6-SPEED HYDRA-MATIC 6L80 AUTOMATIC TRANSMISSION

N 43°37.9 W 070°18.7 ▲ H208 ▲ 00_01

A new, more powerful 6.2L V8 engine. A completely redesigned luxury interior featuring a new instrument panel, optional full third-row seating and DVD entertainment system. Plus, new safety features like Panic Brake Assist and head curtain side air bags tell you—the new H2 is here.*

One-third of the earth beckons.

Whether it's the 2008 H2 SUV or SUT, owning a HUMMER affords you the ultimate freedom to go just about anywhere and do just about anything. While allowing you to reconnect to all those things that make you feel like yourself again.

When designing the H2, our task was absolute—create the leader in the Sport Utility category. By wrapping our iconic HUMMER exterior around a luxurious new interior and more powerful 6.2L V8 engine —capable of generating 393 hp and 415 lb-ft of torque, we did just that. And created another vehicle that is truly Like Nothing Else.

*Always use safety belts and the correct child restraints for your child's age and size. Even in vehicles equipped with air bags, children are safer when properly secured in the rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.

Every HUMMER is designed to do something remarkable. Choose the one that is right for you and then make it your own through a variety of trim packages, color and interior options.

Models, trims, colors and more.

H2 True to the HUMMER lineage. The SUV that strikes the perfect balance between off-road capability and on-road comfort. Featuring a new Vortec 6.2L V8 engine, 6-speed Hydra-Matic 6L80 automatic transmission and completely redesigned interior.

H2 SUT It's the H2, only slightly modified. Featuring a foldable midgate that creates a pick-up length of six feet, extending the possibilities of what you can do with your H2.

2008 H2 TRIM LEVELS

H2 ADVENTURE

- Self-leveling rear air suspension system
- On-board air compressor
- Brush grille guard
- First-aid and tool kit

NOTE 1 GVWR (Gross Vehicle Weight Rating) includes vehicle, passengers, equipment and cargo. GVWR availability may vary depending on equipment selected. **NOTE 2** Payload includes passengers, equipment and cargo. **NOTE 3** Trailer tongue weight should be 10%–15% of total loaded trailer weight, up to 1,000 lb. Do not exceed the maximum allowable tongue weight for your vehicle. Gross Combination Weight Rating (GCWR), which is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversions, is 15,000 lb. If you'll be pulling a trailer that, when loaded, will weigh more than 5,000 lb., be sure to use a properly mounted, weight distributing hitch and sway control of the proper size. If your trailer weighs more than 2,000 lb. loaded, then it needs its own brakes, and they must be adequate. Trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your HUMMER dealer for additional details. **NOTE 4** Please review size limitations and exercise caution prior to entering certain garages. **NOTE 5** Cargo and load capacity are limited by weight and distribution. **NOTE 6** Available in the 48 contiguous United States. Required \$12.95 monthly subscription sold separately after three trial months. For more information, visit gm.xmradio.com. **NOTE 7** Call 1.888.ONSTAR (1.888.466.7827) or visit onstar.com for system limitations and details. **NOTE 8** Always use safety belts and the correct child restraints for your child's age and size. Even in vehicles equipped with air bags, children are safer when properly secured in the rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. **NOTE 9** RDS functions only where stations broadcast RDS information. **NOTE 10** Whichever comes first. See dealer for limited warranty details. **NOTE 11** Map coverage includes the 48 contiguous United States and Canada. Not available in Alaska, Hawaii, Puerto Rico or the Virgin Islands.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your HUMMER dealer for complete details. HUMMER reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times.

ASSEMBLY HUMMER vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce HUMMER vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES HUMMER products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in HUMMER products may also be used in other GM makes and models.

A NOTE ABOUT CHILD SAFETY Always use safety belts and the correct child restraints for your child's age and size. Children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement is required. Call 1.888.4.ONSTAR (1.888.466.7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy, and system limitations and details. For coverage maps, visit onstar.com and click on "OnStar service and coverage map."

REVISIONS TO ESTIMATED FUEL ECONOMY Commencing with 2008 model year vehicles, EPA revised its methods for estimating vehicle fuel economy. The new test methods will likely lower MPG estimates as compared to 2007 and previous model year vehicles. These new methods are intended to better represent current driving styles, varying road and weather conditions and certain other external factors.
