

RAM-LINE®

2006

HIGH CAPACITY RIMFIRE MAGAZINES

Plinking is a great way to spend hours of quality shooting time. The problem is, most of your time is spent reloading 10-shot clips. With Ram-Line's hi-capacity magazines designed especially for the Ruger® 10/22®, enjoy more time actually shooting. Quality improvements ensure reliable feeding for thousands of rounds. The patented side-by-side feeding offers you a compact magazine that does not get in your way while providing up to 50 rounds of shooting pleasure. The next time you are on the range or in the field, spend more time shooting. Use Ram-Line.

FEATURES & BENEFITS

- New high quality and reliable feeding system on compact mags
- Double constant force springs on compact mags for best feeding
- Compact "side-by-side" patented design means less bulk to carry in the field
- See-through smoke color for easy round count on selected mags
- 25-rounder is a single stack design with one constant force spring

SPECIALTY STOCKS

LAW ENFORCEMENT COLORED STOCKS

The Ram-Line L.E. line of stocks are available in 4 highly visible colors that are easily distinguished. Built to tough agency standards, most stocks feature a no-slip forearm design for fast, reliable pump handling and cycling. Colored stocks give law enforcement visual confirmation of both guns and loads.

CARBINE STOCKS

Our lightweight stocks are a snap to install. Because they're constructed of tough, space-age material, weather has no effect on performance or accuracy. Plus, these can be shortened up to 2 inches, making them perfect for smaller shooters. These stocks come with a traditional butt-plate.

FOLDING STOCKS FOR RUGER® FIREARMS

These compact stocks from Ram-Line are lightweight and easy to grip. With one quick press of the button, the stock folds out and locks in place. Take advantage of these durable, reliable synthetic stocks available for the Ruger® Mini 14®, Mini Thirty® and 10/22®.

LOCK-ARM™ STOCKS

If lightweight and quick response are what you're looking for in a stock, then Lock-Arm™ stocks are perfect for you. Our special design provides fantastic gripping from any point on the stock. The extended stationary stock offers a stable shoulder rest, yet is narrow enough that shooting offhand is no problem.

10/22® ACCESSORIES

Customize your Ruger® 10/22® with Ram-Line. Ram-Line offers a complete line of accessories to make your day on the range or in the field more enjoyable. Next time you want to upgrade your 10/22®, think Ram-Line.

WOOD-TECH®

REALTREE®

REALTREE HARDWOODS® HD™

Ram-Line stocks withstand the test of time, adding strength, accuracy and dependability to your rifle or shotgun. Whether you're a seasoned hunter or beginning shooter, Ram-Line has a stock for you. Ram-Line's replacement stocks are available for a variety of firearms and in multiple finishes. Our one piece stocks are made of tough, glass-filled polycarbonate that won't warp like wood stocks.

SYN-TECH® 1-PIECE RIFLE STOCKS

These stocks are precision molded, glass-filled polycarbonate to make them incredibly strong and lightweight while the free-floating barrel design improves accuracy. All Syn-Tech® stocks come with a premium recoil pad, swivel studs and the length of pull can be shortened up to 2 inches for customization.

SYN-TECH® 2-PIECE RIFLE STOCKS

Some hunting rifles, especially automatics or guns with scopes, can get rather heavy. Lighten your pack with a stronger, lighter Ram-Line stock molded from glass-filled Nylon 66. Tough weather elements have no effect on these precision stocks and they install in minutes without modification.

SHOTGUN STOCKS

2-PIECE SHOTGUN STOCKS

Nothing is harder on a shotgun than hunting in bad weather. The damp, muddy conditions can destroy a beautiful wood stock in one season. Replace those fragile wood stocks with a 2-piece shotgun stock from Ram-Line. Made of super tough glass-filled Nylon 66, foul weather has no effect on them. They install in minutes without modification and include a premium quality recoil pad.

ADVANTAGE WETLANDS®

These 2-piece shotgun stocks are now available in the Advantage Wetlands® camo pattern. This pattern allows you to blend in further with your surroundings when hunting for that prize game. With its rugged all-weather construction, this stock still allows for quick and easy installation.

YOUTH STOCKS

Youth stocks are reduced in length by 1-1/2" to provide a comfortable fit for smaller statures. These lightweight, exceptionally strong synthetic stocks come complete with a premium recoil pad. Precision inletting allows for uncomplicated installation without the need for custom gunsmithing.

REALTREE HARDWOODS® HD™

Turn your shotgun into a turkey slayer with a Ram-Line stock featuring the Realtree Hardwoods® camo pattern. Constructed of the same rugged all-weather composite material, this stock will disguise your gun from those crafty old toms.

ADVANTAGE® MAX-4 HD™ STOCK

Mother Nature can be pretty tough on your shotgun. Protect your original stock by using this rugged, all-weather synthetic stock from Ram-Line. With a quick and easy installation process and its Advantage® Max-4 HD™ pattern, this stock is a must for serious hunters.
