TAURUS RISES TO THE CHALLENGE

At Taurus, we didn't become the world's fastest growing handgun manufacturer by sitting on our hands. We thrive on innovation. That's why this catalog is packed with designs and features that you won't find anywhere else. Features like our failure-free SA/DA trigger system. Or expanded capacity cylinders. Or lighter materials. Or exclusive Ribber Grips®. Simply put, Taurus firearms give you more confidence, no matter what you do, no matter where you do it.

New for 2008, the 800 Series pistol. It is derived from the successful "Taurus OSS" pistol we designed for the U.S. Armed Forces, but adds an external hammer that has been requested by so many of our valued customers.

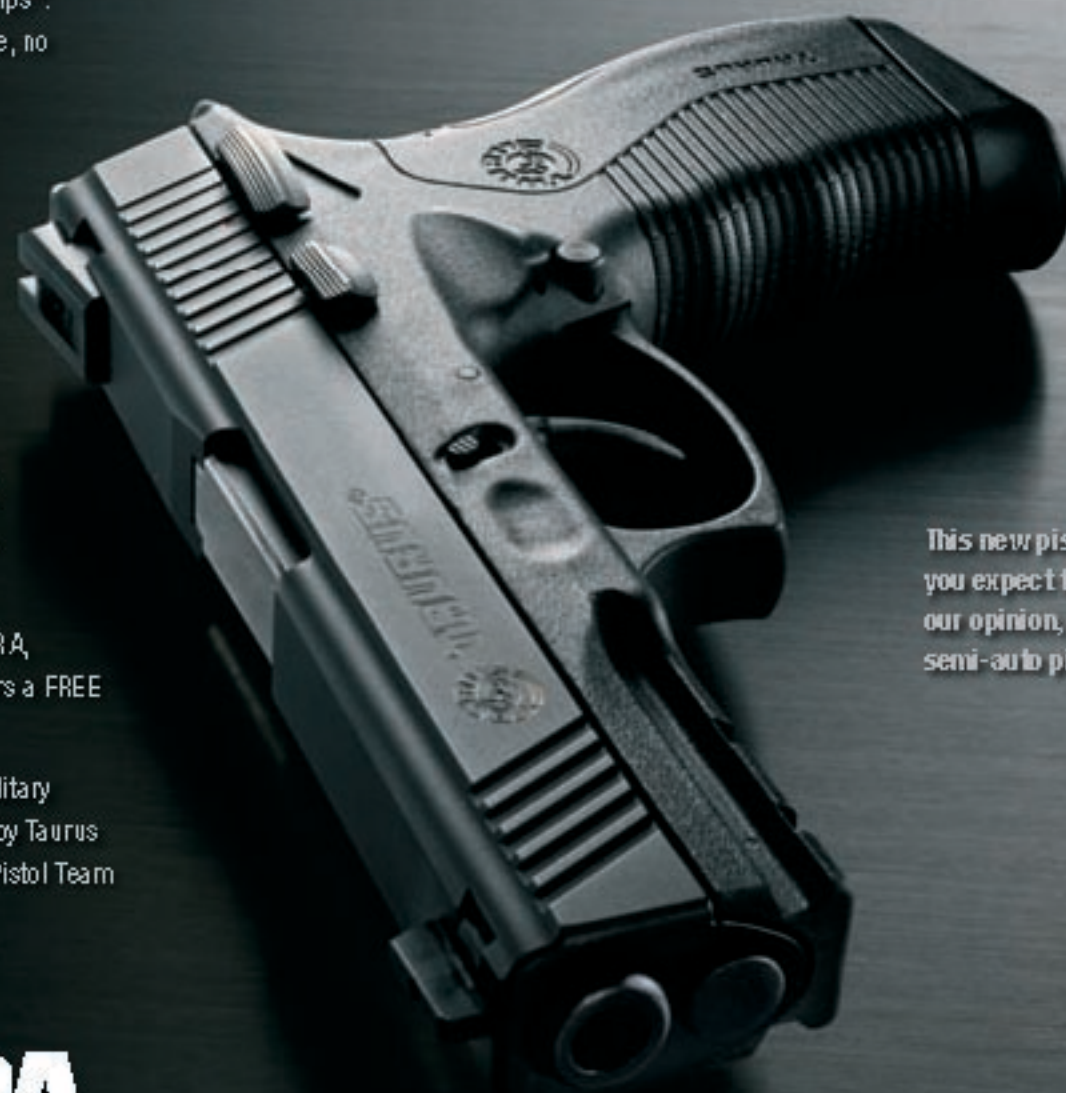

Also, the Judge 3" Magnum is larger and more powerful, and this Judge gives you the extra firepower you need when you have to lay down the law. The Ultra-Lite Judge frame is made from forged alloy. You'll be amazed how light this gun is and how easy it is to tote around.

We've also decided to renew our contract with the NRA, ensuring every Taurus firearm that is purchased offers a FREE one-year membership.

The Association of Graduates of the United States Military Academy is thankful for the generous support given by Taurus International Manufacturing, Inc. to the Army Cadet Pistol Team – 2006 National Collegiate Champions.

NEW FOR 2008

800 SERIES

This new pistol has all the features you expect to find on what is, in our opinion, the most advanced semi-auto pistol in the world.

NRA

TAURUS SECURITY SYSTEM®

The patented Taurus Security System is an integral key-lock system that is inconspicuous and can be either utilized or not depending on the owner's discretion to prevent unauthorized use of a Taurus firearm. The Taurus Security System is included at no extra charge and two keys come with each new gun.

Taurus Security System on Pistols

Taurus Security System on 24/7 Pro and Millennium Pro Pistols

Taurus Security System on Revolvers

Taurus Security System on Rifles

SECURITY ENGAGEMENT (LOCKED): Insert the key into the lock mechanism and turn clockwise until a click is felt or heard and the "lock button" protrudes. The firearm is now inoperable.

SECURITY DISENGAGEMENT (READY-TO-FIRE): To place the firearm in a firing condition, insert the key into the mechanism and turn it counter-clockwise. "Button" recedes when unlocked. The firearm can now be fired.

UNLIMITED LIFE TIME REPAIR POLICY™

Simply stated, we will repair any Taurus firearm imported or manufactured by Taurus International FREE OF CHARGE should it ever require repair, for the lifetime of the gun. Even if you purchase a pre-owned Taurus firearm, Taurus' lifetime repair policy follows it, remaining in effect. The only exclusions are damages caused by customer abuse, modifications and accessories, rust corrosion, sights, or (after one year) cosmetic defects.

+P RATED FOR DUTY USE®

All Taurus handguns are engineered to accept a steady diet of factory-new Plus-P (+P) ammunition built to SAAMI specifications. This includes the Ultra-Lite hammer forged aluminum alloys, Titanium, blue steel and stainless steel models. Rest assured, your Taurus will be ready, especially when you're counting on it. +P rated ammunition not recommended for Magnesium revolvers. (See page 51 for further details).

TAURUS QUALITY HAS BEEN RECOGNIZED AGAIN.

2007 – NRA Membership Award-In Recognition of Attaining 10,000 Members

SEMI-AUTO PISTOLS

Taurus Semi-Auto pistols continue to shake up the industry. Offering next-generation firearms like the ground-breaking 24/7 OSS™, the fully-customized Taurus 1911, or the compact Millennium PRO™, it's no surprise Taurus has become the fastest growing handgun manufacturer in the world. New for 2008, Taurus introduces the 800 Series pistol. An extreme-duty handgun created for Special Operations professionals, it's the most advanced Taurus pistol to ever be released to the civilian market.

TAURUS 800 SERIES

This new pistol has all the features you expect to find on what is, in our opinion, the most advanced semi-auto pistol in the world.

It is derived from the successful "Taurus OSS" pistol we designed for the U.S. Armed Forces, but adds an external hammer that has been requested by so many of our valued customers.

"STRIKE TWO" CAPABILITY

The Taurus 800 Series is now ready with "Strike Two" capability. If you have had a hard primer and the gun misfires, the 800 Series senses this and automatically gives you instant "Strike Two" capability by resetting the trigger for automatic double action re-strike. No need to do anything else, simply pull the trigger.

Research indicates a 93% or better chance the round will fire on re-strike. When it fires, the 800 will automatically revert to single action by itself. If it falls on a dead primer, simply manually recharge and keep going.

Genuine Novak® Sights

Ambidextrous Three-Position Safety and Decocker

Aggressive Checkered Grip

Hammer Fired / External Hammer

MODEL 809

809B
3mm
17+1 ROUNDS

- Modeled after the Taurus 24/7 OSS Military Pistol
- Aggressive Checkered Grip
- Picatinny Accessory Rail
- Ambidextrous Three-Position Safety and Decocker
- Hammer Fired / External Hammer
- Black Tennifer Finish
- Lanyard Loop

- Ambidextrous magazine release buttons for left and right hand operation.
- Ambidextrous safety and decocker lever allows you to leave a live round in the chamber and safely decock – or leave a round in the chamber and apply the safety with either left or right hand.
- Balanced spring pressure allows for record-setting cycle times – capable of shooting 10 rounds in under a second.
- Rugged construction thanks to a forged slide and captured recoil spring with Stainless Steel Guide Rod.
- Super guided, Taurus exclusive magazine well results in record-setting reload times.
- Three internal safeties that create the ultimate in exclusive protection. They are there, on duty at all times, and totally unnoticed by the shooter when firing.
- Extended magazine bumpers that double as a finger rest – saves damage to the magazine when it is dumped during rapid-fire situations.
- Double stack magazines with numbered witness holes for easy round count. Two with each pistol.
- Available in 9mm, .40 caliber and .45 ACP for your choice of carry.
- Modular Grip Backstop allows custom fitting to various hand sizes that can be easily changed by the shooter. Extras are included with the gun.
- Unique Take-down levers for fast field stripping. No need to pull the trigger when releasing slide.

TAURUS 1911 > SERIES

OUR STANDARD 1911 IS ANYTHING BUT.

Destined to become the standard that all 1911 pistols are compared to, the Taurus 1911 offers you the most accurate and feature-laden model on the market today. Starting with our own hammer-forged—not cast—ordnance grade steel frames, slides and barrels, we manufacture each and every part to tolerance levels that surpass even today's industry standards. Our skilled pistol smiths hand-fit and assemble each gun with the 19 standard features seen on page 9, using quality parts that are built 100% in our state-of-the-art factory. Then they mark the slide, barrel and frame with matching serial numbers. Available in the powerful .45 ACP, this aggressive, rock-solid firearm is ready to go right out of the box. The Taurus 1911 is an unbeatable gun that also provides an unbeatable value.

FEATURES

The Taurus 1911 has matching serial numbers on the frame, slide and barrel to assure that every gun is hand-assembled, hand-made and hand-fitted for a flawless fit, finish, functionality and accuracy.

24/7 OSS™ ➔ SERIES

PUTTING TERRORISTS, INSURGENTS AND THE COMPETITION ON NOTICE.

Developed through direct feedback from Special Forces teams stationed around the world, the Taurus 24/7 OSS™ is one of the most advanced firearms in the history of pistol making. Built to meet and/or exceed all requirements laid down by USSOCOM (United States Special Operations Command) for its new sidearm, this extreme duty pistol offers unprecedented reliability, durability, accuracy and ergonomic functionality. Capable of firing thousands of failure-free rounds in virtually any environment, whether it be jungle humidity and mud, desert heat and sand, or arctic cold and ice, we packed the 24/7 OSS with features that real-world professionals need. Bad guys beware—here comes the 24/7 OSS in .45 ACP, .40 cal. and 9mm.

MODEL 24/7 OSS

24/7-OSS-DS45
.45 CAL
12+1 ROUNDS

- Genuine Novak® Sights
- Exclusive Single Action/Double Action trigger technology
- Ambidextrous decock and safety provide ergonomic functionality for right or left hand
- Picatinny rail system accommodates any slide-on light or laser sight

FEATURES

The revolutionary Taurus Single Action/Double Action trigger system fires normally in a smooth, single action mode. However, if the primer fails to ignite, it gives you a life-saving second try at firing a faulty cartridge.

Ambidextrous Indexed Taurus Memory Pad™ along the frame provide an automatic finger locator for safe firearm handling as well as an aid for quick and accurate aim when using a traditional two-handed grip.

4.5" Match Grade barrel forged from heavy ordnance grade steel and long-sight-radius 5" slide providing better accuracy and quicker follow-up shots.

Picatinny rail system accommodates any slide-on light or laser sight.

An aggressive checkered grip allows for a glue-like purchase on the gun, even with sweaty hands.

24/7 PRO™ ➔ SERIES

UNSURPASSED PERFORMANCE. 24/7.

The result of over four years of research and engineering, the 24/7 PRO™ offers a combination of features and enhancements unparalleled in modern handguns. The exclusive Taurus Single Action/Double Action trigger system delivers a level of speed and reliability no other handgun can match.

Accuracy prevails thanks to a hand-mated frame, slide and barrel, all with matching serial numbers to assure a flawless fit, finish and functionality previously unheard of from an "out of the box" firearm.

The 24/7 PRO also leads the industry in ergonomics, featuring Taurus' exclusive Ribber Grip®, which provides a comfortable, customized feel for every user and every hand size (not available on .45 ACP). In addition, the 24/7 PRO has already set numerous world records in speed shooting competitions, winning high praise from top military, law enforcement and security professionals from around the world. Available in 9mm, .40 caliber and .45 ACP and three distinct barrel lengths, the 24/7 PRO is the duty-use sidearm of the future—and the next pistol that should be at your side.

LARGE FRAME PISTOLS

MODELS 92 / 99 / 917

In 1980, we purchased the Beretta factory in Sao Paulo, Brazil "lock, stock and barrel" and immediately sought to improve on the Beretta design, resulting in the popular and acclaimed Taurus 92 and 99 9mm pistols. Always looking to raise the bar, we've taken this year's models a step further than they've ever been. Most notable is Taurus's specially designed drop hammer forged ordnance grade alloy frame that won't crack or allow the slide to come off. Other innovations include a three-position frame-

mounted ambidextrous safety, which is more secure than a slide mounted safety, and allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever. Available in fixed sight Model 92 and in adjustable sight Model 99, you'll be able to face any situation without compromise.

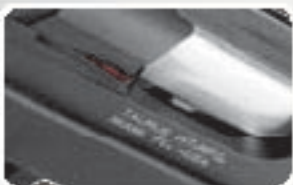

FEATURES

Frame mounted ambidextrous safety/decocker

MEDIUM FRAME PISTOLS

➤ MODEL 58

The Model 58 is truly a sized-down 92 in every aspect—but in .380 ACP caliber. A mere 18.7 ounces, the 58 features a 3.25-inch barrel and an impressive 19+1 round capacity, combined with the hammer-forged steel slide and forged ordnance grade alloy frame with three-position frame-mounted ambidextrous safety that allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever.

FEATURES

Drop Hammer design

Frame mounted ambidextrous safety/decocker

➤ MODELS 38S / 945

Afficionados of the .45 ACP and .38 Super can get their brand of firepower in a medium frame package with the Taurus 945 and 38S pistols. Sized for carry, these models weigh-in at just 30 ounces—yet are full featured and built for a lifetime of tough use. These medium frame guns offer the same features as Taurus' popular large frame 92 series pistols, including drop hammer forged steel slide and forged ordnance grade alloy frame with three-position frame-mounted ambidextrous safety that allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever.

MEDIUM FRAME PISTOLS

➔ **MODELS 909 / 911 / 940**

Take the key features of our Taurus 92 series pistol and wrap them into a package that is 20% smaller and 20% lighter and you have the essence of what these medium frame pistols are all about. Engineered with Taurus' drop hammer forged steel slide and forged ordnance grade alloy frame with three-position frame-mounted ambidextrous safety that allows for a classic SA "cocked-and-locked" mode, as well as functioning as a DA decocking lever. Available in a variety of models in the popular .40 caliber or 9mm, Taurus' models 909, 911 and 940 offer big firepower in a size that's just right for a variety of carry needs.

REVOLVERS

Taurus provides the most complete line of revolvers in the industry. Never satisfied, we keep pushing the envelope incorporating innovations like the yoke detent, full-length ejector rod and the Taurus Security System®. Recently, we've taken our revolvers a step further, introducing Taurus Rubber Grip®, expanded capacity cylinders and the amazing new "Taurus Judge™" 45/410. Lightweight, full-powered and totally reliable, Taurus Revolvers have it all.

COMPACT FRAME REVOLVERS

MODELS 617 / 817

An incredible seven shots available at a moment's notice. The 617/817 revolvers provide the advantage of an extra round with Taurus' exclusive 7-shot cylinder. Soft rubber grips and low-profile sights make these revolvers a most desirable carry option for law enforcement professionals or for self-defense. Add in a yoke detent, and solid steel construction and there really is no competition for this hard-hitting combination of customer-requested features.

SMALL FRAME REVOLVERS

➤ MODEL 605 (2IN & 3IN BARREL)

Made for the very serious business of self-preservation—the 605 is built to the Taurus Zero Tolerance standard—in design, fabrication, fit and performance. Meaning there is simply no tolerance for parts that do not perform as if someone's life depends on them. Using the powerful .357 Magnum ammo—this quick-draw revolver has plenty of muscle to back it up. Features include fixed sights, crisp single/double action trigger and a transfer bar for added safety.

➤ MODELS 731 / 905

For years, law enforcement professionals have asked Taurus to produce a small, lightweight revolver chambered for the popular 9mm. This allows them to cross-carry a pistol and a revolver, but only need to tote one caliber of ammunition. The model 905 answers that call, incorporating features like a yoke detent for added stability and rubber grips for enhanced ergonomics. The model 731 offers .32 Magnum firepower in a small frame, 6-shot compact.

ULTRA-LITE

TAURUS CIA REVOLVERS

► MODELS 850 / 650

Perfect for close quarters, the CIA makes an ideal concealed carry or back-up revolver. Designed for simplicity and ease-of-use with a fully enclosed hammer, you'll enjoy the feel of its lightweight construction when you need to spring into action. Available in either 5 shots of .38 Special or 5 shots of .357 Magnum, the CIA is a must-have personal protection handgun.

TAURUS PROTECTOR REVOLVERS

MODELS 851 / 651

If traveling light is the order of the day, look no further than the Taurus Protector. Featuring a fully shrouded zero-profile hammer that can be manually cocked/decocked in single action operation when needed—and five rounds of .38 Special +P or .357 Magnum ammo, the 851 and 651 revolvers are the perfect choice for concealed carry when every ounce counts.

MEDIUM FRAME REVOLVERS

MODELS 82 / 65 / 66

These revolvers are a longtime favorite of security personnel and perfect for Homeland Defense Forces. With a choice of .38 Special + P (Model 82) or .357 Magnum (Model 65), this medium frame, 6-shot revolver features comfortable rubber grips and a deep, lustrous finish. With fixed sights and a custom Single Action/Double Action trigger for improved accuracy and speed, the 65 and 82 are the perfect partners for whatever trouble lurks around the corner. For even more firepower, the Model 66 steps up to the plate with an impressive 7 rounds of .357 Magnum.

LARGE FRAME REVOLVERS

MODELS 608 / 44

Taurus large frame revolvers deliver the goods in a big way when the chips are down. The 608 packs 8 rounds of .357 Magnum, while the model 44 offers up 6 rounds of full power .44 Magnum loads. Hammer forged for tough performance and confidence-boosting accuracy, these decision-makers come with hand-fitted actions, and clean, crisp triggers right out of the box. New innovations include ported barrels that reduce muzzle flip and felt recoil and the model 608's incredible 8-shot cylinder.

FORTY-FIVE/410 TAURUS JUDGE™

► MODELS 4510TKR & 4510TKR-3MAG

The "Taurus Judge™" is so named because of the number of judges who carry it into the courtroom for their protection. Capable of chambering both .410 2-1/2" shotshell and .45 Colt ammunition, this amazing combo gun is ideal for short distances—where most altercations occur, or longer distances with the .45 Colt ammo. We have finely tuned the rifling to spread the shot pattern at close quarters or to guide the .45 cal. bullet to the target. Fully customized with fixed rear sights, fiber optic front sights and Taurus Ribber Grips®, the "Taurus Judge" is one decision-maker that lays down the law.

MODEL 4510TKR 2-1/2 INCH CHAMBER

- 6-1/2" Barrel
- Available in Blue and Stainless Steel
- Fires both .410 Ga. 2-1/2" Shotshell and .45 Colt Cartridges

FORTY-FIVE/410 TAURUS JUDGE™

What a name! It's based on the fact that many judges are now carrying it into the courtroom with them – and for good reason. We know of no better self-defense firearm. Whether loading all 45s – all .410s or alternating them in the cylinder, the Judge is the ultimate shotgun/revolver duo.

New for 2008, we're giving you the Judge in Ultra-Lite forged alloy. You'll be amazed how light this gun is and how easy it is to tote around. Also new is the Judge 3" Magnum. Larger and more powerful, this Judge gives you the extra firepower you need when you have to lay down the law.

.45 COLT

OR

TAURUS TRACKER HUNTING REVOLVERS

The Taurus Tracker family includes a full range of calibers and sizes to perfectly suit any hunting adventure. Chambered in everything from .17 HMR to .22 LR to .44 Magnum, these rugged, durable revolvers also make a practical choice for backpacks and tackle boxes, especially where there are bears and other predators around. Extremely comfortable to fire and easy to control—the Tracker Series continues to grow in popularity thanks to its high level of accuracy, rock-solid performance and near-indestructible construction.

WARNING - Regarding the use of "+P" ammunition in Taurus Firearms.

For years we have said that our firearms were "+P Rated"—and they were and are for SAAMI Recognized "+P" ammunition.

Recently there have been many developments in this field – not all good. Some ammunition companies are in a type of horsepower race to see who can develop the most pressure and subsequent velocity with little regard for what's available in firearms to handle these "hot" loads. All guns have a difficult time tolerating loads that exceed all common sense with pressure curves that can virtually tear the metal apart.

Taurus once again states their claim that Taurus firearms are "+P Rated" for SAAMI Recognized +P Loads.

These are the only +P Loads recognized by SAAMI:

	Standard Pressure	+P Pressure
9mm Luger	85,000	88,500
88 Special	17,000	18,500
88 Super - all +P		88,500
.45 Auto	21,000	28,000

These are the only pressures, by caliber, that are recognized by SAAMI. Shooting any ammunition in a Taurus firearm above the pressures recognized by SAAMI voids the warranty and places the shooter at great risk.

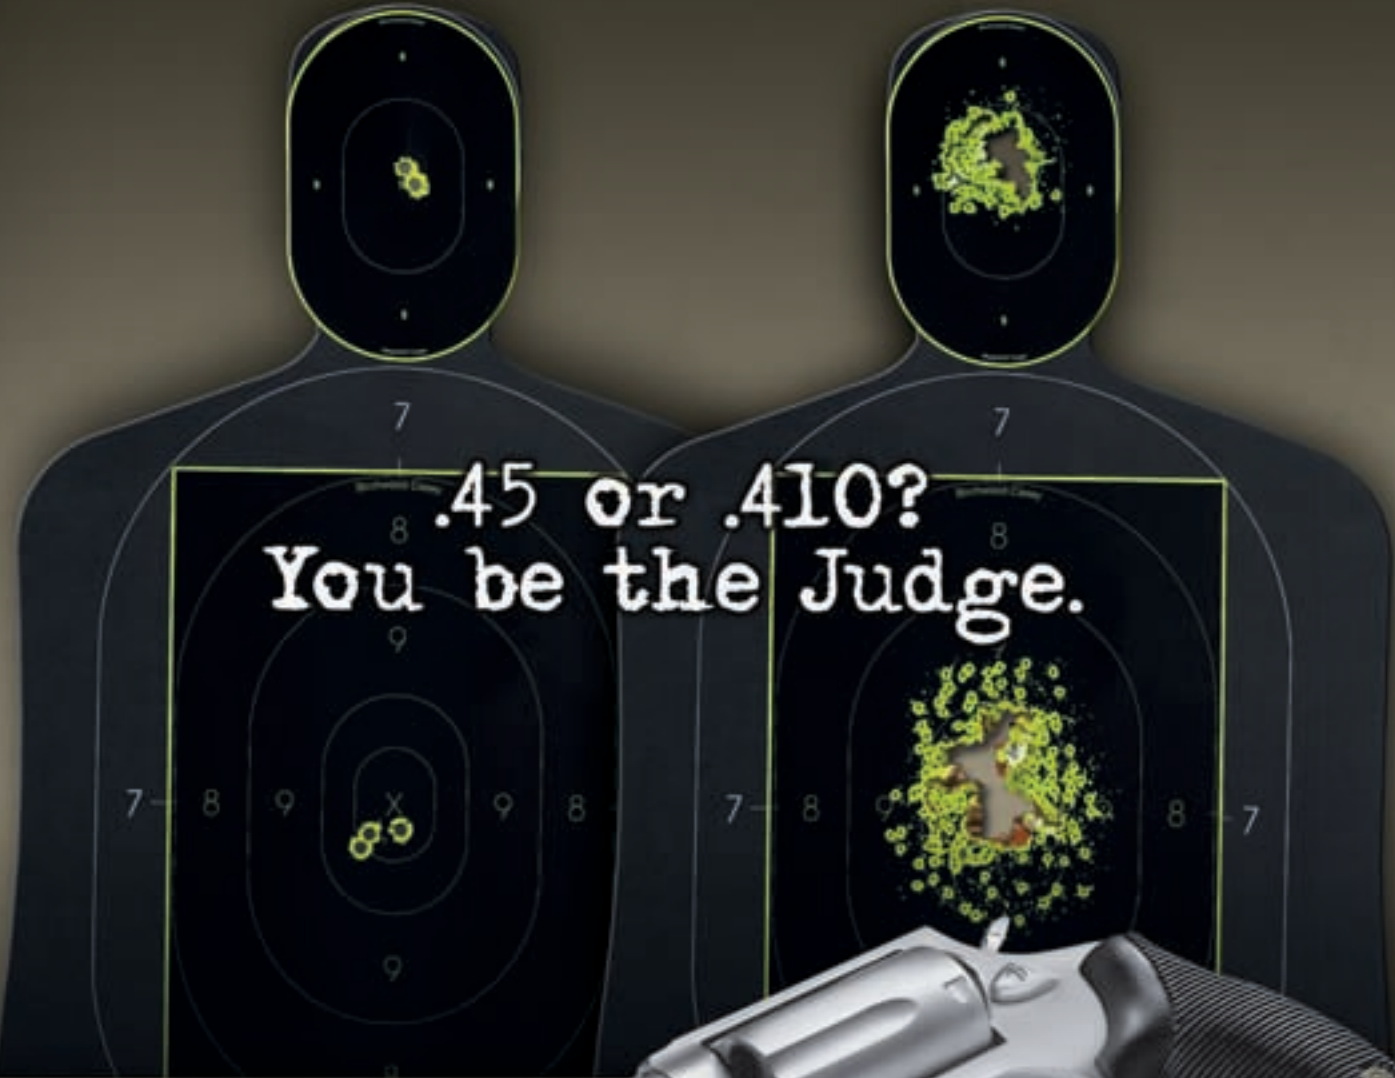

Taurus International Firearms, Taurus Millennium, Taurus Professional Hunter, Taurus Security System, Bull Gear, Custom Shop, Forged Titanium, Matte Spectrum Blue, Mountaineer, Plus P Rated for Duty Use, Po-Lease, PT24/7, Raging Bee, Raging Bull, Raging Hornet, Raging Thirty, Ribber Grip, Rimfire Recharger, Spectrum Blue, Stellar Tracker, Taurus Copper Bullets, Taurus Hex Bullets, Taurus Tracker, Hip Carry, Taurus Upstart, TI, Titanium and Total Titanium and all respective logos are registered trademarks of Taurus International Mfg. Super Seven, Bull's Head Walnut, Taurus Adventurer, Taurus Gaucho, Taurus Judge, Taurus Memory Pad, Taurus Packer, Taurus Tactical, Taurus Thunderbolt, Taurus Tracker Adventurer, Taurus 24/7 and Taurus 24/7 OSS, Unlimited Lifetime Repair Policy and all respective logos are trademarks of Taurus International Mfg.

**.45 or .410?
You be the Judge.**

TAURUS JUDGE FEATURES:

- Fires Both .410 Ga. 2-1/2" Shotgun and .45 Colt Ammunition
- Available in Blue and Stainless Steel
- Choice of 3-inch or 6-inch Barrel
- Fiber Optic Front Sight
- Ribber Grip®
- Taurus Security System®

Finish two of Casey targets at or at 6 feet

It's a revolver – and a shotgun – it's the ultimate combo handgun. The Taurus Judge™ chambers both .45 Colt ammunition and .410 shotshells for unprecedented stopping power and versatility. Capable of firing all five rounds in less than two seconds, the Taurus Judge is ready for decisive action – in self-defense or on the trail.
