

A LETTER FROM **TOM WILDER** TO MIKE FIFER, RUGER CEO:

Mr. Fifer –

I recently was lucky enough to participate in a ten-day hunt for moose and caribou in the wilds of Alaska. I carried a bolt-action rifle from one of your competitors (which the competitor touts as weather-resistant, by the way) and, for bear protection, a Ruger Super Redhawk Alaskan chambered in .454 Casull.

Despite my best efforts, foul weather kept both firearms wet for nearly the entire trip. The Ruger functioned perfectly the whole time. By day three of the hunt, however, the competitor's rifle showed rust staining and discoloration on the bolt, trigger guard and trigger. Eventually, the sliding safety rusted internally and could not be moved by hand. Daily, liberal applications of gun oil and cycling the rifle's safety with a screwdriver were required to keep the safety functioning.

When I returned home, I stripped both firearms down for a thorough cleaning.

Your competitor's rifle showed extensive rust on internal components and the bolt. It took days with a mototool to polish the rust off the rifle. The Ruger, on the other hand, only required some "gun scrubber" to remove the water and a light oiling.

My conclusion? Ruger produces a superior weather-resistant product. The quality components and finish of my Super Redhawk Alaskan were more than a match for the Alaskan climate. Unfortunately, I can't say the same for your competitor's rifle. Keep up the good work!

Sincerely,

Tom Wilder

Super Redhawk® Alaskan®
KSRH-2454 1.454 Casull/.45 Colt

NEW RUGER® SR9™ CENTERFIRE PISTOLS

See page 22 for more about the SR9™!

Ruger® SR9™
 9mm Parabellum (9mm x 19)
 Brushed Stainless Slide
 High Performance Glass-Filled Nylon Frame
 (SureFire® Light Not Included)

RUGER S R 9™

The SR9™ delivers legendary Ruger reliability in a 9mm, striker-fired pistol with 17+1 capacity that is also comfortable to shoot. The SR9™ has a short reach from the backstrap to the trigger, a slim grip and a narrow slide, creating a comfort level that will challenge any standard-sized, striker-fired pistol available today. The structurally rigid, recoil-reducing glass-filled nylon frame features a unique reversible backstrap that allows owners to quickly customize the size and feel of the grip, without having to carry separate inserts or use special tools. The SR9™ will appeal to both left and right-handed shooters as it features an ambidextrous manual safety and magazine latch. The glass-filled nylon frame and stainless steel slide combine to create a low maintenance handgun that resists finish-punishing elements.

Nine reasons to choose the SR9™:

<p>Legendary Ruger Reliability</p> <p>1</p>		<p>Perfectly Sized to be Comfortable and Controllable</p> <p>4</p>		<p>Adjustable, High-Visibility 3-Dot Sight System</p> <p>7</p>	
<p>17 + 1 Capacity (Also available with 10-round magazines)</p> <p>2</p>		<p>Unique Reversible Backstrap (Flat or Arched)</p> <p>5</p>		<p>Built-in Picatinny Rail</p> <p>8</p>	
<p>Smooth, Light Trigger Pull</p> <p>3</p>		<p>Ambidextrous Manual Safety and Magazine Release</p> <p>6</p>		<p>Slim, Ergonomic Grip and Slide</p> <p>9</p>

Express Sights

Windage-adjustable "V" notch rear sight and large white bead front sight for instant sight alignment.

Trigger

The LC6™ trigger features smooth, crisp performance right out-of-the-box.

Stock

African models feature an American walnut stock with a slim, rounded profile and extensive, cut-checkering on the grip and wrap-around checkering on the forend.

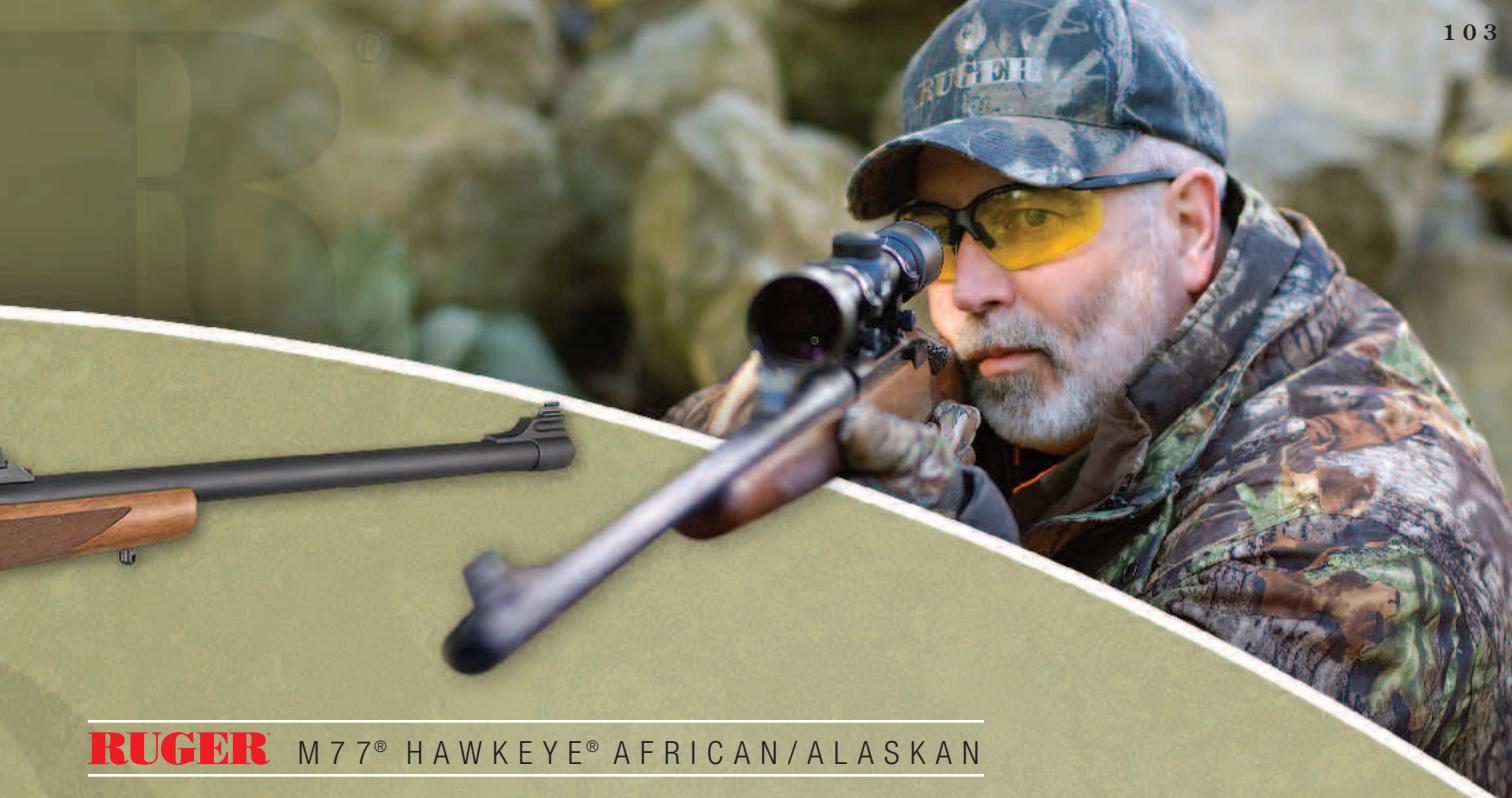

Quick Handling

The Alaskan's short, 20" barrel is perfect when quick handling or more maneuverability in tight cover is required.

Hogue® OverMolded™ Stock

Alaskan's Hogue® OverMolded™ stock with non-slip rubber skin provides a comfortable, secure grip in wet weather.

RUGER M77® HAWKEYE® AFRICAN/ALASKAN

The Ruger M77® Hawkeye® Alaskan and the Ruger M77® Hawkeye® African are both chambered in the exciting .375 Ruger cartridge. This rifle and caliber combination provides shooters with a standard length action, shorter bolt stroke and an easier feeding rifle while producing better ballistics than the venerable .375 H&H Magnum. What makes these powerful new rifles even more attractive is the fact that they are approximately half the price of a comparable .375 H&H Magnum rifle.

Left-Handed Spamer	\$1,299
Target	\$1,299

Target Trigger

Target model features a unique, two-stage target trigger, which is precision adjusted at the factory to provide a short “take-up” stage, followed by a crisp, light target pull with no creep or overtravel.

Configuration Variety

Offered in a variety of calibers and configurations – length, stock, finish – to meet the demands of every hunting situation.

“Eyes Open” Sighting

The M77® Mark II Frontier Rifle has a distinct barrel rib for forward-mounting of intermediate-eye-relief scopes which help fast “eyes open” target acquisition and tracking.

Barrel

Hammer-forged barrels for exceptionally consistent and repeatable accuracy. Blued models feature alloy steel barrel with new matte finish.

Bolt

Rugged, one-piece stainless steel bolt.

Safety

Three-position safety that allows bolt to be locked – or the rifle to be loaded and unloaded with safety on.

RUGER M77® MARK II

The Ruger M77® Mark II rifles are time-tested bolt-action hunting rifles and a great value.

Ruger M77® Mark II rifles embody the rugged strength of the proven Ruger bolt-action with desirable features such as integral scope bases which can never shoot loose, a diagonally angled forend screw to securely pull the barreled action down into the stock for accurate shooting, and a positive floorplate latch which allows easy unloading but prevents accidental dumping of cartridges.

WWW.RUGER.COM

RUGER 77/17® & 77/22®

Ruger 77/22® & 77/17® rifles are accurate, economical, and extremely handsome firearms, comparing favorably with custom-made firearms costing thousands of dollars more. They all come with Ruger patented scope bases integral to the receivers which can never shoot loose, and are supplied with free Ruger scope rings, up to an \$80 value.

Ruger® 77/22R

.22 LR | Blued Finish | American Walnut Stock

Ruger® 77/17RM

.17 HMR | Blued Finish | American Walnut Stock

Safety

Three-position safety that allows bolt to be locked – or the rifle to be loaded and unloaded with safety on.

Mounting System

Patented Ruger Mounting System with integral scope bases can never shoot loose, comes with free Ruger rings (up to an \$80 value).

Bolt

Rugged one-piece stainless steel bolt with dual, opposed locking lugs for accuracy and strength.

Magazine

Ruger patented detachable rotary magazines feature a unique rotor to separate cartridges and provide reliable feeding while fitting flush with the stock.

MODEL 96™ RIMFIRE

RUGER® 96/17 & RUGER® 96/22
LEVER-ACTION RIFLES

RUGER MODEL 96™ RIFLES

Chambered for .17 HMR and .22 WMR cartridges, the Ruger Model 96™ is well-suited for plinking and short-range small game hunting. The supplied combination tip-off and Weaver®-style scope adapter allows shooters to mount the optics of their choice. Carbine styling contributes to quick-handling in hunting situations. Their short overall length and light weight make them easy to carry in the woods or across the prairies.

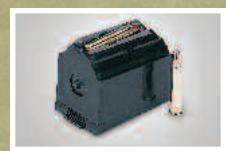

Ruger® Model 96™ Rimfire | 96/17M
.17 HMR | Blued Finish | Hardwood Stock

Ruger® Model 96™ Rimfire | 96/22M
.22 WMR | Blued Finish | Hardwood Stock

Fast Action
Short-throw lever (only 54 degrees) action for fast follow-up shots when needed.

Magazine
Ruger's rotary magazine provides superbly reliable feeding.

Butt Plate
Western carbine-style curved butt plate anchors the rifle to the shoulder while working the lever.

Sights
Fold-down rear sight and bead front sight are standard. Also comes with combination Weaver®-style and "tip-off" scope base for an array of sighting systems.

BASIC RULES OF FIREARMS SAFETY:

- Learn the mechanical and handling characteristics of the firearm you are using.
- Always keep the muzzle pointed in a safe direction; keep your finger off the trigger and safety "on" until ready to shoot.
- Firearms should be unloaded and securely stored when not in use.
- Be sure the barrel is clear of obstructions before using the firearm.
- Be sure of your target and what lies beyond it before you shoot.
- Wear shooting glasses and hearing protection when you shoot.
- Never climb a tree or fence with a loaded firearm.
- Don't shoot at a hard surface or at water.
- Never transport a loaded firearm.
- Avoid alcoholic beverages or drugs when shooting or handling a firearm.

RUGER® NO.1 SINGLE SHOT RIFLES

Ruger® No.1 Stainless Tropical | K1-H-BBZ

.375 H&H Mag. | Brushed Stainless Finish | Black Laminate Stock

Ruger® No.1 Light Sporter | 1-A

Ruger® No.1 Standard | 1-B

.204 Ruger | Blued Finish | American Walnut Stock

Breech

Strong, compact falling block breech mechanism.

Safety

Sliding tang safety provides instant visibility and accessibility.

Receiver

Robust, sculptured receiver forms a rigid support for barrel, stock and sliding breech block.

Stock

Wood-stocked models feature handsome, finely cut-checkered American walnut stocks.

Mounting System

Patented Ruger Mounting System with integral scope bases can never shoot loose, comes with free Ruger rings (up to an \$80 value).

RUGER NO. 1

The Ruger No. 1 rifle is the ultimate evolution of the single shot rifle, with smooth sculptured lines reminiscent of the handmade firearms of a less-hurried era. Its breech mechanism is strong, simple, and compact, ideally suited for both today's powerful cartridges and classic cartridges of yesteryear.

7.62x39mm | Matte Stainless Finish | Black Synthetic Stock

Improved Sights

Features a "ghost ring" adjustable rear aperture sight and a protected non-glare post front sight.

Mounting System

Patented Ruger Mounting System with integral scope bases can never shoot loose, comes with free Ruger rings (up to an \$80 value).

Recoil Pad

Wood-stocked Ranch Rifles feature flat, rifle-style recoil pads. All-Weather® models feature a flat, non-slip rubber buttpad.

Weather Resistant

All-Weather® Ranch Rifles feature a warp-proof, black synthetic stock with a matte stainless finish on the barrel and action.

New Heavier Barrel

All Mini-14® Ranch Rifles and Mini Thirty® Rifles come with a barrel that is heavier than its predecessor, for extra rigidity and accuracy.

Proven Action

Familiar Garand-style action gives unparalleled reliability under harsh operating conditions.

RUGER MINI-14® RANCH RIFLES AND MINI THIRTY® RIFLES

For decades, Ruger Mini-14® Ranch Rifles and Mini Thirty® rifles have been the rifles of choice for applications ranging from the farm and ranch to the deep woods. Ranch Rifles, available in .223 Rem. and now 6.8mm Rem. SPC, and Mini Thirty rifles in 7.62x39mm, are the perfect choices for small and medium-sized game. All Ranch Rifles and Mini Thirty® rifles come scope-ready from the factory.

**Heavy Barrel with Harmonic Dampener**

Heavyweight, hammer-forged, matte stainless steel target barrel features a recessed target crown and an adjustable harmonic dampener.

**Mounting System**

Patented Ruger Mounting System with integral scope bases can never shoot loose, comes with free Ruger rings (an \$80 value).

**Thumbhole Stock**

Laminate stock model features a thumbhole grip for more comfort at the range and better control when pulling the trigger.

**Adjustable Length-of-Pull**

Three-position rubber recoil pad enables you to change your length-of-pull by up to 1-1/2" on laminate stock model.

**Forend**

Laminate stock model boasts high comb grey laminate stock with a flat forend for easy holding or resting on sandbags.

**Hogue® Stock**

Rubberized, all-weather Hogue® stock model is non-slip, durable, and comfortable to shoot.

RUGER MINI-14® TARGET RIFLES

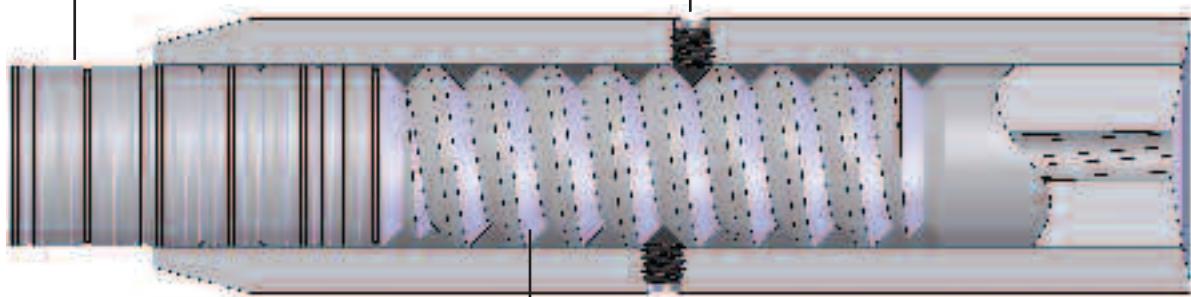

When extreme autoloading accuracy is the goal, Mini-14® Target Rifles are the only choice. With their heavy barrel and adjustable harmonic dampener (for tuning minute-of-angle accuracy), the Target Minis can shoot amazing groups when tuned for your ammunition. Like all Ruger Mini-14® Rifles, Target models come from the factory set up for scope use with patented Ruger scope bases machined directly into the receiver. A set of stainless steel Ruger scope rings is included free with each rifle, an \$80 value.

RUGER® SHOTGUNS

Ruger® Red Label Over-and-Under Shotgun | KRL-1227-BR

12 Gauge | 28" Barrels

Barrels

Back-bored, hammer-forged high-strength, steel barrels.

Rib and Sight

Dove-tailed, free-floating rib and brass bead front sight.

Chokes

Five steel-shot compatible screw-in chokes and wrench are included.

Receiver

Finely polished, corrosion-resistant stainless steel receiver has no exposed pins or screws.

Ruger® Gold Label® | Side-by-Side Shotgun | KSXS-1228

12 Gauge | 28" Barrels

(Current models sold out, redesigned models available summer 2008)

Finish

Hand-finished, rust blued barrel assembly in the finest tradition of classic shotguns.

Forend

Trim, slender forend with traditional Anson & Deeley-style forend latch.

Balance

Lightweight, hammer-forged steel barrels are back-bored to reduce felt recoil and give perfect balance.

Safety

Convenient top tang safety is automatic and doubles as a barrel selector.

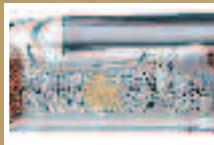

RUGER SHOTGUNS

There is a Ruger shotgun for virtually every sporting purpose, whether for upland game hunting, waterfowling, sporting clays, trap or skeet. Ruger shotguns are world-renowned for their rugged reliability and graceful, handsome lines. All Ruger shotguns are designed and built by American workers in Ruger factories located in the USA.

Loaded Chamber Indicator

Patented loaded chamber indicator provides visual and tactile indication that chamber is loaded.

Accurate Sighting

All adjustable-sight Mark III pistols are drilled and tapped for Weaver®-style scope base adapters (included).

Manual Safety

Manual Safety locks the sear when applied. Also features an internal lock that allows you to safely secure the firearm when not in use.

Comfortable Grip

Comfortable, natural pointing grip angle with checkered grip panels provides a non-slip hold. The manual safety and magazine release are within easy reach.

for more about
Ruger® Rimfire
Handguns!

Like the 1911

22/45™ pistols have grip angles identical to the 1911. They also have manual safeties, magazine latches and bolt hold-opens in the same locations as the 1911, making them perfect for .45 caliber shooters looking for a low cost way to practice.

Comfortable Grip

Precision-molded, fiberglass-reinforced polymer grip frame, with a serrated front strap and checkered grip panel areas and back strap for a comfortable, non-slip hold.

Accurate Sighting

All adjustable-sight Mark III pistols are drilled and tapped for Weaver®-style scope base adapters (included).

Built for a Hunter

Hunter models also feature a hunter-green case, micro-adjustable V-notch rear sight, HiViz® front sight with six interchangeable LitePipes®, and a 6-7/8" or 4-1/2" target-crowned, fluted bull barrel.

RUGER RIMFIRE PISTOLS

Ruger has made .22 pistols since Bill Ruger designed the first Ruger Standard pistol in 1949. Intended for target shooters, plinkers, hikers, campers, and small game hunters, they have been used as the standard target and training pistol by the U.S. Armed Forces, and have won countless target matches worldwide. Ingeniously simple and relentlessly reliable, Ruger's .22 pistols exemplify the very best in American craftsmanship and functionality - just like William B. Ruger, Sr. intended almost 60 years ago.

Picatinny Rail

A must for tactical shooters, P-Series pistols offer an optional accessory-ready built-in Picatinny rail (except P90™ and P944) that accepts modern lights and lasers to keep your sighting options open.

Performance Grip

Slim, contoured grip frame with non-slip textured or checkered grips make handling easy and shooting comfortable.

Durable

Custom-compound polymer or hard-coated, aircraft-quality aluminum frames with steel slides provide years of trouble-free service and confidence.

Safety

Ambidextrous safety is within easy reach of either thumb.

RUGER CENTERFIRE PISTOLS

In response to a U.S. government solicitation in 1985, Ruger developed its P85™ and launched the P-Series pistol, which has evolved into an entire Ruger pistol family. Known for their reliability, durability and performance in the field, P-Series pistols are simple, economical, and serviceable. And, most importantly, these pistols can be counted on to perform in adverse conditions. Made with either custom-compound polymer or hard-coated, aircraft-quality aluminum frames, steel slides and polymer grip panels, P-Series pistols provide years of trouble-free service and confidence.

more about the
Super Redhawk®!

RUGER® SUPER REDHAWK® | KSRH-7454

.454 Casull & .45 Colt | Target Grey® Finish
Now With Hogue® Monogrip®

RUGER® SUPER REDHAWK ALASKAN® | KSRH-2

.44 Mag. | Satin Stainless Finish
Hogue® Tamer™ Monogrip® with Sorbothane® Insert

**Hogue® Monogrips®**

All Super Redhawks® feature a Hogue® Monogrip® to help cushion the recoil of their powerful loads. Alaskan models feature a Hogue® Tamer™ Monogrip® with an internal Sorbothane® recoil cushion positioned under the web of the hand.

**Corrosion-Resistant Finishes**

Available in standard stainless or low-glare Target Grey® finishes, these models boast the durability and reliability that is the hallmark of a Ruger.

**Accurate & Powerful**

Chambered in either .44 Magnum or .454 Casull, they feature a strong triple-locking cylinder for more positive alignment with the barrel.

**Ruger Integral Scope System**

Standard models feature integral scope mounts machined directly into the frame and free Ruger scope rings for accurate and reliable sighting (not available on Alaskan models).

RUGER SUPER REDHAWK®

Ruger Super Redhawk® revolvers have all of the advantages of the Ruger Redhawk plus additional features like the unique Ruger cushioned grip system and an extended frame machined to accept unique Ruger scope rings (excluding Alaskan models), included free of charge. This is the most rigid scope-mounting system for handguns ever invented, ensuring accurate use of today's optical sighting systems.

Crimson Trace® Lasergrips®

Optional, factory-equipped Crimson Trace® Lasergrips® help put shooters on target more quickly and accurately in low-light conditions and help develop basic handgun skills.

Easy Maintenance

Easy takedown, with no special tools required, allows for no hassle maintenance and assembly.

Reliable, Durable & Dependable

Solid steel frame with no side plates, combined with the Ruger patented triple-locking cylinder boast all the reliability, durability, and dependability you've come to expect of a Ruger.

RUGER SP101® / GP100®

The SP101® and GP100® revolvers are small and medium-framed guns that boast the strength to handle powerful .357 Magnum cartridges. Strong and reliable shot after shot, both the SP101® and GP100® accept all factory .38 Special cartridges, making them perfect for practicing at the range. The SP101® is feature rich - chambered in three calibers and a variety of configurations (including traditional and spurless hammer models) all on a small frame.

REDHAWK REDHAWK

RUGER® REDHAWK® DOUBLE-ACTION REVOLVERS

RUGER REDHAWK®

The Ruger Redhawk® revolver was Ruger's first double-action revolver specifically designed for the powerful .44 Magnum cartridge. Ruger Redhawks are perfect for the big game handgun hunter who needs the power of a .44 Magnum in a rugged, dependable revolver.

RUGER® REDHAWK® | RH445
.44 Rem. Mag. | Blued Finish | Rosewood Grip

RUGER® | KRH-45-4
.45 Colt | Satin Stainless | Hogue® Monogrip®

See page 68 for more about Ruger's Hunting Revolvers!

Dependable
Triple-locking cylinder provides a more positive alignment, and dependable operation shot after shot.

Smooth
A unique single spring mechanism allows for a smooth, lighter trigger pull.

Simple Sighting
Easily replaceable front sights and adjustable rear sights, make for easy sighting.

Reliable & Durable
All stainless steel construction (except RH-445) with no side plates, extra support at the top straps and key stress points around the barrel ensure durability and reliability.

NEW MODEL SUPER BLACKHAWK®

RUGER® NEW MODEL SUPER BLACKHAWK® SINGLE-ACTION REVOLVERS

RUGER NEW MODEL SUPER BLACKHAWK®

Handgun hunters, long-range competitors and fans of the single-action revolver are attracted to the classic design, rugged durability and smooth functioning of the Ruger New Model Super Blackhawk®. Designed specifically to exploit the full potential of the powerful .44 Magnum cartridge, its advanced design sets the single-action revolver standard for reliable performance for big-game hunters.

RUGER® NEW MODEL SUPER BLACKHAWK® BISLEY HUNTER | KS-47NHB
.44 Mag. | Satin Stainless Finish | Black Laminate Grip

Original "old model" (pre-1973) owners - see page 135 for an important FREE safety offer from Ruger!

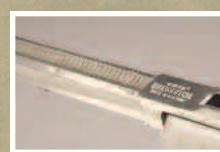

Comfort & Tradition
Traditional Western-style grip, long acknowledged to be one of the most comfortable and natural pointing of any grip style. Bisley grips (not shown) help tame the .44 Magnum's recoil.

Durable & Reliable
Coil springs throughout provide for durability, while ramp front and adjustable rear sights help keep you on target for reliable shots.

Safety
Patented Ruger transfer bar mechanism and loading gate interlock provide an unparalleled measure of security against accidental discharge.

The Hunters
Hunter models feature a heavy, ribbed barrel, machined for Ruger scope rings (included free). Bisley Hunter models feature longer black laminate Bisley-style grips, lower Bisley hammer and curved trigger.

NEW MODEL BLACKHAWK®

RUGER® NEW MODEL BLACKHAWK®
SINGLE-ACTION REVOLVERS

**RUGER® NEW MODEL
BLACKHAWK® I KBN44**
.45 Colt | Satin Stainless Finish
Rosewood Grips

**RUGER® NEW MODEL
BLACKHAWK® CONVERTIBLE I BN36XL**
.357 Mag./9mm | Blued Finish
Checkered "Hard Rubber" Grips

RUGER NEW MODEL BLACKHAWK®

The Ruger New Model Blackhawk® is the most advanced single-action revolver ever made. Owning a New Model Blackhawk® Convertible Revolver is like having two guns in one. With its interchangeable cylinder, the New Model Blackhawk® can easily be changed from shooting .38 Special and .357 Magnum to 9mm Luger or from .45 Colt to .45 Auto. This versatility allows avid shooters of autoloading pistols to enjoy shooting a classic American single-action sidearm with their favorite pistol cartridge.

**Original "old model" (pre-1973)
owners - see page 135
for an important FREE safety
offer from Ruger!**

**Configuration Variety**

The New Model Blackhawk® is offered in a variety of calibers and configurations - barrel length, grips, finish and weight - for every style or feel desired by today's single-action shooters.

**Reliable & Durable**

Ruger's patented transfer bar ignition system with loading gate interlock and reverse indexing pawl, together with an all-coil spring mechanism, adjustable sights, and frame-mounted firing pin offer just what you expect from a Ruger - satisfaction.

**Comfort & Tradition**

Traditional Western-style grip, long acknowledged to be one of the most comfortable and natural pointing of any grip style. Now available with traditional checkered "hard rubber" grips.

**Safety**

Patented Ruger transfer bar mechanism and loading gate interlock provide an unparalleled measure of security against accidental discharge.

**Convertible: this model includes an extra cylinder in .45 Auto and can be interchanged without the use of tools.

Note: Internal lock models are designated by an "L" in the catalog number.

NEW VAQUERO® & BISLEY

RUGER® NEW VAQUERO® & BISLEY SINGLE-ACTION REVOLVERS

RUGER® NEW VAQUERO® & BISLEY

Since its introduction in 1993, the Ruger Vaquero® has dominated the cowboy action shooting world and earned its reputation for rugged reliability. Just as rugged, but with new features, the Ruger New Vaquero® exceeds the legendary reputation of the original Vaquero®.

The original Bisley revolver was the target revolver of the 19th century. Ruger Bisley revolvers improve on the target-style grip shape of the original Bisley and feature specially curved target hammers and triggers.

RUGER® NEW VAQUERO® | NV455

.45 Colt | Color Case Frame Finish
Checkered "Hard Rubber" Grips

RUGER® BISLEY | RB45W

.45 Colt | Blued Finish | Rosewood Grips

See page
80 for more
about the
New Vaquero®!

"Old West" Feel

New Vaquero®s feature original-size, pre-1962 "XR-3" style, steel grip frame - with checkered, "hard rubber" grips - for authentic "Old West" feel and handling in the New Vaquero®.

Easy Load & Carry

Patented Ruger reverse indexing pawl allows for easier loading and unloading, while the traditional beveled cylinder simplifies holstering (New Vaquero® only).

Traditional Form

Handsome, larger crescent-shaped ejector rod head boasts traditional form, perfect for every cowboy or cowgirl (New Vaquero® only).

Blued "Color Case" Finish

New Vaquero® blued models feature a "color case" finished frame with blued barrel, trigger guard and cylinder.

RUGER® NEW MODEL SINGLE SIX® & NEW BEARCAT® SINGLE-ACTION REVOLVERS

NEW MODEL SINGLE SIX® AND NEW BEARCAT®

RUGER® NEW MODEL SINGLE SIX® | KNR5
 .22 LR / .22 Mag. | Satin Stainless Finish | Rosewood Grips

RUGER® 50th Anniversary BEARCAT® SBC-4-50
 .22 LR | Blued Finish | Cocobolo Wood Grips

50th Anniversary Bearcat® only for 2008!

Commemorating the introduction of the original Bearcat in 1958, for 2008 only, Ruger offers this special, limited edition Bearcat. Featuring a blued finish with 14kt gold inlay and brown cocobolo wooden grips, the gun comes with its own rug, unique anniversary box, and Bearcat history booklet.

RUGER® NEW BEARCAT® | SBC-4
 .22 LR | Blued Finish | Rosewood Grips

Precision-Adjustable Sights

Rear sight of New Model Single Six® is precisely adjustable for windage and elevation.

Convertible Cylinders

Convertible models allow shooters to quickly change from shooting .22 LR to .22 Mag. ammunition.

Blued or Stainless

Choose between traditional blue or weather-resistant stainless steel.

Transfer Bar System

Ruger was the first to offer a single-action with a transfer bar operating system for added safety.

Scaled for .22 Cartridges

Ruger Rimfire single-actions are perfectly sized for their smaller low cost cartridges.

50th Anniversary Bearcat

This model features "50th Anniversary Bearcat - 2008" inlaid in the barrel. Available only during 2008.

See page 5 for more about
the 50th Anniversary BEARCAT®!

RUGER NEW MODEL SINGLE SIX® & NEW BEARCAT®

Ruger New Model Single Six® .22 caliber, and .17 caliber single-actions come in a wide variety of barrel lengths, finishes, sights, and grips. .22 caliber models come with two cylinders (one in .22 LR and one in .22 Magnum) for increased versatility. Hunter models come with an integral barrel rib for rigid mounting of the Ruger scope rings, at no extra charge.

Ruger's New BEARCAT® is different from its other single-actions. Smaller, lighter, and based on older Remington single-actions of the 1800's, it has a one-piece cylinder frame that also forms its compact grip. It has been described as "a mechanical jewel," and is the smallest and lightest .22 caliber single-action made by Ruger. The compact New BEARCAT® is perfect for the backpack or tackle box.

411 Sunapee Street
Newport, NH 03773
Tel: (603) 865-2442
Fax: (603) 863-6165

Notice: Weights of all Ruger firearms, and rifles in particular, may vary from published weight because of variations in wood density, bore size, barrel length and style. All weights specified in this catalog are approximate. All ammunition that appears in this catalog is shown actual size only when noted. Sturm, Ruger & Co., Inc. does not manufacture scopes and optics, and scopes and optics are not included with any firearm purchase.

All prices in this catalog are suggested only. At Sturm, Ruger & Co., Inc., we list suggested retail prices because we feel this information is an aid to our customers in examining our products. Sturm, Ruger & Co., Inc. does not sell firearms directly to consumers. Ruger products are stocked and sold by thousands of federally licensed independent retailers in the United States and in many foreign countries. We believe there are many benefits to purchasing firearms from a specialty firearms store where you can receive the advice and knowledge of an experienced retailer.

The Sturm, Ruger & Co., Inc. Eagle logo, SR design, 10/22, AC-556, All-Weather, Arms Makers for Responsible Citizens, Bearcat, Blackhawk, Gold Label, GP100, Hawkeye, M77, Mini Thirty, Mini-14, Old Army, P345, Redhawk, RUGER, Ruger 77/17, Ruger 77/22, Ruger 77/44, Ruger SP101, Ruger Vaquero, Security-Six, Service-Six, Single Six, Speed-Six, Super Redhawk Alaskan and Target Grey are registered U.S. trademarks. "The Frontier" is a registered trademark of New Colt Holding Corp.

All specifications and prices are subject to change without notice.

AN IMPORTANT FREE SAFETY OFFER FROM RUGER:

Three frame screws identify the "old model" Single Six, Blackhawk, and Super Blackhawk made from 1953 to 1972.

Do you own an "old model" (pre-1973) Ruger Single Six, Blackhawk, Super Blackhawk, or Bearcat single-action revolver like these?

Three frame screws identify the "old model" Single Six, Blackhawk, and Super Blackhawk made from 1953 to 1972. Serial numbers below 93-00000 identify old Bearcat and Super Bearcat models made from 1958-1972.

The patented Ruger Conversion Kit is an entirely new operating system for these revolvers. **It can help prevent accidental discharges caused by a drop or blow to the hammer if the user has failed to take the basic safety precaution of keeping the hammer down on an empty chamber. That's very important!**

Serial numbers below 93-00000 identify old Bearcat and Super Bearcat models made from 1958-1972.

This mechanism can be factory-installed without any further alteration. The frame and other major parts will not be affected by this conversion. The value of the gun will not be impaired, and we will return your original parts for collector's purposes.

To receive a free factory safety conversion, write to us at Sturm, Ruger and Company, Inc.; 411 Sunapee Street Newport, NH 03773. We will provide you with a shipping container and instructions. You only pay initial shipping to our factory. We will cover all other charges including return shipping costs. Please write to us without delay if you have one of these guns, and tell your friends about the availability of this kit. Remember that the safest way to carry any older single action revolver, regardless of manufacturer, is with the hammer down on an empty chamber.

PLEASE WRITE TO US AT:

Ruger, Conversion Department 411 Sunapee Street, Newport, NH 03773 for full details and a FREE shipping box.

If your revolver has the words "New Model," "Bisley," or "Vaquero" on the frame, this offer is not applicable.
