Shooting & Firearms Accessories

◀ **Ruger gun safe is designed to help our customers meet their responsibility to store Ruger firearms safely.**

Sturm, Ruger offers a full line of quality safes manufactured by Heritage Safe Company in Grace, Idaho. Safes range from 300 to 1400 pounds and hold from 14 to 76 guns, depending upon the model and interior configuration. The safe pictured here is the Ruger® Gold Label Series SR3060G. It is 30" wide, 60" high, 25" deep, weighs 705 pounds and will hold 27 long guns with the "collector" interior configuration. Standard features include a solid 3/16" door reinforced with 3.5" angle frame; a 1-3/16" fire-wall; a Class II 60 minute Fire Certification; eleven 1" diameter bolt locks; a 3-point bullet handle; high gloss finish; velour interior (includes sidewalls); Diam-a-Shield™ hard plate; drill proof ball bearing design; Quad Sleeve™ relockers; detent system; and a bank style combination lock. Options include an interior light kit; shelf pistol rack, dehumidifier; Sergeant & Greenleaf lock; five exterior colors; six interior configurations; and two logo colors (gold or red.) This gun safe is a California-approved firearms safety device ("acceptable safe") that meets the requirements of California Penal Code Section 12088 and regulations issued.

For more information, contact Heritage Safe directly at 1-800-515-SAFE or visit the Heritage Safe website at www.heritagesafe.com.

* RM Choke Insert is rollmarked with choke marking. The insert must be removed to identify the marking.

Scope Ring Charts

We are pleased to announce that Ruger scope rings now will be packaged individually. This will allow customers to purchase only the ring they need, or mix and match, without the added expense of purchasing two rings at a time. For example, the Ruger M77® Hawkeye® rifles are shipped from the factory with a #4 front ring and a #5 rear ring, which translates to a medium height scope mount. If the customer desires a high scope mount, he only needs to mount the #5 ring on the front scope mount, and purchase one new #6 ring to mount on the rear scope mount.

Scope ring heights will be identified by a number manufactured into the lower half of the ring. Below is a complete new ring chart showing the part number and Catalog Number for each scope ring. **When ordering scope rings, please use the 5-digit Catalog No. (90XXX).** If you have questions about which rings fit your pistol or PC carbine rifle, please contact the Arizona Customer Service Dept. at 928-778-6555. Questions about rifle or revolver scope rings should be directed to the New Hampshire Customer Service Dept. at 603-865-2442.
