Final Approach™ has taken the commitment to enhance our brand strength seriously. We have continued to be a leading marketer of unique designs in high performance products, and have backed it up with a promise to remain competitive and provide solid profitable growth for our customers.

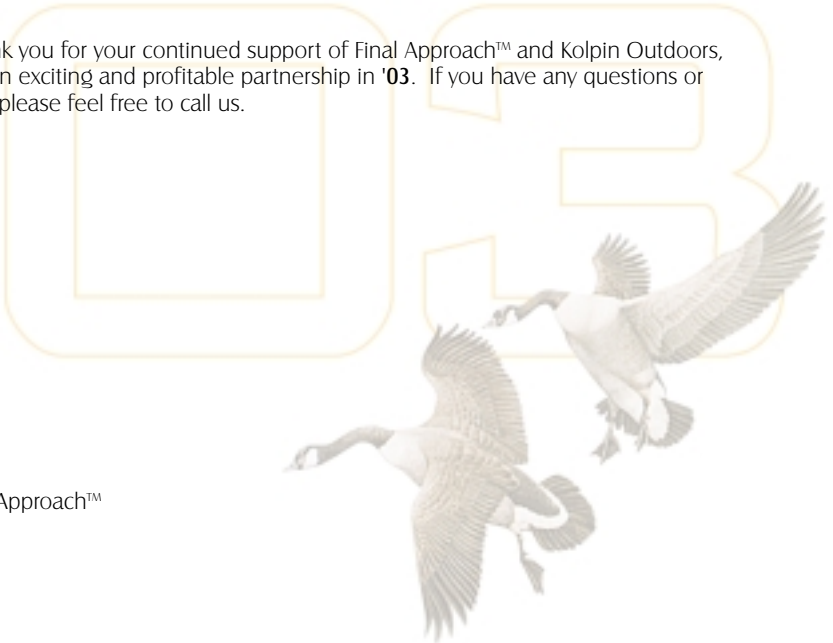

For '03, we have expanded our hunting blind product line even further and are excited to announce the acquisition of **Dead-On Outdoors™**, an extremely affordable and versatile hunting blind that doubles as a tote sled for transporting gear. To accommodate hunters in extreme weather conditions, the new **Top Gun™** blind incorporates the Pro-Guide's™ superior features with a 100% waterproof floor and a comfortable padded seat to create the newest addition to our Eliminator® blind line-up. For the extreme mobile hunter, it's the **One Shot™**, our clever decoy tote and backpack blind system. The innovations continue with **Whoopgrass™**, a time-saving cutting-edge camouflage grassing material that every hunter will appreciate. The **Inside Edge™** gun case combines state-of-the-art design with quality materials, and our new decoy bags are guaranteed "hassle free". We are proud that all of our products are built with the level of quality that our customers have come to expect from Final Approach™... the very best!

The Final Approach™ and Kolpin team remains strong at the forefront of the industry. With our continued investment in advertising and public relations, coupled with cutting-edge products, we plan to stay there.

We would like to thank you for your continued support of Final Approach™ and Kolpin Outdoors, and look forward to an exciting and profitable partnership in '03. If you have any questions or need any assistance, please feel free to call us.
