Buffalo River

The Legacy Family: We use what we sell!

For 2006, Legacy introduces new products including the Howa / Christensen Arms Carbon Fiber Thumbhole Supreme rifle and package, Howa .204 Ruger caliber rifles, Howa / Leupold Riflescope combos, Nikko Stirling Platinum Nightheater riflescopes, the Escort youth model, the Escort three barrel set pump gun, and Escort slug guns in automatics and pumps. Legacy is now importing Pointer over/under shotguns and Buffalo River gun bags and safes.

We continue to promise offering today's shooting sports enthusiasts performance on the range and in the field. This is what determines the worth of a firearm. Legacy's track record has shown that we consistently provide accurate rifles and shotguns' for sportsmen on a budget.

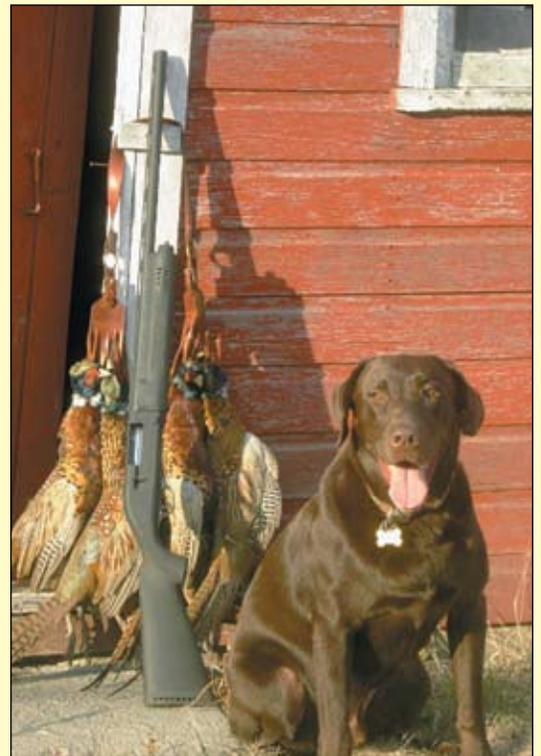

Andy McCormick, Vice President Marketing at Legacy Sports, shown with a Texas Whitetail shot with the NEW Howa/Leupold Lightning Combo in .270 Win and 3-9x40 VX1 scope Package. What a winning combo!

Andy McCormick, Gene Lumsden & John Anderson of Legacy Sports with their Escort shotguns and a limit of Pheasants each, thanks to our friends from Lucid in Mitchell, SD.

Gene Lumsden, President, CEO of Legacy Sports, shot this prize fox while on a business trip to Australia with the Howa Hunter .223 rifle in stainless and the New Platinum Nightheater scope in 4-16x50.

Legacy's mascot – shown with a strap of South Dakota pheasants and an Escort Semi Automatic.

Howa M-1500 ULTRALIGHT

Light weight, quick handling and superb performance

The Howa M-1500 Ultralight Mountain Rifle, in .243, .308 and 7mm-08, shaves more than a pound off the weight of a standard rifle but sacrifices nothing in accuracy. The receiver gets special milling and the bolt knob is hollowed. Metal finish is a deep,

non-glare blue-black. M-1500 Ultralight Youth Model with its 12 5/8-inch length-of-pull is the right way to start junior shooters. At a shade under 6 1/2 pounds, both these rifles live up to the Howa promise, "High performance right out of the box."

M-1500 Ultralight Mountain Rifle

M-1500 Ultralight Youth Model
with Nikko Stirling Gold Crown scope
(Scope sold separately)

Also available in rifle and scope packages. See page 11.

HOWA ULTRALIGHT MOUNTAIN & YOUTH MODELS

For shooters of all ages and both sexes who seek user friendly performance.

Stocking Dealer – Sam Upshaw from Star Arms in Texas, Brody Smith and his father Craig Smith of Game Guard Camo show off a fine 135 BC class whitetail taken by 15 year old Brody on his first deer hunt. Brody used a Howa Youth Ultralight in .243 Win coupled with a Nikko Stirling 3-9x42 scope.

■ Taking ounces off an M-1500 Ultralight starts with shortening and machining the barrel to a slimmer taper, and even hollowing the bolt knob.

HOWA

Howa M-1500 HUNTER

Accuracy right out of the box.

Howa M-1500 rifles are built right, starting with a forged steel receiver with its flat bottom and integral recoil lug. Barrels are hammer-forged for precision rifling. The bolt is a one-piece forging with two large locking lugs for maximum strength and a powerful M-16-style extractor. The bolt face completely surrounds the cartridge head for safety.

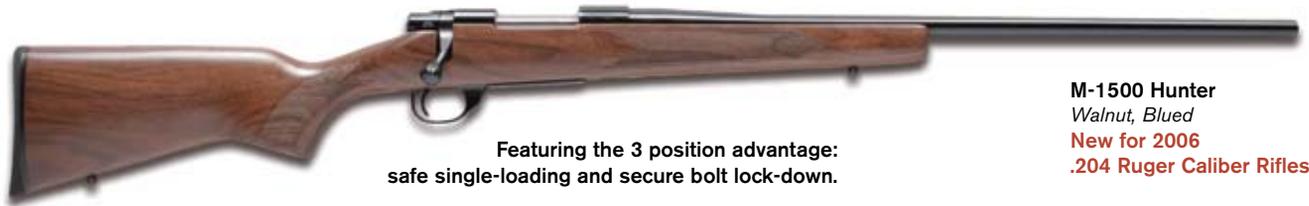

The fully adjustable Howa trigger is famous for consistent, crisp let-off. A lightweight hinged floor-plate opens at the touch of a button. All models are drilled and tapped for standard scope bases and come with solid rubber butt pads and sling swivel studs.

You can have your Howa in Blued or Stainless Steel, short or long action, with a choice of standard or heavy barrels. Hunter Models sport genuine American black walnut stocks with checkered grip and forearm panels protected by a weather-resistant low-gloss finish. Lightning models have a polymer stock with a molded cheek piece, comfortable forearm, palm swell, free floated barrel channel, and modern checkering. The wide choice of factory chamberings range from flat-shooting varmint calibers including the **NEW for 2006** .204 Ruger to potent magnums including .300 WSM, .270 WSM, and 7mm WSM.

"I took my Howa .300 Win. Mag on a Wyoming elk hunt this year, and was quite impressed with it! The accuracy was outstanding, the fit and finish were impeccable, and it handled exceptionally well. To think that a gun that possesses all of these qualities is available at such a reasonable price is truly amazing."

Rocky Marcario
Managing Director of Membership
National Rifle Association of America

Featuring the 3 position advantage: safe single-loading and secure bolt lock-down.

Howa M-1500 LIGHTNING

"You have no idea how your gun saved my bacon. We were driving out after the A.M. hunt across several pastures. We were filming a morning wrap up in the truck and my camera man noticed a big buck chasing 2 does across a field. I bailed out and we got set up in the field in 10 seconds. The other guys in the truck were also now out and yelling at the buck to stop. The does finally stopped and the buck hit the brakes. I fired at 310 yards the first time. The deer all ran off and then the does went over a small hill. The buck appeared hurt and stopped at the top of the hill at 422 yards. It looked like an ant on an anthill. I pulled the trigger and he flopped over. Both shots were within 1.5 inches and right in the smoke house."

Howa M-1500 JRS CLASSIC SUPREME

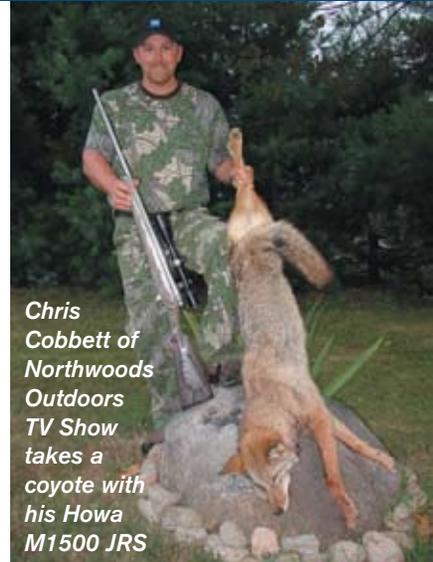

Stylish laminated stocks for discriminating shooters.

The JRS Classic is a traditional stock with comb parallel to the bore for comfort with the heaviest loads, raised cheekpiece, open pistol grip, and flat-oval forearm.

Howa M-1500 JRS Supreme rifles combine time-tested engineering with 21st Century innovations. These Supreme Series laminated sporter stocks come in satin-finish Nutmeg (brown), Pepper (gray) and Matte Black on Varminter models.

A testimonial from Sam Philips

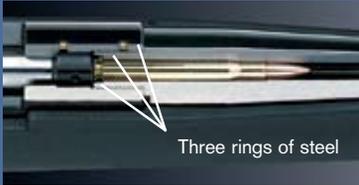

Chris Cobbett of Northwoods Outdoors TV Show takes a coyote with his Howa M1500 JRS

M-1500 JRS Classic
Stainless Steel, Nutmeg laminated stock
New for 2006-204 Ruger Caliber Rifles!

The 3 position advantage: safe single-loading and secure bolt lock-down.

Three rings of steel

■ The heart of the M-1500's superior action is a one-piece, bind-proof bolt forged from solid steel. Dual opposed locking lugs up front ensure maximum strength. The cartridge head is fully enclosed and the bolt is ported for safety, with a powerful extractor and positive ejection every time.

■ Howa Thumbhole stocks provide a more vertical grip for consistent trigger control and reduced recoil to the shoulder.

Howa

M-1500 THUMBHOLE SPORTER SUPREME

HOWA

Aaron Tippin, country music singer, hunts with the Howa JRS Thumbhole Sporter Supreme on the Ultimate Outdoors television series.

The Thumbhole Sporter offers a raised comb for consistent sight acquisition, plus a touch of forward taper to reduce felt recoil. A flared pistol grip and scalloped thumbhole ensure comfortable hand and wrist position for precise trigger control. It's a forward-looking design that's 100% practical.

M-1500 Thumbhole Sporter
Stainless Steel with Pepper laminated stock

M-1500 Thumbhole Sporter
Blued with Nutmeg laminated stock

New for 2006--204 Ruger Caliber Rifles!

The Pennsylvania First Friends of the NRA would like to extend a special Thanks to Legacy Sports International for their continued support. LSI has supported the NRA repeatedly and donated a HOWA Model 1500 Thumbhole Sporter to our record breaking NRA banquet for the last three years. Because of the inherent qualities of the HOWA rifles and some additional special touches by the great crew at Accuffite Arms, each year these HOWA Rifles have been able to raise an average of \$2500.00 at each event! Each year this rifle is greatly sought after and one of the highlights of our event.

Every lucky winner of these fine firearms has been extremely happy with their tack driving HOWA Rifle!

Dale Emerick, Chairman
PA's 1st Friends of NRA

Howa M-1500 VARMINT

For precision hunting and predator control.

Howa Varmint and Varminter Supreme rifles take performance to new heights. Built around the proven M-1500 action, these rifles have 24-inch hammer-forged bull barrels with recessed muzzle crown in either non-glare blue or matte stainless steel. The M-1500's acclaimed trigger adjusts for seat engagement and weight of pull. A three-position safety allows safe single-loading and secure bolt lock-down. Recoil pads and swivel studs are standard.

The Varmint Hunter stock is American Black Walnut, with checkered panels on pistol grip and forend. The Varmint Lightning sports a black polymer stock with molded cheek piece, comfortable forearm, palm swell, free floated barrel channel, and modern checkering. A camo Realtree dipped stock is available for Varmint models.

The Varminter Supreme stock is designed with a raised comb and rollover cheekpiece, a full pistol-grip with palm-filling swell, a broad beavertail forend and 12 longitudinal slots milled into each stock for barrel cooling.

The Thumbhole Varminter adds a high, straight comb and a more vertical pistol grip that's ideal for shooting off a bench or rest. For hunting, pest control, or match competition, you can't go wrong choosing a Howa M-1500 Varmint or Varminter Supreme rifle. The Howa Varminter Supreme and Thumbhole Varminter Supreme rifles come in Matte Black, Nutmeg (brown), and Pepper (gray) laminated stocks.

M-1500 PRECISIONS BARRELED ACTIONS

For top quality at affordable prices, nothing beats a Howa barreled action.

For the custom rifle maker or enthusiast who prefers a particular stock design, compare Howa with other factory barreled actions:

- **New for 2006- .204 Ruger Caliber Barreled Actions!**
- Forged steel, flat-bottomed receiver with large recoil lug and hammer-forged barrel. Heavy Varmint barrels have recessed muzzle crowns.
- Forged, one-piece, bind-proof bolt with dual locking lugs, M-16-style extractor and large cocking indicator.
- Three-position safety allows safe single-loading and secure bolt lock-down.
- Bolt and receiver are ported to vent away high-pressure gases in the unlikely event of a pierced primer or ruptured case.
- Receiver rings are precision drilled and tapped for accurate, rigid scope mounting.
- One-piece guard and magazine box with hinged floorplate.
- Choice of short and long actions, standard and heavy barrels, in Blued and stainless steel.

"After 50 years of master gunsmithing, I feel compelled to let you know how I feel about your Howa 1500 action. I have built thousands of custom rifles and muzzle loaders over the years and have utilized every action available from the shooting industry. I can honestly say - without hesitation, that the tolerances in the Howa 1500 action are perfect every time! The barrels which your factory produces are every bit as good - if not better than custom barrels that cost four times as much. Out of the box, the Howa guns are capable of sub M.O.A. Therefore; your Howa 1500 action is without a doubt my first choice for many of my custom rifle recommendations - in the past and still today.

M-1500 Barreled Action
Blued

Thank you for continued excellence and production."

LEUPOLD
AMERICA'S OPTICS AUTHORITY®

RIFLE & SCOPE PACKAGES

NEW FOR 2006

M-1500 Lightning Scope, Rings and Bases included
.204 Ruger Caliber Rifles!

Two great brands, one great hunting package! New for 2006, Howa and Leupold team up for your hunting success. The rifle scope package is offered in three options to cover a wide range of shooting pursuits.

Howa standard and magnum caliber options one and two: respectively, are fitted with a matte Leupold VX-1 3-9x40 Wide Duplex scope. The Howa varmint heavy barreled option is fitted with the Leupold VX-1 4-12x40 scope. Options one and three include the new .204 Ruger caliber rifle option.

HOWA - WINNING COMBOS!

Nikko Stirling

GOLD CROWN & DIAMOND SPORTSMAN

You Get A Lot More Than You Pay For!

Nikko Stirling scopes are crafted from aircraft-aluminum alloy and top-quality optical glass. All are nitrogen filled with fully coated lenses. Most variable-power models have adjustable objective lenses (AO). Fixed power models are set for no discernible parallax beyond 75 yards. Illuminated reticle models ensure cross-hair acquisition in the poorest light. Improved for 2006, the Gold Crown series offers higher grade lenses for clarity, improved optical coatings reducing reflection, one piece body, and rubber adjustments.

The Diamond Sportsman 10-50x60 is for the serious airgunner or marksman. It has a magnification range that lets you hone-in to a millimeter precise point on your target, two built-in range-finding systems, incredible optical quality and is available in either NATO or Mil Dot reticles. Guaranteed 100 percent waterproof, fog proof and shockproof, the Japanese-made Nikko boasts camera-quality lensware that's been ground and honed using state-of-the-art, computer controlled machinery and is then completed by multi-coating all the lens elements for the best possible clarity. The serrated ring behind the quick focus eye-piece allows ultra-fast zooming between 10x power and 50x (Yes, fifty times!).

The Nikko Stirling Diamond Series is supplied with everything you will need to hone up your marksmanship skills: screw-on lens caps, Allen keys, calibrated P/A wheel, lens cloth and instructions. If you want everything in your favor when you line up on target, then the Nikko Diamond Series is worth its weight in gold ... or even diamonds!!!

Billy Lo (right) proudly displaying his first place ranking in the 2005 American Airgun Field Target Association Nationals, won with the Nikko Stirling Diamond Sportsman 10-50x60. Tim McMurray (left), built Billy's champion air rifle package.

Nighteater™

PLATINUM SERIES

New for 2006, Platinum Series Scopes & Mounts. Setting a New Standard.

The New! Platinum Nighteater riflescopes were developed for the Professional Kangaroo Shooters in Australia who hunt exclusively at night, head-shooting kangaroos at 200-300m to harvest the meat and skins. The Platinum Nighteater series features riflescopes with Grade A lenses coated with the exclusive Microlux® ETE coatings developed to improve light transfer to the eyes. Ranges include both in 1 inch and 30mm options with saddle parallax adjustment from 10m to infinity and a stylish "built-in" sunshade. Large side wheel is optional on 30mm Nighteater models. The Platinum Eurohunter series is developed for low light hunting conditions. This series offers a 30mm one piece body that is composed of aircraft grade aluminum providing rigidity for assured accuracy. Other features include a German No 4 reticle, parallax set to 100m, waterproof, fogproof, shockproof, Microlux® ETE coatings, and inbuilt sunshade. Illuminated reticle option is available. These scopes earn their Platinum name by offering extremely high quality and performance.

PUMA
RIFLES

**M-92 LEVER
ACTION RIFLES**

Affordable variety for Old West enthusiasts.

Puma 92 lever action rifles and carbines come in the most popular modern calibers – .38 Special/.357 Magnum, .44 Magnum, and .45 Colt. There's a wide range of finishes – Blued, Case-Colored, Stainless Steel or Solid Brass receivers mated to Blued or Stainless Steel barrels.

Round-barrel 20-inch barrel carbines have crescent buttplates except .454 and .480 which come with cushioned shotgun-style recoil buttplates. Octagon barreled rifles have 24-inch barrels and crescent buttplates that match the receiver finish.

Karen Cumby, sports her winning Puma rifle and takes home a first place ranking from the 2004 SASS Virginia State Competition.

ESCORT PUMP ACTIONS SHOTGUNS SHOTGUNS

ESCORT

Escort AimGuard and MarineGuard shotguns are designed specifically for home and business defense. Both models have an 18-inch cylinder-bore barrel, five-shot magazine tube, tough polymer stock, and sling swivel studs. A 3/8-inch dovetail rib is milled into the top of the receiver for mounting accessory sights – a feature you'll find only on Escort.

The Escort FieldHunter is available in a variety of finishes, barrel lengths, and sight configurations. See specifications below.

ESCORT CAMO WATERFOWL & TURKEY COMBO SHOTGUNS

The unique Escort Waterfowl and Turkey Combos in 12 gauge and 20 gauge start with a semi-auto PS action and come with the Mossy Oak™ Obsession camo finish and two interchangeable multi-choke, vented-rib barrels that are chambered for 3" magnum ammunition.

- The 28-inch waterfowl barrel is factory fitted with a HiViz Spark front bead.
- The 24-inch barrel comes with a .665 Turkey choke tube* and HiViz TriViz front and rear sights.
- Set of M, IC, & F choke tubes that fit both barrels are included.

The complete set is packed in a tough, weather resistant field case specially fitted for both barrels, choke tubes and accessory kit. Everything an all-out waterfowl and turkey hunter could ask for in a single package.

The integral 3/8-inch dove tail on the Escort receiver is ideal for mounting accessory sights.

*Turkey choke tube not proofed for steel shot.

Extraordinary Value!

Pointer O/U, 12 ga.

Endurance, aesthetics, and functionality at value prices, Pointer over and under shotguns are now being imported by Legacy. At the beginning of 2006, Pointer will offer a 12 ga. Model, followed by a 20 gauge model thereafter. The gun is supplied with a KickeeZ butt pad, Truglo sight, extractors, barrel selector, floral engraving on electorless nickel receiver, and gold trigger. The barrels are drilled and later internally smoothed through a special reaming process, polished and hard chromed to resist corrosion and residual wear

and tear. The barrels are black chrome plated that is 10 times the corrosion resistance than bluing. The stocks are made of Turkish Walnut and offer maximum handling and ease of swing. The Pointer Shotgun comes with FIVE choke tubes including full, improved modified, modified, improved cylinder, and skeet. The Pointer over/under shotgun provides "Unlimited Shooting Pleasure" for a matchless price.

■ Floral engraving on electorless nickel receiver.

Pheasants shot in South Dakota with this Pointer shotgun.
