Firearms Safety

For information on obtaining Ruger safety materials or a safety video, please call (928) 541-8820.

Dear Fellow Recreational Shooters:

It has been my privilege to work at Sturm, Ruger & Co., Inc. for the last 24 years. Recently, it has become my good fortune to realize the dream of every firearms enthusiast to be named president of this largest and finest American firearms manufacturer.

My very first target pistol was a Ruger, purchased in 1967. I admired its quality, reliability, and above all, its value. After coming to work for Bill Ruger in 1980 and getting to know him, I learned the real reason for the outstanding reputation of Ruger firearms. "Always remember that every one has my name on it," Bill often said, and that meant everything to him.

As we embark on our first complete accessory and logo wear catalog, we pledge to you that every item bearing the Ruger name will be of the quality that our customers have come to expect. We have extensively upgraded our offerings for 2004, and we believe you will be pleased with what you see in these pages. We now have a wide variety of accessories available in virtually every price range.

You will also see some of our extensive firearms safety materials in this catalog, from safety reprints to safety booklets, locks, videos, and safes. Firearms safety has always been of paramount importance at Sturm, Ruger. In fact, my first introduction to the Company was by reading the now-famous safety poem "A Father's Advice" in an outdoor magazine in 1965. I remember thinking, "Now, that's a Company I'd like to work for!", little knowing what the future would hold. Over the years, Bill Ruger strongly encouraged us to help promote the safe and responsible use of firearms, which has become a symbol of Sturm, Ruger & Co., Inc.

So, please wear the Sturm, Ruger logo proudly, and use your Ruger firearms and accessories in the safe and responsible fashion that Bill Ruger intended. We are proud to be "Arms Makers for Responsible Citizens" and are honored to have as our customers those who accept the serious responsibility of handling firearms safety and wisely.

We hope you enjoy these new items. Please let us know if there is anything else you would like to see bearing the famous Ruger name -- we want to hear from you!

Sincerely,
STURM, RUGER & CO., INC.

Steve Sametti
Stephen L. Sametti
President

P.S. You can phone in orders directly from this catalog or from our extensive new website at www.ruger.com.

Ruger announces a new gun safe to help our customers meet their responsibility to store Ruger firearms safely. Its 23 cubic feet capacity easily stores 12 long guns, with shelf space for handguns and accessories. It weighs 580 pounds and is 30" wide, 60" tall, and 22" deep. Standard features include: 3/4" thick composite door; Sargent & Greenleaf Group II lock; internal ball bearing hinges; recessed doors to inhibit prying; active door bolts to prevent frame damage; embedded diamond plate protection to help prevent the lock from being drilled out; six one-inch diameter chrome plated bolts; Teflon bolt guides to reduce door/bolt abrasion, rusting and squeaking; relockers to deadlock the boltworks if the safe is attacked by torching, drilling or attempted forced entry; and Class I fire protection shell providing a fire rating of 1250° F for 45 minutes. Finished in a durable, textured black-jade finish with accenting stripe and Sturm, Ruger logo. This gun safe is a California-approved firearms safety device ("acceptable safe") that meets the requirements of California Penal Code Section 12088 and regulations issued there under. Call Sturm, Ruger at (603) 865-2442 for details and ordering information.

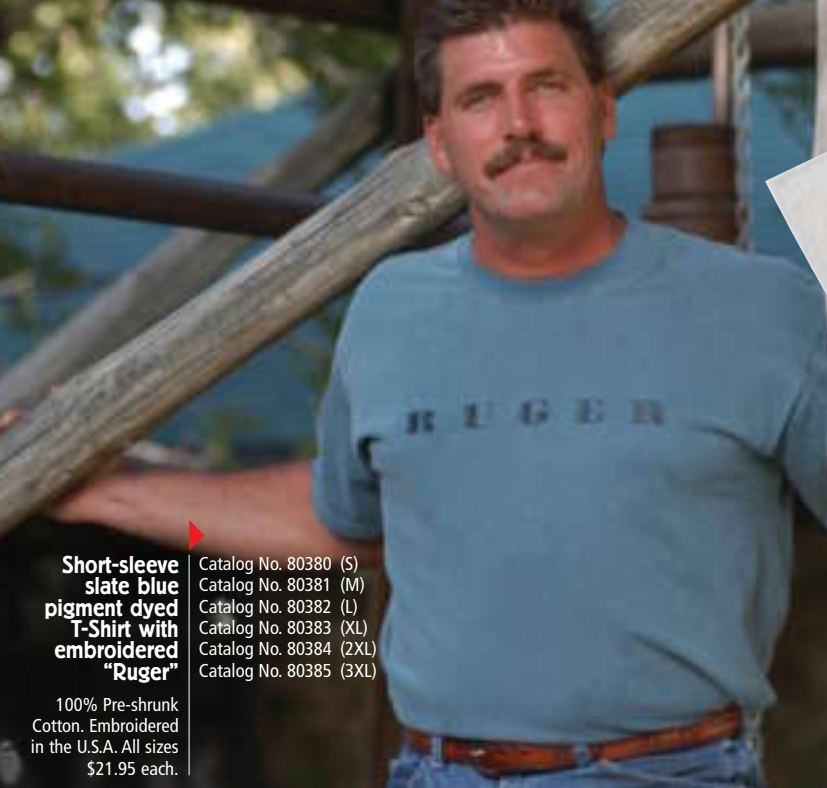

Sturm, Ruger & Co., Inc. reserves the right to change the prices or availability of its products at any time without notice.

◀ **Spare tire cover for your RV or SUV**

Made of supported vinyl. Available in two sizes to fit most tires 29" to 32". Measure the width of your tire or calculate your tire diameter for the correct size. Example: Tire size P255/70 R16. To calculate, take 255, multiply by .70, multiply the result by 2, divide this total by 25.4, then add the rim size (16) for the final tire size. In this example the result is 30.5 for a cover of 32".

29" Tire Cover - Catalog No. 81006 \$35.25
 32" Tire Cover - Catalog No. 81007 \$40.50

Catalog No. 89103 \$14.95

Ruger has made over 3 million golf clubs for some of the most famous names in golf! Now you can experience the same accuracy, dependability and value in the Ruger Ti 350 driver that you have come to expect from your Ruger firearms. Buying an American brand driver doesn't always mean made in America. For a true 100% made in the U.S.A titanium driver, the **ONLY** choice is Ruger. Rankmark, the leading independent golf testing firm, named the Ruger Ti 350cc a "Best of the Best" driver for 2003.

Ruger Ti 350 Drivers ▶

Made in our Ruger Foundry in Prescott, Arizona. Featuring our proprietary Centerfire shaft from Penley Sports, and Tour wrap grips from Star Grip, the Ruger Ti 350 is designed for serious performance. Comes with embroidered Ruger head cover. Available in 3 lofts and 4 shaft flexes. Price \$319.

Refer to Catalog No. Chart on order form for available combinations of Loft and Flex.

Three Launch Options to maximize distance and accuracy:

TYPE	LOFT	
High Launch	10.5	Best suited for swing speeds 85mph and slower.
Mid Launch	9.5	Best suited for swing speeds 86-105mph.
Low Launch	8.5	Best suited for swing speeds 106 mph and faster.

Embroidered Ruger logo head cover ▶

Deep blue head cover featuring the Ruger logo embroidered in yellow gold thread. Included with the purchase of the Ti 350 Driver, but can also be purchased separately. \$9.95 each.

Centerfire shafts from Penley Sports of San Diego, California

These proprietary shafts are designed for maximum feel and performance. The shaft's weight range is 68 grams (A and Regular Flex) to 73 grams (Stiff and X-Stiff Flex). Suited for all levels of play from High Handicap golfers to Tour Professionals, the Centerfire shafts ensure solid feel at impact and reduced vibration.

Find the right shaft for your game:

FLEX	
A Flex	(For Seniors and Ladies): Best suited for swing speeds 79mph and slower.
Regular Flex	Best suited for swing speeds 80mph - 95mph.
Stiff Flex	Best suited for swing speeds 96-105mph.
X-Stiff Flex	Best suited for swing speeds 106 mph and faster.
