

**Custom Rifles, Pistols,
Parts & Accessories**

**ROCK
RIVER
ARMS, INC.**®

MADE IN U.S.A.

**Retail Catalog
January 2007**

In 1996, brothers Mark and Chuck Larson founded Rock River Arms in an 1,800 square foot shop in Cleveland, Illinois. Mark and Chuck together brought over 40 years of varied experience in the firearms manufacturing industry into their new endeavor. Rock River Arms soon developed a reputation as one of the finest builders of hand fitted custom 1911 pistols, and their NM frames and slides set a new industry standard for tight tolerances, fit and finish.

The brothers soon turned their manufacturing expertise and attention to detail into producing custom .223 caliber "AR" style rifles. Their initial focus on tightening up tolerances and improving the fit, finish and reliability of their rifles was rewarded as the Rock River Arms NM A2 Rifle quickly gained popularity among high-power shooters.

RRA Warranty Information

Rock River Arms offers the following warranties on its products: Complete Rifles, Upper Halves, and Lower Halves carry a Limited Lifetime Warranty against failure of factory parts and labor. Complete Custom Pistols carry a One Year Limited Warranty against failure of factory parts or labor. If you have any questions concerning the warranty on your RRA rifle, upper or lower half, or pistol, please call RRA for clarification.

Assault Weapon Ban Sunset

With the sunset of the "assault weapons ban" in 2004, Rock River Arms is pleased to offer rifles with previously banned features to most of our customers. Some states, counties, and municipalities have enacted laws similar to the federal ban. Please check all applicable laws in your city and state before ordering to avoid any potential legal problems. RRA continues to offer rifles and subassemblies in configurations consistent with the requirements of the prior ban. Please call RRA for pricing and availability on Ban Compliant models.

Today, operating out of a state-of-the-art 12,000 square foot facility in Colona, Illinois, the company is producing a full line of custom rifles, pistols, parts and accessories, all built with the same focus on providing the finest fit, finish and function at a reasonable price.

The quality and reliability of Rock River Arms firearms continues to win new admirers. The U.S. Drug Enforcement Agency (DEA) and Federal Bureau of Investigation (FBI) recently put a variety of different manufacturers rifles through an exhaustive trials process, and based on those trials awarded Rock River Arms with a 5 year contract as their primary supplier.

Rock River Arms is one of the fastest growing firearms manufacturers in the country, but remains committed to continuing to provide it's civilian, law enforcement and military customers with the kind of custom products and services on which it's reputation has been built.

Laser Logo Engraving

We are now laser engraving Rock River Arms Inc. on all our upper receivers.

All of our factory-built complete upper halves and complete rifles are engraved with Rock River Arm's trademarked logo.

See our website for Shipping and Handling charges. All pistol orders require a \$200 non-refundable deposit. Custom serial numbers, if available, cost an additional \$50 and require a \$250 non-refundable deposit.

Complete rifles shown with standard accessory package. All orders must comply with all applicable Federal, State and Local laws. All prices, configurations and specifications subject to change without notice.

Visit our Online Showroom at www.rockriverarms.com for all the latest product information and Secure Online Ordering!

What is a Wylde Chamber?

The .223 Wylde chamber was designed as a match chambering for semi-automatic rifles. It will accommodate both .223 Rem and 5.56 NATO ammunition. It is relieved in the case body to aid in extraction and features a shorter throat for improved accuracy.

What is a Wylde Chamber?

The .223 Wylde chamber was designed as a match chambering for semi-automatic rifles. It will accommodate both .223 Rem and 5.56 NATO ammunition. It is relieved in the case body to aid in extraction and features a shorter throat for improved accuracy.

9MM CONVERSION INFORMATION

In addition to the upper half, certain other parts are required to complete the 9mm conversion. A lower half with standard (non match/2-stage) internal parts is required, and a 9mm hammer must be installed in place of the .223 hammer. The 9mm magwell conversion block (which uses modified Uzi magazines or Colt-style SMG magazines) is also required. If using a CAR length receiver extension (as used in RRA collapsible CAR and A4 stocks as well as entry tactical stocks), the 9mm buffer replaces the CAR buffer. If using the standard receiver extension (as used in A1/A2 stocks and RRA non-collapsible CAR stocks), installation of the 9mm stock spacer, CAR action spring, and 9mm buffer is required.

If you have any questions about 9mm conversions, please call Rock River Arms.

9mm Conversion Parts

9mm Forged A2 Upper Receiver Assembly

Complete with rear sight, port door and case deflector.

Single Throw Lever ACOG mount, provides two eye relief mounting positions.

- AR3829 \$114

A.R.M.S. #19ACOG

Two Throw Lever ACOG mount, provides three additional eye relief mounting positions.

- AR3828 \$160

ACCESSORIES

SureFire M951 XM05 WeaponLight

Six-volt shock-isolated system powered by two lithium batteries, provides 65 lumens for one-hour of runtime or 120 lumens for 20 minutes using optional ultra-high output lamp assembly. The system attaches to Picatinny Rail interface via an included dual thumbscrew mount. With 5" removable pressure-activated momentary-on tape switch and click-on/off momentary/constant pushbutton switch.

SureFire M951 XM05..... AR3020 **\$344**

SureFire M961 XM07 WeaponLight

Nine-volt shock-isolated system powered by three lithium batteries, provides 125 lumens for one-hour of runtime or 225 lumens for 20 minutes using the optional ultra-high output lamp assembly. Attaches to Picatinny Rail interface via an included dual thumbscrew mount. With 7" removable pressure-activated momentary-on tape switch and click-on/off momentary/constant pushbutton switch.

SureFire M961 XM07..... AR3021 **\$383**

SureFire M600 Scout Light

The lightweight Scout light attaches to a Picatinny rail with the included thumbscrew clamp. An extremely rugged and powerful LED module uses two lithium batteries to produce 65 lumens of light with a runtime of nearly three hours. With momentary on/off tape switch.

SureFire M600A Scout Light AR3016 **\$375**

SureFire M600 Scout Light Kit With Infrared Filter conversion kit and LU60A incandescent lamp assembly AR3015 **\$495**

SureFire Spares Carrier

Impact resistant, O-ring sealed watertight polymer containers provide storage for six spare lithium batteries and spare lamp assembly, with convenient wrist lanyard.

SureFire SC1 AR3039 **\$17**

SureFire SC2 AR3038 **\$17**

SureFire Vertical Foregrip WeaponLight

Powered by three lithium batteries producing 125 lumens for one-hour of runtime or 225 lumens for twenty minutes with the optional ultra-high output lamp. Includes two momentary activation pressure sensitive pads on either side of grip, a constant-on switch and a third momentary switch for the two low output white light LEDs.

SureFire M910A-WH - Pictured left
With built-in dual thumb-screw mount AR3031 **\$543**

SureFire M900A-WH - Pictured right
With built-in A.R.M.S. Throw-Lever AR3030 **\$616**

SureFire M500A WeaponLight and Handguard

An integrated weaponlight and CAR length handguard combination. The WeaponLight is positioned to give a clear field of view, and is controlled by a momentary activation pressure sensitive pad and a constant-on rocker switch. 3 lithium batteries provide 125 lumens for one-hour of runtime or 225 lumens for 20 minutes with the optional ultra-high output lamp. Also features two low output white light LEDs.

SureFire M500A-WH AR3035 **\$515**

SureFire X200A LED WeaponLight

The X200 features aluminum body construction and a special Total Internal Reflection (TIR) focusing lens for a tight diamond-shaped central beam and a broad peripheral corona. The special lens allows the X200 to project a tightly focused beam at greater distances than comparably sized lights. The X200 is designed to fit both the Universal Standard rail as well as the MIL-STD Picatinny rail, and includes adapter plates for both. A momentary toggle/push switch allows fail-safe ambidextrous function under fire. The X200 also features digital current regulation circuitry to match the LED's current requirements with the battery's output to maintain a more consistent level of light output for the useable life of the batteries, producing over an hour of tactical light output.

SureFire X200A AR3025 **\$250**

Ultradot optic not included.

Bullseye Wadcutter .45 ACP
With RRA Slide Mount
PS2100 \$1,690
