★ Handcrafted in the USA ★

Oak 8 Gun Cabinet—CDCS

*Decorative  
Crown Molding!*

## American Gun Cabinet

selects high quality oak, cherry, maple, and mahogany. The wood is then sanded smooth utilizing the latest sanding technology found at only the finest furniture manufacturers in the world. By starting with quality products and combining them with cutting edge techniques you create a gun cabinet with fine furniture characteristics. Attention to detail is given to all aspects of the building process. We use old-world glue and biscuit techniques on the majority of the cabinet. Decorative crown and base molding are part of every cabinet design. If you are looking for something truly spectacular you can upgrade to Raised Panel solid wood sides instead of veneer. The final step is the use of a catalyzed topcoat for a remarkable finish.

**Cherry DU-CDASRP  
6 or 8 Gun Cabinet**

The mission of Ducks Unlimited is to fulfill the annual life cycle needs of North American waterfowl by protecting, enhancing, restoring, and managing important wetlands and associated uplands. Since its founding in 1937, DU has raised more than \$1.5 billion, which has contributed to the conservation of almost 10 million acres of prime wildlife habitat in all 50 states, each of the Canadian provinces, and in key areas of Mexico. In the U.S. alone, DU has helped to conserve more than 2 million acres of waterfowl habitat. Some 900 species of wildlife live and flourish on DU projects, including many threatened or endangered species.

Manufactured and sold under license from Ducks Unlimited

*Smoked Glass Upgrade*

### WARNING!

These gun cabinets are not gun safes. They have been designed for the display of guns—NOT to secure them.

Never store loaded weapons in these gun cabinets.

Please follow all local, state and federal gun safety rules, practices and laws at all times. We recommend anyone with small children to use a gun safe instead of a gun cabinet.
