product catalog

CZ-USA

At CZ-USA we are constantly adding new products and configurations to our product line to meet the sporting needs of the US customer. We are doing everything that we can to help our customers have a safe and successful experience when using our products in the field, competition, or daily life.

The 2005 catalog expands the CZ-USA offerings by 7 calibers/gauges, both classic and cutting edge, all of them new to the CZ line. The 17 Mach 2, and .204 Ruger are available in both Varmint and American configurations. With the introduction of the Safari Classics line of safari rifles and accessories, we are adding the .404 Jeffery, .450 Rigby, and the .505 Gibbs.

This year we are introducing the CZ 75 Compact in .40 S&W, our first true compact sized pistol in .40 S&W, and a complete line of high quality side by side and over/under shotguns in .410, 28, 20, and 12 gauge.

Finally, we're celebrating the 30th Anniversary of the CZ 75 with a presentation of quality, engraved model of the CZ 75 B, limited to 1000 pieces.

CZ

Nestled in the rolling hills of the southeastern Czech Republic is Ceska Zbrojovka, Uhersky Brod (CZUB for short).

The Uhersky Brod plant is the largest small arms factory in the world, including over 200 acres of buildings alone. Ceska Zbrojovka translates to Czech weapons factory and Uhersky Brod is the town where it is located. The factory was built in 1936. Just 12 months after the ground was broken, the first machines were turned on. This "Can do" attitude has made and kept CZUB on the forefront of the small arms industry.

Visit your local gun shop, pick up a CZ, and see why CZ firearms are revered the world over.

LETTER FROM THE PRESIDENT

It seems like a long time since I first came to Kansas City in early 1998 to establish CZ-USA, to start importing Czech firearms for the US market. The beginnings were tough. After 50 years of isolation, the CZ guns had to be revamped and upgraded in order to succeed in this highly competitive market. We realized from the beginning that we had to offer American shooters better-than-standard quality, accuracy and value. We have worked with many professionals in the US who helped us to "Americanize" the firearms and I would like to express my personal thanks to every one of them. My thanks also go to all the CZ owners for their loyalty and their support over the years. We started a long journey back then and every year we have worked hard to convince the shooting public that our products are in fact superior by adhering to the highest standards of quality and by adding new calibers, models and modifications to make sure we are always among the top manufacturers. We are not going to slow down; on the contrary, we are going to expand our line in the next couple of years quite significantly to prove to the American shooting community that at CZ-USA we are very committed to the satisfaction of our customers.

Alice Poluchova
President, CZ-USA

cz in the media

"All in all, the CZ rifles offer a lot to like and are competitively priced. They definitely are worth a look if you are in the market for a varmint (or big game) rifle. In fact, I'm going to be getting one myself."
John Anderson, The Varmint Hunter® Magazine, October 2004.

"The CZ 75 represents a significant step forward in autopistol design. In the thirty years since it first appeared, the CZ 75 has exerted an enormous influence on service pistol design, and it remains one of the best of the genre despite its age."
Gene Gangarosa, Jr., Combat Handguns®, 2004.

"If you're a smallbore freak with a fetish for traditional side-bys, laying hands on a Bobwhite should be pretty much of a forgone conclusion."
Payton Miller, Guns&Ammo, October 2004.

"I don't often get this enthused about a new rifle, but this CZ Model 3, like the 550 Magnum deserves it."
Jon R. Sundra, Deer & Big Game Rifles, 2005.

"This gun (the CZ P-01) deserves a serious look by American law enforcement agencies as it is just as well built as the other European defense pistols."
Dave Spaulding, Guns & Weapons for Law Enforcement, April 2004

"If you're in the market for a quality 9mm autoloader for plinking, carry or competition, do yourself a favor and check out the CZ Model 85 Combat."
Steve Gash, Handloader Magazine, June-July 2004

rifles

rimfire rifles

CZ452, CZ513, CZ511

The rimfire rifles of Ceska Zbrojovka, Uhersky Brod have been favorites of sportsmen and around the world due to their unmatched accuracy, and uncompromising high quality both in materials and craftsmanship. Since CZ-USA has made them accessible to the US market, the legend has only grown. Available in a wide array of models, we have a rimfire to meet any application or budget. From the semi-automatic 511 and the 513 Basic to any of the many variations of the 452 we have a model to fit your needs.

The accuracy demanded by discriminating shooters is accomplished on all of the rimfire models through the use of hammer forged barrels, lapped to a mirror polish. This is not

the cheapest or fastest way to build a barrel, but it is part of our "take the time to do it right" attitude.

The receivers are forged from steel billets, not tubing or plastic. Every trigger in the 452 line is user adjustable for weight of pull, to meet the requirements of the individual shooter whether in competition or in the field.

This quality and attention to detail goes into every rimfire we make and has made the CZ-USA rimfires a growing favorite among small game hunters and smallbore competitors in the US.

centerfire rifles

CZ527, CZ550, MODEL 3

The Professional Hunter Proficiency Exam in Zimbabwe tests the skills of the soon to be PH. This exam combined with the Rifa Professional Hunter and Guides training/refresher course provides an insightful glimpse into the rifles these dangerous game professionals trust their lives to as well as those of their clients. According to Don Heath, Editor of African Hunter Magazine, the CZ is by far the most common make seen at the exam.

This reliability, that these professionals depend on is the primary reason they rely on the CZ 550 for stopping dangerous game, but the accuracy, and value that the rifle provides is definitely not a detriment to their decision.

All of the centerfire rifles in the CZ-USA line feature Mauser style extractors for controlled round feeding. The legendary

CZ quality is apparent in the accuracy and reliability of every one of our rifles, including the Model 3, the first CZ-USA rifle made entirely in the USA.

The CZ 527 and the CZ 550 feature single-set triggers, a feature unique to our products in today's marketplace. The single-set trigger provides both a standard hunting and a light target trigger pull on the same rifle depending on the demands of the situation. (both the standard and set pulls are fully user adjustable) By operating the rifle in the same manner as any other bolt-action rifle, the rifle functions with a normal hunting rifle trigger pull. If you are shooting from the bench, or have time to set up for the shot, push the trigger forward until you feel and hear a click. Now your rifle has a target trigger pull.

CZ 452

The Rimfire rifles produced by Ceska Zbrojovka Uhersky Brod are among the most sought after firearms in the world.

CZ 452 main features

- Action forged from steel billets
- Trigger adjustable for weight of pull
- Hammer forged barrel
- Detachable magazine

CZ452 AMERICAN

The CZ 452 American is a high quality rimfire rifle designed for the US market. The American model is true to the lines of the classic American sporter style rifle. Made without sights, the top of the receiver is machined with a 3/8" wide dovetail groove for mounting standard rimfire dovetail rings. The CZ 452 American is shipped with a 5 rd magazine. The 452's safety is located above the rear of the bolt and provides a positive firing pin block. Single shot adapters, 5 rd magazines and 10 rd magazines are available for this line of rimfire rifles.

The CZ 452 actions are manufactured from steel billets not tubing or plastic, the barrels are hammer forged and lapped for accuracy and long life. The trigger is adjustable for weight. The safety is located above the rear of the bolt and provides a positive firing pin block.

Single shot adapters, 5rd magazines and 10rd magazines are available for this line of rimfire rifles.

Check out our website for the latest developments of the CZ 452 product line.

CZ452 LUX

The Lux version of the 452 features a Turkish walnut stock and tangent rear sight that is adjustable for windage and elevation. The dovetail is 11mm and comes with a 5 rd magazine.

▲ .22 LR, .22 WMR
▼ Turkish Walnut/Blue

CZ452 TRAINING RIFLE

The CZ 452 training rifle, sometimes called the "special" is the beechwood version of the lux. The beechwood stock is offered on this model to bring our customers the same quality you would expect from CZ-USA at a lower price. The training rifle is shipped with a 5 rd magazine.

▲ .22 LR
▼ Beechwood/Blue

CZ452 FS

The FS version of the 452 is similar to the CZ 452 Lux except the stock is a full length, Mannlicher type Turkish walnut stock, and the barrel is shorter. The CZ 452 FS is shipped with a 5 rd magazine.

▲ .22 LR, .22 WMR, .17 HMR
▼ Turkish Walnut/Blue

CZ452 VARMINT

The 452 Varmint is based on the same time proven action as our other .22's, it features a 21" heavy barrel without sights and an 11mm dovetail groove for scope mount attachment. The .22 WMR and .17 HMR models feature 3/8" dovetail. The stock is Turkish walnut. The rifles are shipped with a 5 rd magazine.

▲ .22 LR, .22 WMR, .17 HMR, .17HM2 | ▼ Walnut/Blue

CZ452 SCOUT

The Scout is a compact rimfire rifle with a 12" length of pull for young shooters. Its shortened dimensions, reduced weight and single round loading device make it a perfect first rifle for any boy or girl. The single round loading device helps teach ammo conservation and marksmanship. The rifle features adjustable open sights and an 11mm dovetail groove for mounting optics. Rifles are delivered with a single shot adapter. Any of the .22lr CZ 452 Magazines including both the 5 and 10 rd versions will fit the scout, and are available separately.

▲ .22 LR
▼ Beechwood/Blue

▲ .22 LR | ▼ Synthetic/Blue

CZ452 SILHOUETTE

The Silhouette was designed to meet the requirements of the IMSSA for smallbore silhouette competition. It features a synthetic stock and blued finish on all metal surfaces. Made without open sights, the top of the receiver is fitted with an 11mm dovetail groove for mounting a scope. Rifles are delivered with a 5 rd magazine.

▲ .22 LR | ▼ Synthetic/Nickel

CZ452 STYLE

The Style features a synthetic stock and matte nickel finish on all metal surfaces. Made without open sights, the top of the receiver is machined with an 11mm dovetail groove for mounting a scope. Rifles are delivered with a 5 rd magazine. With the exception of the nickel finish, the style is identical to the silhouette model.

CZ513 BASIC

The CZ 513 BASIC is a simplified version of the CZ 452. The BASIC features an un-checked beechwood stock with one piece sling mounts, a hammer forged barrel with iron sights and a simplified, non-adjustable trigger. It delivers legendary CZ accuracy and quality at a price everyone can afford. The new CZ 513 BASIC is the perfect choice for someone needing a quality, low cost .22 rifle.

▲ .22 LR | ▼ Beechwood/Blue

CZ511

The CZ 511 is a recoil-operated, semi-automatic, rimfire rifle. The 511 features iron sights and an 8 rd. detachable magazine.

Note: CZ 452 magazines will not fit the 511

CZ 527

CZ 527 main features

- True micro length action
- Controlled round feed
- Hammer forged barrel
- Single set trigger

The CZ 527 has won more awards in the “light rifle” category in Europe than any other rifle ... ever. Designed to fit the small base calibers perfectly, the CZ 527 is a true micro length Mauser style action featuring controlled round feed, a detachable magazine, a hammer forged barrel and a single set trigger. The dovetail on all CZ 527's is 16mm.

CZ527 AMERICAN

The CZ 527 American features a classic American pattern stock, a sporter-weight hammer forged barrel, a single set trigger and a recessed target crown. The CZ 527 American is supplied with 1" steel scope rings.

 .22 Hornet, .222 Rem, .223 Rem, .221 Fireball, .204 Ruger |  American Walnut, English Walnut, Maple, Laminate/Blue

The CZ 527 Lux and CZ 527 FS are traditional European style models featuring open sights and a Turkish walnut stock, while CZ 527 American, CZ 527 Varmint and CZ 527 Prestige are models made specifically for the US market featuring a classic American style stock with 18 LPI checkering.

CZ 550

The CZ 550 American and CZ 550 Varmint are models made specifically for our U.S. customers featuring an American pattern stock with 18 LPI checkering.

CZ 550 main features

- Mauser style claw extractor
- Square bridge receiver
- Hammer forged barrel
- Single set trigger

The CZ 550 embodies aesthetic elegance and ergonomic design. On closer inspection, the heart of the machine shows its time-honored features. The Mauser style claw extractor for positive feeding and extraction, and compact trigger mechanism, which can be used as a single stage or a single set trigger. The CZ 550 has a positive 2-position safety. All CZ 550's feature a classic square bridge receiver with a 19mm dovetail milled right into the receiver for the mounting of optics. For accuracy and long life these rifles are fitted with hammer forged barrels.

handguns

CZUB has been designing and manufacturing small arms since 1936. Almost 70 years of experience has led to many innovative pistol designs, the most recent being the P-01, the 2075 RAMI, and new for this year, the CZ 75 Compact in 40 S&W. State-of-the-art

technology, CNC machining centers and skilled personnel, as well as the right attitude ensure that these designs are realized in the highest standards of quality, apparent in all of the handguns in the CZ-USA line.

CZ 75

The CZ 75 B is issued by more government, military, police, and security agencies than any other pistol in the world. Designed in 1975, the CZ 75 utilizes all the best features from service pistols around the world. An entire family of pistols is available based on the basic CZ 75 design, compacts, decockers, single action only, ambidextrous, alloy frames and even competition pistols. More and more of the top pistol shooters in the US are choosing the CZ 75 family of pistols for both IPSC and IDPA competition.

“The CZ 75 represents a significant step forward in autopistol design. In the thirty years since it first appeared, the CZ 75 has exerted an enormous influence on service pistol design, and it remains one of the best of the genre despite its age.”
Gene Gangarosa, Jr., *Combat Handguns*®, 2004

features

- Special 30th Anniversary Engraving
- 24k gold inlays
- 24k gold plated controls
- High gloss blue finish
- Engraved, blonde finished, birch grips
- 15 round magazine capacity.
(10 rounds where restricted by law)

CZ 75 30th ANNIVERSARY

CZ-USA celebrates the 30th Anniversary of the CZ 75 with a limited edition of the CZ 75B in 9mm. The 30th Anniversary Edition will be limited to 1000 pieces and will be marked with a special serial number from 1 to 1000. The unique engraving and gold accents on this handgun make it a fine addition to any collection. Because it is a CZ 75, it has the accuracy required for the target range and the reliability required for carry. Because it is the 30th Anniversary CZ 75, it also has the elegance required for display.

P-01 features

- Forged aircraft grade aluminum alloy frame for light but reliable day-to-day carry.
- Hammer forged barrel
- M3 rail to accept tactical lights and lasers
- Dual slide serrations for easy operation
- Re-contoured trigger for smoother, consistent trigger pulls
- Generous squared trigger guard for gloved hands, lanyard loop on butt
- Checkered rubber grips, serrated front and back strap for superior handling
- Easy disassembly for cleaning

- NATO SPEC, NSN 1005-16-000-8619
- Accessory rails, M3 compatible
- Light alloy frame with decocker
- Enhanced geometry for better handling

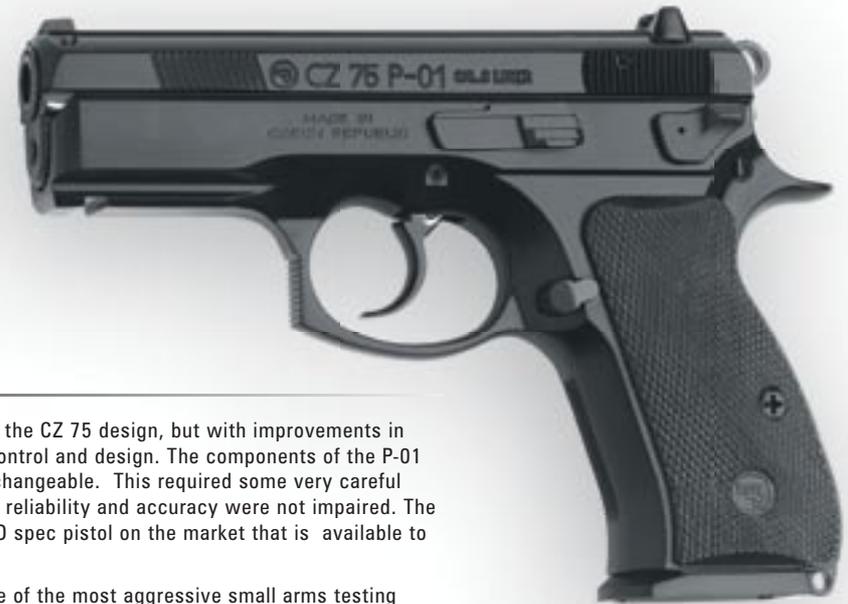

CZ 2075 RAMI features

- CZ 75 Quality and Reliability
- 6.5" long x 4.7" high x 1.25" wide
- 3" barrel
- Weighs less than 25 ounces
- SA/DA action
- Manual safety
- Low profile, snag-free sights
- 10+1 in 9mm, 8+1 in .40 S&W

- ▲ 9mm Luger, .40 S&W
- Black polycoat

CZ P-01

The P-01 is based on the CZ 75 design, but with improvements in Metallurgy, quality control and design. The components of the P-01 are completely interchangeable. This required some very careful re-design so that the reliability and accuracy were not impaired. The P-01 is the only NATO spec pistol on the market that is available to the public.

After 3 years of some of the most aggressive small arms testing ever, the CZ P-01 won the honor of replacing the CZ 75's previously used by the Czech National Police.

Reliability:

The U.S. Army "Mean Rounds Between Failure" (MRBF) requirement is 495 rounds for 9mm pistols. During testing of the CZ P-01, the average number of stoppages was only 7 per 15,000 rounds fired, this is a .05% failure rate, an MRBF rate of 2142 rounds!

- ▲ 9mm Luger
- Black polycoat

CZ2075 RAMI

The CZ 2075 RAMI is a sub-compact semi-automatic based on the proven CZ 75 line of pistols.

The trigger mechanism operates in selective DA and SA mode depending on the shooter's preferences. Several safety devices are used including a firing pin block and a manual safety. Incorporating the CZ double-stack magazine design, the little RAMI accommodates 10 rounds of 9mm Luger or 8 rounds of 40 S&W, plus 1 in the chamber.

With a 3" barrel, and unloaded weight of less than 25 ounces, the black polycoat, alloy frame RAMI is ideal for concealed carry.

Guns & Ammo 2004 "Gun of the Year" nominee

CZ 75

The CZ 75 B is used by more governments, militaries, police, and security agencies than any other pistol in the world.

The CZ 75 is quite possibly the perfect pistol.

CZ75 B

Designed in 1975, the CZ 75 utilizes all the best features from service pistols around the world. An entire family of pistols is available based on the basic CZ 75 design: compacts, decockers, single action only, ambidextrous, alloy frames as well as competition pistols.

▲ 9mm Luger

■ Black polycoat, Glossy blue, Satin nickel, Dual tone (nickel frame/blue slide)

CZ75 B

In .40 S&W, the CZ 75 B features an ambidextrous manual safety.

▲ .40 S&W | ■ Black polycoat, Glossy blue, Satin nickel, Dual tone (nickel frame/blue slide)

CZ75 SA

The SA model is identical to the CZ 75 B in all respects, except that it has a single action trigger mechanism, extended beavertail, and an ambidextrous manual safety. This version is perfect for sport shooting. The trigger is a straight blade and is adjustable for over-travel.

▲ 9mm Luger, .40 S&W | ■ Black polycoat

CZ75 BD

This model is a decocker version of the basic CZ 75 B model. The decocking lever mounted on the left side allows the hammer to be easily lowered on a loaded chamber for a safe "hammer down" carry.

▲ 9mm Luger | ■ Black polycoat

CZ 75 main features

- All steel construction (except alloy framed compacts)
- High capacity double stack magazines
- Hammer forged barrels
- Ergonomic grip and controls
- Unparalleled accuracy
- Slide-in-frame design for better recoil control
- 3 dot sighting system (Tritium night sights available)
- Easy operation of controls
- Smooth double action and crisp single action
- Extended service life due to advanced design and superior materials
- Firing pin block safety (except CZ 75 Kadet)

CZ75 KADET PISTOL

The Kadet pistol is the perfect training or plinking pistol, weighted and balanced just like the CZ 75. Like its centerfire counterpart the CZ 75 Kadet is an all steel model complete with adjustable sights.

▲ .22 LR | F Black polycoat

CZ75 KADET ADAPTER

Fits all CZ75 and CZ85 models including Compacts and the P-01. Does not fit Standard IPSC.

▲ .22 LR | F Black polycoat

CZ75 COMPACT

Shorter version of CZ 75 B with a 3.9" barrel.

▲ 9mm Luger

F Black polycoat, Glossy blue, Satin nickel, Dual tone (nickel frame/blue slide)

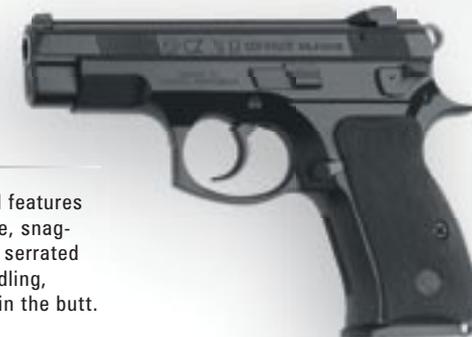

CZ75 COMPACT .40 S&W

New compact model is equipped with an ambidextrous manual safety, and a steel frame. The dust cover on the frame of the new compact model features an M3 rail to accept tactical lights and lasers.

With the versatility of the single/double action for hammer down or cocked and locked carry, 10+1 round magazine capacity, and an unloaded weight of 37.8 oz, the CZ 75 Compact in 40 S&W makes an excellent choice for concealed carry or duty weapon.

▲ .40 S&W | F Black polycoat

CZ75 D COMPACT

This light alloy frame de-cocker model features extended magazine release, low profile, snag-free sights, loaded chamber indicator, serrated front and back strap for improved handling, rubber grip panels and a lanyard loop in the butt.

▲ 9mm Luger | F Black polycoat

CZ 97 features

- .45 ACP
- SA/DA action
- All steel construction
- Dual slide serrations
- Wood grips
- Extended Beavertail
- Loaded chamber indicator
- Double stack magazine

CZ 97 B

The CZ 97 B is the first .45 pistol made by CZ. It is operationally identical to the CZ 75 B (SA/DA action, firing pin block safety and magazine brake). The CZ 97 also features a loaded chamber indicator, screw in barrel bushing and its double stack magazine holds 10 rounds.

▲ .45 ACP | F Black polycoat, Glossy Blue

CZ100 B

The CZ 100 pistol belongs to the new breed of high capacity semi-automatic pistols incorporating polymer frame technology. The combination of the polymer frame and steel slide reduces weight significantly, enhancing the comfort of day-to-day carry. The trigger mechanism is a DAO type, incorporating a firing pin block safety. Its elegant shape and design facilitates shooting in gloved hands. It also features loaded chamber indicator and adjustable 3 dot sights.

▲ 9mm Luger, .40 S&W

F Black polycoat

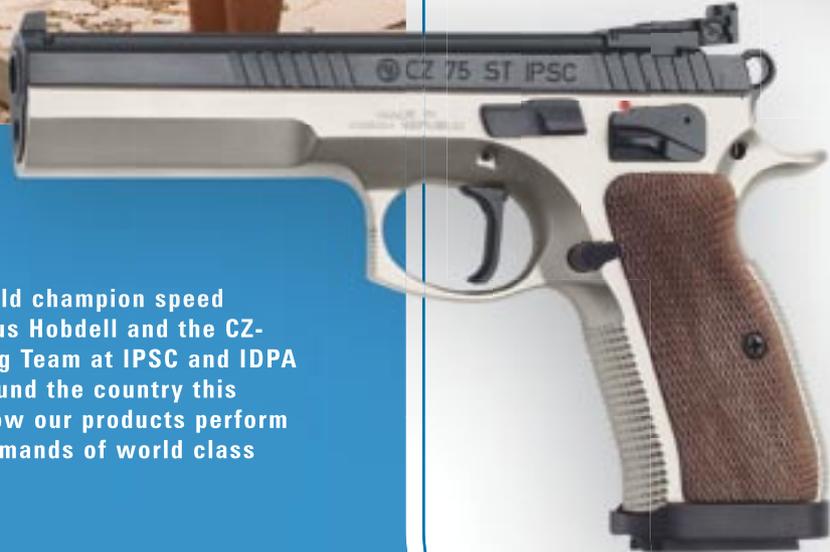

CZ83

The CZ 83 is a compact all-steel semi-automatic handgun, designed on the blowback breech principle. The trigger mechanism is a DA/SA type. The CZ 83 features an ambidextrous manual safety, and magazine catch. The CZ 83 is an ideal concealed carry pistol.

▲ .380 AUTO | F Glossy Blue, Satin Nickel

Look for world champion speed shooter Angus Hobdell and the CZ-USA Shooting Team at IPSC and IDPA matches around the country this year. See how our products perform under the demands of world class competition.

CZ85 COMBAT

The CZ 85 combat is an upgraded model of the CZ 85 featuring an adjustable rear sight, drop free magazines and over-travel adjustable trigger. The lack of a firing pin block safety allows the replacement of the firing pin without tools, thus the "Combat" designation. The 85 Combat is used by top shooters in IDPA "Stock Service Pistol" division and USPSA "Production" division competition.

- A** 9mm Luger
- F** Black polycoat, Glossy blue, Satin nickel, Dual tone (nickel frame/blue slide)

- F** Dual tone (nickel frame/blue slide)

- A** 9mm Luger
- F** Black polycoat

CZ85 B

The CZ 85 B is ambidextrous version of the CZ 75 featuring ambidextrous safety and slide release. This model comes with a firing pin block safety and fixed sights.

CZ75 STANDARD IPSC

This model was built from the ground up for IPSC competition. With the addition of the 10 round Limited class (Limited 10) in USPSA (United States Practical Shooting Association), the CZ 75 STANDARD IPSC is the perfect gun for competition. The pistol features a longer, full-length dust cover and slide than the CZ 75 B and a slightly larger grip to accommodate the newly designed heavy duty magazine. Other features include: Fully adjustable rear sight, ambidextrous safety, extended magazine release, SA trigger, checkered front and rear strap and a gaping magazine well for the fastest magazine changes.

- A** .40 S&W | **F** Dual tone (nickel frame/blue slide)

shotguns

semi-automatic

For an all round semi-auto shotgun the new 712 from CZ is a tough gun to beat. This fast handling auto will handle everything from 2 ¾ heavy target loads to 3 inch magnums and never miss a beat. With its space-age aluminum alloy receiver the 712 tips the scales at a light 7.3lbs. A chrome lined, black-chromed ventilated barrel, jeweled bolt, and Turkish walnut stock and fore end with hand-cut checkering are all standard features. In addition, the 712 comes with five choke tubes from cylinder bore to full choke. So if you're looking for one shotgun to do it all, look no further. When the quarry is turkey or high flyers, the CZ 712 Magnum with its 3 ½" chamber is the answer.

If your hunting leans more toward woodcock in thick cover or fast flying Greenwings over a spread of decoys the new CZ 720 might be just the gun for you. This nimble little 20ga. auto-loader comes with a full selection of 5 chokes from cylinder to full choke, to fit any hunting situation. With an alloy aluminum receiver to keep its weight down, vent-rib, chrome lined black-chromed barrel, hand-checkered walnut and jeweled bolt to add a touch of class, the 720 is arguably the best standard equipped 20 ga. auto on the market. Check out the CZ 720 at your local guns shop, you'll be glad you did.

CZ's beautifully handcrafted shotguns merge old world craftsmanship with state of the art modern technology.

All CZ's double guns are built on frames proportionate to their gauge. For added durability all exterior barrels are hard black chromed with chrome lined interior. These affordable shotguns are topped off with hand checkered, select Turkish Walnut delighting the most discriminating aficionado.

.410s come with fixed chokes in improved cylinder and modified. All of the other CZ shotguns come with screw in chokes in Cylinder, Improved Cylinder, Improved Modified, Modified, and Full.

CZ's new line of shotguns is manufactured by a well-respected company with over 75 years of history in making shotguns. In the Turkish town where our shotguns are made, there are no restaurants, movie theaters, or internet cafes, but they do have sporting clays, trap, and skeet ranges. They know shotguns.

over/under

Over & Under shotguns have an aura about them. Traditionally a "gentleman's" gun, complicated to build, more delicate than a field grade pump, beautiful to behold, but above all expensive.

CZ is recasting the old image of the stack-barreled gun with a new line of Over & Unders that are still beauties to behold, but built as tough as the pump action duck guns from by gone years.

side by side

Fine upland game guns trace their lineage from the slender, well-balanced English guns developed for driven birds. Though perfect for their intended use, these fine double guns were built primarily for overhead shooting, where as the upland game in America is normally taken over a pointing dog at the flush. Whether ruff grouse from thick New England cover or bobwhite in the Georgia pines, American upland game shooting is as often as not the quintessential snap-shot.

Designed for generations of heavy use, we're confident that your CZ classic game gun will become more than just your faithful companion afield, we hope it will become a family heirloom.

CZ 712/720

The new CZ 712/720 is a gas operated semi-automatic built on a lightweight alloy receiver. Both the 26" and 28" barrel configurations accept 2 3/4" to 3" shells, making the new shotgun a great choice for both upland game and waterfowl. The barrel on the 712/720 is chrome lined with a matte black hard chrome exterior finish that will resist corrosion after many seasons in the field. It is fit with a Turkish walnut stock sized for a 14.5" length of pull.

The 712/720 comes with a magazine tube plug installed for waterfowl. When the plug is removed, it gives the upland hunter a 4+1 capacity.

Full, modified, improved modified, cylinder, and improved cylinder choke tubes are included with every CZ 712 and 720.

-  CZ 712 12 gauge 3"
-  CZ 712 Magnum 12 gauge 3 1/2"
-  CZ 720 20 gauge 3"
-  Turkish Walnut or Camo/Black Hard Chrome
-  F, M, IC

CZ 712 MAGNUM

The new CZ 712 Magnum meets the performance demands for hunters that want the power of a big magnum packed into a quick pointing, well balanced auto. The super tough aluminum alloy frame of the CZ 712 Magnum is designed to withstand the high pressures of today's 3 1/2 inch magnum loads while keeping the over all weight down to a modest 7 1/2 lbs. The CZ 712 Magnum comes standard with a chrome lined matte black-chromed barrel with a low profile ventilated rib, a walnut stock with hand-cut checkering, jeweled bolt and choke tubes. It is also available in Mossy Oak Obsession® (24") and Mossy Oak Shadow Grass® (28") camouflage. Chambered for up to 3 1/2" magnum ammo, the CZ 712 Magnum will also fire 3" and heavy 2 3/4" loads. For high flying late season geese or spring turkey hunting the CZ 712 Magnum will put the bird on the table.

REDHEAD

The Redhead comes with a single selective trigger and extractors (auto ejectors on 12 and 20 ga. models). The Redhead is available in 12, 20 and 28ga with screw-in chokes and choked IC & Mod in .410. Coin finished receiver.

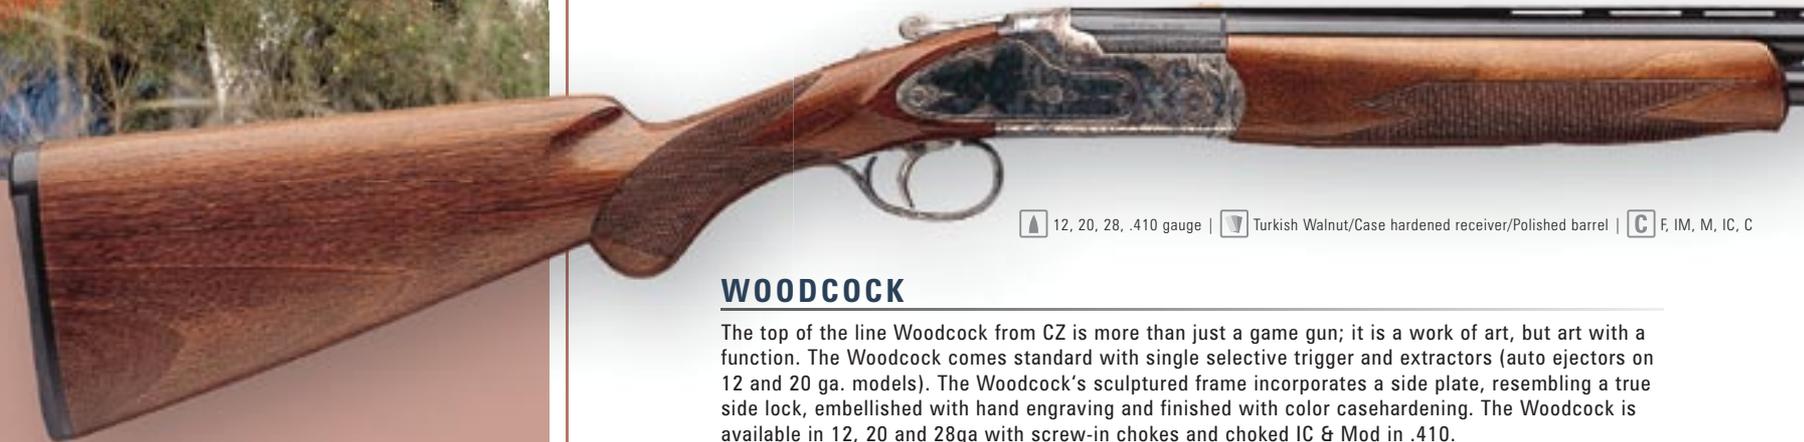

▲ 12, 20, 28, .410 gauge | ▼ Turkish Walnut/Silver receiver/Polished barrel | C F, IM, M, IC, C

CANVASBACK

A single selective trigger is standard equipment on the Canvasback. The Canvasback is available in 12 and 20 ga, 26" or 28" barrels, with a set of 5 screw-in chokes. Black chrome finished receiver.

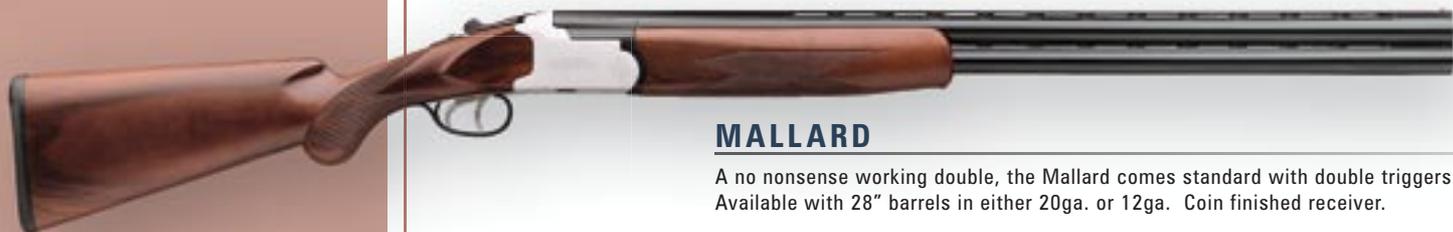

▲ 12, 20 gauge
▼ Turkish Walnut/Black receiver/Polished barrel | C F, IM, M, IC, C

WOODCOCK

The top of the line Woodcock from CZ is more than just a game gun; it is a work of art, but art with a function. The Woodcock comes standard with single selective trigger and extractors (auto ejectors on 12 and 20 ga. models). The Woodcock's sculptured frame incorporates a side plate, resembling a true side lock, embellished with hand engraving and finished with color casehardening. The Woodcock is available in 12, 20 and 28ga with screw-in chokes and choked IC & Mod in .410.

DURANGO, AMARILLO

The gunfight at the O.K. Corral may have taken place over 120 years ago, but the exciting new sport of Cowboy Action Shooting sees modern day cowboys blasting the bad guys with “Doc” Holliday style short-barreled doubles on any given Sunday. To give CZ toting Cowboys the advantage, the chambers have been “slicked up” to make the job of the extractors and fingers a little easier.

The CZ Durango comes with a single trigger, while the Amarillo is a double trigger gun. Just like the guns of the Old West, each gun is fitted out with a hand checked walnut stock with an old style round knob pistol grip. The barrels are cut back to 20 inches, and the receiver, trigger guard and fore end metal are finished in 19th century color casehardening.

Ringneck

Bobwhite

BOBWHITE, RINGNECK

To meet the demands of American upland gunners, CZ has crafted a selection of side-by-side game guns unsurpassed in elegant grace and specifically designed for flushing birds. Each gun in the line is built on frames proportionate to their specific gauge. Unlike other manufacturers that mount 28 ga. barrels on a 20 ga. frame and call it good enough, CZ’s Bobwhite and Ringneck 28 ga. quail-guns are built on a petite 28 ga. frames to give them proportion and balance found on no other production gun on the market.

In addition to their frame-specific construction, each gun is stocked in beautifully sculptured Turkish walnut with a straight English style grip and double triggers (Bobwhite) or conventional American pistol grip with a single trigger (Ringneck). Both are hand checked 20 lines to the inch.

A side-by-side of perfect balance with beautiful wood mated to polished steel lacks only one element to make it a true classic – hand engraving. Both the Bobwhite and Ringneck side by sides feature hand engraving. These color case hardened shotguns are available in 12, 20 and 28ga with 5 screw in chokes in 12 and 20 ga. and fixed chokes of IC & Mod in .410.

African hunting is one of the most exciting and rewarding of all hunting. Africa is a continent blessed with the richest variety of game, ranging from the smallest of antelope to the biggest and toughest of them all, the Cape Buffalo, Rhino and African Elephant.

It is here where the hunter longs to be, matching his skills against those of his quarry.... it is here where hunters demand the most from their dangerous game rifles. Reliability, power, magazine capacity, positive feeding and extraction, fast pointing express sights - all are considered basic features of bolt actions intended to be dangerous-game rifles.

Safari Classics custom grade rifles

The modern medium cartridges can surely kill dangerous game, but there is a vast difference between shooting an undisturbed animal, compared to a charging one or a wounded beast. In this case the stopping power is the most important criteria. Safety must always come first and the rifle that is capable of delivering results is imperative. Safari Classics by CZ-USA is introducing the following cartridges in custom grade CZ 550 Safari Magnum Rifles: .404 Jeffery, .450 Rigby and .505 Gibbs.

-  .404 Jeffery, .450 Rigby, .505 Gibbs
-  American Walnut/Blue

SPECIAL ORDER CZ Safari Classic

SKU	Cal.	Barrel/Action	MSRP
04314	.505 Gibbs	Glossy Blued	1850.00

- Barrel band
- Chambered in 3 legendary African calibers
.404 Jeffery, .450 Rigby, .505 Gibbs

Safari Classics Ammo

The .404 Jeffery was introduced in 1909 by Jeffery of England to duplicate .450/400 (3 1/4") performance in a cartridge designed for bolt action rifles. The .404 drives a 400 grain bullet at a muzzle velocity of 2125 fps.

The .450 Rigby was originally developed for double rifles and has been in use for over a century now. The 500 grain bullet delivers over 2300 fps in the muzzle.

The .505 Gibbs was developed as a proprietary cartridge for use in the Mauser type bolt action rifles by George Gibbs around 1910. The bullet weight is 525 grain and it leaves the muzzle at 2300 fps.

SKU	Product	MSRP
19490	10 rounds of .404 Jeffery, solids - CZ head stamp, packaged	80.00
19491	10 rounds of .404 Jeffery, soft - CZ headstamp, packaged	85.00

19494	10 round of .505 Gibbs, solids - CZ head stamp, packaged	120.00
19495	10 rounds of .505 Gibbs, softs - CZ head stamp, packaged	125.00

CZ Safari rifles have it all. The predecessor of the CZ 550 – Brno’s 602 has been common in rifle racks across the African continent for more than 30 years. Rugged, heavy duty and always going “bang” when the trigger is pulled...CZ 550 action remains a variant of the true magnum Mauser that is properly proportioned to accept the longest big-game cartridges including the .416 Rigby and .505 Gibbs.

For 2005 we have brought the life-long experience of the foremost safari hunters together with the demand for traditional African calibers. Introducing Safari Classics, a line that enables you to gear up for your safari - all under one roof. Safari Classics by CZ provides safari rifles with the appropriate ammo, leather accessories and safari clothing for your next trip to Africa.

Our standard selection of safari rifles is listed on pages 16 & 17 of this catalog; our selection of custom grade rifles in non-standard calibers is listed below.

Safari leather The Big Five collection

Originally used only by hunters, the term “Big Five” refers to five of Africa’s greatest wild animals – elephant, cape buffalo, lion, leopard and rhino. We are offering you the finest leather accessories made in South Africa for CZ . Our selection includes rifle bags, ammo & knife pouches and slings – items that you cannot leave behind when planning a hunting trip.

Contact the CZ-USA Custom Shop for prices and more options at custom@cz-usa.com and get your new project started today!

Level 1 is the starter package for those wanting to upgrade a standard factory rifle. Options include McMillan Fiberglass stocks or full bedding in the factory wood stock. To complete your new semi-custom rifle, we will tune up the trigger or install an adjustable sear (adjustable sear only available on the 452 models).

Level 2 gets you into custom calibers not offered as standard in the CZ-USA catalog. Flat shooting calibers like the .25-06, .260 or the hot 6.5-284. For those of you looking for the heavy hitters we offer the line of Ultra Mags - .7mm and .300. Available stock options include the rich feel of the # 1 fancy grade American black walnut or the durability of a McMillan Fiberglass or H-S Precision Stock. Pillar bedding is standard with all stock options. We use only premium match grade barrels to insure the best accuracy possible. Your custom rifle will be shipped to you in a hard case with the CZ Logo.

Level 3 brings with it many options for a truly specialized CZ-USA custom rifle. Get involved with the making of your new rifle by choosing the color of your McMillan Stock, as well as the length, contour and caliber of a Stainless Steel match barrel. Once built you can choose to have it fully bedded into your new stock. Add a Badger bolt knob or custom CZ rings to give it a totally tricked out look. Then to give your rifle complete protection from the elements, choose from 4 colors of Teflon finish to make your new rifle a totally unique piece of shooting art work.
