# Howa Machinery, Ltd.

Founded in 1907, Howa Machinery, LTD is celebrating its 100th year of operation. Originally established as Toyoda Loom Works, Howa manufactured and sold textile looms. Over the years, Howa moved into the manufacture of cast steel components, which then led to the manufacture of a variety of machine parts. As Howa has grown, it now manufactures Machine Tool Transfer Lines (production line equipment), Flexible Transfer Lines and Flexible Manufacturing Systems. In addition, Howa also makes

self contained machining centers, street sweeping equipment and sound-proof windows for the commercial building market. Howa's diverse products serve the automotive, computer, electrical, construction and firearms industries. Howa has long been a rifle manufacturer, providing high quality firearms to the Japanese military and police markets as well as the sport shooting market, worldwide. Howa is ISO9001 certified across its many divisions and operations.

# Amadeo Rossi, S.A.

Rossi was begun in Brazil in 1889 by Amadeo Rossi, an Italian immigrant. Originally a farm equipment manufacturer, A. Rossi, S.A. eventually moved into the production of single barrel shotguns and then to rifles. Later, in the 1960's, Rossi added production of revolvers to their firearms offering. In the late 1990's, however, Rossi sold the rights and equipment, as well as the Rossi brand name for their revolvers and shotguns, to Forjay Taurus, S.A., also of Brazil. Keeping the equipment for rifle production, A. Rossi, S.A. continues to manufacture

the Puma Model 92, as well as primers for ammunition, from their large, 300,000 sq. ft. Sao Leopoldo factory. The Puma M-92 has enjoyed many years of success and good reputation in the hunting and Cowboy Action Shooting communities, almost to the point of becoming a legend with these shooters. Through constant innovation and improvement - like being the first company to manufacture a lever action rifle in the potent .454 Casull caliber - the Rossi and Puma names have continued to grow.

# Hatsan Arms Company

Established in Izmir, Turkey in 1976, Hatsan Arms Company is truly one of the few self contained, wholly independent firearms manufacturers in the industry today. Within the confines of the Hatsan operation, the machining of wood blanks into gunstocks, machining of metal parts, heat treating, coiling, finishing, plating, injection molding, welding, engraving and other production operations are conducted, to serve as components in the final assembly of Hatsan's products. Raw materials alone - not pre-assembled or prefinished sub-parts - come in one end of the Hatsan factory, and leave the other end as completed, high quality firearms. Hatsan maintains total control of all manufacturing and assembly operations

throughout its 161,000+ sq. ft. production facility. Doing everything in-house not only improves scheduling, but more importantly, assures the finest in quality control. With 300 workers, 260 machining stations including 31 CNC machines, Hatsan Arms Company possesses broad, state-of-the-art manufacturing capabilities that make it one of the major producers of shotguns in Turkey, and one of the largest producers of airguns worldwide. Design and Engineering is achieved through the most up-to-date 3D CAD system, while all synthetic and metal parts - and assemblies - are analyzed through CAE software. As testament to their quality and innovation, Hatsan Arms Company is ISO9001 certified.

## ***Company History***

Legacy Sports International, LLC was founded January 1, 2000. Since then, we have been selling and marketing the following products on an exclusive basis, throughout the United States: HOWA rifles - 7 years; PUMA/ROSSI rifles - 7 years; ESCORT (HATSAN) shotguns - 6 years; BREDA shotguns - 1 year; NIKKOSTIRLING optics and BUFFALO RIVER accessories - 3 years; POINTER shotguns (our own registered brand) - 2 years. New in 2008 are the additions of WEBLEY Air Guns, WEBLEY & SCOTT shotguns and KAHLES optics. Legacy Sports is proud of our reputation of being not only a good sales company, but also a proactive marketing company that develops the brand names of our suppliers in the U.S.A.. Legacy Sports is very selective in the products we represent, and performs extensive tests through H.P. White Laboratories to assure each product meets industry standards.

Another way of measuring our performance, is through the performance of our products. In many cases, our products outperform the most well-known names in the shooting industry. Our products have been favorably written about by the shooting industry media. Our products have been nominated for, and received, industry awards. Most importantly, though, our products perform very well with the shooting public. These are the reasons that Legacy Sports is The Most Trusted Name in the Shooting Industry.

At Legacy Sports International, our goal is to strive - everyday - to be the best importer/distributor, of the finest firearms and shooting accessories, in the world. We will only supply our customers with the finest, most reliable products that we can bring to the market.

***For more info on the  
entire line of Legacy Sports  
products, visit

## ***Gene Lumsden – President and CEO***

Gene has been involved in shooting sports for over 35 years. He began shooting competitive trap at the age of 12, and continued competitive shooting for 10 years. He was a member of the U.S. International Trap Team during his time in the U.S. Army, competing against other countries in world competition. He also represented Kreighoff International, Inc. in major trapshooting events throughout the U.S.A.. In 1972, Gene left competitive shooting to begin a business career in the shooting sports industry. During his career, Gene has held management positions with firearms distributors and importers alike, and was VP Sales & Marketing for Interarms. His executive exposure in this industry has given him extensive experience in International buying and selling. In January, 2000, Gene started Legacy Sports International, LLC. Gene not only markets firearms and related goods, but also uses the products he brings to the U.S. market. He was recently inducted into the California Trapshooting Hall of Fame.

## ***Andy McCormick – VP Marketing***

Andy, a Pennsylvania native and avid hunter since childhood has been involved in hunting and shooting sports for over 25 years, from guiding for bear, moose, caribou and dall sheep in Alaska to elk in Oregon. Andy's passion for the outdoors and sharing it with others is easily seen and conveyed through his infectious enthusiasm he shares for the hunting and shooting sports business. Andy has 16 years experience in the retail end of the shooting sports and gladly applies that knowledge towards bringing new quality products – with great value to the hunting community – at great prices. Andy enjoys providing strong support to and among the Legacy family of dealers across the USA that are continually growing and learning that the Legacy Brands are ones that equal customer satisfaction and repeat business.

# New Products for 2008

## HOWA RANGLAND COMPACT

Predators cause immense financial losses to farmers and ranchers. The Howa Ranchland Compact can help even the score!

## HOGUE®

Nikko Stirling Nighteater scopes were awarded the 2007 Optics of the Year Award by SHOOTING ILLUSTRATED magazine.

Nikko Stirling®

Nighteater™

# NEW! Howa™/Hogue® Compact Ranchland Security Rifles

Predation is a serious concern for ranchers, farmers and taxpayers alike. The latest USDA figures available show that the combined losses of sheep/lambs, cattle/calves and goats to predators like coyotes, fox, mountain lions and other similar animals total over 542,000 head per year. This translates to over \$112 MILLION in annual dollars lost!

Now, Legacy Sports brings you the **Ranchland Compact**, a compact, reliable and affordable way to combat predators. Built with a 20" standard barrel and offered in the most popular varmint calibers, the Ranchland

Compact is available with or without a Nikko-Stirling Nighteater 3-9x42 riflescope. This rifle is short, making it easy to swing and easy to carry. It neatly fits in the gun rack of a pickup, the scabbard of a saddle or the cab of a tractor or combine. It can be easily acquired from its berth, and used from tight or awkward positions. The Ranchland Compact comes in your choice of Black, OD Green or **NEW Coyote Sand color Hogue Overmolded™ stock**.

Ranchland, OD Green

Ranchland, Coyote Sand

Ranchland, Black

# Howa/Hogue Rifles

One of the best-known barreled actions in the shooting industry is the **Howa M-1500**. Well-established with serious shooters and custom gun builders for its reliability and accuracy, the M-1500 offers many advanced features for a rifle in its price range. Now, Legacy Sports International has joined with Hogue, Inc. to offer a **Hogue OverMolded™ stock** with this great shooter, creating a supremely accurate and comfortable hunting rifle right off the shelf.

## Check out these features:

- Non-slip, Cobblestone™ grip works in all weather conditions
- Comfortable, soft grip helps absorb recoil, reducing fatigue over extended shooting sessions
- Fiberglass reinforced skeleton for strength and perfect fit-to-action
- Won't harden with age; impervious to gun cleaning solvents/gun oils
- Pillar bedding uses aluminum bosses for rock-solid accuracy
- Barrel free-floats for maximum accuracy
- Stocks come with ambidextrous palm swells, a "varminter" style forend, built-in swivel studs and Hogue recoil pad
- Available in Black or OD Green

When you put all of these features together into one package, you have just built one heck of a production rifle! The **NEW! Howa/Hogue** combination is a real shooter – not just another black stock!

## HOGUE®

Nikko Stirling®

Nightteater™

Nikko Stirling Nightteater scopes were awarded the 2007 Optics of the Year Award by SHOOTING ILLUSTRATED magazine.

# Howa™/Hogue® Rifle/Scope Combos

The Howa/Hogue Rifle and Scope Combo Package builds on the highly functional and popular Howa/Hogue barreled action and stock combination. Adding an award-winning Nikko Stirling Nightheater 3.5-10x42 with saddle parallax adjustment provides a complete hunting or target shooting package. Rings and bases are automatically included so there is nothing else to buy. **That's a \$157.00 value included in the box!**

Nikko Stirling Nightheater Riflescopes are airgun rated, shockproof and waterproof. Made from Grade A Japanese lenses that are Microlux ET coated for greater light absorption, these scopes were originally designed for low light hunting conditions. The 3.5-10x42 comes with a matte black finish and #4 reticle, and the popular side focus mentioned above.

# Howa

Celebrating 100 Years of Excellence

Howa- exclusive rifle of Predator Quest TV.

Axiom, Camo

# Howa/Axiom

Combining the proven **Howa M-1500** barreled action with the Knox Industries Axiom V/S™ rifle stock, the Howa/Axiom produces the ultimate in rifle comfort and accuracy. Utilizing the **Knox Axiom V/S™ stock**, the Howa/Axiom provides unequalled shooting design and ergonomics, as well as a huge reduction in felt recoil.

The **Howa/Axiom** is ideally suited for either bench rest shooting or hunting, by providing an adjustable configuration for all shooting positions. Five calibers are available in a 24" heavy barrel: .204 Ruger, .223 Rem., .22-250 Rem., .243 Win. And .308 Win.; with an additional two calibers available in a 20" heavy barrel: .223 Rem. and .308 Winchester.

Axiom, Black

## The Howa/Axiom features:

- Rugged lightweight synthetic construction
- Instantly adjustable length-of-pull from 11.5" to 15.5"
- Two recoil suppression devices for maximum recoil reduction of up to 70%
- Completely free-floated barrel for maximum accuracy
- CNC milled to specifically fit the Howa M-1500 action
- Available with Nikko-Stirling scope package

Howa/Axiom stocks are adjustable from 11.5" to 15.5" length of pull and can absorb up to 70% of felt recoil.

# Howa/Axiom Combo Packages

Black

Howa/Axiom rifles are available with two different scope packages, depending on the base rifle purchased. First, the standard barrel (#2 taper) Axiom comes with a 3-10x42 Nikko Stirling Nightheater riflescope, and includes rings and bases. This Axiom is available in black synthetic stock and comes in nine standard calibers as well as four magnum calibers.

The Howa/Axiom also comes in a heavy barrel varmint version with Nikko Stirling 4-16x44 Nightheater scope. This Howa/Axiom combo comes with either a 20" or 24" heavy (#6 taper) barrel for greater heat dissipation and stability, and is available in either black or camouflage synthetic stock. Available in five varmint killing calibers in the 24" barrel length, and .223 and .308 calibers in the 20" barrel.

All Nikko Stirling Nightheater riflescopes are airgun rated, shockproof and waterproof. Made from Grade A Japanese lenses that are coated for greater light absorption, these scopes perform excellently at dawn, dusk or in overcast light.

*\*Scope and Base  
Sold Separately*

# Howa Compact Heavy Barrel Varminter

The **Howa Compact Varmint model** is built with a 20" Heavy Barrel, and is offered in .223 Remington or .308 Winchester, two highly popular varmint calibers. The short, heavy barrel provides ease of maneuvering and excellent heat dissipation. Available in blued finish with either **Black or OD Green Hogue stock**.

## All HOWA M-1500's feature:

- One piece, forged steel receivers with flat bottom and integral recoil lug for strength
- Hammer-forged barrels for precision rifling – and tack-driving accuracy
- One-piece forged bolt with two large locking lugs for strength
- A bolt face that completely surrounds the cartridge head, for safety
- Powerful, M-16 style extractor for reliability
- Fully adjustable trigger adjusts for sear engagement and weight of pull, and provides crisp, consistent let-off for a "custom" feel
- Three position safety allows safe, single loading and secure lock-down
- Lightweight, hinged floor plate opens at the touch of a button, eliminating awkward handling

## All HOWA/HOGUE'S Feature:

- Non-slip, Cobblestone™ grip works in all weather conditions
- Comfortable, soft grip helps absorb recoil, reducing fatigue over extended shooting sessions
- Fiberglass reinforced skeleton for strength and perfect fit-to-action
- Won't harden with age; impervious to gun cleaning solvents/gun oils
- Pillar bedding uses aluminum bosses for rock-solid accuracy
- Barrel free-floats for maximum accuracy
- Stocks come with ambidextrous palm swells, a "varminter" style forend, built-in swivel studs and Hogue recoil pad

**EGW** is producing an exclusive line of Picatinny style gun sight rail kits made to fit the Howa M-1500 and Weatherby Vanguard long and short action rifles. They are available in 0 MOA lift, and are packaged complete with screws and Allen wrench for mounting.

EGW Picatinny style sight rail kit.

# Varminter Supreme and Thumbhole Varminter Supreme

Howa Thumbhole Varminter and Varminter Supreme rifles take performance to new heights. Built around the proven M-1500 action, these rifles have 24-inch hammer-forged bull barrels with recessed muzzle crown in either non-glare blue or matte stainless steel. The M-1500's acclaimed trigger adjusts for sear engagement and weight of pull. A three-position safety allows safe single-loading and secure bolt lock-down. Recoil pads and swivel studs are standard.

The Varminter Supreme stock is designed with a raised

comb and rollover cheekpiece, a full pistol-grip with palm-filling swell, a broad beavertail forend and vented stock for barrel cooling.

The Thumbhole Varminter adds a high, straight comb and a more vertical pistol grip that's ideal for shooting off a bench or rest. For hunting, pest control, or match competition, you can't go wrong choosing a Howa M-1500 Varminter or Varminter Supreme rifle. The Howa Varminter Supreme and Thumbhole Varminter Supreme rifles come in Nutmeg (brown) and Pepper (gray) laminated stocks.

## Barreled Actions

### Compare Howa with other factory barreled actions:

- Forged steel, flat-bottomed receiver with large recoil lug and hammer-forged barrel. Heavy Varmint barrels have recessed muzzle crowns.
- Forged, one-piece, bind-proof bolt with dual locking lugs, M-16-style extractor and large cocking indicator.
- Three-position safety allows safe single-loading and secure bolt lock-down.
- Bolt and receiver are ported to vent away high-pressure gases in the unlikely event of a pierced primer or ruptured case.
- Receiver rings are precision drilled and tapped for accurate, rigid scope mounting.
- One-piece guard and magazine box with hinged floorplate.
- Choice of short and long actions, standard and heavy barrels, in blued and stainless steel.

# M-92 Lever Action Rifles

Puma M-92 lever action rifles take you back to days gone by. Built on the tough and quick Model 92 action, these beauties come in the most popular calibers - .38 Spl./357 Mag., .44 Mag., .45 Colt and .44-40 Win. (select models, only). They also come in two octagonal barrel lengths - 24" and new 20". The 24" barreled rifles come in

a variety of finish combinations - Blued/Blued, Stainless/Stainless, Blued/Case Hardened. The 20" barreled model is available in Blued/Case Hardened finish. All Puma rifles have an authentic curved butt plate in a finish that matches the receiver of the rifle.

## ***M-92 Carbines***

---

In addition to the standard calibers, Puma takes a 19th Century tradition into the 21st Century with super-magnum chamberings! For brush hunting and wilderness packing, Puma 92 carbines in .454 and .480 calibers feature optional magazine-tube loading and a recoil absorbing rubber butt pad.

Round barrel 16 and 20 inch barrel carbines have crescent buttplates, except .454 and .480 calibers which come with cushioned, shotgun-style recoil pads.

# NEW! Scout Model

The Puma Scout is an all-new package gun that builds from the traditional M-92 platform by adding a long eye relief, 2.5x32 NikkoStirling riflescope, complete with rings and bases – and – a special cheek piece for the comb of the stock to enable quick target acquisition through the scope. The Puma Scout is available in an all-new .17 Rem. Caliber, as well as the long-standing .38 Spl./357 Mag.,

.44 Mag., .45 Colt and .454 Casull calibers from the Puma lineup. All calibers will be available in blued finish, only, and in 20" barrel length (see specifications, below). The .454 model will be fitted with a shotgun-style recoil pad, while all other calibers will wear the traditional crescent steel butt plates.

**Scout Model with  
2.5x32 Nikko-Stirling Nighteater Scope**  
with adjustable accessory comb for quick target acquisition

# NEW! XP Model

The Puma XP Model is another great new addition to the M-92 rifle line. The Puma XP is a brand new Puma that features a tube feed magazine in addition to the traditional loading gate located on the receiver. The Puma XP is designed around the new Hornady LEVERevolution® ammo that not only provides FlexTip™ bullets for safe tube feed magazine use, but also produces muzzle velocities approaching center fire rifle ammo - in a pistol caliber

cartridge! These cartridges provide both expansion and penetration over a wide range of velocities in both lever action rifles and in pistols. LEVERevolution cartridges in combination with the Puma XP have been tested to consistently hit grapefruit at 200 yards. This combination offers a superior hunting package for deer and hogs in dense woods or heavy brush conditions.

**XP Model**  
Featuring Hornady LEVERevolution® ammunition.

# Escort Semi-Autos

**NEW FOR 2008!** Select Grade Walnut stock available on semi-auto AS Model.

See HAT00006 and HAT00206 on this page.

- Nickel-chrome-moly 28-inch and 26" barrels with hard-chrome plated bore and outside black chrome finish.
- 3-inch and 3.5-inch magnum chambers and choke tubes proofed for steel shot.
- Ventilated barrel rib and three screw-in choke tubes—Full, Modified, and Improved Cylinder.
- Positive trigger-guard button safety and cut-off for loading single rounds.
- Two stock adjustment shims and three cushioned rubber recoil pads: Small, Medium, and Large (except AimGuard and MarineGuard).
- Genuine Mossy Oak™ Obsession camo, as well as matte black.
- Weather-beating, advance formula polymer stocks on most models. The AS & AS Youth models are stocked in seasoned Turkish Walnut, with cut checkering.
- All sporting models include sling-swivel studs, choke-tube wrench, and migratory waterfowl plug.
- Top of receiver milled with 3/8-inch dovetail rib for accessory sights.
- 24-inch Turkey Models have additional .665 Turkey choke tubes.

The unique Escort Waterfowl and Turkey Combos in 12 gauge and 20 gauge start with a semi-auto PS action and come with the Mossy Oak™ Obsession camo finish and two interchangeable multi-choke, vented-rib barrels in 24" and 28" that are chambered for 3" magnum ammunition.

### Accessory Kit

Comes with every Waterfowl & Turkey Combo

# Escort Pumps

Personal Defense and 12 gauge pump field guns with various barrel lengths (18", 24", 26" and 28") have these outstanding features:

- Nickel-chrome-moly barrels with hard-chrome plated bore and outside black chrome finish.
- 3-inch and 3.5-inch magnum chambers and choke tubes (except Full) proofed for steel shot.
- Ventilated barrel rib and three screw-in choke tubes– Full, Modified, and Improved Cylinder.
- Positive trigger-guard button safety
- Two stock adjustment shims and three cushioned rubber recoil pads: Small, Medium, and Large (except AimGuard and MarineGuard).
- Genuine Mossy Oak™ Obsession™ camo, as well as matte black.
- Weather-beating, advanced formula polymer stocks on most models.
- All sporting models include sling-swivel studs, choke-tube wrench, and migratory waterfowl plug.
- Top of receiver milled with 3/8-inch dovetail rib for accessory sights.
- 24-inch Turkey Models have additional .665 Turkey choke tubes.

Escort AimGuard and MarineGuard shotguns are designed specifically for home and business defense. Both models have an 18-inch cylinder-bore barrel, five-shot magazine tube, tough polymer stock, and sling swivel studs. A 3/8-inch dovetail rib is milled into the top of the receiver for mounting accessory sights – a feature you'll find only on Escort. The Escort FieldHunter is available in a variety of finishes, barrel lengths, and sight configurations. See specifications below.

# POINTER

UNLIMITED SHOOTING PLEASURE

## Over/Unders

Pointer Over/Under shotguns come equipped with improved triggers, highly attractive wood and fine Italian checkering. They also come standard with barrel selectors and automatic ejectors.

Pointers are available as **Sporting/Field models** in 12, 20, 28 and .410 gauges. The 12, 20 and 28 gauges offer multiple choke tubes in Full, Modified and Improved Cylinder, while the .410 gauge comes with fixed chokes in two models: Full/ Modified and Improved Cylinder/ Modified. All of these models offer a fiber optic front bead as well as a bronze mid-bead.

The **Sporting Clays model** is offered in 12 gauge, only, and features an oversized, high visibility, fiber optic front sight. All of the new Pointers come with a fitted, hard plastic case that is not only great looking but also provides excellent protection for the gun.

**Italian Pointer M-80**

## Breda Shotguns

---

The Xanthos, Echo and Grizzly semi-automatic models feature inertia-operated mechanisms that provide flawless functioning. This system offers a noticeable reduction in recoil and is virtually maintenance free. With their 4 round magazines, 3 inch magnum chambers, 28 inch barrels and 3 interchangeable choke tubes, the Echo and Xanthos models are ready for hunting or clay bird shooting.

The Xanthos model is refined and elegant, offering a combination of high quality walnut wood with a unique receiver treatment achieved through spark erosion engraving. Hand engraved details and hand-gilded figures on the receiver round out Xanthos' elegant appearance.

The Grizzly is capable of firing any 12 gauge round from 2.75" through 3.5" magnum with a wide variety of shot types, slugs and sabots. Its receiver is streamlined and lightweight – yet strong. The Grizzly comes with synthetic stock, available in either black or Advantage Timber™ camouflage. Metal parts on the black model are a matching matte black finish, while the camo model's barrel, receiver and trigger group are also camouflaged.

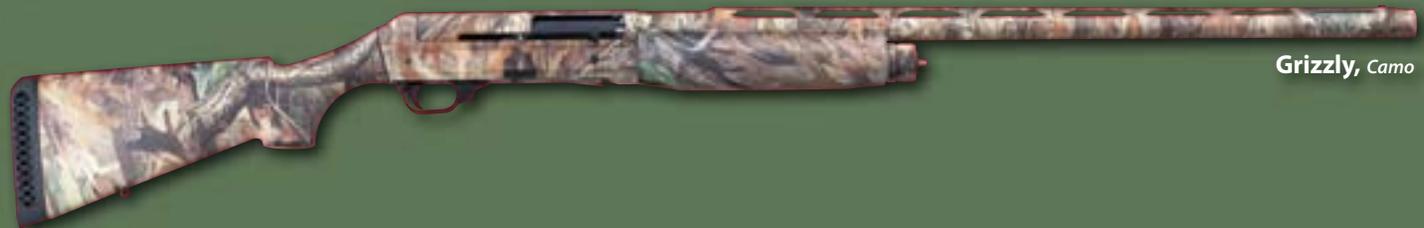

Echo models come in blued and nickel finish on their receivers. Receivers have a clean, yet modern engraving pattern that flows from the forearm checkering through a unique, fully checkered pistol grip. Both beauty and function describe these stocks. The Echo is available in three 12 gauge and one 20 gauge model.

Also offered is the Altair semi-automatic that provides a more traditional gas operated mechanism in a lightweight frame. The Altair is elegantly finished in oil rubbed walnut, blued barrel and receiver.

**WEBLEY & SCOTT**  
*Since 1790 -The famous name in guns*

# NEW! Webley & Scott Side by Side Shotguns

12 Gauge

20 Gauge

In the finest tradition of the great British gunmakers, Webley & Scott offers the highly popular Model 700 Series side-by-side shotgun to the North American market. During the 1950's through 1970's, this shotgun gained a great following in the United States.

The Model 700 Series features an Anson Deeley boxlock and chrome lined barrels. In addition, the Model 700 is available in 12, 20 and 28 gauges with five interchangeable chokes (F, M, IM, IC and C). All model 700's have 3 inch chambers; a single, non selective trigger and automatic safety; oil finished, highly select walnut stocks; English straight hand stock and forend; bead front sight and short trigger guard. All Webley & Scott shotguns carry a limited, lifetime warranty to the original owner.

## **NEW! Webley Airguns**

**Webley** is probably the oldest name in the British gun industry – able to trace its origins back to 1790 when William Davies started making bullet moulds in his factory in Birmingham, England. Over the years the company gained a worldwide reputation for high quality guns of all types. As far back as 1911 the company had patented an air pistol and in 1924 launched the Mark I air pistol. Webley has long built up a reputation for well-engineered, high quality, high performance, value for the money air rifles, and that tradition continues today and will do so for many years to come. Today, Webley offers the **Patriot, Jaguar, Stingray, Tomahawk, Domin8or and Longbow** spring air rifles, **Raider PCP** air rifles and **Typhoon** spring air pistols as well as associated accessories.

**NEW! Trio™ Pad** really absorbs recoil and allows you to adjust the length of pull.

**Jaguar Model** features a precision rifled steel barrel and OD Green synthetic stock, Trio™ pad recoil system for maximum recoil absorption, adjustable trigger and anti bear-trap cocking safety. It also comes with micro adjustable rear sight for both windage and elevation with TruGlo fiber optic sights. Our most economical spring actuated air rifle, the Jaguar is lightweight and points naturally.

**NEW! Jaguar**

## **NEW!** Webley Airguns

Webley has long built up a reputation for well-engineered, high quality, high performance, value for the money air rifles, and that tradition continues today and will do so for many years to come. Today, Webley offers **The Radar 10**, **The Tomahawk**, **The Patriot** and **The Typhoon** spring air pistols as well as associated accessories.

**NEW!** Typhoon

**The Typhoon** will blow away your expectations! Now comes with a cocking aid as standard that attaches to the front of the barrel for easy cocking.

The **Raider 10** is the best valued PCP currently available anywhere. It is a perfect sporting rifle, well balanced, extremely accurate, user-friendly, reliable and heavy duty. Featuring Lothar Walther barrels, a blued action grooved for scope mounts, fast action 10 shot magazine and integral pressure gauge, all the Raiders have excellent, adjustable triggers, with a let-off weight that can be adjusted down to only 2.5lbs. This is a trigger any serious shooter would be proud to use. The stocks offer great ergonomics, and are available in Deluxe Walnut.

Nikko Stirling®

# DIAMOND SERIES

The Nikko-Stirling Diamond Series is supplied with everything you will need to hone your marksmanship skills: screw-on lens caps, Allen keys, calibrated P/A wheel, lens cloth and instructions. Guaranteed 100% waterproof, fog proof and shockproof, the Japanese-made Nikko boasts camera-quality lensware that's been ground and honed using state-of-the-art, computer controlled machinery, and is then completed by multi-coating all the lens elements for the best possible clarity. If you want everything in your favor when you line up on target, then the Nikko Diamond Series is worth its weight in gold ... or even diamonds!

**Diamond Sportsman 10-50x60**

Available in NATO or MD Reticle  
Magnify Your Object 50 Times!

**Diamond Pro T sights** come with a durable hard cover that acts as a battery saver and on/off switch. These sights feature a fast holographic red dot and coated lenses for optical clarity, as only Japanese technology and craftsmanship can provide. The Diamond Pro T is a compact and lightweight in design, weighing only 1.33 ounces. The Diamond Pro T offers a 1x magnification through a BK7 high resolution glass lens, with a large, 1" diameter for a wide field of view (15 yds. @ 100 yds.). This sight is windage adjustable, shockproof and parallax-free at 50 yards. Diamond Series sights can be used on rifles, shotguns or handguns.

**Diamond Pro T**

*Nikko-Stirling scopes are crafted from aircraft-aluminum alloy and top-quality optical glass. All are nitrogen filled with fully coated lenses. Most variable-power models have adjustable objective lenses (AO). Fixed power models are set for no discernible parallax beyond 75 yards. Illuminated reticle models ensure cross-hair acquisition in the poorest light.*

Nikko Stirling® *Nightteater*™

Nikko Stirling®  
*Nightteater*™

Nikko Stirling Nightteater scopes were awarded the 2007 Optics of the Year Award by SHOOTING ILLUSTRATED magazine.

### What is Airgun Rated?

A spring piston airgun creates quite a different recoil than a traditional cartridge rifle. When a spring piston airgun is discharged it first creates a forward recoil from the spring travel. Then, on the rebound, it also creates a rearward recoil like that of a traditional firearm. These walloping forces combine to wreak havoc on most optics, destroying them in a matter of a few shots. An airgun rated riflescope, however, is manufactured to withstand this "double recoil". All NikkoStirling scopes are airgun rated.

# NIGHTEATER SERIES

The **Nighteater Series** features riflescopes with Grade A lenses coated with the exclusive Microlux® ETE coatings developed to improve light transfer to the eyes for low-light shooting. Models include both in 1-inch and 30mm options with saddle parallax adjustment from 10m to infinity\* and a stylish "built-in" sunshade. Large side wheel is optional on select 30mm Nighteater models.

The **Eurohunter** series is also developed for low light hunting conditions. This series offers a 30mm one piece body, a German No.4 reticle, parallax set to 100m, waterproof, fogproof, shockproof, Microlux® ETE coatings, and built-in sunshade. Illuminated reticle option is available. These scopes offer extreme high quality and performance.

# NEW! Austrian Precision Optics at Affordable Prices

Kahles [pronounced "Call Us"] was founded in 1898 and is the world's oldest riflescope manufacturer. Kahles has been a pioneer in innovations to hunting optics. For example, in 1903 Kahles developed the first ballistic drop compensation for riflescopes. In 1949, Kahles developed one of the first variable power riflescopes. Kahles was also the first manufacturer to produce waterproof riflescopes in 1960, and the first to multi-coat all air-to-glass surfaces in 1973.

Kahles offers one of the brightest, highest contrast – and – sharpest views in sporting optics. On the 100th anniversary of the company Kahles released the **Helia Compacts** – a line of riflescopes with high optical performance and a wide field of view that led to wide acceptance by hunters around the world. World-renowned in the Austrian optical tradition – that's Kahles. **All Kahles optics are lifetime warranted.**
