THE PROLOGUE

THE LINE OF THE FAMOUS ANSCHÜTZ
HUNTING, SPORTING, VARMINT AND
CUSTOM GRADE RIFLES.

SINCE 1856 WE HAVE MANUFACTURED
TARGET AND SPORTING RIFLES AND
PISTOLS IN THE FAMOUS ANSCHÜTZ
QUALITY.

THE COMBINATION OF TRADITION AND
PROGRESS, RESEARCH AND DEVELOPMENT
AS WELL AS THE CONTINUOUS SEARCH
FOR NEW IDEAS AND INNOVATIONS AND MODERN TECHNOLOGY HAVE
CREATED A HIGH STANDARD PRODUCT RANGE.

IN THE WAY THE AUTOMOTIVE INDUSTRY TAKES ADVANTAGE OF
RESEARCH AND DEVELOPMENT OF RACING COMPETITIONS YOU ALSO
WILL PROFIT FROM THE SUCCESSFUL DEVELOPMENT OF ANSCHÜTZ
SPORTER RIFLES OR PISTOLS.

THE OUTSTANDING RESULTS OF OUR TARGET RIFLES AT
OLYMPIC GAMES, WORLD AND CONTINENTAL
CHAMPIONSHIPS CLEARLY DEMONSTRATE AND EQUATES
TO THE QUALITY AND DESIGN STANDARDS USED IN OUR
SPORTER RIFLES AND PISTOLS.

1856

The son of the gunsmith Johann Heinrich Gottlieb Anschütz, **Julius Gottfried Anschütz** and his wife **Luise Anschütz** founded the company J. G. Anschütz, for the manufacture of Flobert and pocket pistols, Teschings, shotguns and Lancaster Terzerole.

▲ ANSCHÜTZ factory in 1900

1950

A new beginning in Ulm. The company J. G. ANSCHÜTZ GmbH is founded. The company has 7 employees and 20 machines. In the beginning they make air pistols and carry out repair works, then they start to manufacture Flobert and target rifles. Soon the company has 250 employees. The first target shooting successes come in. Then everything goes very fast.

1968

Dieter Anschütz, representing the 4th generation takes over the management of the company and he continues to this day with all his knowledge, competence and personal engagement to lead the company to an even brighter future.

1972

After the overwhelming success of the ANSCHÜTZ Match Rifle the slogan „**ANSCHÜTZ makes Champions**“ („**Die Meistermacher**“) was created and it is still valid.

1992

Jochen Anschütz, representing the 5th generation becomes president of the company and is now leading it together with his father.

TODAY

ANSCHÜTZ continues to engineer its rifles to higher and higher standards of quality, accuracy and performance for discerning US sportsmen that demand no less. The Olympic performance and accuracy is engineered into every product, from precision target grade barrels, smooth as silk cam cocking bolt, to crisp match triggers, to perfect hand bedding that make ANSCHÜTZ sporting rifles the most accurate in the world.

- Single stage Match Grade target trigger 2.5 lbs.
- Target Grade barrel, button rifled, match target crowned and free floated.
- Classic stock.

Model 1517L D Cal. .17 HMR
Classic, left hand.

Item No. 221.3095

Target Sporter with 64 action and two stage trigger (10 oz.):

The ANSCHÜTZ accuracy line for rifle shooters!

Based on the lighter 64 match action, the new 64 Sporter Target is match quality workmanship and accuracy. The 64 action and 8 groove Olympic match ANSCHÜTZ target barrel are the same as the world renowned 1416, 1517 and 64 MPR rifles. The 11 mm receiver rail for scope mounting is textured to reduce reflection when metallic sights are used. The bolt face is recessed for full cartridge head support. An additional gas escape

Model 64 R Sporter Target
Cal. .22 l.r.

Item No. 219.4500

groove guarantees safety. A lateral sliding safety blocks the trigger. The rifle can be loaded and unloaded in the "safe" position. A claw extractor and an additional cartridge holder with ejector

guarantee trouble-free fast repeating. The two stage trigger 5098 is adjusted to a weight of 10 oz. and can be adjusted by gunsmiths from 8.2 oz. to 10.7 oz. The receiver is drilled and tapped for

scope mounts and ANSCHÜTZ target sights. The target stock with adjustable butt plate and accessory rail, fits right and left hand shooters.

MODEL 54 MATCH ACTION

1700 Series ANSCHÜTZ Varmint Repeaters:

The model 54 action is the Olympic winning action that is the basis for the 1700 series Sporters. It has dominated National, International, and World Championships and Olympic Games for over 40 years.

Each 1700 series Sporter is engineered and built with the same attention to workmanship, accuracy and quality as its Olympic target rifle brethren.

Action:

CNC precision machined from a solid block, with the bolt lugs recesses machined eccentrically within the action for proper bedding.

The bolt face is fully recessed for full cartridge head support. Dual locking lugs with claw extractor and cartridge guide insure positive feeding. The bullet head is guided perfectly into the chamber, just like the ANSCHÜTZ Olympic Biathlon competition rifles.

A unique in line, very light firing pin design gives the ANSCHÜTZ 54 action the world's fastest lock time, and allows dry fire without damage.

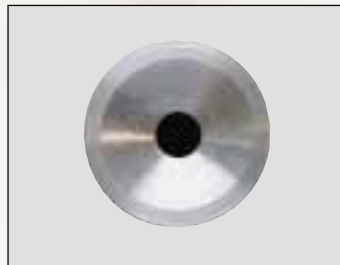

Grooved, 11 mm receiver rail is drilled and tapped, and will take most American made rings and bases. American tip off mounts are available from B-Square, Millet, Redfield and Blount.

Safety:

Wing type safety completely encloses the firing pin. When activated, it pulls the firing pin back from the bolt face, positively locking it into a safe position.

Trigger:

Single stage (fully adjustable by professional gunsmiths from 2 to 4.4 lbs.). The same Olympic experience and engineering goes into every trigger. True Match quality, they are manufactured to watch makers tolerances, making ANSCHÜTZ triggers unparalleled by any other rifle for lock time, feel, and crispness. Factory set to 2.5 lbs.

▲ ANSCHÜTZ 11° bevel target crown.

Barrel:

8 groove (for rimfire) or 6 groove (for center fire) Olympic match ANSCHÜTZ target grade, precision chambered, button rifled and lapped to Olympic competition specifications. Target crowned. A test target is included which attests to each individual rifle's accuracy.

Sights:

Folding rear sight adjustable in height in connection with a sporting ramp front sight with bead adjustable in height with hood (where applicable).

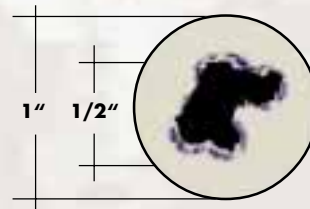

Stocks:

1. Classic

Classic straight walnut stock, hand checkering at pistol grip and forearm with border, Classic grooved black polymer butt plate.

2. Monte Carlo Custom

Monte Carlo walnut stock with roll-over cheek piece, Schnabel tipped forearm, pistol grip cap of rosewood with white diamond inlay and white spacer, hand checkering at pistol grip and forearm, with bordering; grooved black polymer butt plate with white spacer and swivel studs.

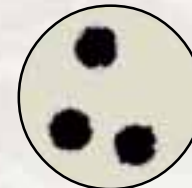

Typical 1710 D:
10-shot .22 l.r. test fire group at 55 yards.

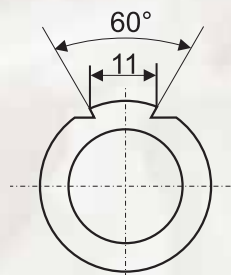

Typical 1717 D:
10-shot .17 HMR test fire group at 55 yards.

Typical 1730 D:

MODEL 64 MATCH ACTION

1416/1516/1517

Series Sporters:

The Model 64 Match action is a lighter action than the Model 54, but still retains full ANSCHÜTZ match quality workmanship, accuracy and perfection.

Action Match 64:

CNC precision machined with cam cocking bolt. The bolt face is fully recessed for full cartridge head support. Target type ball on bolt handle. Claw extractor and cartridge guide insure positive feeding. The bullet head is guided perfectly into the chamber, just like the ANSCHÜTZ Olympic Biathlon competition rifles. Grooved, 11 mm receiver rail is drilled and tapped, and will take American made rings and bases.

Barrel:

8 groove Olympic match ANSCHÜTZ target grade, precision chambered, and button rifled to Olympic competition specifications. Target crowned. A test target is included with all Models 64 MP R which attests to individual rifle accuracy.

Trigger:

2.5 lbs. single stage trigger 5094. Fully adjustable by professional gunsmiths from 2 to 4.4 lbs. The trigger is the same as used in the ANSCHÜTZ 1903 target rifle. Factory set to 2.5 lbs.

Safety:

Lateral sliding safety disables the trigger, allowing unloading in the "Safe" position.

Stocks:

1. Classic

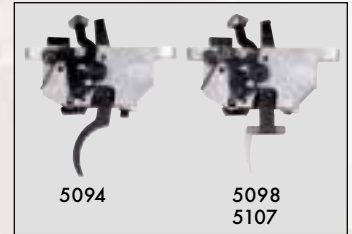

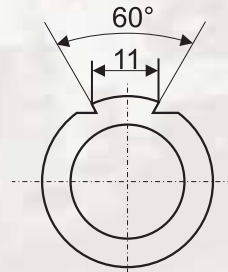

Classic straight walnut-stained and lacquered stock, checkering at pistol grip and forearm with black butt plate and swivel studs.

2. Monte Carlo Custom

Monte Carlo walnut stock with Schnabel tipped forearm. Pistol grip and forearm are finely checkered, black butt plate with checkering and white spacer and swivel studs.

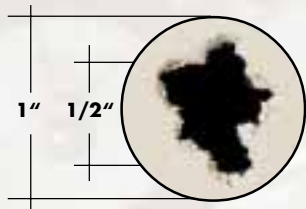

Sights:

Folding rear sight is adjustable in height as is the hooded sporting ramp front sight.

All ANSCHÜTZ Olympic Class Sporters have 11 mm receiver rail and are drilled and tapped for scope mounts to fit

- B-Square.
- Ironsighter # 91 front and rear.
- Millett Universal 22 TP series.
- Redfield 47365.
- Talley.
- Warne 721.
- Weaver 91 front and rear.

Typical Target 1416:

10-shot .22 l.r. test fire group at 55 yards.

Typical Target 1516:

10-shot .22 WMR test fire group at 55 yards.

Typical Target 1517:

10-shot .17 HMR test fire group at 55 yards.

Match 64 Action with target knob.

MODEL 64 R SPORTER TARGET

ANSCHÜTZ Sport and Target Repeater:

Action Match 64

Bolt action repeater, with detachable 10-shot magazine. Action is cam cocking with claw extractor and cartridge holder, recessed bolt face for full cartridge head support. Sliding safety.

A great target rifle and a great varmint rifle. Ideal for the beginning small bore target shooter and makes a great training

rifle, when fitted with basic target rifle accessories like the ANSCHÜTZ 6834 micrometer sight set, 6226 position hand stop and 4846 single shot magazine block adapter. The target stock fits right and left hand shooters, is vertically and horizontally adjustable at the butt plate, which can be extended with additional 1/3" thick spacers. 2 spacer

Model 64 R Sporter Target shown with accessories.

comes with the rifle. The ergonomic pistol grip is stippled. The forearm has an aluminum target rail for target rifle accessories like a hand stop. The 21 1/4" heavy target barrel with 0.87 muzzle diameter is grooved for ANSCHÜTZ target front sight and chambered and rifled to ANSCHÜTZ target barrel specifications. The "ANSCHÜTZ Accurate" 64 R Sporter Target is ready to go right out of the box, you don't need to add after market target barrels, target stocks or rework the trigger.

To convert the rifle for varmint hunting or plinking, just install a scope on the 11 mm grooved receiver.

Accessory rail with black removable insert.

ANSCHÜTZ SPORTING RIFLES & PISTOLS

ANSCHÜTZ Sporting Rifles & Pistols are assuredly among the most accurate, if not the most accurate and precisely made small bore firearms in the world! ANSCHÜTZ Sporters are assembled with the same precision rifling, the same bolt assemblies (sporterized in scale), by the same ANSCHÜTZ craftsmen, using the same manufacturing equipment and assembly processes with quality standards as used in the manufacture of the world famous and record setting ANSCHÜTZ Target Rifles. The best small bore shooters in the world have been winning and setting world records with ANSCHÜTZ for the past forty years.

ANSCHÜTZ firearms and "ANSCHÜTZ ACCURACY" are not for everyone. If you want an adequately accurate rifle that is capable of hitting a tin can size target at 25 to 50 yards you do not need "ANSCHÜTZ ACCURACY." If you are a discriminating shooter and appreciate fine craftsmanship, precise function and demand world class accuracy that will consistently hit dime sized targets at 50 yards or "off hand" silhouettes at 100 yards – you need "ANSCHÜTZ ACCURACY."

WHERE TO BUY ANSCHÜTZ SPORTING FIREARMS

ANSCHÜTZ Sporters and Sporting accessories are available through leading firearms dealers. If your local dealer does not inventory the ANSCHÜTZ rifle you are interested in, they can obtain ANSCHÜTZ Sporting Firearms & Accessories from one of the ANSCHÜTZ wholesale distributors - noted below. These distributors DO NOT sell to the public.
