
- Forged steel, flat-bottomed receiver with large recoil lug and hammer-forged barrel. Heavy Varmint barrels have recessed muzzle crowns.
- Forged, one-piece, bind-proof bolt with dual locking lugs, M-16-style extractor and large cocking indicator.
- Three-position safety allows safe single-loading and secure bolt lock-down.
- Bolt and receiver are ported to vent away high-pressure gases in the unlikely event of a pierced primer or ruptured case.
- Receiver rings are precision drilled and

tapped for accurate, rigid scope mounting.

- One-piece guard and magazine box with hinged floorplate.
- Choice of short and long actions, standard and heavy barrels, in Blued and stainless steel.

# ESCORT SHOTGUNS

## Quality features and superior value.

**NEW FOR 2007!** Select Grade Walnut stock available on semi-auto AS Model. See HAT0006 in the list on the next page.

- Nickel-chrome-moly 28-inch and 26" barrels with hard-chrome plated bore and outside black chrome finish.
- 3-inch and 3.5-inch magnum chambers and choke tubes proofed for steel shot.
- Ventilated barrel rib and three screw-in choke tubes– Full, Modified, and Improved Cylinder.
- Positive trigger-guard button safety and cut-off for loading single rounds.
- Two stock adjustment shims and three cushioned rubber recoil pads: Small, Medium, and Large (except AimGuard and MarineGuard).

- Genuine Mossy Oak™ Shadow Grass and Obsession camo, as well as matte black.
- **NEW** Slug models equipped with cantilever mounts– ideal for deer hunters.
- Weather-beating, advance formula polymer stocks on most models. The AS & AS Youth models are stocked in seasoned Turkish Walnut, with cut checkering.
- All sporting models include sling-swivel studs, choke-tube wrench, and migratory waterfowl plug.
- Top of receiver milled with 3/8-inch dovetail rib for accessory sights.
- 24-inch Turkey Models have additional .665 Turkey choke tubes.

Gil Parks of Texas recently went on a dove hunt in Argentina. Gil used his Escort 20 ga. semi-auto to harvest over 2,000 doves without a single malfunction. The true test of a semi-auto!

\*Weight is approximate; varies due to stock density and bore diameter. \*\* Supplied with an additional choke tube (.665 Turkey). \*\*\* 22" Barrels with Slug Guns are rifled (26" barrel included with Slug Combo are not)  
All models supplied with 3 butt pads (Small, Medium and Large) and migratory plug, except AimGuard and MarineGuard. All models supplied with two spacers to adjust the slope of the stock for a perfect fit. Combos are 2 barrel sets with same accessories as listed above. Prices, models and specifications subject to change without notice.

*Escort shotguns are manufactured and assembled in one factory - no farming out parts and no "just in time" production schedules. From raw materials through the end product - tight tolerances are held through stringent quality control and top notch craftsmanship.*

## **Escort Pumps are Full of Features.**

Slug Hunting Combos, Personal Defense and a 12 gauge pump set with 3 barrels in 24", 26" and 28" lengths all have these outstanding features:

- Nickel-chrome-moly barrels with hard-chrome plated bore and outside black chrome finish.
- 3-inch and 3.5-inch magnum chambers and choke tubes proofed for steel shot.
- Ventilated barrel rib and three screw-in choke tubes- Full, Modified, and Improved Cylinder.
- Positive trigger-guard button safety
- Two stock adjustment shims and three cushioned rubber recoil pads: Small, Medium, and Large (except AimGuard and MarineGuard).
- Genuine Mossy Oak™ Shadow Grass and Obsession™ camo, as well as matte black.
- **NEW** Slug models equipped with cantilever mounts- ideal for deer hunters.
- Weather-beating, advanced formula polymer stocks on most models.
- All sporting models include sling-swivel studs, choke-tube wrench, and migratory waterfowl plug.
- Top of receiver milled with 3/8-inch dovetail rib for accessory sights.
- 24-inch Turkey Models have additional .665 Turkey choke tubes.

# ESCORT SHOTGUNS

## Escort Adds a Great line of Over/Unders!

Legacy Sports International is pleased to announce a new Over/Under addition to their popular Escort line of shotguns for 2007! The new Escort Over/Under shotgun comes with selectable fire barrels operated by a left-right sliding switch built into the safety button. It is also equipped with a bronze front bead. Every Escort Over/Under comes with five removable

choke tubes in Skeet, Improved Cylinder, Modified, Improved Modified and Full. An outstanding feature of this shotgun is the new Trio™ recoil pad that provides deep cushioning with a high-end look. Two fitted, full length shims come with the Trio™ pad system for easy length-of-pull adjustment.

Escort Over/Unders are equipped with new Trio™ recoil pads that really absorb felt recoil!

**NEW! Escort 12 ga. Blued with Buffalo River Case**

**NEW! Escort Over/Under Blued Standard**

# OVER/UNDER SHOTGUNS

The Escort Over/Under features four finish combinations: Blue (blued with select Turkish walnut stock), Silver Standard (blued barrel/silver receiver with select Turkish walnut stock), Silver Synthetic (blued barrel/silver receiver with synthetic stock) and Silver Select

(blued barrel/silver receiver with Hand Oiled Turkish walnut stock). The Turkish walnut wood has a deep oil finish that accentuates a beautiful grain pattern. Offered in 12 gauge only, the new Escort Over/Under utilizes extractors for easy shell removal.

Fine Italian Walnut on all NEW M80 Pointer models.

## Got Wood? New Pointers Do!

Legacy Sports International proudly announces a completely new and expanded line-up of Pointer shotguns from Italy for 2007! These new Pointer Over/Under shotguns come equipped with improved triggers, highly attractive wood and fine Italian checkering. They also come standard with barrel selectors and automatic ejectors.

The new Pointers are available as Sporting/Field models in 12, 20, 28 and .410 gauges. The 12, 20 and 28 gauges offer multiple choke tubes in Full, Modified and Improved Cylinder, while the .410 gauge comes with fixed chokes in two models: Full/ Modified and Improved Cylinder/Modified. All of these models offer a fiber optic front bead as well as a bronze mid-bead.

The new Sporting Clays model is offered in 12 gauge, only, and features an oversized, high visibility, fiber optic front sight. All of the new Pointers come with a fitted, hard plastic case that is not only great looking but also provides excellent protection for the gun.

And, Legacy Sports continues to offer the original Pointer Over/Under in 12 gauge, with 20 gauge coming soon. The gun is supplied with a Kickeez buttpad, Truglo sight, extractors, barrel selector, floral engraving on electorless nickel receiver, and gold trigger. The barrels are drilled and later internally smoothed through a special reaming process, polished and hard chromed to resist corrosion and residual wear and tear. The barrels are black chrome plated and have 10 times the

Standard Turkish Pointer O/U, 12 ga.

New Sporting model and Standard model - what a pair!

Andy McCormick and Brett Kennon of Legacy Sports show how Pointer Over/Unders can fill a game strap!

Pointers offer a full line of Sporting/Field models.

*Breda Fucili – Meccanica Bresciana of Italy has been producing firearms for military and sporting use since 1896. The Breda name is renowned for quality and craftsmanship. Now, Legacy Sports is offering the fine line of Breda shotguns here in the USA.*

***Breda. A name known for high quality firearms for over 100 years.***

The Xanthos, Echo and Grizzly semi-automatic models feature inertia-operated mechanisms that provide flawless functioning. This system offers a noticeable reduction in recoil and is virtually maintenance free. With their 4 round magazines, 3 inch magnum chambers, 28 inch barrels and 3 interchangeable choke tubes, the Echo and Xanthos models are ready for hunting or clay bird shooting.

The Xanthos model is refined and elegant, offering a combination of high quality walnut wood with a unique receiver treatment achieved through spark erosion engraving. Hand engraved details and hand-gilded figures on the receiver round out Xanthos' elegant appearance.

The Grizzly is capable of firing any 12 gauge round from 2.75" through 3.5" magnum with a wide variety of shot types, slugs and sabots. Its receiver is streamlined and lightweight

– yet strong. The Grizzly comes with synthetic stock, available in either black or Advantage Timber™ camouflage. Metal parts on the black model are a matching matte black finish, while the camo model's barrel, receiver and trigger group are also camouflaged.

Echo models come in blued, nickel and an outstanding bronze colored finish on their receivers. Receivers have a clean, yet modern engraving pattern that flows from the forearm checkering through a unique, fully checkered pistol grip. Both beauty and function describe these stocks. The Echo is available in three 12 gauge and one 20 gauge model.

Also offered is the Altair semi-automatic that provides a more traditional gas operated mechanism in a lightweight frame. The Altair is elegantly finished in oil rubbed walnut, blued barrel and receiver.

*Nikko-Stirling scopes are crafted from aircraft-aluminum alloy and top-quality optical glass. All are nitrogen filled with fully coated lenses. Most variable-power models have adjustable objective lenses (AO). Fixed power models are set for no discernible parallax beyond 75 yards. Illuminated reticle models ensure cross-hair acquisition in the poorest light.*

### **Diamond and Nighteater Scopes & Mounts. Setting a New Standard.**

The Nikko-Stirling Diamond Series is supplied with everything you will need to hone up your marksmanship skills: screw-on lens caps, Allen keys, calibrated P/A wheel, lens cloth and instructions. Guaranteed 100% waterproof, fog proof and shockproof, the Japanese-made Nikko boasts camera-quality lensware that's been ground and honed using state-of-the-art, computer controlled machinery, and is then completed by multi-coating all the lens elements for the best possible clarity. If you want everything in your favor when you line up on target, then the Nikko Diamond Series is worth its weight in gold ... or even diamonds!

The Nighteater series features riflescopes with Grade A lenses coated with the exclusive Microlux™ ETE coatings developed to improve light transfer to the eyes for low-light shooting. Models include both in 1-inch and 30mm options with saddle parallax adjustment from 10m to infinity\* and a stylish "built-in" sunshade. Large side wheel is optional on select 30mm Nighteater models. The Eurohunter series is also developed for low light hunting conditions. This series offers a 30mm one piece body, a German No.4 reticle, parallax set to 100m, waterproof, fogproof, shockproof, Microlux™ ETE coatings, and built-in sunshade. Illuminated reticle option is available. These scopes offer extreme high quality and performance.

**ALL NikkoStirling riflescopes carry a lifetime warranty against manufacturer's defects.**

## You Get A Lot More Than You Pay For with Diamond Speedsights!

Legacy Sports International announces a new series of quick acquisition, red dot speed sights within the popular Nikko-Stirling line of optics. The **Diamond SAS** is a compact, waterproof member of this line that adapts well to more demanding use. The Diamond SAS comes with a durable cover and Weaver style mounts. The cover automatically turns the sight on when removed, and off when it is replaced. Featuring Japanese optical technology, the Diamond SAS offers a light sensitive, self-adjusting holographic red dot and coated glass lens for optical clarity.

Its Red Dot is fully adjustable for windage and elevation, and an additional switch allows the sight to be used in virtual darkness. The battery replaces in seconds and is changed while still on the gun. Available with Weaver style mounts; additional mounts are sold separately for several popular handguns.

**Diamond Pro T** sights also come with a durable hard cover that acts as a battery saver and on/off switch. These sights feature a fast holographic red dot, and coated lenses for optical clarity, as only Japanese technology and craftsmanship can provide. The Diamond Pro T is a compact and lightweight in design, weighing only 1.33 ounces. The Diamond Pro T offers a 1x magnification through a BK7 high resolution glass lens, with a large, 1" diameter for a wide field of view (15 yds. @ 100 yds.). This sight is windage adjustable, shockproof and parallax-free at 50 yards. Diamond Series sights can be used on rifles, shotguns or handguns.

The **Diamond XT** features a fast holographic red dot, and coated lenses for optical clarity. Diamond XT sights come with the same cover and on/off feature as the SAS model. The Diamond XT is made of metal alloy for strength and durability in a compact and lightweight design. The Diamond XT is the smallest holographic sight available in the industry today, measuring 1 1/2" long x 1" high.

## Target Master - For Serious Competition

Target Master Series Riflescopes provide features for competitors in all types of target shooting, from Field Target Air Gun to long-range Big Bore. Three styles of fine reticles will not obscure the target. The target turrets have crisp 1/8" min click stops for precise adjustments and come with all weather caps.

The objective lenses are fully multicoated and parallax adjustable for accurate range finding. The matte black non-reflective body tubes and sunshades prevent internal reflections. Screw-in metal covers provide total protection between shots.
