

# Introduction

Developed in Israel for the world's military and special security services, the combat-proven FOBUS Concealed Carry Holster is a revolutionary step forward in holster design and technology. State of the art design, injection molding and space age high-density polymers are combined to create a holster that cannot be duplicated in any other material.

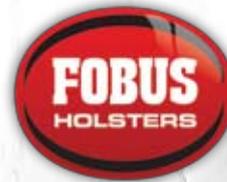

FOBUS Holsters, the leader in polymer holsters, is the first manufacturer of injection molded polymer holsters. Bringing the most experience to holster design and making a better holster, used by millions around the world, is our commitment to you. FOBUS Holsters makes holsters for more handgun models than any other injection molded holster manufacturer.

The outstanding features FOBUS designs into every holster make a high riding, close fitting, low profile design with unbelievable retention, comfort and lightweight construction a reality.

Comfort is vital to those that carry a sidearm. FOBUS designers have delivered holsters that weigh a mere 2 ounces, yet are more rugged and reliable than others, and are virtually maintenance free.

FOBUS Holsters have now set the standard with elite law enforcement personnel and police departments at federal, state and local levels worldwide. Sportsmen and professionals enjoy having the finest in holster technology and knowing that their sidearm remains secure at their side and ready for instant use.

All Fobus products carry a lifetime warranty.

## NEW PRODUCTS

### Glock 26 Level II Springfield XD Level II

The newest additions to our Level Two Lever Action line, providing quick access and level two retention. See compatibility chart for holster fits.

### More Evolution Holsters

We now have fourteen different models in our Evolution holster line. One of the newest being the Smith & Wesson M&P for the 9mm, .40 and .45 caliber in right and left hand models.

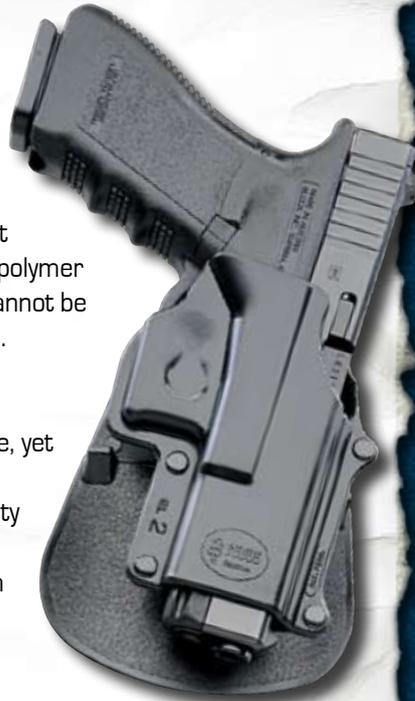

# Standard Series Holster

FOBUS Holsters have set the standard in concealed carry holsters. Our holsters feature passive retention with rapid presentation, combat tested to perform in the most stressful situations, and are virtually indestructible. State of the art design, injection molding and high density polymer are combined to create a holster which cannot be duplicated in leather or any other material.

- Low profile design - for concealability
- Passive retention - locks handgun in place, yet allows rapid presentation
- Rubberized paddle - provides extra stability and increased comfort\*
- Steel reinforced rivet attachment system increases holsters strength\*
- Available in paddle, belt, and left hand models

\* available on most models

Passive Retention

Rubberized Paddle

Rivet Attachment System

# Evolution Series Holster

Introducing the new FOBUS Evolution Series Holster. This holster is the next step in the evolution of holster development. An adjustment screw is incorporated to allow the user to customize the degree of retention and the ease of presentation, functioning in conjunction with the proven FOBUS passive retention design.

The new Evolution Series features one-piece holster body construction, and like all FOBUS Holsters, is lightweight for comfortable concealed carry. All Evolution Series holsters include a steel reinforced rivet attachment and a protective sight channel. The paddle also includes a rubberized insert to provide additional comfort and stability.

Available in paddle, belt, and roto models.

# Level II Lever Action Holster

The all-new FOBUS Lever Action Holster provides quick access and Level Two retention. No need to alter your presentation or grip, the handgun is released during the natural draw stroke with a smooth and quick motion. The thumb falls naturally on the release lever. A revolutionary retention concept engages the trigger guard upon holstering to keep the handgun secure. Roto-Holster™ design allows for cant adjustment by the user. This revolutionary retention concept features a rivetless holster design for strength.

- Rivetless Design for extra strength
  - Natural draw instantly releases handgun from holster
  - Top mounted thumb activated lever with large purchase area
  - Available in Roto-Holster™ paddle for cant adjustment
- NEW MODELS AVAILABLE!**

# Roto-Holster™

The unique FOBUS Roto-Holster™ system allows the user to adjust the holster to employ a forward or rearward cant. The Roto-Holster™ rotates 360 degrees and adjusts easily for cross draw, bodyguard, driver, small of the back, or strong side carry. Our patented locking adjustment allows a total of 40 different position settings. Adjustment is obtained by use of a locking screw. The Fobus Roto-Holsters™ are lightweight, and rugged for maximum strength and all day concealed carry comfort. Your choice of an easily interchangeable paddle or belt slide attachment, extra attachments are sold separately. The Roto-Holster™ can be used with our Shoulder Rigs, Thigh Rigs and Universal Home & Vehicle Mount.

- Available in paddle, belt, duty belt, and left hand models

## Roto Paddle

- Accepts any Roto model product
- Securely holds holster or pouch in any of the 40 available positions
- Screw tightened gears lock holster or pouch in place
- Rubberized back for increased stability

## Roto Belt

- Accepts any Roto model product
- Securely holds holster or pouch in any of the 40 available positions
- Screw tightened gears lock holster or pouch in place
- Belt slide design allows secure attachment to most belts

## Compact Holster

Ultra lightweight compact holster provides the utmost in retention and concealability.

- Low profile design
- Passive retention
- Rapid presentation
- Ultimate concealability
- Retention adjustment screw (except on Glock)
- Available in right hand paddle ONLY

Model fits for 1911, Browning HP, Kahr 9 & 40, Glock 9, 40, 357, Springfield XD, Taurus Millennium Pro and Kel-Tec PF9.

## Level II Thumb Break Holster

Combines our passive retention system with a snap release to provide Level two retention.

- Leather retention strap
- Rapid presentation
- Lightweight
- Concealment holster
- Available for Glock, Sig, Beretta 92, Walther 99, and H&K USP, and Springfield XD
- Available in right & left paddle and Roto Holster™ models

## Tactical Holster

Allows the user an option for carrying handguns with a light or laser mounted on an under-barrel rail or trigger guard.

Lightweight, reinforced construction, tactical holster will accommodate accessories mounted on handgun rails or trigger guards.

- Retention provided by a leather thumb break and a muzzle stud.
- See Compatibility Chart for model fits

## Inside the Waistband

This extremely light and comfortable holster is contoured to allow a full range of motion while in use. Allows low profile inside the waistband carry.

- Upper and lower retention hook
- Single hand reholstering
- Passive retention
- Available for Glock 9mm, .357 and .40 models in right hand ONLY.

## Ankle Holster

FOBUS Ankle Holsters are lightweight and comfortable for all day use. Featuring suede lined Cordura pad for comfort and an adjustable Velcro strap securing the holster to the leg.

- Passive retention
- Rapid presentation
- Lightweight
- Available in right and select left hand models

## Single Mag Pouch

Custom retention system with exceptional fit and low profile design. Lightweight for all day concealed carry. Single mag pouch utilizes our mini paddle.

- Available in paddle model

## Double Mag Pouch

Custom retention system with exceptional fit and low profile design. Lightweight for all day concealed carry. Single mag pouch utilizes our mini paddle.

- Available in paddle, belt, and Roto models

## Light / Mag Combo Pouch

Accepts 9mm, 40 & .357 magazines along with Stinger, Surefire P series and similar 1" diameter flashlights. Lightweight for all day comfortable concealed carry.

- Available in paddle and belt

## Cuff / Mag Combo Pouch

Adjustable design to accommodate most magazines and handcuffs. Low profile, lightweight one piece rivetless design. Models to fit 9mm, .357, .40, 10mm & .45 double stack magazines.

- Available in paddle, belt, and Roto models

## Cuff Carrier

Positive locking, featherweight at 2 oz for all day comfort and concealed carry. Universal fit.

- Available in paddle and belt models

## M3 Carrier

Light carrier for M-3, 5, 6 and similar light systems. Will hold accessories utilizing a Picatinny or Weaver rail attachment system. Utilizes our mini paddle design fitting belts up to 1 3/4".

## Cuff Case

Rubberized handcuff case for ASP polymer and Hiatt models UL1, UL5 and HSS9 handcuffs. Fits belts up to 2.5". Features a flap with a snap closure.

# Tactical Thigh Rig

Ambidextrous, strong with a flexible design, our Tactical Thigh Rig does not restrict movement during strenuous activity.

Tactical Thigh Rig features an adjustable 1.5" ballistic nylon non-slip leg strap with a side buckle release. Available in paddle, 1 3/4" belt and 2 1/4" duty belt models.

\* Roto-Holster™ sold separately.

# Modular Shoulder Harness

Lightweight shoulder rig constructed with fully adjustable ballistic nylon strap and padded shoulder pieces for added strength and comfort. Lower Velcro straps attach to belt for additional stability. Fully adjustable, one size fits all.

- Models available with 1 (for revolvers) or 2 (for semi-autos and double mag or mag cuff combos) mounting points
- Accepts any Roto product

• Fast and easy draw

\* Roto-Holster™ and Mag pouch sold separately.

# Roto M.O.L.L.E. Attachment

Roto M.O.L.L.E. mount provides a secure base for any Roto Holster™ or Roto product. Manufactured from a rigid polymer with a nylon cloth covering and nylon attaching straps that snap securely in place. The new Roto M.O.L.L.E. attachment is designed to take the minimum amount of space on your M.O.L.L.E. platform.

- Allows secure attachment of Roto-Holster™ or any other Roto accessory to M.O.L.L.E. System

# Universal Home & Vehicle Mount

Unique design allows the mounting of a Roto-Holsters™ virtually anywhere. The Universal Home & Vehicle Mount consists of two complete mounts, one vertical and one horizontal that attach to most surfaces with four screws. Designed to adjust to any angle or mounting position. Mount your handgun in the home, office, boat or vehicle. \*Check local laws.

- Hundreds of mounting possibilities, easy to adjust and mount
- Mounting hardware included

\* Roto-Holster™ sold separately

Vertical Mount

Horizontal Mount

## Why is Fobus the leader?

### Faster Draw Than Leather

Due to our unique passive retention system the only point of contact your pistol should make with the holster is where the trigger guard meets the frame.

### Maintenance Free Product

No need to oil, unlike leather, our holsters stand up to the elements and can be washed clean with soap and water.

### Lifetime Warranty

All Fobus products carry a Lifetime warranty and a 100% "no questions asked" customer satisfaction policy. Fobus will replace any broken item. Simply contact our office and arrange for an RMA#, so that you can return your item. Once the item is received the new item will ship out, its that simple.

### 2 oz. Weight

Weighing approximately 2 oz. our holsters are mad for comfortable all-day concealed carry.

### The Most Fits

Fobus has the deepest polymer holster line on the market.

### Complete and Total Satisfaction

Fobus strives to give its customers complete and total satisfaction, whether it's your local police officer, IDPA shooter, military officer or conceal carry citizen.
