**Definition of Abbreviations**

Abbreviation	Description
FT	Flat top upper receiver with picatinny rails. Standard on some models. Any A2 upper can be ordered as a flat top for no additional cost.
A2	Standard upper receiver with an A2 rear sight. The fully adjustable rear sight includes both windage and elevation adjustment with two apertures.
A3	Flat top upper receiver with picatinny rails. Includes a detachable carry handle. The carry handle features an A2 rear sight.
UR	Upper receiver (aka Top End Assembly) unit. This is just the top half of a complete model. Does not include the lower receiver or any parts attached to it. Sometimes includes a magazine or other parts.
SUM	Stainless Ultramatch barrel. These are our top of the line barrels. They are broach-cut from 416 stainless steel bar stock with 4 lands and 4 grooves to minimum SAAMI specifications.

## FAQ: Products & Options

These are some of the most commonly asked questions regarding Olympic Arms products. These are subsequently some of the most important questions regarding the quality and value of the products that Olympic Arms manufactures.

Olympic Arms is an FFL licensed firearms manufacturer based in Olympia, Washington. Our facilities include manufacturing, machine shops, coating/finishing shops, production, assembly, warehousing, shipping, offices and a storefront. We are a true manufacturer of AR-15 firearms because we manufacture all major components ourselves at our own facilities in the United States. Our manufacturing areas turn raw materials into finished parts which are assembled in our production building and shipped directly to Dealers and customers.

**Q: Can I order that model with a flat top upper?**

**A: YES!** Any Olympic Arms model that has an A2 upper can be ordered as a flat top upper at no additional cost. For models standard with a flat top upper you can order them as A2 uppers, again at no additional cost.

**Q: Are Olympic Arms' receivers forged or cast?**

**A: Aluminum Forgings!** For several years now we have exclusively used 7075 T6 Aluminum forgings for our upper and lower receivers. The receivers are machined by Olympic Arms in our machine shops. We have discontinued the manufacture of cast receivers and do not offer them at this time.

**Q: What is an Unassembled Retail Kit?**

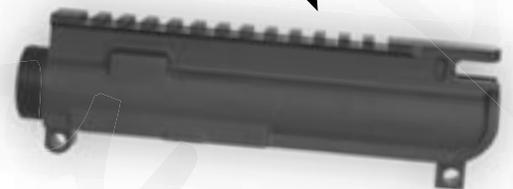

**A:** These kits include a fully assembled, head-spaced, test-fired, bore-sighted top end assembly, lower receiver parts kit, pistol grip and buttstock.

*Unassembled Retail Kits* do not include a lower receiver and do not include FET. Unassembled Retail Kits are not available to Dealers.

*If you have a mil spec lower receiver, then one of our Unassembled Retail kits will turn it into a complete AR-15 firearm.*

*A2 or Flat Top?  
You choose!*

*All receivers are 7075 T6  
Aluminum Forgings.*

*Machined by Olympic Arms in  
our machine shops!*

Additional information can be found on our web site: [www.olyarms.com](http://www.olyarms.com) in the FAQs and Support sections.

## General Information

### Ordering Instructions

We take pride in our customer service team, which consists of the most courteous and knowledgeable staff in the industry. Our offices and retail storefront are open Monday through Friday, from 7:00 a.m. until 4:30 p.m. Pacific Standard Time.

Phone (800) 228 - 3471 • Fax (360) 491 - 3447  
www.olyarms.com for 24/7 Ordering

### How To Order

A retail customer is any individual who is not a Federal Firearms Licensed (FFL) Dealer. All retail customer orders are accepted by telephone, mail, fax, or e-mail. Customers can also order certain items from our online store (*visit our website for details*). Orders must include: full name with shipping address (*PO Box addresses are NOT accepted*), day time and business phone and fax numbers if available, a method of payment arrangements, and a complete description of the products ordered to include item and/or stock numbers. Dealer orders will NOT be accepted under the name of anyone other than those people who are named on the FFL or those not designated by the Licensee. No exceptions to these policies will be made.

### Shipping And Handling Fees

Shipping and handling fees are a flat rate based on the dollar value of the contents of each box or package shipped. Shipping and handling charges are taxable to Washington State residents. *New rates listed below are effective on all orders placed after January 1, 2008.* The scale for determining per box/package shipping and handling charges are as follows:

\$0.01 - \$99.99	\$8.95
\$100.00 - \$499.99	\$17.95
\$500.00 - 999.99	\$25.95
\$1000.00 & Up	\$34.95
COD	\$9.75 Extra per invoice.

### Methods Of Payment

We accept COD, credit card and pre-paid orders. All COD orders will be shipped on a certified-funds-only basis. To receive a 'COD Check OK' status, a bank reference must first be filed with the Olympic Arms accounting department. At the time of a bank reference filing a 'COD Check OK' account will be approved for future shipments pending approval by our accounting department.

The following major credit cards are accepted: Discover Card, Master Card, and VISA. *Olympic Arms no longer accepts American Express.* Credit card accounts are not charged until the order is shipped. Pre-paid orders are accepted for select products, contact your sales rep for details. Orders

paid by personal check or company check may be held until the funds clear the bank. This process could delay your order as much as ten (10) days or more beyond production time. All orders from within the state of Washington will be charged a seven-point-eight percent (7.8%) sales tax. Sales taxes for Washington state orders are waived if a Washington State Department of Revenue resale certificate is on file with our accounting department. The Olympic Arms accounting department does *NOT* offer 'open' accounts of any type.

### Returns

Returns must first be approved by our Customer Service Team and a Return Authorization Number will be assigned. To avoid time and processing delays, please do not return any product to Olympic Arms before first contacting our Customer Service Team.

All returns must be sent to:

*Olympic Arms, Inc.  
Att: Returns & Repairs  
624 Old Pacific Hwy SE  
Olympia, WA 98513*

Please be sure that you include a personal and company name, a return address (*PO Box addresses are NOT accepted*), a daytime phone number, a copy of the original invoice, as well as a letter detailing the reason for the return. All of these items must be included with a return to ensure prompt processing of an returned item.

No CLASS III returns or repairs can be accepted without prior notification and proper ATF transfer. All CLASS III items sent to Olympic Arms without advance notification and the proper ATF forms will be IMMEDIATELY returned to the sender.

### Warranty Repair

All returns for warranty repair must be shipped to the address specified in the 'Returns' section. Determination as to whether the problem with the returned product is covered under warranty will be made after it is inspected by the expert technical staff of Olympic Arms.

### Restocking Fee

All refused or returned shipments without prior authorization are subject to payment of all shipping charges incurred by Olympic Arms, as well as a fifteen percent (15%) restocking fee. Please be sure to call to determine if a RETURN AUTHORIZATION NUMBER is required before you return any product to us. Olympic Arms is bound by all federal laws applicable to the products we manufacture and sell, including the legal transfer of such weapons. Please contact our customer service staff during business hours for confirmation of procedures.

## Warranty Information

### Lifetime Warranty

Our goal at Olympic Arms, Inc. (“OAI”, “we” and “us”) is to lead the industry in customer service and satisfaction. For this reason, we are proud to offer the most comprehensive factory warranty of its kind by any AR-15 manufacturer.

We will warranty all parts and products manufactured by OAI against any and all manufacturer’s defects in materials and workmanship, which affect the satisfactory operation of the item being warranted. This portion of the warranty is non-transferable.

The liability of OAI is limited to repair or replacement of only those parts determined by our staff to be defective on the part of the factory. The decision to repair or replace a warranted product will be made by OAI as necessary to provide the customer with a properly operating finished product. OAI assumes no liability for accidental or consequential damages. The following items are specifically excluded from coverage under this warranty:

1. Normal wear of the protective finishes and of all metal or plastic parts.
2. Damage or malfunction resulting from accident, negligence, misuse, or unauthorized repair or alteration.
3. Damage or malfunction resulting from barrel obstructions.
4. Damage or malfunction resulting from use of other than factory SAAMI specification brass cased new production ammunition.
5. Damage resulting from the use of ANY imported, hand loaded, reloaded, or factory re-manufactured ammunition.
6. Any finished products that are NOT assembled at the factory, or are assembled using imported or used parts. This includes completed rifle kits, pistol kits, upper receivers, lower receivers, barrel units / assemblies, etc.
7. Any damage to OAI parts or components during assembly by an individual, organization, company, or entity other than OAI.

### Satisfaction Guarantee

Beyond warranty, Olympic Arms, Inc. (“OAI”, “we” and “us”) guarantees complete customer satisfaction. If you are not completely satisfied with the purchase of any OAI product based on any product or warranty related reason, simply return it to us within sixty (60) days along with a copy of the original invoice and we will replace the item, or credit or refund the original purchase price (to be decided by OAI). Restrictions apply, see below.

Product or warranty related reason is defined as any warranty or service/repair issue, or deficiency in the advertised performance of the product in question. It does not apply to dealers and/or individuals who, after having received the product feel as though a different product would be better suited for their needs. In cases such as this, exchanges can be made on new, unfired, products returned in their original packaging along with a copy of the original sales invoice. A restocking fee (currently 15%) may apply.

Refunds are made on returns based on our advertised Lifetime Warranty and/or Satisfaction Guarantee. All credit card purchases will be refunded directly to the credit card on which the original purchase was made. Cash purchases, or COD orders will be refunded via an Olympic Arms company check to be issued no earlier than five (5) business days after the returned product has been received. Shipping and handling charges are not refunded unless the product returned is determined to have been defective from the time it left OAI and are not refunded or credited on non-warranty related exchanges. No exceptions.

If your purchase was made through an OAI retailer/dealer, then they (the retailer/dealer) have the option to return the product to OAI for a replacement, credit, or refund as well. OAI does not dictate the in-store policies of OAI retailers/dealers. Check with your retailer/dealer for their policy before purchasing.

## Ultramatch | UM-1P & UM-1

## Top End Assemblies | .223 Remington / 5.56 NATO

Code	Item	Retail
K1SA	16" top end assembly, stripped	\$377.00
K1CA	16" top end assembly, complete	459.00
K2SA	20" top end assembly, stripped	408.00
K2CA	20" top end assembly, complete	498.00
K6CA	20" Ultramatch assembly, complete	696.00
K8CA	20" Targetmatch assembly, complete	498.00

**Complete** uppers include a charging handle and bolt carrier assembly and are fully assembled, head-spaced, bore-sighted and test fired by Olympic Arms.

**Stripped** uppers do not include a charging handle or bolt carrier assembly and are thus not head-spaced or test fired.

**WARNING:** When ordering stripped top end assemblies it is agreed that the purchaser assumes all responsibility with regards to proper assembly, headspace and function. Complete and stripped uppers include our Lifetime Warranty and Satisfaction Guarantee.

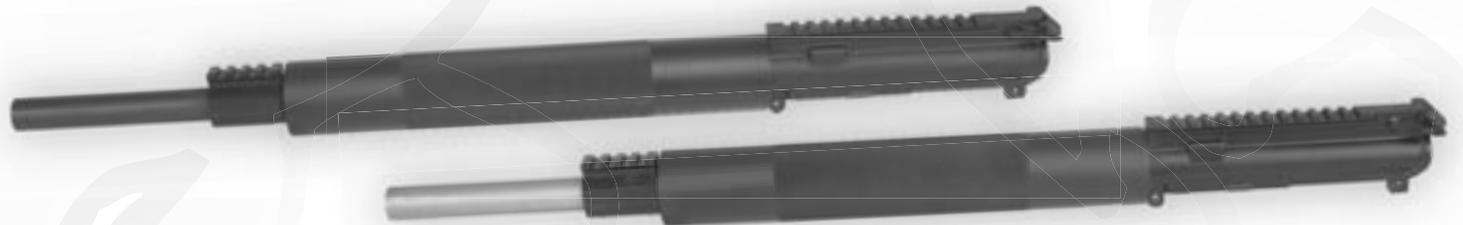

**K1** These top end assemblies include an A2 upper receiver with fully adjustable rear sight, 16" button rifled barrel in chromemoly steel chambered to 5.56 NATO, handguards, A2 front sight with sling swivel and bayonet lug, threaded muzzle with A2 flash suppressor.

**K2** These top end assemblies include an A2 upper receiver with fully adjustable rear sight, 20" button rifled barrel in chromemoly steel chambered to 5.56 NATO, handguards, A2 front sight with sling swivel and bayonet lug, threaded muzzle with A2 flash suppressor.

**K6** This top end assembly includes a flat top upper receiver, charging handle, bolt carrier assembly, 20" broach cut bull barrel in stainless steel chambered to .223 Remington, aluminum tubular free floating handguard, gas block with picatinny rails and a crowned muzzle.

**K8** This top end assembly includes a flat top upper receiver, charging handle, bolt carrier assembly, 20" button rifled bull barrel in stainless steel chambered to 5.56 NATO with satin bead-blast finish, aluminum tubular free floating handguard, gas block with picatinny rails and a crowned muzzle.

## Top End Assemblies | 9mm, 10mm, 40 S&W, 45 ACP

Code	Item	Retail
K9-UR	K1CA unit, 9mm w/ magazine	\$629.00

A3	Forged flat top upper w/ carry handle	95.00
F8R	FIRSH free floating rail handguard	78.00
F8A	Aluminum free floating handguard	52.00
BPS	Bipod stud for F8A	24.00
HBP#5	Bipod stud	18.00

### Additional Magazines

K9-M	Modified 32 round Sten magazine, for 9mm	65.00
K10-M	Modified 10 round Uzi magazine, for 10mm	N/A
K40-M	Modified 10 round Uzi magazine, for 40 S&W	N/A
K45-M	Modified 10 round Uzi magazine, for 45 ACP	N/A
	Magazine modification service	35.00

Olympic Arms pistol cal top end assemblies convert your lower receiver to shoot 9mm, 10mm, 40 S&W or 45 ACP ammunition. No modifications to the lower receiver and no tools to install the kit. Just put the upper on your complete lower, change the magazine and you're good to go.

These kits are also available with a host of the regular options. Options include flat top upper, free floating handguards, bipod studs and mounts, rail kits and more.

These top end assemblies are fully assembled, head-spaced, bore-sighted and test-fired for function with 5 rounds. Units do not lock back on the last round.

*NOTE: Pistol cal barrels are not available as M4, fluted or featherweight contours.*

These assemblies use modified Sten or Uzi magazines. The magazines have metal flanges welded to them so they mimic the shape of an AR-15/M16 magazine and fit directly into the lower receiver. Our pistol cal assemblies do not use mag well inserts. Magazine modification service is available for the magazines you already have. This service permanently changes the magazine for use with a mil-spec AR-15 lower receiver.

## Pistol Cal Parts | 9mm, 10mm, 40 S&W, 45 ACP

**For use with  
Olympic Arms  
pistol caliber only!**

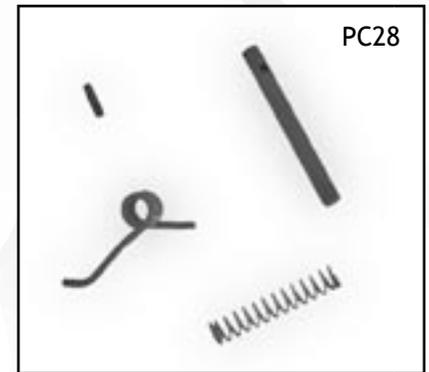

Code	Item	Retail

**K68-UR** This top end assembly includes an A2 or flat top upper receiver with fully adjustable rear sight, charging handle, bolt carrier assembly, 16" M4 button rifled barrel in 416 stainless steel chambered to 6.8 Remington / SPC, M4 handguards, A2 front sight with sling swivel and bayonet lug, threaded muzzle with A2 flash suppressor. Also includes one 25 round magazine for 6.8 Remington / SPC. Also available with 16" and 20" standard contour barrels as well.

**K30R-UR** This top end assembly includes an A2 or flat top upper receiver with fully adjustable rear sight, charging handle, bolt carrier assembly, 16" button rifled barrel in 416 stainless steel chambered to 7.62 x 39mm, handguards, A2 front sight with sling swivel and bayonet lug, threaded muzzle with A2 flash suppressor. Also includes one 30 round magazine for 7.62 x 39mm.

## Conversion Systems | .22 LR, .17 MK2

**2217 Partner** The Partner gets you more use from your AR-15. Just swap the top end from your AR-15 with the Partner top end and you can now shoot .22 LR and/or .17 MK2 ammunition. This system is a specialized top end assembly with easy to insert sleeves, .22 Long Rifle bolt adapter assembly and a magazine insert. No special tools are required to install or use the Partner system. Also available as a flat top upper.

Code	Item	Retail
<b>Complete Partner AR-15</b>		
22SR	Partner AR-15, .22 LR	\$756.00
17SR	Partner AR-15, .17 MK2	756.00

MI	Additional magazine insert, 10 rounds	39.00

*Partner available for .22 LR and .17 MK2 ammunition only. Sleeves can only be used with the Partner top end assembly.*

*The magazine adapter requires an AR-15 magazine and can hold up to 10 rounds.*

*Rimfire adapter available only for .22 LR.*

**Rimfire Adapter** This system lets you quickly adapt your rifle to use .22 LR ammunition. Your standard bolt carrier assembly is removed and the RFA bolt adapter is inserted into its place. Slide the included magazine insert into one of your magazines and load up.

## AR-15 Barrels | Ultramatch Barrels

The ARB barrels are made from 4140 chromemoly steel and are precision button rifled with six lands and grooves, a standard 1x9" twist rate, a barrel nut and complete front sight base assembly with bayonet lug. Our SUM (Stainless Ultramatch) barrels are made from 416 stainless steel bar stock and broach-cut to the GI specified National Match four lands and grooves bore. Each barrel blank is double heat stress relieved then air-gauged for consistency.

68	6.8 Remington / SPC

All barrels ordered with custom shop options (fluting, custom length, contour or threads) are subject to the Custom Shop fee.

Bull barrels have crowned muzzles and will require a free floating handguard, barrel nut and gas block (none included).

ARB-ELM now includes the specialized gas block for under the handguard.

\* Custom shop item. 90 day minimum lead time. Custom shop fee applies once for each custom shop item.

## Barrel Assemblies | 5.56 NATO

A complete barrel assembly is exactly what a tired out AR-15 needs, but is also great for reconfiguring. All parts for a complete re-barrel are included. These assemblies do not include receivers and are not assembled, but they are available in a variety of lengths, contours and configurations. Assemblies shown below include button rifled barrels only and are 5.56 NATO only.

Code	Item	Retail
<b>AR-15 Barrel Assemblies</b>

## Lower Receiver Assemblies | Forged Receiver Sets

T2

T12

T3

K5A

K5CS

All of our receivers are forged and made from 7075 T6 aluminum forgings.

Olympic Arms has been manufacturing both upper receivers and lower receivers since 1975 and has a history supplying them to other big name manufacturers.

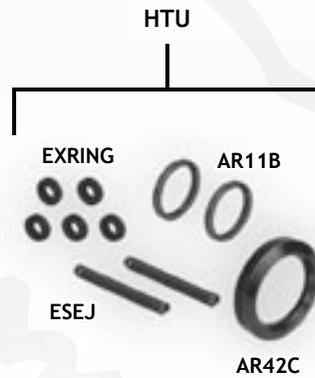

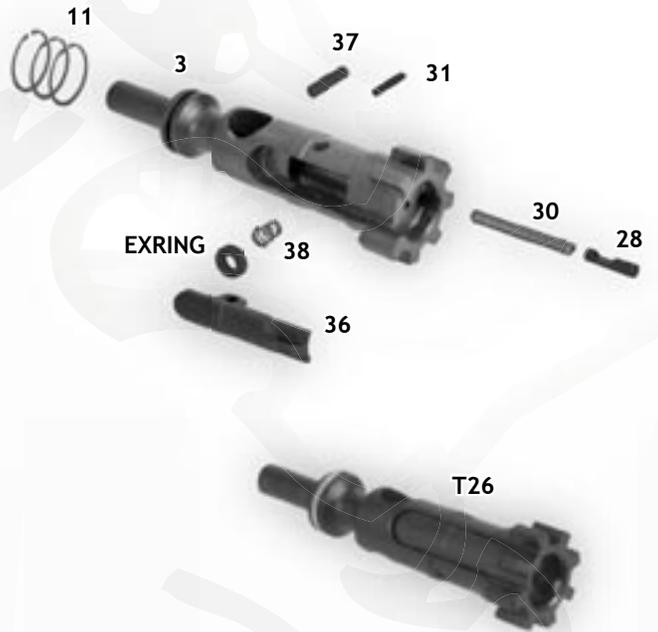

Stripped uppers and lowers do not include any internal or external parts.

Lower receiver sets include the stripped lower receiver, pistol grip, buttstock (either A2 or collapsible) and all internal receiver parts.

Receiver matched sets include a stripped upper and a stripped lower receiver.

## AR-15 Parts | Rear Sight Assembly

Code	Item	Retail
T15-1	A2 Sight base	\$9.69
T15-2	A2 Sight aperture	5.49
T15-3	Leaf spring	1.10
T15-4	Windage screw	2.39
T15-5	Windage knob	3.59
T15-6	Windage knob, roll pin	0.50
T15-7	Windage knob, spring	0.50
T15-7	Sight base constant alignment spring	0.50
T15-7	Elevation wheel ball-bearing spring	0.50
T15-8	Ball bearing	0.90
T15-9	Elevation wheel cap	4.20
T15-10	Elevation adjustment wheel	4.20
T15-11	Elevation base spring	0.90
T15-13	Sight base elevation lock roll pin	0.50
T15-15	Elevation wheel lock screw	0.75

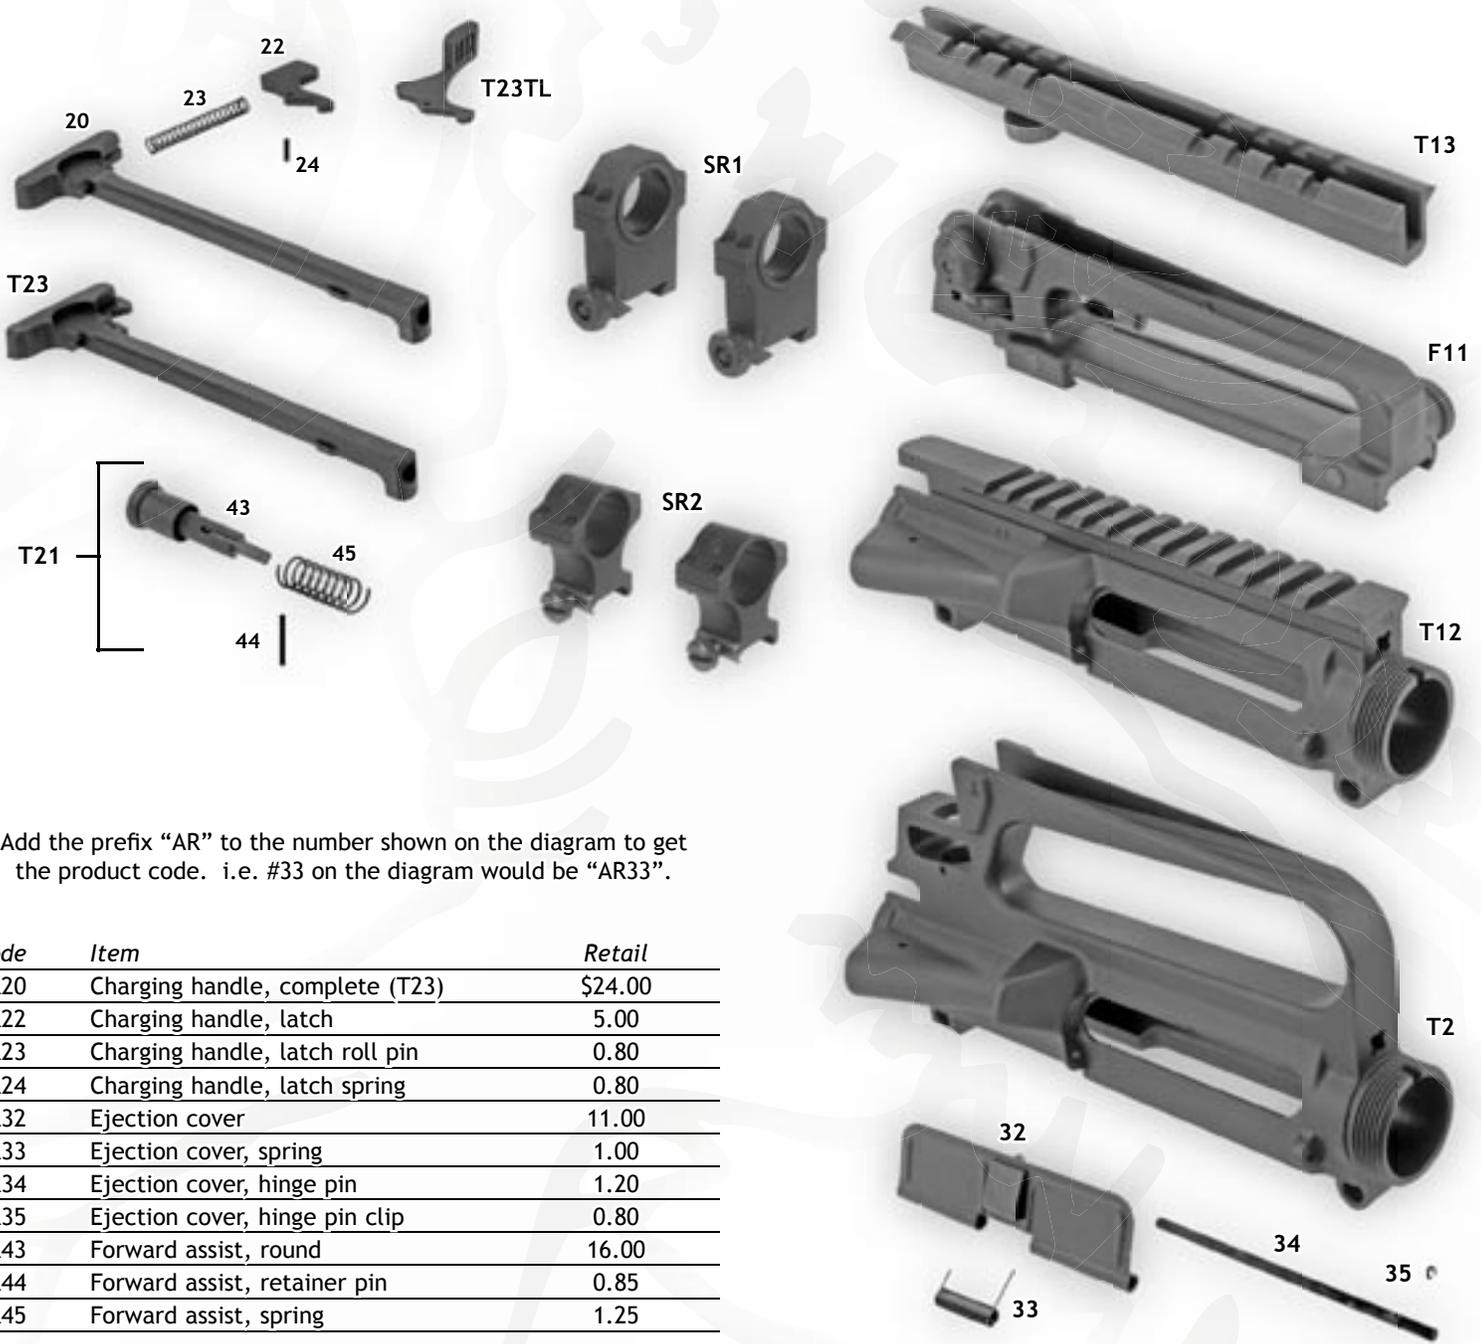

Additional Products		
BJS	Interchangeable aperture system	59.95
MARS	Flip up, multiple aperture rear sight	83.00
DFS	Flip up, detachable front sight	49.00
MASS	Set, flip up rear sight and front sight	127.00
T14	Rear sight assembly, A1, windage	25.00
T15	Rear sight assembly, A2, full adjustment	60.00
T15A	Rear sight assembly, A2, National Match	90.00
AR75	A1 rear sight, aperture	5.95
AR76	A1 rear sight, adjusting screw	3.00
AR77	A1 rear sight, detent spring	0.80
AR78	A1 rear sight, detent	0.80
AR79	A1 rear sight, leaf spring	0.80
AR80	A1 rear sight, windage drum	4.00
AR81	A1 rear sight, windage drum roll pin	0.70

Add the prefix "T15-" to the number shown on the diagram to get the product code. i.e. #4 on the diagram would be "T15-4".

Rear sight assemblies [T14, T15, T15A] are complete with all parts. The A1 rear sight parts are only for A1 upper receivers and have only windage adjustment. The A2 rear sights do not fit on A1 upper receivers.

Interchangeable aperture system [BJS] features a threaded aperture holder and five separate sized apertures. A tool for changing the apertures is included. Requires an A2 rear sight (not included).

# AR-15 Parts | Upper Receiver Assembly

Add the prefix “AR” to the number shown on the diagram to get the product code. i.e. #33 on the diagram would be “AR33”.

Code	Item	Retail
AR20	Charging handle, complete (T23)	\$24.00
AR22	Charging handle, latch	5.00
AR23	Charging handle, latch roll pin	0.80
AR24	Charging handle, latch spring	0.80
AR32	Ejection cover	11.00
AR33	Ejection cover, spring	1.00
AR34	Ejection cover, hinge pin	1.20
AR35	Ejection cover, hinge pin clip	0.80
AR43	Forward assist, round	16.00
AR44	Forward assist, retainer pin	0.85
AR45	Forward assist, spring	1.25

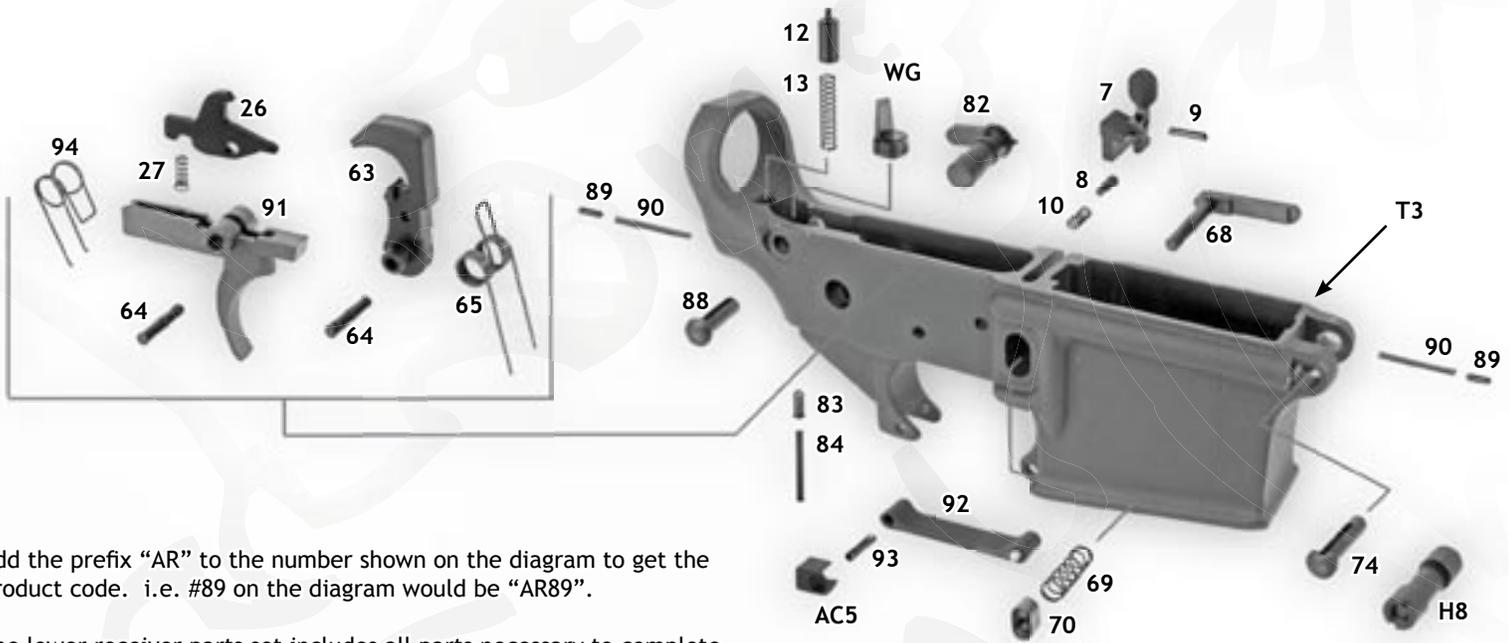

Additional Products		
SR1	Scope rings, 30mm w/ 1” inserts	47.95
SR2	Scope rings, 1”	21.55
T2	Upper receiver, A2, stripped	92.00
T11	Upper receiver, A2, w/ parts	166.00
T12	Upper receiver, flat top, stripped	107.00
T12A	Upper receiver, flat top, w/ parts	130.00
T13	A2 carry handle scope mount	12.00
T21	Round forward assist assembly	16.00
T22	Ejection cover assembly	11.00
T23	Charging handle, complete (AR20)	24.00
T23TL	Charging handle, tactical latch	21.95

Flat top upper with parts [T12A] includes the flat top receiver, round forward assist assembly and ejection cover assembly. The A2 upper with parts [T11] includes the A2 receiver, round forward assist assembly, ejection cover assembly and rear sight assembly. Stripped receivers [T2, T12] do not include any parts.

Charging handle tactical latch [T23TL] does not include the charging handle itself.

Assembly T21 includes AR43, AR44 and AR45. Assembly T22 includes AR32, AR33, AR34 and AR35. Charging handle T23 and AR20 are the same product.

# AR-15 Parts | Lower Receiver Assembly

Add the prefix "AR" to the number shown on the diagram to get the product code. i.e. #89 on the diagram would be "AR89".

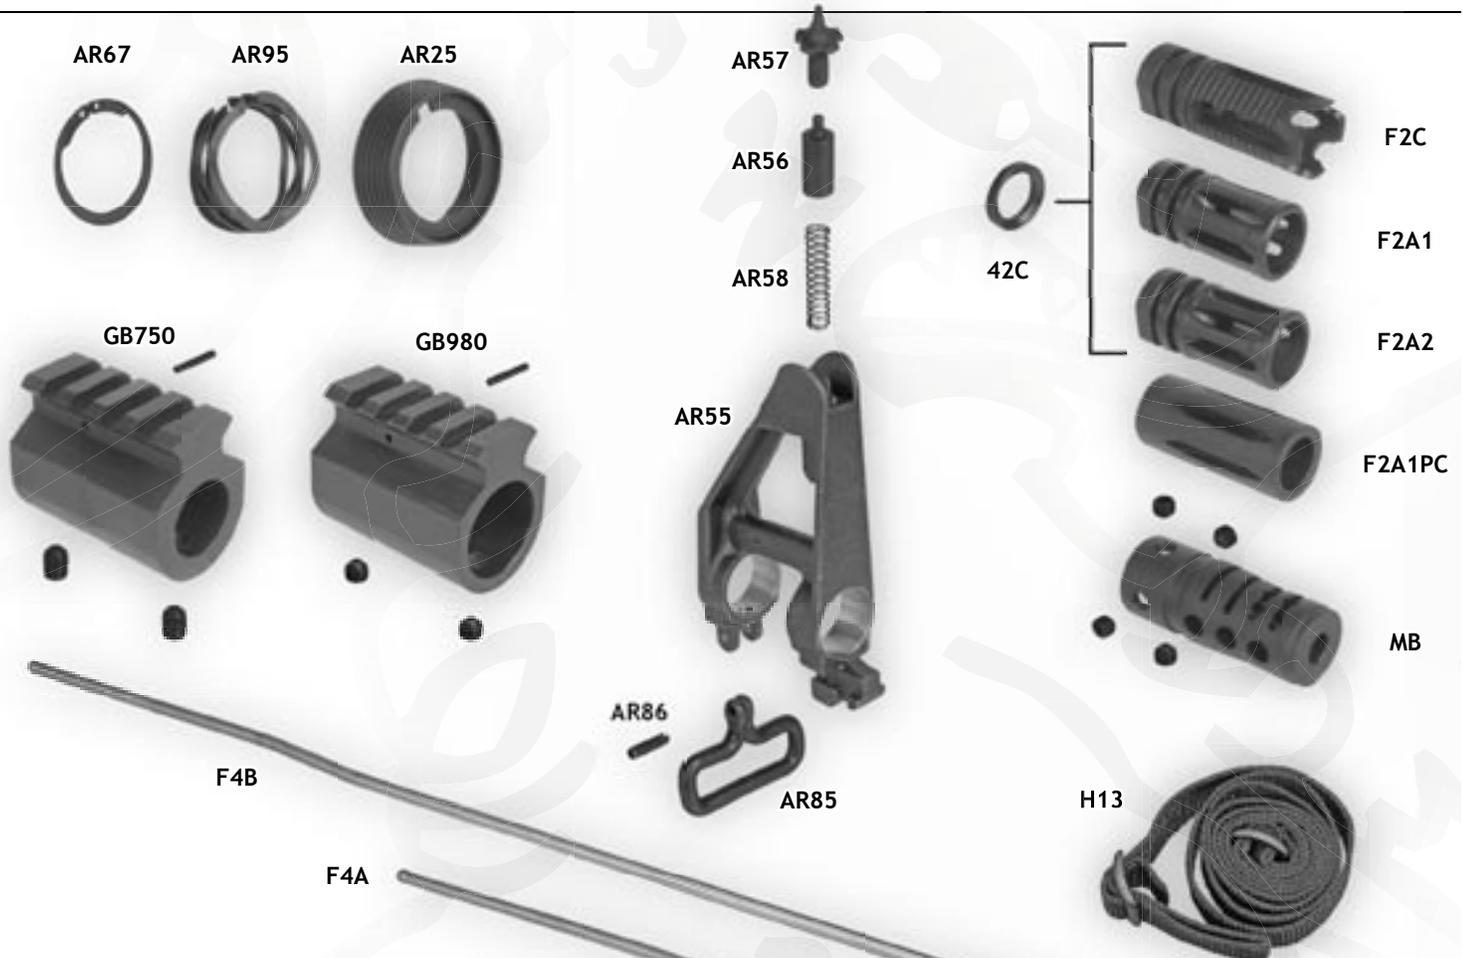

The lower receiver parts set includes all parts necessary to complete a stripped lower receiver not including the buttstock or pistol grip.

Code	Item	Retail
T3	Forged lower receiver, stripped	\$131.00
AR7	Bolt catch	7.00
AR8	Bolt catch, plunger	1.00
AR9	Bolt catch, roll pin	0.80
AR10	Bolt catch, spring	0.80

AR86	Swivel, roll pin	0.80
DFS	Flip up front sight, for gas blocks	49.00
GB750	Gas block, standard barrel	42.00
GB980	Gas block, bull barrel	42.00
F4A	Gas tube, carbine length	13.00
F4B	Gas tube, rifle length	16.00
AR62	Gas tube, roll pin	0.80
AR42C	Compression washer	4.00
F2C	Flash suppressor, phantom	39.00
F2A1	Flash suppressor, A1 birdcage	5.95
F2A2	Flash suppressor, A2 birdcage	5.95
F2A1PC	Flash suppressor, pistol cal	15.00
H13	Sling, 1" wide nylon	5.00
MB	Muzzle brake, for PCR barrels	30.00

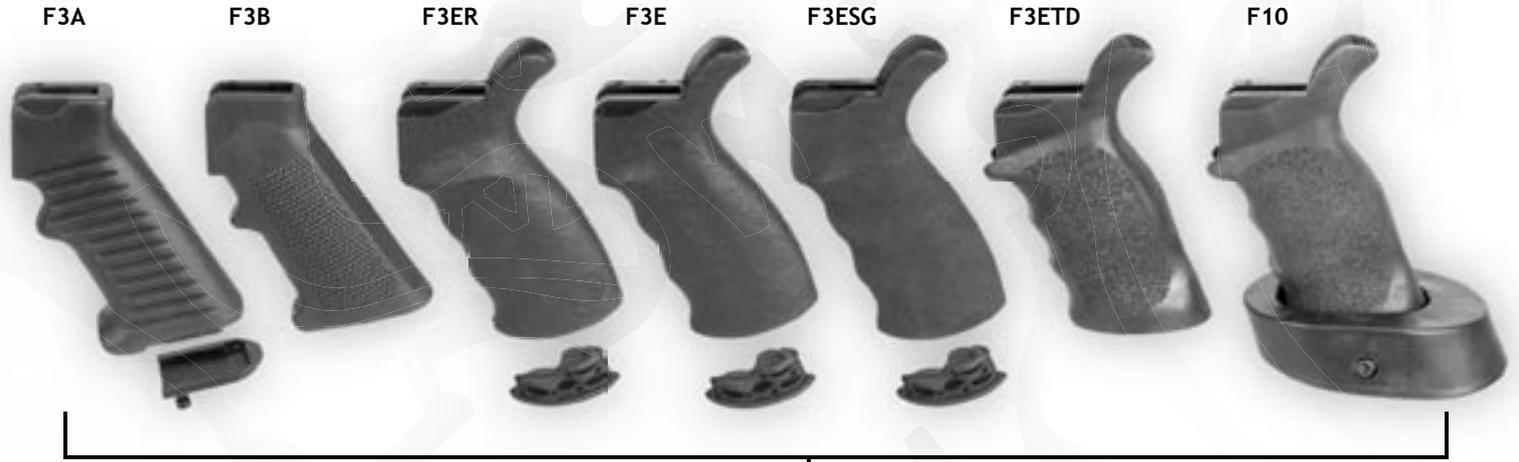

The delta ring & swivel assembly includes the delta ring, weld spring, snap ring, front swivel, roll pin and gas tube roll pin.

Gas blocks include set screws and extended gas tube roll pin.

Gas tubes do not include roll pins. Flash suppressors do not include a compression washer.

Front sight base is not drilled for barrel index pins. This part should be purchased and installed only by qualified gunsmiths.

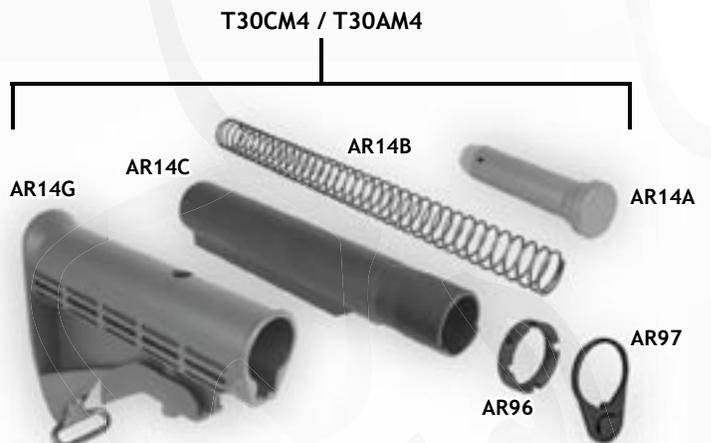

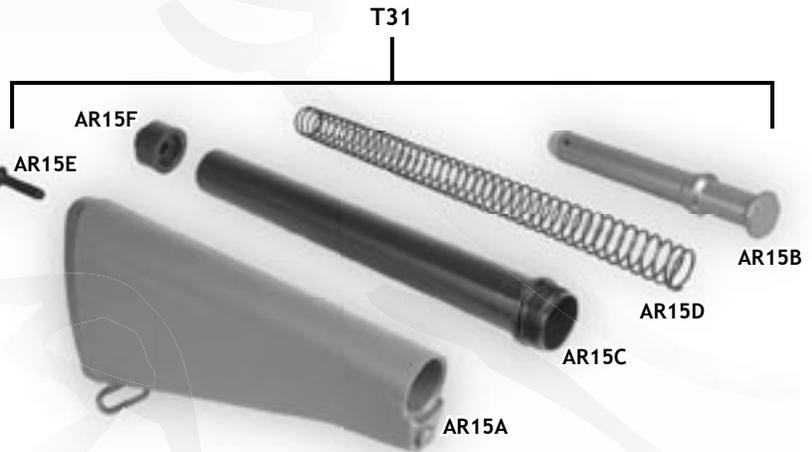

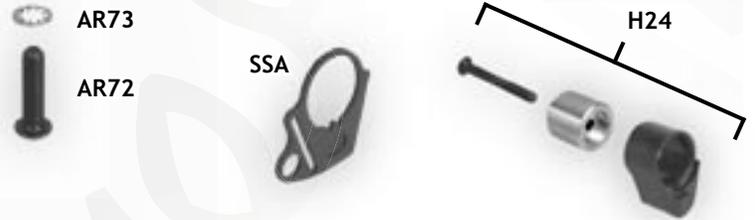

## AR-15 Parts | Grips & Buttstocks

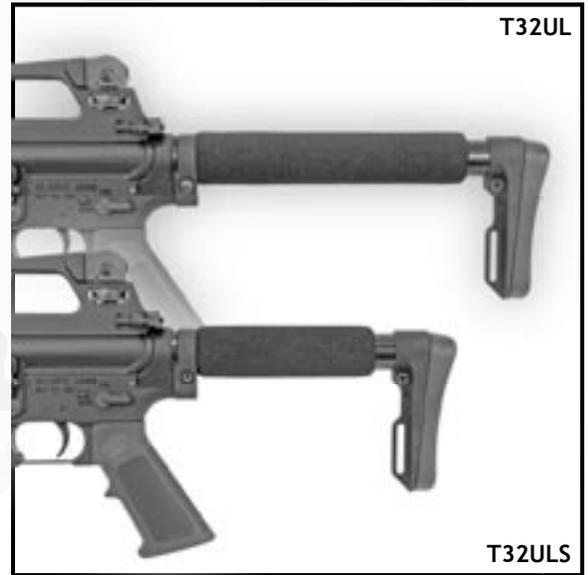

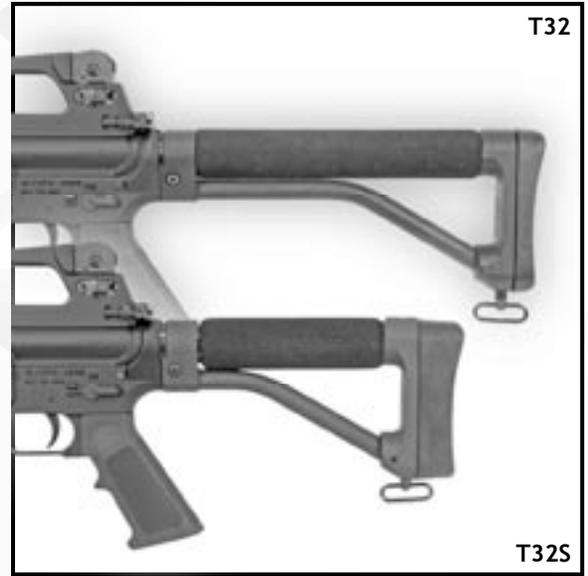

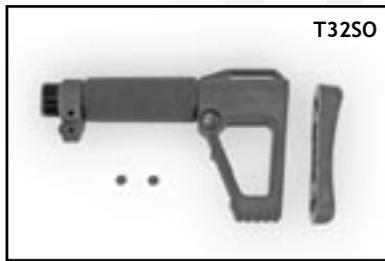

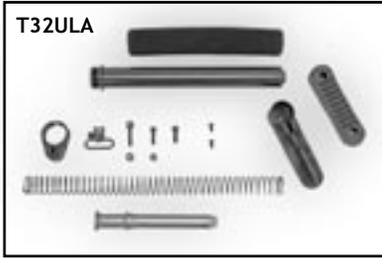

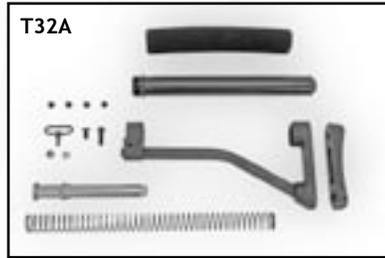

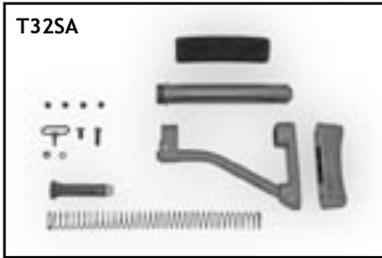

Pistol grips do not include a grip screw or washer. Some ERGO grips will include a gapper [AC5] but is not guaranteed.

Buttstock assemblies include all parts to fit the stock to a lower receiver. Buttstock *shell* assemblies include only the shell portion of the buttstock.

Code	Item	Retail
F3A	Pistol grip, stowaway	\$10.00
F3B	Pistol grip, A2, non-stowaway	8.00
F3E	Pistol grip, ERGO	25.00
F3ER	Pistol grip, ERGO, right hand	25.00
F3ESG	Pistol grip, ERGO, sure grip	30.00
F3ETD	Pistol grip, ERGO, tactical deluxe	24.99
F10	Pistol grip, ERGO, tactical target	53.00
AR72	Pistol grip, screw	2.00

AR96	Buttstock, M4, lock ring	6.00
AR97	Buttstock, M4, receiver plate	3.00
SSA	Buttstock, M4, side sling adapter	16.00

## AR-15 Parts | ACE® Skeleton Stocks

ACE Ltd, USA is the creator and innovator of skeletonized AR-15 buttstocks on today's market. The FX line of stocks represents the highest quality of lightweight materials, durability under heavy use and comfort for extended use.

Retro fit stocks get you the parts necessary to switch from an A2 buttstock to the ACE skeleton stock.

Complete kit stocks get you all of the parts for installation onto a stripped lower receiver.

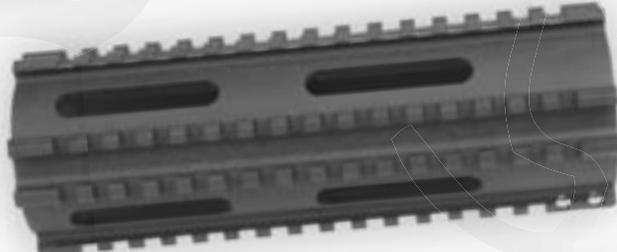

Easy to install and each model includes an optional rubber pad for grip and comfort (*shown installed*).

Code	Item	Retail
T32	FX stock, retro fit	\$79.95
T32A	FX stock, complete kit	99.95
T32S	FX stubby stock, retro fit	83.95
T32SA	FX stubby stock, complete kit	119.95
T32UL	Ultralight stock, retro fit	74.95
T32ULA	Ultralight stock, complete kit	99.95
T32ULS	Ultralight stubby stock, retro fit	89.95
T32ULSA	Ultralight stubby stock, complete kit	104.95
T32SO	SOCOM collapsible stock	189.00

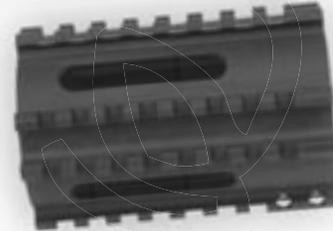

## AR-15 Parts | FIRSH Handguards

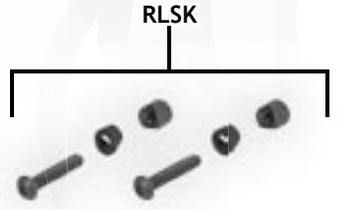

F7R

F8R

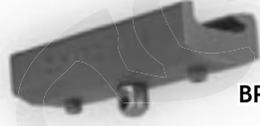

F23R

RLSK

AR1FF

BPM

BPM-S

VPG-F

FIRSH handguards include a barrel nut and lock screw kit.

FIRSH handguards are machined from aluminum extrusion with rails and vents on four sides. Internal diameter is 1.625".

HBP-S

HBP-1

GF-A	Magazine follower, 1-500 pcs	1.50
GF-B	Magazine follower, 501-1000 pcs	1.25
GF-C	Magazine follower, 1001-5000 pcs	0.99
GF-10	Magazine follower, 10 pc retail pack	13.50
F6	Handguards, fiberite, rifle length	18.00
M4S	Handguards, fiberite, M4 contour	22.00
F9	Handguards, fiberite, carbine length	18.00
ACRKS	Rail kit, for fiberite handguards	11.00
HBP#5	Bipod adapter, fiberite handguards	11.00

Pistol cal magazines are not always in stock. Please check for availability before ordering.

F6 & M4S handguards include heat shield liners. F9 handguards do not include head shield liners.

Rail kit [ACRKS] attaches to any of our fiberite handguards without drilling to add picatinny rails for your accessories.

## AR-15 Parts | AC4 Pneumatic Recoil Buffer

Installation is quick and doesn't require tools. Pivot your AR-15 open to get access [#1] at the spring and buffer weight. Remove the spring and buffer weight [#2] by pressing the buffer detent down and releasing the items. Insert the AC4 as shown [#3a or #3b] based in the caliber of your AR-15. Push the AC4 behind the buffer detent and pivot your AR-15 closed.

AC4-NA

Be sure to turn the AC4 in the correct direction based on whether you are using 5.56/.223 or pistol cal. For .223 / 5.56 insert the wide end into the buttstock first. If for pistol cal insert the narrow end into the buttstock first.

The AC4 pneumatic recoil buffer replaces the spring and weight buffer which are standard in today's AR-15 models. The AC4 will provide a smoother recoil, softer recoil feel, reduced muzzle climb.

Customers often comment on an overall improvement of function when they switched to our AC4 pneumatic recoil buffer.

The AC4 is gas-charged so there will never be messy leaks, common with similar hydraulic products. Testing in extreme temperatures, hot and cold, showed the AC4 pneumatic recoil buffer to be effective in many different types of environments.

The AC4 pneumatic recoil buffers **ONLY FIT A2 buttstocks and buttstocks that use a full length receiver extension tube. The AC4 does NOT FIT in many standard collapsible stocks.**

Code	Item	Retail
AC4	Pneumatic recoil buffer, adjustable	\$79.00
AC4-NA	Pneumatic recoil buffer, non-adjustable	59.00

# Cleaners | Owner's Manuals

Weapon Shield cleaning products utilize ABF (Advanced Boundary Film) to clean, lubricate and protect your firearms. Provides practical elimination of metal to metal wear, protection for moving metal parts, significant reduction in dust, debris and foulings, increased firearm reliability and increased firearm accuracy.

Slip 2000 products clean, lubricate and preserve your firearms. These are non-toxic and non-hazardous. Penetrates existing lubricants, rust and scale.

Code	Item	Retail
<b>Manuals / Owner's Manuals</b>		
MAN-1	Owner's Manual, AR-15 / PCR	\$4.00
MAN-2	Owner's Manual, Pistol Cal	3.00
MAN-3	Owner's Manual, OA-93 / OA-98	5.00
H7	Marine Corp AR Manual	9.00

## Gunsmithing Tools | Maintenance Tools

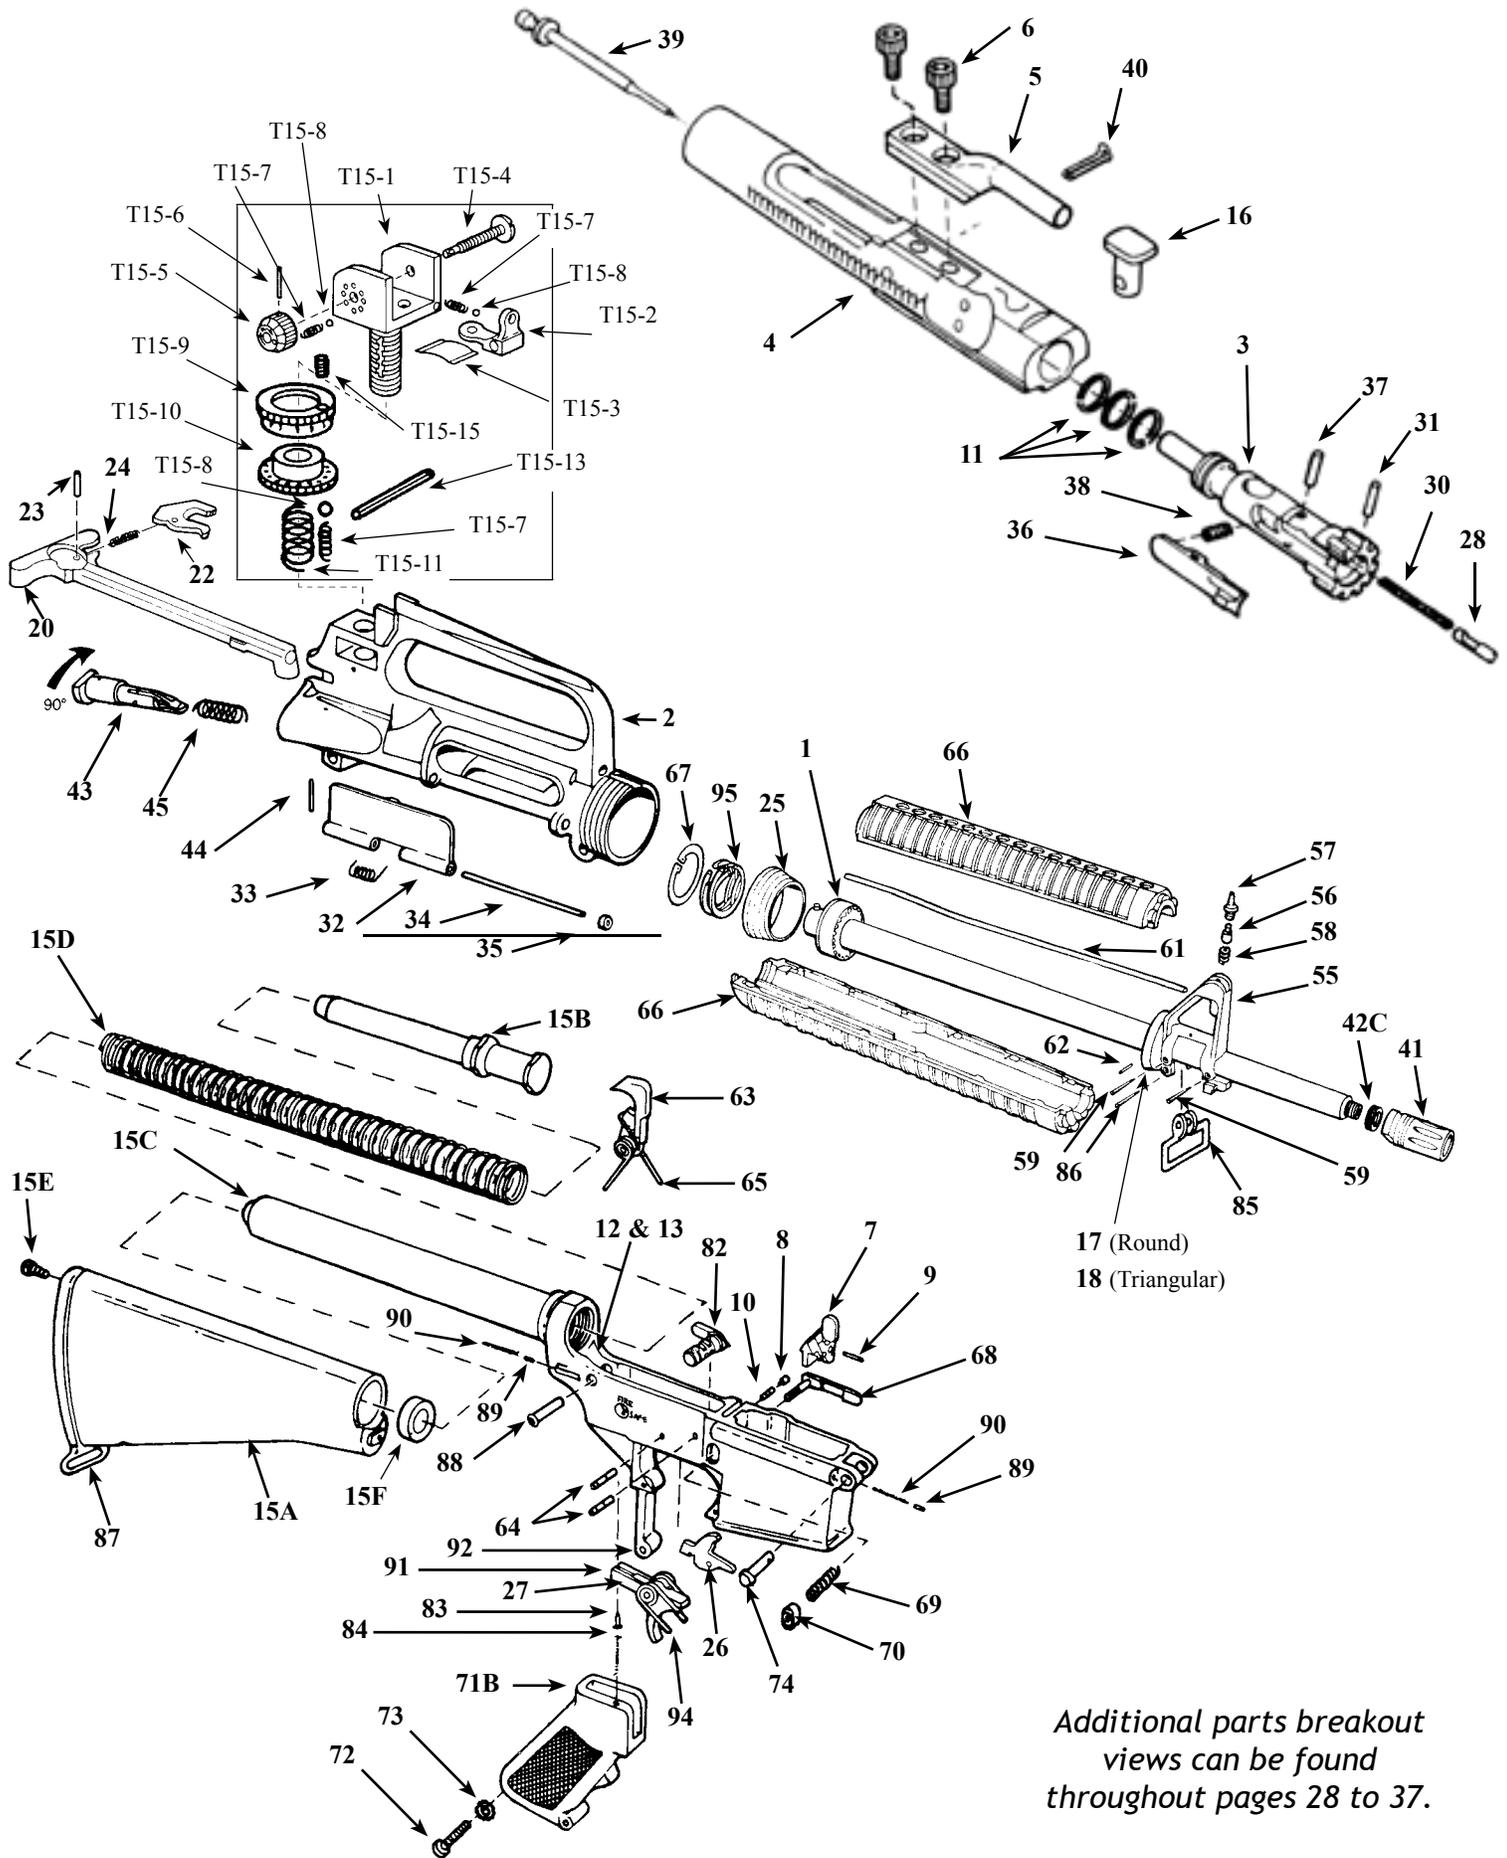

Code	Item	Retail
AC1	Chamber cleaning kit	\$13.95
OAL	Cable gun lock	7.49
AC8-KC	Delryn punch, compact key chain	5.98
AC8	Delryn punch, full size	6.98
AC74-KC	4 prong sight tool, compact key chain	10.49
AC74	4 prong sight tool, full size	11.98
AC75-KC	5 prong sight tool, compact key chain	10.49
AC75	5 prong sight tool, full size	11.98
H4-5	5 prong sight tool, A1 windage tool	10.49
H3	Collapsible stock spanner wrench	4.00
H5A	Headspace gauge, GO	19.00
H5B	Headspace gauge, NO-GO	19.00
H5C	Headspace gauge, FIELD	19.00
H5S	Headspace gauge, set of all 3	50.00
H2	Dual slot vise jaw blocks	10.00
H20	Armorer's block kit	38.00
H28	Multi-tool barrel wrench	34.00

Delryn punches are great for pushing out takedown and pivot pins. Sight tools are handy when zeroing in your sights.

Dual slot vise jaw blocks hold standard and bull barrels in a vise and the armorer's block kit holds an entire upper receiver safely in a vise without pinching.

Multi-tool barrel wrench does almost everything for an upper receiver assembly. Stock spanner wrench incorporates a 1911 bushing removal tool.

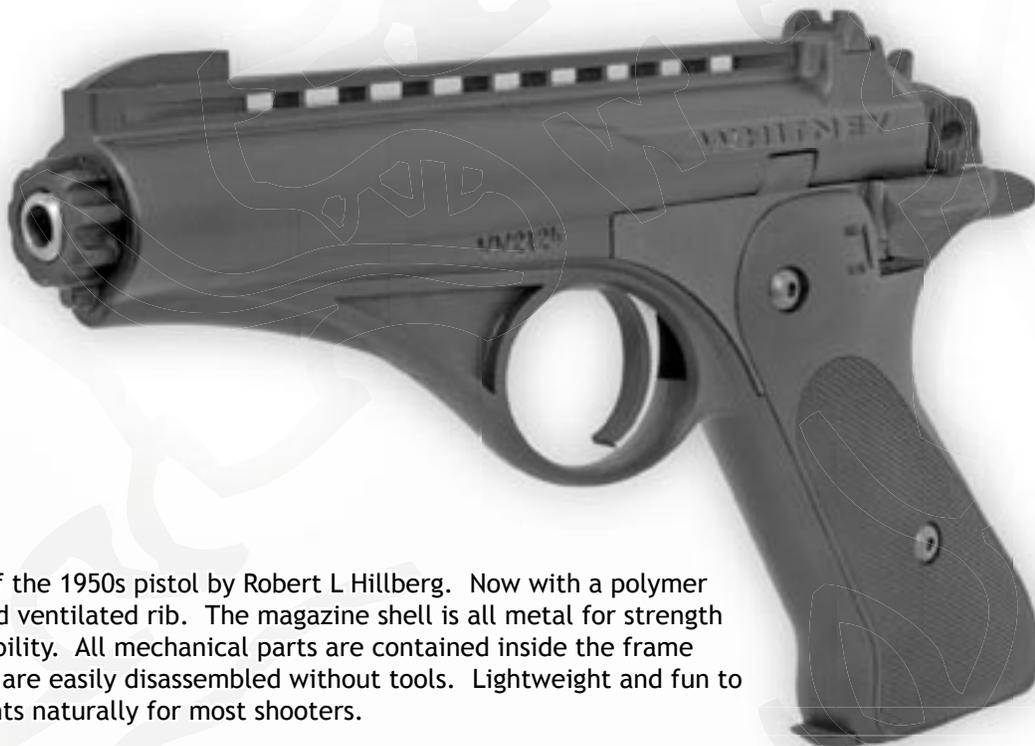

*Additional parts breakout views can be found throughout pages 28 to 37.*

# Whitney Wolverine | Models & Accessories

Revival of the 1950s pistol by Robert L Hillberg. Now with a polymer frame and ventilated rib. The magazine shell is all metal for strength and durability. All mechanical parts are contained inside the frame shell and are easily disassembled without tools. Lightweight and fun to use. Points naturally for most shooters.

### Whitney Wolverine Specifications:

- 4.625" Barrel
- 6-groove, 1x16 twist rate
- 5.25" Sight radius
- Blade type front sight
- Dovetail rear sight
- Uses .22 Long Rifle
- Magazine capacity: 10 rounds
- Black checkered grips
- Length: 9"
- Height: 5.5"
- Empty Weight: 19.2 oz.

The Schuetzen Pistol Works is the 1911 division at Olympic Arms. The Pistol Works demonstrates Olympic Arms' commitment to the greatest pistol design in history: John Moses Browning's 1911. We offer you choices available nowhere else. There are production pistols, ten kit frame configurations, three lengths of kit slides, and a wide variety of parts, barrels, and pistolsmithing services.

All SPW pistols feature matched frames and slides, individually fitted and head-spaced barrels, complete ramp and throat jobs, lowered and widened ejection ports, beveled mag wells, hand-stoned-to-match hammers and sears, lightweight long-shoe over-travel adjusted triggers, shaped and tensioned extractors, extended thumb safeties, wide beavertail grip safeties, adjustable rear sights, dovetail front sights, and full length guide rods. Every pistol is test-fired with military hardball, major power factor LSWC, and JHP ammunition. *Full length guide rods are not standard on 6" models, but are available as an option.*

The Matchmaster Series can be ordered with either the classic Matchmaster profile frame, or with an R/S (round trigger guard / straight front strap) frame for the same price. Each pistol is available in stainless or carbon steel, or in Deuce configuration (black slide on a stainless frame).

Our Specialty Shop crafts deadly serious 1911s for Law Enforcement and Military professionals, as well as "Dream Guns" for the dedicated enthusiast. The pictured 6" Damascus long slide on a M-3 frame is but one example of what we can do for you.

## 1911 Section Table of Contents

### SPW Custom 1911

6" Damascus slide, round trigger guard, finger groove front strap and more.

*Call for custom quotes.*

### Matchmaster 5 R/S

5" slide, round trigger guard, straight front strap and more.

*Suggested Retail ..... \$899.00*

Five full size frames and five Enforcer size frames to choose from.

#### Trigger Guard (TG):

- Hooked (H)
- Square (S)
- Round (R)

#### Front Strap (FS):

- Finger Groove (G)
- Straight (S)

## Mix and match your Matchmaster.

Applicable to the Matchmaster, Big Deuce and Cohort models. First, the barrel/slide: 4", 5" or 6". Second, frame options: straight front strap or finger groove; round, square or hooked trigger guard.

For a more personalized look add a finish to the slide. Standard is a matte satin bead blast, you could have Parkerizing (like the Big Deuce) or Color Case (like the Westerner).

All Matchmasters are marked with smooth wood grips laser etched with a scorpion. If scorpions aren't your style, we have classic fully checkered and double diamond checkered exotic grips as well.

## Matchmaster 5

---

Barrel: 5", Stainless Steel  
Frame: M1, Hooked TG & Groove FS  
Grips: PHB3, Laser Etched Scorpion  
Capacity: 7 + 1

---

*Suggested Retail .....\$1,159.00*

The Journeyman and Street Deuce models are custom made pistols from Olympic Arms' Schuetzen Pistol Works. Each part is hand selected and fitted by Expert Pistolsmiths. For each model, at no extra cost, you can choose your mainspring housing and rear sight. The mainspring housing is Smith & Alexander, checkered to 20 LPI with the choice of flat or arched. For rear sight you choose LPA adjustable or Heinie Slant-pro fixed.

## SPW Custom Services

For new SPW pistols only.

<i>Service</i>	<i>Retail</i>
Specialty Shop Hand Select	\$60.00
<i>Every part is selected, inspected and fitted.</i>	
Special Serial Number	\$60.00
<i>Personalize with custom letters and numbers.</i>	
Front Serrations On Slide	\$72.00
<i>For 5" and 6" slides only.</i>	
Heinie Straight 8 Tritium Fixed Sights	\$150.00
Heinie Tritium Front Sight Only	\$78.00
Smith & Alexander Mainspring Housing	\$40.00
<i>Checked at 20 LPI. Choose flat or arched.</i>	
Videki Trigger, (#CV4533V) fitted	\$40.00

Along with custom work for our own line of 1911 pistols, the Schuetzen Pistol Works also offers custom services for the 1911 pistol already in your collection.

Whether you need new parts and labor, sight work machining, trigger work or just a special service, our Expert Pistolsmiths will work their decades of experience into your 1911 pistol.

## More Custom Services

For some SPW pistols and most 1911s.

<i>Service</i>	<i>Retail</i>
<b>Parts &amp; Labor</b>	
D-Type 5" Bushingless Barrel	\$300.00
D-Type 4" Bushingless Barrel & Recoil System	\$420.00
National Match Barrel	\$210.00
National Match Barrel Bushing	\$90.00
New Extractor, Shaped & Tensioned	\$78.00
Full Length Guide Rod And Cap	\$90.00
<i>Must be fitted to 6" slide.</i>	
High Ride Beavertail Grip Safety	\$102.00
Smith & Alexander Mainspring Housing, Mag Well	\$138.00
Ambi Thumb Safety	\$108.00
Large Button Mag Catch	\$54.00
Extended Mag Catch	\$48.00
Damascus 4" or 5" Slide, Starting at	\$900.00
Damascus 6" Slide, Starting at	\$1020.00

### **Sight Work**

*(Does not include sight, call for details.)*

Mill slide for dovetail front	\$72.00
Mill slide for LPA, BoMar, Novak or Heinie rear	\$160.00
Tritium Night Sights	Please Call

### Services that vary pistol-to-pistol

Dealer \$50.00 / HR, minimum \$40 charge.  
Retail \$60.00 / HR, minimum \$48 charge.

- Ramp and throat, spec chamber.
- Bevel mag well.
- Lower and widen ejection port.
- Carry bevel and finish.
- Serrate rear of slide.
- Refinish entire pistol or portions, choose from:
  - Matte satin bead blast finish.
  - Flat black Parkerized, for carbon steel only.
  - Blak-Tac coating, for frames & slides only.
- Evaluate 1911 pistol.
  - Detail strip, inspection of all parts.
  - Rockwell hardness testing of key items.

### Trigger Work

Dealer \$50.00 / HR, parts are extra.  
Retail \$60.00 / HR, parts are extra.

Due to the variety of lockwork types and the disparate quality of parts in some current 1911 pistols, all trigger work is billed on a pistol-to-pistol basis. Some 1911 trigger work requires only skill and time where others may require replacement of all component parts and the fitting of new parts.

## Journeyman

Barrel: 4" Bull, Stainless Steel  
 Frame: CRF1, Round TG & Straight FS  
 Grips: EB2, Double Diamond Cocobolo  
 Capacity: 7 + 1  
 Overall: L 7.75" x H 5.5"  
 Weight: 35 oz., Empty

**Suggested Retail ..... \$1,299.00**

*At no extra cost you can  
 choose from S&A flat or  
 arched mainspring housings  
 and LPA or Heinie Slant-pro  
 fixed rear sights.*

*Shown with arched mainspring  
 housing and LPA rear sight.*

## Street Deuce

Barrel: 5.2" Bull, Stainless Steel  
 Frame: CRF1, Round TG & Straight FS  
 Grips: EB2, Double Diamond Cocobolo  
 Capacity: 7 + 1  
 Overall: L 8.75" x H 5.5"  
 Weight: 38 oz., Empty

**Suggested Retail ..... \$1,299.00**

# Naked Slides

Slides are available in three lengths as Stainless (A) or Carbon (B) steel. LPA rear cut and dovetail (.330"x.075"x65°) front sight cut. Custom or no sight cuts available. Front serrations are available on 5" and 6" slides.

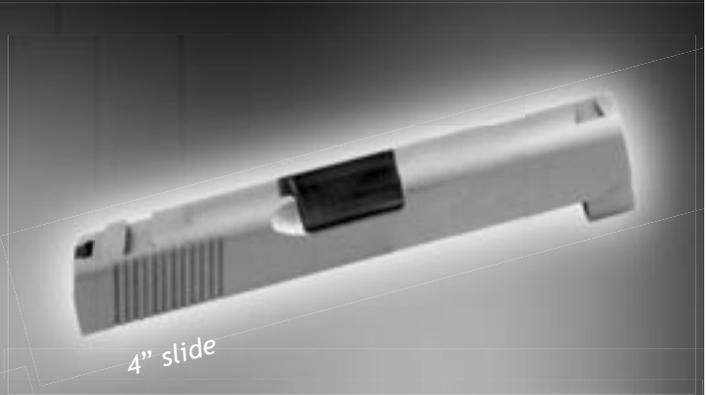

Code	Description	Retail
SAS-2 (A or B)	4" slide	\$202.95
SAS-1 (A or B)	5" slide	\$190.95
SAS-6 (A or B)	6" slide	\$214.95
Parkerized	Carbon Steel (B) only	\$42.00

5" slide

6" slide

4" slide

**DISCLAIMER:** Naked slides require fitting by a competent 1911 pistolsmith.

# Top End Kits

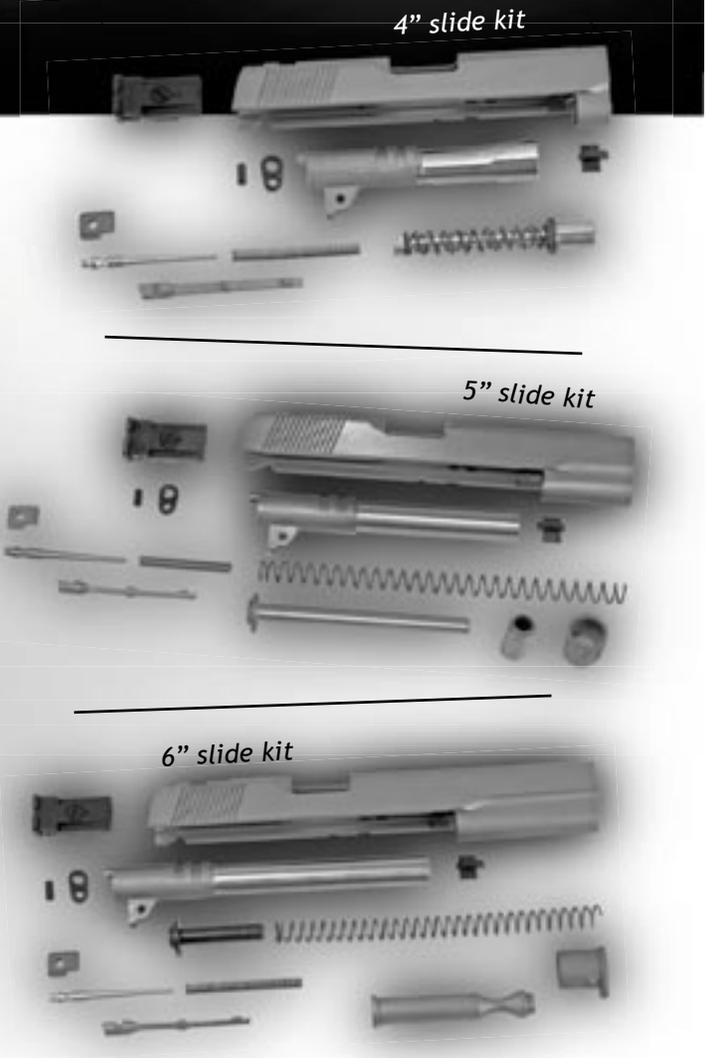

These units include all parts but are unfitted. Available in three lengths as Stainless (A) or Carbon (B) Steel. Parts included are bushing, slide, national match barrel, recoil assembly, rear sight, front sight, firing pin stop, firing pin, firing pin spring and extractor. Specific parts vary depending on the length of slide. **45 ACP Only.**

Insert kits include all parts of a complete slide kit, less the slide itself.

Code	Description	Retail
<b>Complete slide kits</b>		
SA100-4 (A or B)	4" slide kit	\$474.00

SAF-M3B Naked, carbon steel

# Grips & 1911 Parts

Many 1911 parts require fitting by a pistolsmith for fit and function in your 1911 pistol. There are no “drop-in” function guarantees because of the many different types and qualities of 1911 pistols manufactured by other companies.

Some items are available in stainless or black finish. Use the appropriate code in the column to specify stainless or black. Triggers include over-travel screw and hex head wrench. For the Smith & Alexander mainspring housing you must specify flat type or arched type when ordering.

Stainless	Black	Item	Retail
		AS1A Adjustable rear sight, white dot	\$50.00
		AS2A Adjustable rear sight, serrated	50.00
		AS3A Front sight, blade type	8.50
		C4533A Trigger, aluminum	11.95
		C4533V Trigger, match style, Videki	13.00
		C4536 Mainspring housing, government	30.00
		C4536B Mainspring housing, Enforcer (loaded)	48.00
		C56SA Mainspring housing, Smith & Alexander	42.00

## Prop Guns | Training Models

<i>Code</i>	<i>Description</i>	<i>Retail</i>
Cutaway Trainers		
AR-CUT	Cutaway, AR-15 complete carbine	\$1320.00
1911-CUT	Cutaway, 1911 pistol	1194.00

Nothing is more effective in firearms training than a complete firearm with a full view of the functioning components. We take a complete AR-15 carbine and cutout specific areas of the firearm so you can see the functioning mechanical parts. Our cutaway trainers provide a detailed view of the firearm and assists in understanding function.

Our non-firing prop guns look and feel just like real firearms. These models cannot fire live ammunition nor can they be modified to do so. An FFL is not required to purchase non-firing prop firearms.

Olympic Arms' non-firing models have been used in big screen Hollywood movies such as Clear and Present Danger, Eraser, Batman Returns, Bad Boys, The Professional, The Rock and more.

Non-firing prop models can be built to any configuration imaginable because they do not function and are not subject to firearms restrictions set by the BATFE.
