ABOUT SAFARI CLASSICS

African hunting is considered one of the most exciting and rewarding of all hunting. Africa is a continent blessed with the richest variety of game, ranging from the smallest of antelope to the biggest and toughest of them all, the Cape Buffalo, Rhino and African Elephant.

It is here where every hunter longs to be, matching his skills against those of his quarry ... it is here where hunters demand a lot from their magnum-action rifles.

For 2005 we have brought the life-long experience and heritage of safari hunters together with the demand for traditional African calibers for the introduction of the Safari Classics line. Rifles, ammo, and accessories for your next safari are available from one source.

.505 GIBBS

LEGENDARY CALIBERS LEGENDARY GUNS

The modern medium cartridges can surely kill dangerous game, but there is a vast difference between shooting an undisturbed animal, compared to a charging one or a wounded beast. In this case stopping power is the most important criteria. Safety must always come first and the rifle that is capable of delivering results is imperative. Safari Classics by CZ is introducing the following cartridges in custom grade CZ 550 Safari Magnum Rifles: .404 Jeffery, .450 Rigby and .505 Gibbs.

SAFARI CLASSICS RIFLES

Rugged, heavy duty and always goes "bang" when the trigger is pulled...the CZ 550 action remains a variant of the true magnum Mauser that is properly proportioned to accept the longest big-game cartridges. The Safari Classics rifles feature single set trigger set up to your specifications, glossy blue or matte blue finish on metal parts, #1 Fancy grade American Walnut stock with straight comb and barrel band.

AMMUNITION

The **.404 Jeffery** was introduced in 1909 by Jeffery of England to duplicate .450/400 (3 1/4") performance in a cartridge designed for bolt action rifles. The .404 drives a 400 grain bullet at a muzzle velocity of 2170 fps.

The **.450 Rigby** was originally developed for double rifles and has been in use for over a century now. The 465 grain bullet delivers over 2300 fps at the muzzle.

The **.505 Gibbs** was developed as a proprietary cartridge for use in the Mauser type bolt action rifles by George Gibbs around 1910. The bullet weight is 525g and it leaves the muzzle at 2300 fps.

LAMINATES

Our selection of stocks includes three laminate color combinations; brown laminate, sunset camo laminate and spring camo laminate.

CZ 550 RIFLES

CZ, BRNO, ZKK rifles - all these names point to one gun factory located in the Czech Republic with 70 years of history and tradition of gun making. CZ 550 actions are revered the world over due to the time honored features. The Mauser style claw extractor for positive feeding and extraction, and compact trigger mechanism, which can be used as a single stage or a single set trigger. The CZ 550 has a positive 2-position safety. All CZ 550s feature a classic square bridge receiver with a 19mm dovetail milled right into the receiver. All barrels are hammer forged and feature express sights (1 standing, 2 folding).

CUSTOM GRADE RIFLES

Each of the new Safari Classics rifles are built as the order is received. Because it is built especially for you, let us know if there is something you would like that is different from the standard configuration. We will do our best to make it happen.
