CHALK TARGETS

PAPER TARGETS

Tom Knapp

Regardless of the age we were introduced to the shooting sports, most of us can remember the first time we pulled the trigger. Maybe it was on the range at the local gun club, or plinking cans with grandpa at the farm, but hitting that target for the first time was a great feeling. Champion[®] is here for just that: the fun and excitement that comes with target shooting. Champion makes innovative, exciting paper targets, interactive metal targets and offers extensive options for the serious or casual clay shooter. We even offer a number of target holder systems designed to make shooting that much easier.

And at Champion, we know it's more than just practice. That's why you'll see new offerings like Chalk Targets, VisiColor[®] paper targets and the EasyBird[®] Auto-Feed 6-Packer electric trap. As an added bonus, you'll get tips and advice from world-renowned shooter Tom Knapp, who is known for his amazing target shooting displays—like throwing 10 clay targets into the air and hitting each one with an individual shot before they reach the ground. And Knapp is also quite impressive with a .22 rifle. Read on, as Champion continues to provide every shooter with the most effective and fun traps and targets, and some professional advice to help on the range.

DESIGNED FOR THE PERFECT HOLD

Finding a good place to set up paper targets has never been easier. Pick a safe backstop and use our portable target holding systems to prop up your quarry. Also, our .22 bullet trap provides a safe way to hold your precision target when you really want to dial in.

Tom Knapp says: Shooting targets, whether paper, metal or chalk, is great practice. As you get more comfortable with your gun, don't just try to hit your target, but see if you can put several shots in a specific area. These target holding systems should make shooting a little easier, especially on windy days.

FOLDING TARGET HOLDER

This portable, lightweight target accessory provides a handy and stable spot to place paper targets. Sight in a rifle at deer camp, plink with friends or just plain shoot for practice. The convenient folding stand can be stored in a compact carrying case, making a trip easy anytime shooting is the goal.

Part No.	Description
40884	Folding Target Holder

TARGET HOLDER

This portable holder comes with 8 clips for convenient target placement a full 28-inches above the ground. Made of solid steel and equipped with a wind resisting anchor plate, it holds paper, cans and more. Comes with a carrying case.

Part No.	Description
40882	Target Holder w/ Case

.22 BULLET TRAP

A go-anywhere bullet trap created specially for .22 rimfire shooters. The heavy-duty steel construction comes with a 10" x 11" target area and a "bulldog" target clip.

Part No.	Description
40801	Bullet Trap For 22 Caliber Only

PAPER TARGET SYSTEMS

Each system contains 10, 11" x 14" targets and the sturdy metal stand. The box becomes a target holder to allow easy target replacement.

HITS YOU CAN SEE INSTANTLY

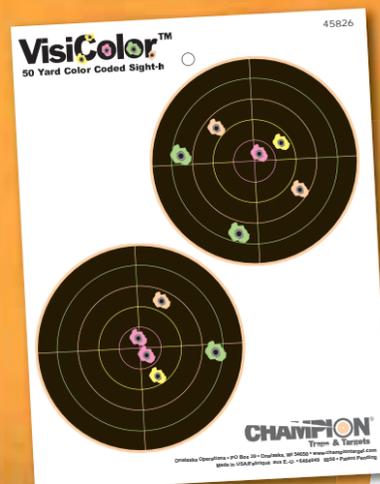

VISICOLOR™ HIGH-VISIBILITY TARGETS

VisiColor™ paper targets burst on the scene last year with a wave of color, bringing target shooters a fun, interactive and useful way to sight in and practice. And this year, there's two more VisiColor options. These targets provide multi-colored impact halos for easy identification of specific hit locations. Add some color and excitement to your shooting experience with VisiColor. Patent pending.

Tom Knapp says: Be sure to switch up how you shoot. Try a variety of targets, make up games and get creative. VisiColor targets provide you with a bunch of options—make sure you use them to improve your shooting skills.

VisiShot® technology continues to make trips down the range to check shot placement a thing of the past. Bright orange circles show the shooter just where they're hitting. Available in several options, including critter offerings, VisiShot targets provide realistic practice and shooting fun.

TARGETS THAT BRING LIFE TO SHOOTING

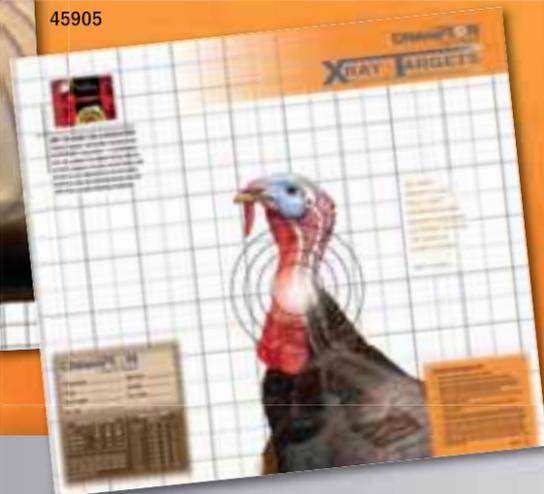

XRay® paper targets are designed to bring you closer to the real hunting experience. The days of shooting at a black circle on plain white paper are gone. XRay targets provide realistic, life-like images to prepare you for the hunt. These eye-catching targets are also great for educating new hunters. And white backgrounds help make targets stand out.

Tom Knapp says: Attention shooters! When sighting in your favorite gun, remember to breathe. Don't let the excitement of a day of shooting get your nerves. Take a deep breath, exhale and squeeze the trigger. A relaxed shooter makes for a pinpoint marksman.

XRAY® TARGETS

The XRay® series from Champion® Traps & Targets takes paper target design to the next level. Each XRay target features artwork done by a certified biologist. An expert has drawn the anatomy and precisely placed the vital-zones so you get the best training on shot placement while increasing confidence in your shooting ability.

The new ShotKeeper™ series provides a broad assortment of color contrasts to ensure good shooting in various light conditions and terrain. They offer both large and small sized targets to suit your target stand needs. Champion's other new offerings, the Animal Targets, help shooters perfect just where to hold their sights. They feature an orange background for bright contrast and visibility. These targets are great for high volume shooters and are an excellent choice for educating new hunters.

INTERACTIVE METAL TARGETS: PERFECT FOR PRACTICE OR PLAY

Champion's line of metal targets has an option for just about everyone. Our spinner, auto-reset and shoot-thru metal targets work great for solo-plinking, especially the new Single Spinner Target. Some models, such as the Spin-Off™, are designed for some friendly competition. So whether you're up for a little target practice, or a friendly "duel", look to Champion® for your metal target needs. All targets can be used with .17 HMR at 100 yards, with the exception of the Airgun/Pellet Auto Reset Target.

Tom Knapp says: Don't forget to sight in your gun before challenging a friend to a Spin-Off. Take the extra time to shoot on paper and know where your gun shoots—it'll pay off in sweet victory.

"BREAKING" ISN'T JUST FOR CLAYS ANYMORE

This year, Champion® brings something new and unique to target shooting with the fun, reactive Chalk Targets. You'll know instantly when you hit your mark, just look for the distinctive "Poof". Set these targets up on one of two holder systems for increased shooting excitement. The bright chalk discs provide shooters high visibility targets at various distances. The Single Holder Systems are bendable to accommodate hanging from nails or fence lines. They also feature push pins in the back, allowing shooters to attach them to cardboard and other similar materials. Utilize the Multi Holder System to take on your buddy in a shooting challenge.

MULTI TARGET HOLDER SYSTEM **NEW!**

Part No. Description
40933 Multi Target Holder System
Includes 36 chalk targets

REFILL CHALK TARGETS **NEW!**

Part No. Description
40940 Refill Chalk Targets
Includes 48 chalk targets

SINGLE TARGET HOLDER SYSTEM **NEW!**

Part No. Description
40931 Single Target Holder System
Includes 12 chalk targets

SPORTING CLAY VARIETY PACK

The Sporting Clay Variety pack is a great way to take advantage of the versatility of one of the Champion® Traps and provide hours of shooting fun. It gives you a mix of 107 targets in Jackrabbit, Quail, Dove and Standard.

Includes: 15-Nestor* Standard, 28-Jackrabbit, 30-90mm Midi, 34-60mm Mini

Part No. 25701 Sporting Clay Variety Pack

*Nestor are high-dome standards that can be launched with a 90mm Midi underneath. Midi drops out during flight.

STANDARD

The Standard Clay sets the bar for clay target throwing and is the most commonly thrown target. It can be thrown solo or as part of a nested pair. Put a 90mm Midi underneath for an extra challenging shot. The Midi will drop out in flight for a challenging doubles presentation.

Targets Per Case: 135
Description: Basic clay target presentation
Diameter: 108 millimeters
Flight Pattern: Steady and versatile
Height: 14 millimeters
Weight: 105 grams
Emulates: Variety of bird hunting situations

Part No. 25601 Sporting Clay

QUAIL/MIDI

The Quail, also called a 90mm or Midi, is a mid-sized target thrown in coveys of two, three and four to simulate quail. Quails can also be placed under 108mm Sporting Clays and be thrown as nested pairs. Each nested pair leaves the thrower as one and the Quail drops out during flight.

Targets Per Case: 48
Description: Mid-sized target thrown in coveys up to four
Diameter: 90 millimeters
Flight Pattern: Straight: If thrown as double it drops from underneath SC 108mm during flight
Height: 22 millimeters
Weight: 74 grams
Emulates: Simulates quail

Part No. 25809 RSC Quail

JACK RABBIT

The Rabbit, also called a Jackrabbit, has a diameter equal to the standard MP, but no raised dome. A thick outer rim provides the needed strength as this target bounds across the ground.

Targets Per Case: 54
Description: Thick outer rim
Diameter: 108 millimeters
Flight Pattern: Rolls across ground
Height: 14 millimeters
Weight: 120 grams
Emulates: Simulates scurrying rabbit

Part No. 25759 RSC Rabbit

DUCK/BATTUE

The Duck, also called a Battue (pronounced Baa-too), is a very shallow-domed target usually thrown in pairs. They fly fast, presenting a very low profile, but have weak aerodynamic properties due to the low dome. The targets quickly reach a stall speed and abruptly rotate 90 degrees, presenting their entire surface area to the shooter. The shooter has only a few seconds to shoot the targets as they quickly plunge to earth. This presentation simulates descending ducks.

Targets Per Case: 108
Description: Fast-flying low-dome clay
Diameter: 108 millimeters
Flight Pattern: Quickly reaches stall speed, rotates 90 degrees, plunges to earth
Height: 14 millimeters
Weight: 80 grams
Emulates: Rapid descent to ground simulates descending duck

Part No. 25859 RSC Duck

DOVE/MINI

The Dove, also called a 60mm or Mini, is a very tiny target thrown high overhead to simulate high-flying doves. Very difficult to hit and usually requires a full choke. With proper alignment against the inside of the Sporting Clay standard, the Dove can also be nested with the larger Sporting Clay target.

Targets Per Case: 108
Description: Tiny high-flying target
Diameter: 60 millimeters
Flight Pattern: Straight and fast
Height: 19 millimeters
Weight: 32 grams
Emulates: Simulates doves flying overhead

Part No. 25909 RSC Dove

MANUAL TRAPS: GREAT ANYTIME, ANYPLACE

Manual traps offer the convenience of portability at a competitive price. Champion's numerous 3/4 cock traps feature a one-way clutch and make resetting the arm a breeze. This 3/4 design requires less force and a much shorter distance to fully cock the trap for the next throw. From our adjustable hand thrower to the Matchbird® Seated Trap, Champion® has a manual option for any occasion.

Tom Knapp says: Manual throwers are great, especially for new shooters. They are an inexpensive tool that can make practice more fun, and a lot easier. Pick a model you like and set it up. You'll be hitting more clays in no time.

SUPER SPORT HAND THROWER

Easy, fun-to-use hand thrower that can be used by any age. Super Sport is easily adjustable to throw minis, midis standard and even challenging rabbits.

Part No.	Description
40900	Super Sport Hand Thrower

HIGH FLY STRING RELEASE

This trap's balanced design delivers all regulation clay targets to challenging distances. The target is thrown with a simple pull of a string and features a target clip for a secure placement and a consistent flight path. Stake in the ground or mount on a tire.

Part No.	Description
40901	High Fly String Release

FLIGHT MASTER® JR.

This 3/4 cock option requires less force and a much shorter distance to fully cock the trap for the next throw. This design makes for easy throwing and hours of enjoyment.

Part No.	Description
40240	Flight Master Jr.

SKYBIRD® 3/4 COCK TRAP WITH TRI-POD

Tri-Pod stands waist high and string release offers safe trigger pull mechanism. No staking required. Throws all sizes and types of clays including rabbits, doubles and staked doubles. Trap throws consistent clays up to 70 yards.

Part No.	Description
40906	Skybird 3/4 Cock Trap w/Tri-Pod

SKYBIRD® 3/4 COCK TRAP WITH FOOT RELEASE

Foot release trap is excellent for shooting alone, just step and release. This balanced ground trap throws all types of targets up to 70 yards. Shoot minis, midis, standards or doubles.

Part No.	Description
40903	Skybird 3/4 Cock Trap w/Foot Release

FLIGHT MASTER®

The lightweight and portable Flight Master® features two throwing arms to launch four clays at once up to 70 yards with no staking or mounting. This 3/4 cock trap easily throws clays with a thumb release and the ratcheting lever cocking device makes throwing another clay very simple.

Part No.	Description
40231	Flight Master

SKYBIRD® 3/4 COCK TRAP WITH POST MOUNT

Mounts to a standard 4x4 wooden post for higher targets and more versatility. This Skybird® option can be set up on fence lines quickly and easily. It's also easy to take down and move as it is compact and portable.

Part No.	Description
40905	Skybird 3/4 Cock Trap Post Mount Only

MATCHBIRD® 3/4 COCK TRAP WITH SEAT

Matchbird® seated traps provide multiple mounting positions for the easy-to-use 3/4 cock trap. They throw targets up to 70 yards and quickly attach to a 2-inch receiver hitch for sturdy and comfortable clay tossing. Available in single and double offerings.

Part No.	Description
40904	Matchbird 3/4 Cock Trap w/Seat
40907	Matchbird 3/4 Cock Doubles Trap w/Seat (2 Traps)

UPGRADE YOUR BACKYARD RANGE

The Easybird® line of electric traps continues to provide shooters with quality, reliable and affordable traps for the back forty. This year, Champion® has taken this line one step further with the Easybird Auto-Feed 6-packer. Built on the heels of the initial auto-feed option, this new trap has a 150-clay capacity for non-stop action.

Tom Knapp says: If you're lucky enough to have the space, use one of the electric handset or auto-feeding options on your own property. These traps will throw consistent presentations time after time, and save you a trip to the range.

EASYBIRD® ELECTRIC HANDSET TRAP

This Electric Handset Trap makes throwing clay targets a breeze. The throwing arm automatically resets after each throw. All you have to do is place the Champion® clay target on the throwing arm, push the release button and shoot. The Easybird® does the rest. Easybird makes target shooting fun for everyone with a consistent, easy-to-use trap that throws targets up to 70 yards. The single-seated trap even boasts a manual oscillating feature for more challenging targets.

Part No.	Description
40914	Easybird Electric Handset Trap—Single Seat
40916	Easybird Electric Handset Trap—Tri-Pod

EASYBIRD® AUTO-FEED TRAP

The Easybird® Auto-Feed is a great entry level automatic trap for the part-time shooter. This affordable and portable electric trap automatically feeds from the 50-clay capacity magazine and makes target shooting a breeze. It comes with a tri-pod stand (not pictured) and runs off a standard 12-volt battery for continuous throwing. For added convenience, this trap easily mounts to the Trap Taxi™.

40910	Easybird Auto-Feed Trap

EASYBIRD® AUTO-FEED 6-PACKER **NEW!**

Champion's® newest backyard option, The Easybird® Auto-Feed 6-Packer, comes complete with the Trap Taxi™ and is pre-wired and designed to accept the Easybird Auto-Feed Oscillating Base. No matter how you choose to outfit yours, it is sure to provide hours of enjoyment and make target shooting a breeze. Its adjustable throwing ranges, smooth cycle auto-feeding and 150-clay magazine will keep you and your friends shooting all day long. Safety features such as circuit breakers, the on-off safe release feature and arm-path indicator rings are an added bonus. This trap runs off a standard 12-volt battery for continuous throwing (deep cycle recommended).

EASYBIRD® AUTO-FEED OSCILLATING BASE **NEW!**

The Easybird® Auto-Feed Oscillating Base is a wonderful accessory for your Easybird Auto-Feed or Easybird Auto-Feed 6-Packer Electric Traps. It provides two ranges of horizontal motion, including a full 45° option and an alternative "two hole" setting that matches the regulation trap throwing angles of larger commercial traps. The Oscillating Base comes with an independent on/off switch to convert from stationary to angling targets and runs off a 12 volt battery (deep-cycle type recommended).

TRAP TAXI™

The Trap Taxi™ is designed to help move your backyard and light-commercial traps from place to place with ease. This year's model has been redesigned to include a bigger set of wheels, allowing the Trap Taxi to handle rougher terrain. It was initially created to hold the SST, 180-Sporter and Easybird® Auto-Feed traps, and now comes standard with the new Easybird Auto-Feed 6-Packer. Hook it up to your ATV, small tractor or pull it yourself to make your trap even more portable.

ELECTRIC TRAPS TO MEET HIGH-VOLUME DEMANDS

Our light-commercial line is the anchor of the electric trap options. These models are built with some of the same parts high-grade commercial traps are made from for extra durability. All light-commercial traps run off of 12-volt batteries (deep cycle recommended) and feature circuit breakers, the on-off safe release feature and arm-path indicator rings for added safety. These traps can meet the demands of smaller clubs, hunting lodges or the extremely active backyard shooters. If you're in the market for sturdy, portable and versatile traps that provide professional-grade throwing—look to our light-commercial line.

SST® RABBIT TRAP

There's no disputing the top-quality performance and consistency of the SST® line of traps from Champion® Traps & Targets. For reliability, portability and professional-grade target tossing on any range, the SST stands alone in its category. The SST Rabbit Trap adds a new dimension of clay target throwing that will challenge even the most adept shooters. Its fast cycle time and heavy-duty clutch, frame, mainspring and cocking motor will keep targets zinging for as long as the shooter can hold the gun to their shoulder.

SST® RABBIT TRAP POSITIONS

See picture to left

- A** Rabbit Presentation: Stays low to the ground with small "bouncing" action.
- B** Chondelle: "Flying Rabbit" action where clay target "jumps" several feet in the air.
- C** Springing Teal: Near vertical flight path for even more variation.

*Trap also capable of releasing target between listed positions.

SST® ELECTRIC TRAP

Graduate from professional to light commercial with the SST® (Single Stack Trap). Sturdy, portable and versatile, the SST provides you with professional-grade throwing and reliability. Invest in one today and improve your trap shooting skills. The Wobble and Oscillator accessories are available as add-ons for an extra shooting challenge.

OSCILLATOR & WOBBLE ATTACHMENT

The Oscillating Base is a wonderful accessory for your SST or 180-Sporter. It provides two ranges of horizontal motion, including a full 45° option and an alternative "two hole" setting that matches the regulation trap throwing angles of larger commercial traps. Adding the wobble attachment gives you a vertically oscillating trap with 0-35° of movement. Each comes with an independent On/Off switch to convert from stationary to angling targets.

180-SPORTER

Trap enthusiasts at the range or in the backyard will appreciate the 180-Sporter. This next-generation SST® is lightweight, portable and features a 180-target capacity. It throws 3000-5000 targets on a fully charged battery. The fast cycle time and ability to throw targets 70 yards make it ideal for trap, skeet or sporting clays.
