

Accessories

| | | |
|--|--------|---------|
| Hogue® Grips The custom-designed Pau Ferro (exotic hardwood that resembles dark walnut) finger-grooved grip is field-installable. The custom-designed black Micarta grip is smooth and will require some fitting by yourself or a competent gunsmith when installing. Both grips listed are for BFR revolvers with serial numbers that start with the "JT" prefix. | | |
| Hogue Pau Ferro wood grip | BFR815 | \$75.00 |
| Hogue Black Micarta grip | BFR817 | \$99.00 |

| | | |
|--|-------------|---------|
| Scope Mounts/Rings New BFR scope base for use with Weaver style rings made of T-6 aircraft grade aluminum, features rear recoil lug and multiple cross slots to optimize scope mounting. The Leupold base with medium rings is all steel. All BFRs (except 45LC/410) are drilled and tapped to accept BFR Base (included with BFRs sold after 1/1/04). | | |
| BFR base, long cylinder | BFR-BASE-LC | \$29.00 |
| BFR base, short cylinder | BFR-BASE-SC | \$29.00 |
| Installation of BFR base (drill/tap) | BFR-ISB | \$25.00 |
| Leupold mount/rings, glossy black | BFR50071 | \$49.00 |
| Leupold mount/rings, silver | BFR50072 | \$49.00 |
| Installation of Leupold base (drill/tap) | BFR-ISL | \$36.00 |

| | | |
|---|--------------|---------|
| Sights The HiViz™ front sight offers an alternative to the BFR factory front sight. This fiber optic front sight comes with three green and three red LitePipes and is awesome for those low light conditions or dark targets (like a black bear or wild hog). This HiViz front sight works exceptionally well with the BFR Millett white outlined rear sight. The Millett® rear sight offers up upgrade to the factory mechanical rear sight (the rear sight will require fitting; contact a competent gunsmith if you need assistance). | | |
| HiViz fiber optic front sight, medium | BFR-HIVIZ-M | \$25.00 |
| HiViz fiber optic front sight, high | BFR-HIVIZ-H | \$25.00 |
| HiViz fiber optic front sight, extra-high | BFR-HIVIZ-XH | \$25.00 |
| Millett adjustable rear sight, white outlined | BFR302/W | \$39.00 |
| Factory adjustable rear sight, black | BFR-D5 | \$24.00 |

| | | |
|--|--------------|----------|
| Vent Rib and Cylinders The .410 vent rib will enhance your .45LC/.410; you can install this yourself. Now available for current production BFR revolvers having serial numbers beginning with "JT" (will not work with "DM" serial numbers), you can get the best of both worlds with a few of the calibers we offer. Change your .450 Marlin to a .45/70 or vice versa. Your BFR must be fitted at MRI with a new cylinder. (You can send us your BFR for this installation or have your dealer order it with the extra cylinder right from the start.) | | |
| .410 vent rib (for your BFR .45CL/410) | BFR-RIB410 | \$89.00 |
| .45/70 cylinder only (for your BFR .450 Marlin) | BFR-CYL45/70 | \$150.00 |
| .450 Marlin cylinder only (for your BFR .45/70) | BFR-CYL450M | \$150.00 |

| | | |
|--|--------------|---------|
| Cordura® Holsters Black Cordura hip holsters are rugged and affordable for right or left hand. Nylon web belt matches. | | |
| Cordura hip holster, right-hand, for 6.5" and 7.5", all calibers | BFR270B/R | \$30.00 |
| Cordura hip holster, right-hand, for 10", all calibers | BFR270B/R-10 | \$30.00 |
| Cordura hip holster, left-hand, for 6.5" and 7.5", all calibers | BFR271B/L | \$30.00 |
| Cordura hip holster, left-hand, for 10", all calibers | BFR271B/L-10 | \$30.00 |
| Nylon web belt, medium (to 36" waist) | DEP275B | \$29.00 |
| Nylon web belt, large (to 42" waist) | DEP276B | \$29.00 |

| | | |
|--|---------|----------|
| Natural Leather Bandolier Holsters Quality-crafted natural leather bandolier holsters for right-hand shooters can be used with or without a scope. | | |
| Leather bandolier holster, for 6.5" and 7.5" (short cylinder) | BFR2511 | \$149.00 |
| Leather bandolier holster, for 7.5" (long cylinder) | BFR2512 | \$149.00 |
| Leather bandolier holster, for 10" (long cylinder) | BFR2513 | \$149.00 |

| | | |
|--|----------|---------|
| Black Leather Hip Holsters & Belt Quality-crafted black leather holsters for right-hand or left-hand shooters can be used with or without a scope. | | |
| Leather hip holster, right-hand, for 10" | BFR2542 | \$99.00 |
| Leather hip holster, right-hand, for 6.5" and 7.5" | BFR2541 | \$99.00 |
| Leather hip holster, left-hand, for 10" | BFR2542L | \$99.00 |
| Leather hip holster, left-hand, for 6.5" and 7.5" | BFR2541L | \$99.00 |

Same Old Average Accuracy? Kick It Up A Notch!

MagnumLite™ barrel with Hogue OverMolded™ stock

MagnumLite™ barrel with H-S Precision tactical stock

MagnumLite™ barrel with H-S Precision varmint stock

Shot after shot, MagnumLite graphite barrels and rifles provide the ultimate in performance for the discriminating rifle enthusiast. Reduced weight and superior accuracy result from uni-directional graphite fibers running parallel to the bore axis over a match grade steel liner.

MagnumLite graphite barrels are ready for your gunsmith or Magnum Research to chamber and install on your receiver. Complete rifles, available from Magnum's Custom Shop, are based on the Remington 700 receiver and stocked to fit your requirements. Choose a stock from Lone Wolf, H-S Precision, McMillan, or Hogue. Bore diameters 22 (.224), 7mm (.284) and 30 (.308) provide chambering from .223 Remington to .300 Winchester Magnum and include the hot new 7mm WSM and .300 WSM.

Show Your Stuff

Join The Trophy Club

Hunters who hunt with Magnum Research products are invited to join the Magnum Research Trophy Club. When you join, you will receive a certificate of membership and a free Trophy Club T-shirt that will make your friends extremely jealous. (Color and fabric content may vary.)

To join, just provide some basic written information and a photograph of yourself with the trophy and the pistol or rifle you used. Your name should be noted on the back of the photo, and the following information should be noted on a 3" x 5" index card:

- Name • Address • Type of animal
- Type and caliber of firearm (must be a Magnum Research product) • When and where the hunt took place • Other interesting details or circumstances • T-shirt size (M, L, XL, XXL)

Entries should meet the following guidelines:

- 1) Any game harvested in a fair chase is a "trophy."
- 2) The photo should be tasteful. The hunter and the firearm should both appear in the photo with the trophy.
- 3) The photo should be taken at or near the site of the hunt (not in the hunter's den with a mounted trophy).

Photos and facts may be used in Magnum Research's promotional materials. (Photos cannot be returned.) Trophy Club photos and cards should be sent to Magnum Research, Attention: Trophy Club, 7110 University Avenue N.E., Minneapolis, MN 55432.

The Platform

The entire Mark XIX Component System is based on a single platform. With its gas operation, rotating bolt and all-steel construction, this is the heart of the firearm. Once you've purchased a Mark XIX Desert Eagle, you can change the barrel length or the caliber in seconds, if you have the appropriate Mark XIX components on hand. (See the listing of components on the facing page.)

The Desert Eagle Pistol

The Mark XIX Desert Eagle Pistol offers true interchangeability. Six different pistols are available — .357 Magnum, .44 Magnum or .50 A.E., each with a 6-inch or 10-inch barrel. Purchase one pistol and you have the platform to build the other five with a simple switch of components.

The Mark XIX barrel takes ring mounts directly (see page 8). The .357 and .44 barrels have been fluted to reduce overall pistol weight. And the Desert Eagle still provides unmatched accuracy and control.

The .50 Action Express is recommended for experienced shooters.

| | | |
|--|--------|------------|
| .50 A.E. Desert Eagle Pistol, Mark XIX, 6-inch barrel, standard black | DE50 | \$1,369.00 |
| .50 A.E. Desert Eagle Pistol, Mark XIX, 10-inch barrel, standard black | DE5010 | \$1,469.00 |

The .44 Magnum is powerful enough for hunting deer and other large game.

| | | |
|--|--------|------------|
| .44 Magnum Desert Eagle Pistol, Mark XIX, 6-inch barrel, standard black | DE44 | \$1,369.00 |
| .44 Magnum Desert Eagle Pistol, Mark XIX, 10-inch barrel, standard black | DE4410 | \$1,469.00 |

The .357 Magnum Desert Eagle Pistol was the first semi-auto handgun capable of firing magnum-caliber ammo with high accuracy and very low recoil.

| | | |
|---|---------|------------|
| .357 Magnum Desert Eagle Pistol, Mark XIX, 6-inch barrel, standard black | DE357 | \$1,369.00 |
| .357 Magnum Desert Eagle Pistol, Mark XIX, 10-inch barrel, standard black | DE35710 | \$1,469.00 |

Mark XIX Component System Package

Acquire an instant Desert Eagle collection. This stunning package consists of an aluminum carrying case (jacketed in black ballistic nylon) filled with the following components of the Mark XIX system: .44 Magnum pistol (with magazine), .44 Magnum 10-inch barrel, .50 A.E. 6-inch barrel, .50 A.E. 10-inch barrel, .50 A.E. magazine, .357 Magnum 6-inch barrel, .357 Magnum 10-inch barrel, .357 bolt assembly and .357 magazine. You can also order the package with only 6-inch or only 10-inch barrels. Call 1-800-772-6168 for prices on custom shop finishes.

| | | |
|---|----------------|-------------------|
| Mark XIX Component System Package | DEXIX | \$4,111.00 |
| Mark XIX System Package/6-inch only | DEXIX6 | \$2,695.00 |
| Mark XIX System Package/10-inch only | DEXIX10 | \$2,935.00 |

We are often asked whether this package is less expensive than ordering the components separately. It is not, but it is a more convenient way to order.

These packages — and all firearms — must be obtained through your federally licensed firearms dealer. Parts and accessories can be ordered directly from Magnum Research.

To purchase a Desert Eagle Pistol, please see your favorite federally licensed firearms dealer. Components can be purchased from your dealer or directly from Magnum Research. Platforms are not sold separately.

Any and all specifications are subject to change at the manufacturer's sole discretion.

The Custom Hunting Shop

Custom-Finished Pistols

A custom finish adds a layer of distinction to the sheer power of the Desert Eagle. 24K gold appointments can also be added to pistols with any overall finish. Standard pistol finish is black oxide. Custom finishes shown below, clockwise from top right of photo, are: 24K gold (GO), polished & blued (PB), bright nickel (BN), matte chrome (MC), brushed chrome (BC), polished & blued with gold appointments (PBGO), satin nickel (SN), and polished chrome (PC). Titanium carbon nitride (TCN), titanium gold (TG) and black chrome (BKC) finish also available.

Please Note: The magazine that comes with your custom-finished Desert Eagle Pistol will have a custom-finished base plate and a black oxide body.

| | | |
|----------------------------------|-----------------------|----------|
| PB, BN, MC, BC, SN, or PC finish | Note 2-letter code | \$290.00 |
| Black chrome finish | BKC | \$580.00 |
| GO, TG, TCN or TG-TS finish | Note code | \$580.00 |
| 24K gold appointments | Add GO to finish code | \$290.00 |

Shooting Sharpeners

Scope Mount & Rings for Mark I & VII

Look-through scope mount (not shown) clamps to Mark I or VII .357, .41 or .44 Desert Eagle (any barrel length). Field-installable, no drilling or tapping. Compatible with most pistol scopes and with scope rings (not shown) listed below that clamp directly onto scope mount.

| | | |
|------------------------------------|---------|---------|
| Scope mount, standard black finish | DEP350B | \$39.00 |
| Scope rings, 1", black | DEP379 | \$25.00 |
| Scope rings, 1", silver | DEP378 | \$25.00 |

Scope Mount for Mark XIX Pistols

These mounts (shown above) attach directly to the top of your Mark XIX barrel and will give you a wider variety of scope mounting possibilities. One of these mounts would be required if you are looking to use scopes with integral bases. If you have any mounting questions, please contact our Customer Service Department at 1-800-772-6168, Monday-Friday 8:30-4:30 CST.

| | | |
|-------------------------|---------|---------|
| Scope mount XIX, black | DEP351B | \$89.00 |
| Scope mount XIX, silver | DEP351S | \$89.00 |

Ring Mounts for Mark XIX Pistols

Specially designed see-through ring mounts let you continue to use your fixed sights, too. Rear ring is angled back to prevent scope from being affected by muzzle blast. These rings fit all Mark XIX pistols; no other scope mounts are required if using scopes without an integral base. Black and matte silver finishes are pictured above in 1-inch-size.

| | | |
|-------------------------------|---------|---------|
| Ring mounts, 1", black | DEP380 | \$29.00 |
| Ring mounts, 1", matte silver | DEP380S | \$29.00 |
| Ring mounts, 30mm, black | DEP381 | \$35.00 |

Also available in these finishes while supplies last:

| | | |
|----------------------------------|----------|---------|
| Ring mounts, 1", polished chrome | DEP380PC | \$50.00 |
| Ring mounts, 1", satin nickel | DEP380SN | \$50.00 |
| Ring mounts, 1", bright nickel | DEP380BN | \$50.00 |

Our "see-through" ring mounts let you continue to use your fixed or adjustable sights on your Mark XIX pistol.

Desert Eagle Sights

Low-profile **Millett®** sights (see large photo) with white or orange front ramp and white rear sight are adjustable for windage and elevation. Sights work in sets, not individually, on all Desert Eagle models, but front sights are available separately for your extra barrels.

Trijicon® night sights, 3-dot green front/rear (not shown): the brightest, strongest and safest for enhancing night fire accuracy. Sights work in sets, not individually, on all Desert Eagle models, but front sights are available separately for your extra barrels.

For all sights, some fitting is required. **Consultation with your gunsmith is suggested.**

| | | |
|--|-------------|----------|
| Millett sights, white front, white rear | DEP300/W | \$75.00 |
| Millett sights, orange front, white rear | DEP300/O | \$75.00 |
| Millett front sight, white | DEP301/W | \$29.00 |
| Millett front sight, orange | DEP301/O | \$29.00 |
| Millett rear sight, white | DEP302/W | \$50.00 |
| Trijicon night sights, green 3-dot | DEP320 | \$129.00 |
| Trijicon front sight, green | DEP321 | \$50.00 |
| Factory combat front sight, black | 00024-11015 | \$20.00 |
| Factory combat rear sight, black | 00024-1241 | \$25.00 |
| Installation of sights at MRI (optional) | WSI | \$25.00 |

Leupold® 2x EER Scopes

Improve your accuracy by adding a Leupold scope to your Desert Eagle of any caliber and vintage. Optimum eye relief of 12-24 inches. Shown mounted with coordinating 1-inch see-through ring mounts (see page 8) for Mark XIX pistols.

| | | |
|------------------------------|--------|----------|
| Leupold 2x EER, glossy black | DEP364 | \$299.00 |
| Leupold 2x EER, silver | DEP366 | \$299.00 |

Leupold® 2.5 x 8 EER Scopes

Create the ultimate handgun for hunting by adding one of these top-of-the-line Leupold scopes to your 10-inch-barreled Desert Eagle of any caliber and vintage. Optimum eye relief of 12-24 inches. (Do not use with 6" barrel.) Shown mounted with coordinating 1-inch see-through ring mounts (see page 8) for Mark XIX pistols.

| | | |
|--------------------------------------|--------|----------|
| Leupold 2.5 x 8 EER, black multicoot | DEP369 | \$399.00 |
| Leupold 2.5 x 8 EER, silver | DEP370 | \$419.00 |

Any and all specifications are subject to change at the manufacturer's sole discretion.

Absolutely Gripping

Slide Release & Safety Lever Kit (for Mark I)

Upgrade the slide release and safety levers on your Mark I pistol to Mark VII/Mark XIX specs. Slide release is larger, safety levers are larger and hook-shaped. Field-installable. Standard black. For custom shop finish, call Sales Department at 1-800-772-6168 for prices and scheduling.

| | | |
|----------------------------------|--------|---------|
| Slide release & safety lever kit | DEP250 | \$59.00 |
|----------------------------------|--------|---------|

Adjustable Trigger Assembly (for Mark I)

Field-installable military 2-stage trigger assembly upgrades Mark I Desert Eagle Pistols to Mark VII/Mark XIX trigger specs. Screwdriver not included. Standard black. For custom shop finish, call Sales Department at 1-800-772-6168 for prices and scheduling.

| | | |
|-----------------------------|--------|----------|
| Adjustable trigger assembly | DEP200 | \$129.00 |
|-----------------------------|--------|----------|

Desert Eagle Parts

After your Desert Eagle racks up a few miles, install new springs and restore the zing. Recommended every 3,000 rounds for the .50 A.E., every 5,000 rounds for .357 and .44. Tune-up kit includes everything pictured at left and a firing pin spring (not shown). Magazine springs also available individually. Recoil spring assembly and gas piston replacements also available. Review your operator's manual.

| | | |
|--|------------|---------|
| .357 spring tune-up kit (for Mark XIX) | DEP209BL | \$49.00 |
| .357 spring tune-up kit (for Mark I & VII) | DEP210BL | \$49.00 |
| .41/.44 spring tune-up kit (for Mark I, VII & XIX) | DEP211BL | \$49.00 |
| .50 A.E. spring tune-up kit (for Mark VII & XIX) | DEP212BL | \$49.00 |
| .357 magazine spring | 00024-1703 | \$5.00 |
| .44 magazine spring | 00025-0703 | \$5.00 |
| .50 A.E. magazine spring | 04007-0703 | \$5.00 |
| Recoil spring assembly, Mark XIX and .41/.44 Mark I/VII (not pictured) | 00025-0160 | \$50.00 |
| Recoil spring assembly, .357 Mark I/VII (not pictured) | 00024-1160 | \$50.00 |
| Gas piston, .357, Mark I/VII (not pictured) | 00024-1214 | \$35.00 |
| Gas piston, Mark XIX and .41/.44 Mark I/VII (not pictured) | 00025-1214 | \$35.00 |

Leather Shooting Gloves

Uncle Mike's black cowhide shooting gloves with Lycra® panels protect your hands from the effects of recoil. Gel foam padding protects the web of your hand. Extended, padded middle finger, unpadded palm. Velcro® wrist strap for snug fit. Specify M, L or XL.

| | | |
|-------------------------------------|--------|---------|
| Leather shooting gloves (M,L or XL) | DEP285 | \$25.95 |
|-------------------------------------|--------|---------|

Exotic Grips

Expertly crafted grips from Hogue® are field-installable — no drilling or tapping required. Pau ferro wood resembles fancy dark walnut. For Desert Eagles of any vintage or caliber. (Note: install carefully—do not overtighten screws.) Made exclusively for the Desert Eagle by Hogue® Grips.

| | | |
|----------------------------------|--------|---------|
| Pau ferro grips for Desert Eagle | DEP815 | \$89.00 |
|----------------------------------|--------|---------|

Hogue® Rubber Grips

Soft synthetic rubber grips have cobbledstoned texture for secure hold. One-piece DEP821 with finger grooves, above right, and two-piece DEP820 (no finger grooves), above left, retrofit Mark I, VII and XIX. Both styles field-installable. Made exclusively for the Desert Eagle by Hogue® Grips.

| | | |
|--|--------|---------|
| Hogue rubber grips, 2-piece | DEP820 | \$49.00 |
| Hogue rubber grips, 1-piece w/finger grooves | DEP821 | \$49.00 |

Desert Eagle Cleaning Kit

Your Desert Eagle is a precisely engineered tool that deserves the special treatment this kit can deliver. Includes instructions, 5-in-1 tool, swivel handle, adapter, metal patch holder, wire brush, phosphor bronze brushes (in sizes for .357, .44 and .50). Brush for .50 A.E. and 5-in-1 tool also available separately.

| | | |
|--------------------------------------|--------|---------|
| Cleaning kit | DEP150 | \$19.00 |
| Extra universal 5-in-1 cleaning tool | DEP151 | \$12.00 |
| Extra .50 A.E. brush | DEP149 | \$5.00 |

"Baby" Desert Eagle Pistol

9mm, .40S&W, .45 ACP

The "Baby" of the Desert Eagle family offers an excellent handgun value and plenty of firepower. The grip is exceptionally comfortable and well-liked by shooters.

The double action/single action Baby Eagle is available in 3 calibers, with some style variations. The compact (short frame and barrel) and semi-compact (short barrel) pistols have the same excellent shooting characteristics as the standard Baby Eagle and are ideal for shooters with smaller hands.

All "Baby" Eagles are made of steel except the versions with polymer frames. Custom finishes can be ordered on steel pistols. Brushed chrome or polished chrome is an additional \$235.00. Titanium gold or titanium carbon nitride is an additional \$500.00. Magazines remain matte black. See page 14 for more information on custom finishes.

Suggested retail price is \$569.00
(for steel models in matte black
and polymer models in black).

To purchase a Baby Eagle Pistol, please see your favorite federally licensed firearms dealer. Magazines, grips and caps can be obtained from your dealer or directly from Magnum Research.

Compact

3.64-inch barrel, short (3.25-inch) grip, overall length 7.25 inches

The compact, steel-framed, matte black Baby Eagle weighs 2 lbs., 1.9 oz. (9mm) or 2 lbs., 0.7 oz. (.40S&W) with empty magazine. It measures 5" high and 1.125" wide.

| | |
|---|----------|
| 9mm "Baby" Desert Eagle Pistol, short frame and barrel, slide safety, decocker, 10-rd. | MR9900RB |
| 9mm "Baby" Desert Eagle Pistol, short frame and barrel, slide safety, decocker, 12-rd | MR9912RB |
| .40S&W "Baby" Desert Eagle Pistol, short frame and barrel, slide safety, decocker, 10-rd. | MR9400RB |

Standard (full size)

4.52-inch barrel, full-size (3.75-inch) grip,
overall length 8.25 inches

The standard-size matte black Baby Eagle is 5.75" high, 1.125" wide, and weighs 2 lbs., 6.6 oz. (9mm) or 2 lbs., 5.9 oz. (.40S&W) with empty magazine.

| | |

Baby Eagle Accessories

Magazines

Standard (full-size) and semi-compact pistols take standard magazines. Compact pistols take compact magazines.

| | | |
|-------------------------------------|----------|---------|
| 9mm 10-round magazine, standard | MAG910 | \$30.00 |
| 9mm 15-round magazine, standard* | MAG915 | \$35.00 |
| 9mm 10-round magazine, compact | MAG910C | \$30.00 |
| 9mm 12-round magazine, compact* | MAG912C | \$35.00 |
| .40S&W 10-round magazine, standard | MAG4010 | \$30.00 |
| .40S&W 13-round magazine, standard* | MAG4013 | \$35.00 |
| .40S&W 10-round magazine, compact | MAG4010C | \$30.00 |
| .45 ACP 10-round magazine, standard | MAG4510 | \$30.00 |

Holsters & Sights

• Uncle Mike's does carry several styles of cordura holsters (size #15 or #16 for the Baby Eagle pistols) and magazine pouches; visit their web site at www.uncle-mikes.com or contact them at 1-503-655-7964 (or 1-800-845-2444). We do carry a few of these Uncle Mike's Cordura holsters and magazine pouch for all the Baby Eagle pistols. See below for our part numbers and pricing:

| | | |
|--------------------------------------|-----------|---------|
| Cordura Shoulder Holster, RH, Black | BEP260B/R | \$57.95 |
| Cordura Hip Holster, RH, Black | BEP270B/R | \$16.95 |
| Cordura Hip Holster, LH, Black | BEP271B/L | \$16.95 |
| Cordura Double Magazine Pouch, Black | BEP280 | \$19.95 |

• Kramer Leather will custom make leather holsters (they stock some for the Baby Eagle pistols). Visit their web site at www.kramerleather.com or contact them at 1-253-564-6652 (or 1-888-KRAMER-1).

| | | |
|--------------------------------------|--------|----------|
| Trijicon night sights for Baby Eagle | BEP320 | \$129.00 |
|--------------------------------------|--------|----------|

Trijicon® night sight set for the Baby Eagle Pistol, 3-dot green front/rear, is the brightest, strongest and safest for enhancing night fire accuracy. Consultation with your gunsmith is suggested.

Custom Finishes

If you'd like your Baby to wear something other than basic black, order a custom finish. (Custom finishing for all-steel pistols only, not those with polymer frames. Magazines will still have black oxide finish.) See the Desert Eagle custom finishing information on page 6 to see what these finishes look like.

| | | |
|--------------------------------|-----|--------------|
| Brushed chrome finish | C | add \$235.00 |
| Polished chrome finish | PC | add \$235.00 |
| Titanium gold finish | TG | add \$500.00 |
| Titanium carbon nitride finish | TCN | add \$500.00 |

Baby Booty

Get a more glamorous grip on your Baby Eagle with Hogue pau ferro wood grips or Hogue rubber finger-groove grips. **These grips fit standard and semi-compact 9mm and .40S&W Baby Eagles made of steel only—they will not fit the .45ACP or compact 9mm and .40S&W.**

(Hogue makes other slip-on grips that may fit your Baby Eagle of any caliber. Visit your favorite dealer, go to Hogue's web site at www.getgrip.com, or call Hogue at 1-805-466-6266 or 1-800-GET-GRIP.)

| | | |
|---|--------|---------|
| Pau ferro grips for Baby Eagle | BEP815 | \$35.00 |
| Rubber finger-groove grips for Baby Eagle | BEP821 | \$26.00 |

IMPECCABLE PEDIGREE,

AFFORDABLE PRICE.

The Baby Desert Eagle Pistol is back — and it's today's best value in handguns. Proud offspring of the legendary Desert Eagle Pistol, this sweet-shooting semi-auto can be yours in 9mm, .40 S&W, or .45 ACP. Visit your dealer, and fall in love with the Baby Eagle Pistol. Standard, semi-compact, compact and polymer versions available.

For Sharp-Looking Shooters

Impress your friends. Embarrass your spouse. Magnum shirts and caps are great for an afternoon at the range or a morning at the hardware store. (But probably not a night at the opera.) All shirts are silkscreened and made in the U.S.A. Caps are imported.

Black T-Shirt

Cotton/poly T-shirt has MRI logo on front and large "3-D" design on back. Specify size.

| | | |
|--|--------|---------|
| Black 3-D T-shirt (L, XL, XXL or XXXL) | DEP752 | \$15.00 |
|--|--------|---------|

Golf Shirt

Excellent quality golf shirts with embroidered Magnum Research logo. Available in stone or black.

| | | |
|-------------------------------------|--------|---------|
| Golf Shirt (M, L, XL or XXL), stone | DEP754 | \$29.00 |
| Golf Shirt (M, L, XL or XXL), black | DEP753 | \$29.00 |

Magnum U Sweatshirt & Corduroy Cap

Sweatshirt has oversized fit in 11 oz. 80/20 cotton/poly blend. Specify size. Adjustable cap is embroidered with logo, including the words "Magnum Research."

| | | |
|---|--------|---------|
| Black Magnum U sweatshirt (M, L, XL or XXL) | DEP758 | \$39.00 |
| Ash Magnum U sweatshirt (M, L, XL or XXL) | DEP759 | \$39.00 |
| Black corduroy Magnum cap | DEP702 | \$15.00 |

Flame Gear T-Shirt & Cap

The back of this T-shirt features colorful flames on an ash background. Small logo in front. Specify size. Lightweight cap is natural color with dark blue accents.

| | | |
|---|--------|---------|
| Flame gear T-shirt (L, XL, XXL or XXXL) | DEP743 | \$15.00 |
| Flame gear cap | DEP695 | \$15.00 |

Adult Sizes (by chest measurement, in inches):

M (38-40) L (42-44) XL (46-48) XXL (50-52) XXXL (54-56)

Ash T-Shirt & Black Cap

Cotton/poly T-shirt has small MRI logo on front, large eagle on back. Specify size. Black cotton twill cap is adjustable.

| | | |
|----------------------------------|--------|---------|
| Ash T-shirt (L, XL, XXL or XXXL) | DEP750 | \$15.00 |
| Twill Desert Eagle cap | DEP700 | \$15.00 |

| Nylon web belt, medium (to 36" waist) | DEP275B | \$29.00 |
| Nylon web belt, large (to 42" waist) | DEP276B | \$29.00 |

Range Bag

Lightweight, sturdy pistol case (larger bag in photo) is custom-manufactured for Magnum Research in 1050D black ballistic nylon. Padding, self-healing zipper, outside zip-tuck pocket. Made in U.S.A.

Instead of the multi-eagle Magnum Research design shown, the bag is embroidered with the single-eagle Desert Eagle design shown on the patch on the smaller bag. (The smaller bag is not available.)

| | | |
|----------------------|---------|---------|
| Range Bag, 18" x 10" | DEP503B | \$50.00 |
|----------------------|---------|---------|

Cordura® Tactical Hip Holster

By your request! Designed to hold any 6-inch Desert Eagle Pistol with a frame-mounted laser, this tactical hip holster adjusts at several points to fit your shooting style. Made by Uncle Mike's. Nylon web belt (shown in other photos) coordinates. Available in right-hand and left-hand versions.

If you are right-handed, order right-hand holster. If you are left-handed, order left-hand holster.

| | | |
|----------------------------------|-----------|---------|
| Tactical hip holster, right-hand | DEP272B/R | \$79.00 |
| Tactical hip holster, left-hand | DEP272B/L | \$79.00 |

Call MRI Sales Department at 1-800-772-6168.

Aluminum Travel Cases

Aluminum cases are airline-approved and armorer-recommended. Smaller case measures 24"x14"x4-1/2". Larger case measures 38"x15"x4-1/2". A black ballistic nylon jacket is available for each size.

| | | |
|------------------------|----------|----------|
| Aluminum case, 24"x14" | DEP595 | \$160.00 |
| Jacket for DEP595 case | DEP595CJ | \$79.00 |
| Aluminum case, 38"x15" | DEP596 | \$199.00 |
| Jacket for DEP596 case | DEP596CJ | \$79.00 |

Desert Eagle Knives

We love these custom Kershaw knives, and you will, too! Designed by Ken Onion, these knives feature a 3-inch 440A stainless steel blade and 4-inch 410 stainless body. Pocket clip, safety lock, Speed Safe assisted opening, and our Magnum Research eagle logo.

| | | |
|--|--------|---------|
| Desert Eagle knife, silver | DEP391 | \$59.00 |
| Desert Eagle knife, matte black finish | DEP392 | \$79.00 |

Walnut Cases

Acrylic-topped solid walnut showcase features lasered eagle. Combination lock. Lined with foam & velvet. (Pin not included.) Solid walnut presentation case with handle is foam-lined. Lasered eagle on top. Both measure approximately 10" x 17". (Ammo box no longer available.)

| | | |
|-------------------------------|---------|----------|
| Walnut showcase w/acrylic top | DEP601W | \$115.00 |
| Walnut presentation case | DEP600W | \$115.00 |

Custom-Jeweled Components

This custom finish offers a relatively inexpensive way to jazz up the components of your Magnum Research products, including the Desert Eagle Pistol* (DEP) and Mountain Eagle Rifle (MER). The prices listed are for jeweling *your* components, which you will have to ship to Magnum at your own expense.

| | | | |
|-------------------------------------|-----------------|------------|---------|
| Custom jeweling of safety levers | (DEP) | GS-JEWL-SL | \$15.00 |
| Custom jeweling of hammer | (DEP, BEP) | GS-JEWL-H | \$15.00 |
| Custom jeweling of trigger | (DEP, BFR, BEP) | GS-JEWL-T | \$10.00 |
| Custom jeweling of bolt assembly | (DEP, BEP, MER) | GS-JEWL-B | \$20.00 |
| Custom jeweling of other components | (DEP, BEP, MER) | GS-JEWL | Call |
| Install trigger stop (your trigger) | (DEP) | GS-TS | \$20.00 |

*Only brushed chrome, polished chrome, and bright nickel Desert Eagle finishes can be jeweled. Why not the other finishes? Matte chrome and satin nickel are too dull to jewel, 24K gold is too soft and titanium is too hard to jewel, and the polished & blued finish is susceptible to rust if jeweled.

Remember Our Rimfire Rifles For Uncanny Accuracy

Magnum Lite Rifles feature our patented graphite barrels and Magnum's newest rimfire receiver: **The MLR-1722!**

This receiver for .22 Long Rifle and .17 Mach-2 features a sculpted integral scope base, target trigger, "french grey" anodizing, and our patent pending "Bolt Kit" that matches bolt speed to caliber (.22LR or .17-M2). Complete rifles available with Hogue® Over-Molded™ stock, Barracuda stock laminated in three color options, or our new classic walnut stock and cheek piece with shadow line.

You may also bring your existing Ruger® to the ultimate level of accuracy with our easily installed replacement graphite barrels. Or choose a complete rifle in .22WMR or .17HMR. These complete rifles include our new receiver, our Magnum Lite graphite barrel and either a Hogue Over-Molded™ stock or a Barracuda competition stock in forest camo, nutmeg or pepper laminate.

To learn more, visit www.magnumresearch.com/MagnumLite.asp

General Features

- The Desert Eagle Pistol is a gas-operated, semi-automatic pistol with a rotating bolt for positive lock-up.
- The barrel is locked in place, assuring a high degree of accuracy. Maximum effective range with the standard 6-inch barrel is 200 meters (650 ft.).
- The polygonal rifling reduces barrel wear and enhances the obturation between the bullet and the bore, thus increasing accuracy.
- Anatomically formed grip, ideal hand seating angle and comfortable grip dimensions permit rapid, accurate, instinctive shooting. The combat-type trigger guard is designed for two-handed shooting.
- The Desert Eagle Pistol fires standard ammunition.
- When the last round in the magazine is fired, the slide locks open, permitting rapid change of magazine and immediate chambering of a round for instant resumption of firing.

The Ultimate Hunter

Build your fantasy Desert Eagle with our wide selection of pistol-enhancing accessories. The items featured here are a brushed hard chrome custom finish (see p. 6), Hogue 1-piece rubber grips with finger grooves (see p. 11), a Leupold scope, ring mounts, and Millett sights (all pp. 8-9).

Accessories must be purchased separately.

Mark XIX Desert Eagle Pistol Specifications

| | .357 MAGNUM | .44 MAGNUM | .50 A.E. |
|--------------------------------------|-------------------------------|-------------------------------|---------------------------------|

| Bore diameter | .357" (9.1 mm) | .429" (10.9 mm) | .495" (12.6 mm)/.429" (10.9 mm) |

Any and all specifications are subject to change at the manufacturer's sole discretion.

General Features

The 7/8" dovetail rib on the barrel has cross slots to accommodate scope rings (available as an option). This integral scope base means no additional mounting hardware is required.

Safety

The safety is ambidextrous — it can be operated by right-handed and left-handed shooters. When the safety is on, the firing pin is blocked, disconnecting the trigger bar from the sear at the same time. Extensive tests in accordance with military specifications include drop tests that show the Desert Eagle is safe from accidental firing.

Construction

Desert Eagle Pistol parts are machined or precision-cast and machined to strict military standards from high-quality steel.

1-800-772-6168, Monday - Friday, 8:30 - 4:30 Central Time.

Mark VII Desert Eagle Pistol Specifications

| | .44 MAGNUM |
|--------------------------------------|------------------------------|
| Length, with 6-inch (152 mm) barrel | 10.6 inches (270 mm) |
| Height | 5.7 inches (145 mm) |
| Width | 1.25 inches (32 mm) |
| Trigger reach | 2.75 inches (70 mm) |
| Sight radius (with 6-inch barrel) | 8.5 inches (215 mm) |
| Weight w/empty magazine | 1897 grams (66.9 oz.) |
| Polygonal rifling (right-hand twist) | 1 turn in 18 inches (457 mm) |
| Magazine capacity | 8 rounds |
| Bore diameter | .429" (10.9 mm) |

THE DIFFERENCE BETWEEN THE MARK VII .357 AND MARK XIX .357

THE MARK VII DESERT EAGLE .357 PISTOL

Barrel: the six, ten and fourteen-inch all have a 3/8" dovetail on top.

Slide Assembly: the slide is physically smaller in size lower to accommodate the barrels with the 3/8" dovetail.

Frame Assembly: same as Mark XIX configuration, with two-stage trigger and plastic grips.

Appointments: same as Mark XIX configuration, safety levers are hook-shaped, slide release lever has three steps for ease of operation.

The Mark VII Desert Eagle .357 Magnum pistols are convertible to XIX. The conversion kit (part #CONV..) consists of a complete slide assembly, barrel, gas piston, recoil spring assembly, magazine and grips. A costly conversion.

THE MARK XIX DESERT EAGLE .357 PISTOL

Barrel: the six and ten-inch all have a 7/8" dovetail on top with cross-slots for scopes.

Slide Assembly: the slide is physically larger in size higher to accommodate the barrels with the 7/8" dovetail.

Frame Assembly: same as Mark VII configuration, two-stage trigger, same plastic grips.

Appointments: same as Mark VII configuration, safety levers are hook-shaped, slide release lever has three steps for ease of operation.

The Mark XIX Desert Eagle .357 Magnum pistols are convertible to other XIX calibers (.50 A.E./ .44) by simply switching barrel, magazine and bolt assembly.

THE DIFFERENCE BETWEEN THE MARK VII .44 AND MARK XIX .44

THE MARK VII DESERT EAGLE .44 PISTOL

Barrel: the six, ten and fourteen-inch all have a 3/8" dovetail on top.

Slide Assembly: the slide is physically smaller in size lower to accommodate the barrels with the 3/8" dovetail.

Frame Assembly: same as Mark XIX configuration, with two-stage trigger and plastic grips.

Appointments: same as Mark XIX configuration, safety levers are hook-shaped, slide release lever has three steps for ease of operation.

The Mark VII Desert Eagle .44 Magnum pistols are convertible to XIX. The conversion kit (part #CONV..) consists of a complete slide assembly, barrel, gas piston, recoil spring assembly, magazine and grips. A costly conversion.

THE MARK XIX DESERT EAGLE .44 PISTOL

Barrel: the six and ten-inch all have a 7/8" dovetail on top with cross-slots for scopes.

Slide Assembly: the slide is physically larger in size higher to accommodate the barrels with the 7/8" dovetail.

Frame Assembly: same as Mark VII configuration, two-stage trigger and plastic grips.

Appointments: same as Mark VII configuration, safety levers are hook-shaped, slide release lever has three steps for ease of operation.

The Mark XIX Desert Eagle .44 Magnum pistols are convertible to .50 AE by simply switching barrel and magazine. To convert to the .357, you also need to switch the bolt assembly.

THE DIFFERENCE BETWEEN THE MARK VII .50 AE AND MARK XIX .50 AE

THE MARK VII DESERT EAGLE .50 AE PISTOL

There is no difference; it is the same as the Mark XIX. When we first produced the .50 AE pistols, we called them the Mark VII series, but as we changed the .357 and .44 to share the same slide assembly as the .50 AE, we decided to call this series the Mark XIX.

THE MARK XIX DESERT EAGLE .50 AE PISTOL

Barrel: the six and ten-inch all have a 7/8" dovetail on top with cross-slots for scopes.

Slide Assembly: the slide is physically larger to accommodate the barrels with the 7/8" dovetail.

Frame Assembly: two-stage trigger and plastic grips.

Appointments: safety levers are hook-shaped; slide release lever has three steps for ease of operation.

The Mark XIX Desert Eagle .50 AE Magnum pistols are convertible to the Mark XIX .44 by simply switching the barrel and magazine. To convert to the .357 you need to switch the bolt assembly, barrel and magazine.

*Included in price is the bolt kit that must be used when shooting this barrel and 17HM2 ammunition.

.22LR MagnumLite Graphite Barrel

The MagnumLite .22LR graphite barrel (part #ABAR1022) is must have for your Ruger®.22LR rifle. At 13.03 ounces in .22LR it's 75% lighter than a conventional steel bull barrel. This barrel has a twist rate of 1 in 16 and total length is 17-inches. (Please do note there is no longer a compensator on the muzzle of this barrel.)

.22WMR MagnumLite Graphite Barrel

The MagnumLite .22WMR graphite barrel (part #ABAR1022WM) is must have for your Ruger® .22WMR rifle. At 14.20 ounces in .22WMR it's 75% lighter than a conventional steel barrel. This barrel has diameter of .920-inches, a twist rate of 1 in 16 and total length is 19-inches. (Please do note there is no longer a compensator on the muzzle of this barrel.)

.17HMR MagnumLite Graphite Barrel

The MagnumLite .17HMR graphite barrel (part #ABAR1017) is must have for your Ruger® .22WMR rifle. At 15.50 ounces in .17HMR it's 75% lighter than a conventional steel barrel. This barrel has diameter of .920-inches, a twist rate of 1 in 9 and total length is 19-inches.

.17HM-2 MagnumLite Graphite Barrel

The MagnumLite .17HM-2 graphite barrel (part #ABAR17HM2) is must have for your Ruger®.22LR rifle. At 13.90 ounces in .22LR it's 75% lighter than a conventional steel bull barrel. This barrel has a twist rate of 1 in 16 and total length is 17-inches. Included with the .17HM2 barrel is the bolt kit which provides the required increased mass necessary for safe, reliable operation of .17HM2 ammunition in your 10/22® receiver.

.77/17 HMR MagnumLite Graphite Barrel

The MagnumLite .77/17 graphite barrel (part #ABAR7717) is a must have for your Ruger® 77/22 Magnum or your Ruger 77/17 bolt action rifle. At 16.20 ounces in .77/17HMR it's 75% lighter than a conventional steel barrel. A twist rate of 1 in 9 and total length is 22-inches. Your Ruger stock may require modification by a competent gunsmith for this barrel to fit. Our gunsmiths can fit and install this barrel in your Ruger 77/17 or 77/22 walnut stock for an additional \$65.00 (you would need to ship your rifle at your expense to MRI).

This incredibly accurate MagnumLite™ graphite barrel is a Magnum Research exclusive and is available for your Ruger® rifle. The patented uni-directional graphite carbon fiber construction dissipates heat, so the barrel stays up to 43% cooler than steel barrels in a standard 500-round/20 minute test, with no change in zero.
