The Legacy Sports Promise

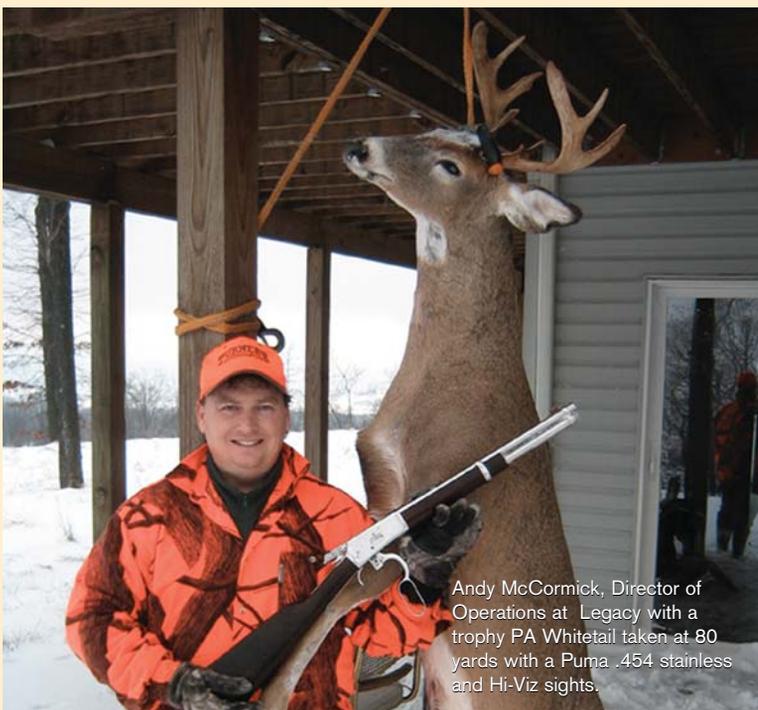

Our promise is to offer American shooting sports enthusiasts performance on the range and in the field. This is what determines the worth of a firearm. Legacy's track record has shown that we consistently provide accurate rifles and shotguns for today's sportsmen on a budget.

Priscilla and father Brad with a fine Montana Pronghorn. Taken at 300 yards with a Howa 270 WSM camo stainless.

Be Matthews, patiently waiting for some mallards with his Escort semi-auto shotgun at Mike Raahauge's Duck Club in Norco, CA.

Andy McCormick, Director of Operations at Legacy with a trophy PA Whitetail taken at 80 yards with a Puma .454 stainless and Hi-Viz sights.

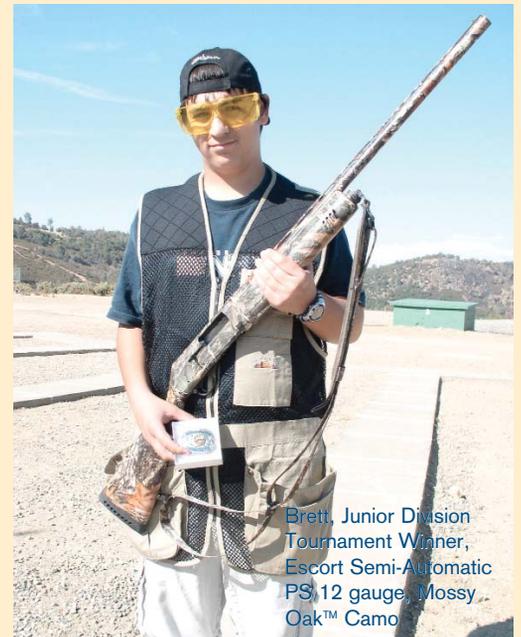

"Testimonial"

Central Alabama Farmers Cooperative

I have been involved in the selling of firearms since late 1969 and have seen many changes in most major brands of rifles – some good, some not so good. During the mid-1970's I was introduced to a long gun that has withstood the test of time with very little changes, the Howa brand of rifle. I have sold hundreds of Howa rifles without the first complaint. Out of the box, the Howa will out perform any rifle that I have ever sold; even those costing hundreds of dollars more. Whether you choose Blued, Stainless, Standard, or Varmint, Howa will please your customers as it has mine through all these years.

Respectfully Yours,

Richard Stocks, General Manager
Central Alabama Farmers Cooperative
Selma, AL

Brett, Junior Division Tournament Winner, Escort Semi-Automatic PS, 12 gauge, Mossy Oak™ Camo

Howa M-1500 ULTRALIGHT

Light weight, quick handling and superb performance

The Howa M-1500 Ultralight Mountain Rifle, in .243, .308 and 7mm-08, shaves more than a pound off the weight of a standard rifle but sacrifices nothing in accuracy. The receiver gets special milling and the bolt knob is hollowed. Metal finish is a deep, non-

glare blue-black. M-1500 Ultralight Youth Model with its 12 5/8-inch length-of-pull is the right way to start junior shooters. At a shade under 6 1/2 pounds, both these rifles live up to the Howa promise, "High performance right out of the box."

M-1500 Ultralight Mountain Rifle

M-1500 Ultralight Youth Model
with Nikko Stirling Gold Crown scope
(Scope not included)

The 3 position advantage:
safe single-loading and secure bolt lock-down.

Also available in rifle and scope packages. See page 11.

HOWA ULTRALIGHT MOUNTAIN & YOUTH MODELS

For shooters of all ages and both sexes who seek user friendly performance.

■ Taking ounces off an M-1500 Ultralight starts with shortening and machining the barrel to a slimmer taper, and even hollowing the bolt knob.

■ The specialty milled flats and scallops on every Ultralight receiver trim more critical ounces, bringing the finished rifle to a full pound under standard models.

HOWA

Howa M-1500 HUNTER

High performance right out of the box.

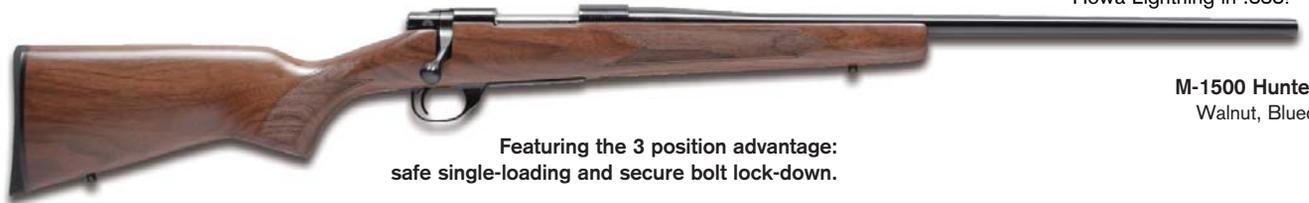

Howa M-1500 rifles are built right, starting with a forged steel receiver with its flat bottom and integral recoil lug. Barrels are hammer-forged for precision rifling. The bolt is a one-piece forging with two large locking lugs for maximum strength and a powerful M-16-style extractor. The bolt face completely surrounds the cartridge head for safety.

The fully adjustable Howa trigger is famous for consistent, crisp let-off. A lightweight hinged floor-plate opens at the touch of a button. All models are drilled and tapped for standard scope bases and come with solid rubber butt pads and sling swivel studs.

You can have your Howa in Blued or Stainless Steel, short or long action, with a choice of standard or heavy barrels. Lightning models sport new improved black polymer stocks with molded-cheekpiece, more comfortable forearm, palm swell, free floated barrel channel and modern design checkering. New camo Realtree dipped stocks are available for 2005. Hunter Models sport genuine American black walnut stocks with checkered grip and forearm panels protected by a weather-resistant low-gloss finish. The wide choice of factory chamberings range from flat-shooting varmint calibers to potent magnums, including .300 WSM, .270 WSM, and 7mm WSM.

Dick Clyde, Legacy's Western Rep with a fine Colorado Bull Elk taken with his Howa Lightning in .338!

Howa M-1500 JRS CLASSIC SUPREME

Stylish laminated stocks for discriminating shooters.

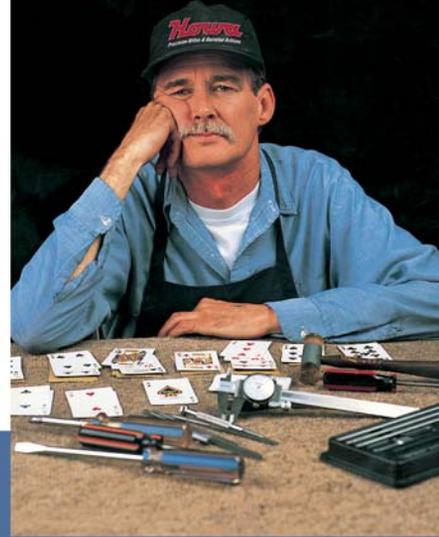

M-1500 JRS Classic
Stainless Steel, Nutmeg laminated stock

The 3 position advantage:
safe single-loading and secure bolt lock-down.

The JRS Classic is a traditional stock with comb parallel to the bore for comfort with the heaviest loads, raised cheekpiece, open pistol grip, and flat-oval forearm.

Howa M-1500 JRS Supreme rifles combine time-tested engineering with 21st Century innovations. These Supreme Series laminated sporter stocks come in satin-finish Nutmeg (brown), Pepper (gray) and Matte Black on Varminter models.

■ Pat Wheeler, The Howa gunsmith - the loneliest man on earth. With Howa's exceptional dependability, you can rely on its "High performance and under 1" accuracy right out of the box.

■ Every M-1500 is equipped with a full-size cocking indicator that you can see and feel, telling you instantly whether or not the rifle is cocked. The sliding thumb safety (right side) has positive but silent clicks in all three positions. The bolt release (left side) is conveniently located and fool-proof.

M-1500 THUMBHOLE SPORTER SUPREME

The Thumbhole Sporter offers a raised comb for consistent sight acquisition, plus a touch of forward taper to reduce felt recoil. A flared pistol grip and scalloped thumbhole ensure

comfortable hand and wrist position for precise trigger control. It's a forward-looking design that's 100% practical.

Blued with Nutmeg laminated stock

■ Howa Thumbhole stocks provide a more vertical grip for consistent trigger control

The Pennsylvania First Friends of the NRA would like to extend a special Thanks to Legacy Sports International. LSI has supported the NRA repeatedly and donated a HOWA Model 1500 Thumbhole Sporter to our record breaking NRA banquet for the last three years. Because of the inherent qualities of the HOWA rifles and some additional special touches by the great crew at Accuffite Arms, each year these HOWA Rifles have been able to raise an average of \$2500.00 at each event! Each year this rifle is greatly sought after and one of the highlights of our event.

Every lucky winner of these fine firearms has been extremely happy with their tack driving HOWA Rifle!

Dale Emerick
Chairman
PA's 1st Friends of NRA

Howa M-1500 VARMINT

For precision hunting and predator control.

Howa Varmint and Varminter Supreme rifles take performance to new heights. Built around the proven M-1500 action, these rifles have 24-inch hammer-forged bull barrels with recessed muzzle crown in either non-glare blue or matte stainless steel. The M-1500's acclaimed trigger adjusts for sear engagement and weight of pull. New for 2005, a three-position safety allows safe single-loading and secure bolt lock-down. Recoil pads and swivel studs are standard.

The Varmint Hunter stock is American Black Walnut, with checkered panels on pistol grip and forend. The Varmint Lightning sports a new improved black polymer stock with molded cheek piece, more comfortable forearm, palm swell, free floated barrel channel, and modern checkering. A new camo Realtree dipped stock is available for Varmint models.

The Varminter Supreme stock is designed with a raised comb and rollover cheekpiece, a full pistol-grip with palm-filling swell, a broad beavertail forend and 12 longitudinal slots milled into each stock for barrel cooling.

The Thumbhole Varminter adds a high, straight comb and a more vertical pistol grip that's ideal for shooting off a bench or rest.

For hunting, pest control, or match competition, you can't go wrong choosing a Howa M-1500 Varmint or Varminter Supreme rifle.

In addition to Nutmeg (brown) and Pepper (gray) laminated stocks, Howa Varminter Supreme and Thumbhole Varminter Supreme rifles now come with Matte Black finish as well.

What use is a manufacturer's target in the box when you can make your own? Sheila Link, avid expert shooter, demonstrates the accuracy of her Thumbhole Varminter Supreme and Nikko Stirling scope.

Varmint Lightning
Stainless Steel, Camo

New for 2005:

- Camo **REALTREE** dipped stock available
- The 3 position advantage: safe single-loading and secure bolt lock-down

Howa M-1500 BARRELED ACTIONS

For top quality at affordable prices, nothing beats a Howa barreled action.

For the custom rifle maker or enthusiast who prefers a particular stock design, compare Howa with other factory barreled actions:

- Forged steel, flat-bottomed receiver with large recoil lug and hammer-forged barrel. Heavy Varmint barrels have recessed muzzle crowns.
- Forged, one-piece, bind-proof bolt with dual locking lugs, M-16-style extractor and large cocking indicator.
- New three-position safety allows safe single-loading and secure bolt lock-down.
- Bolt and receiver are ported to vent away high-pressure gases in the unlikely event of a pierced primer or ruptured case.
- Receiver rings are precision drilled and tapped for accurate, rigid scope mounting.
- One-piece guard and magazine box with hinged floorplate.
- Choice of short and long actions, standard and heavy barrels, in Blued and stainless steel.

Nikko Stirling®

GOLD CROWN, MOUNT MASTER & REFLEX RED DOT

Nikko Stirling. You Get A Lot More Than You Pay For!

Nikko Stirling scopes are crafted from aircraft-aluminum alloy and top-quality optical glass. All are nitrogen filled with fully coated lenses. Most variable-power models have adjustable objective lenses (AO). Fixed power models are set for no discernible parallax beyond 75 yards. Illuminated reticle models ensure cross-hair acquisition in the poorest light. Budget-priced Mount-Master models come complete with rings and detachable 3/8" mounts for standard rimfire bases. Red Dot sights also have fixed 3/8" mounts.

Nikko Stirling

DIAMOND SPORTSMAN & TARGET MASTER

NIKKO-STIRLING

Nikko Stirling – Diamond Sportsman 10-50 x 60

The fact that Nikko Stirling labels their flagship range of super-scopes with the Diamond nametag immediately infers that they are the real gems of the optics world. Many hours of field testing and design have been undertaken and have proven that the Nikko Diamond Series are worth every hard-earned penny. Clearly this is a scope for the serious airgunner or marksman. But the Nikko Diamond series is more than just a scope; it has a magnification range that lets you hone-in to a millimeter precise point on your target, two built-in range-finding systems, incredible optical quality and is available in either the NATO or Mil Dot reticles.

up on. The Diamond's over-sized 30mm tube ensures your aiming eye gets to see the best sight picture possible through those incredible optics. The serrated ring behind the quick focus eye-piece allows ultra-fast zooming between 10x power and 50x (Yes, fifty times!). With a magnification that high, you need all the brightness you can get!

Although Varmint hunters will want to utilize this scope – in conjunction with its range-finding abilities, it's ideal for long range shooting enthusiasts.

Diamond Sportsman
10-50x60 AO
Available in NATO or MD Reticle

Nikko Stirling's Diamond series scope components are some of the very best you can get in a riflescope. Guaranteed 100 percent waterproof, fog proof and shockproof, and the Japanese-made Nikko boasts camera – quality lens ware that's been ground and honed using state-of-the-art, computer controlled machinery and is then completed by multi-coating all the lens elements for the best possible clarity.

Protruding from the huge Saddle are two target-style, numbered turrets which allow finger-friendly in-the-field adjustments. These provide 1/8 MOA click stops for a super-precise zero.

The Nikko Stirling Diamond Series is supplied with everything you will need to hone up your marksmanship skills: screw-on lens caps, Allen keys, calibrated P/A wheel, lens cloth and instructions.

The green tinted lenses boost the image sharpness and also allow practically all the light that goes into them...to come out the other side! The Nikko's high level of light transmission means you can shoot in low light levels that you normally would have given

If you want everything in your favor when you line up on target, then the Nikko Diamond Series is worth its weight in gold ... or even diamonds!!!

PUMA
RIFLES

M-92 LEVER ACTION RIFLES

PUMA

*Affordable variety for
Old West enthusiasts.*

Puma 92 lever action rifles and carbines come in the most popular modern calibers – .38 Special/.357 Magnum, .44 Magnum, and .45 Colt. There's a wide range of finishes – Blued, Case-Colored, Stainless Steel or Solid Brass receivers mated to Blued or Stainless Steel barrels.

Round-barrel 20-inch barrel carbines have crescent buttplates except .454 and .480 which come with cushioned shotgun-style recoil butt pads. Octagon barreled rifles have 24-inch barrels and crescent buttplates that match the receiver finish.

■ A low-profile, thumb-operated safety on the Puma 92 rifle or carbine provides an added margin of protection for cowboy action shooters.

Italian quality at exceptional values.

The Silma 70EJ Deluxe comes in all four popular gauges – 12, 20, 28 and .410 bore. Features include a single selective, gold-plated trigger, ventilated matted rib, automatic ejectors, automatic safety, multi-choke tubes and a black rubber recoil pad. Monobloc barrels are chrome-moly steel, polished and blued, while the engraved steel receiver is finished in brushed nickel. Wood on the 70EJ Deluxe is select low-gloss-finish walnut with cut-checkering on pistol grip and forend. The choke-tube wrench even has a nylon thread cleaner.

Model 70EJ Deluxe 20 Gauge

For economical hunting and sport shooting, a Silma 70EJ Standard fills the bill. With a lightly engraved receiver, standard-grade walnut stock, automatic ejectors, silver non-selective mechanical trigger, and multi-choke tubes, a 70EJ Standard offers the technical excellence of Silma over-and-unders at a most attractive price.

EJ70 CLAYS MODEL

70EJ Clays Model
12 Gauge

Based on Silma competition guns that have consistently won awards in Europe, the Silma 12 gauge Clays Model is designed for seasoned skeet and sporting clays shooters. It features back-bored, tubed chrome-moly barrels with wide, non-glare ventilated rib; a premium matte-finished walnut stock with

straight comb and palm swell; selective mechanical single trigger and non-automatic safety. All these features are coupled with the Silma tradition of style and dependability.

■ Extra choke tubes and wrenches are available at www.legacysports.com

■ The Silma 12 gauge (except Superlight) handles light 2-3/4" target loads, long-range 3" magnums, and 3-1/2" waterfowl loads.

ESCORT PUMP ACTIONS SHOTGUNS

Escort AimGuard and MarineGuard shotguns are designed specifically for home and business defense. Both models have an 18-inch cylinder-bore barrel, five-shot magazine tube, tough polymer stock, and sling swivel studs. A 3/8-inch dovetail rib is milled into the top of the receiver for mounting accessory sights – a feature you'll find only on Escort.

The Escort FieldHunter is available in a variety of finishes, barrel lengths, and sight configurations. See specifications below.

Andy McCormick, Gene Lumsden & John Anderson of LSI with their Escort shotguns and a limit of Pheasants each, thanks to our friends from Lucid in Mitchell, SD.

ESCORT CAMO WATERFOWL & TURKEY COMBO SHOTGUNS

The unique Escort Waterfowl and Turkey Combos in 12 gauge and NEW 20 gauge start with a semi-auto PS action and come with the NEW Mossy Oak™ Obsession camo finish and two interchangeable multi-choke, vented-rib barrels that are chambered for 3" magnum ammunition.

- The 28-inch waterfowl barrel is factory fitted with a HiViz Spark front bead.
- The 24-inch barrel comes with a .665 Turkey choke tube* and HiViz TriViz front and rear sights.
- Set of M, IC, & F choke tubes that fit both barrels are included.

The complete set is packed in a tough, weather resistant field case specially fitted for both barrels, choke tubes and accessory kit. Everything an all-out waterfowl and turkey hunter could ask for in a single package.

The integral 3/8-inch dove tail on the Escort receiver is ideal for mounting accessory sights.

*Turkey choke tube not proofed for steel shot.

Traditional design in modern calibers.

Mauser M98 Actions

Legacy Sports International is the exclusive U.S. importer of Global Trading Mauser 98 actions. All dimensions and receiver threads duplicate original large-ring Mauser specifications. The GT Mauser bolt and receiver are investment cast in Europe using select grades of alloy steel, then finished on precision CNC machinery.

Standard features include:

- Three-position safety mounted on cocking piece locks sear and bolt handle. Single rounds can be loaded and unloaded with safety engaged.
- Integral dovetails on receiver rings for Legacy Sports' exclusive matching rings; also drilled and tapped for standard bases.
- Fully adjustable single-stage trigger.
- Non-rotating, spring steel extractor engages the cartridge as it leaves the magazine, ensuring controlled feed and positive extraction.
- One-piece machined bolt with low-profile handle and dual opposed locking lugs.
- One-piece steel bottom metal with integral magazine box. Hinged saddle-style floorplate and spring-loaded release button inside the trigger guard.
- Available in Matte Blued Field Grade finish and polished, in-the-white Custom Grade.

Big-Five Model M98 Ultramag

The first choice for a deluxe, big-bore magnum rifle.

- The Big-Five M98 Ultramag Mauser action is built oversize for cartridges up to .505 Gibbs. The bolt and all small parts are machined steel forgings.
- The Ultramag's massive receiver and bottom metal are extra thick for solid bedding. The receiver has a double-square bridge for rigid scope mounting. The front ring is extra long to accommodate extended barrel threads.
- The magazine box is dropped for maximum cartridge capacity, and can be adapted to any desired chambering.
- The lower tang is extended and shaped for a full pistol grip stock. All external surfaces are polished and left in-the-white.
