Sharpshooter™ Targets

The fun to shoot, yet challenging target lineup! Sharpshooter Targets provide a fun setting whether you are a beginner or seasoned shooter. Test your skills judging different distances or windage affects and enjoy shoot-off games with your friends. The corrugated plastic stands up to the elements and many rounds of shooting! Combine the die cut shapes with the Shoot•N•C Targets for an instant reaction after every shot. Young or old, with Sharpshooter Targets, you will have a safe and enjoyable day at the range. Six die cut plastic targets with 6 Shoot•N•C target overlays and stakes for each target too!

Sharpshooter™ Corrugated Plastic Crow Targets

In conjunction with the die cut Shoot•N•C® Targets, the flock of crows can be a lot of fun to shoot. Set out at different distances to practice and hone your skills. Each crow is 7.5" high; stakes included.

38766 SDC-6 8" Target 6 Silhouettes/6 Targets

Sharpshooter™ Corrugated Plastic Prairie Chuck Targets

Make your very own Prairie Chuck town. Like the flock of crows, these are made to be fun and yet put your skills to the test. Set out at many different distances and practice. Easy to use and set up. These are the next best to the real thing. Each Prairie Chuck stands 7.5" high and stakes are included.

NEW Products

Sharpshooter™ Bull's Eye 24" Targets

Made from rigid corrugated plastic, this brilliant orange on white target is highly visible at all distances. Also, it is easy to align your crosshairs on the bull's-eye. Each scoring ring is 2" apart. This target is great for long range shooting. Use in conjunction with any of the Birchwood Casey adhesive targets.

38124 SLRT-1 24" Target 1 Target

Sharpshooter™ Sight-In 24" Targets

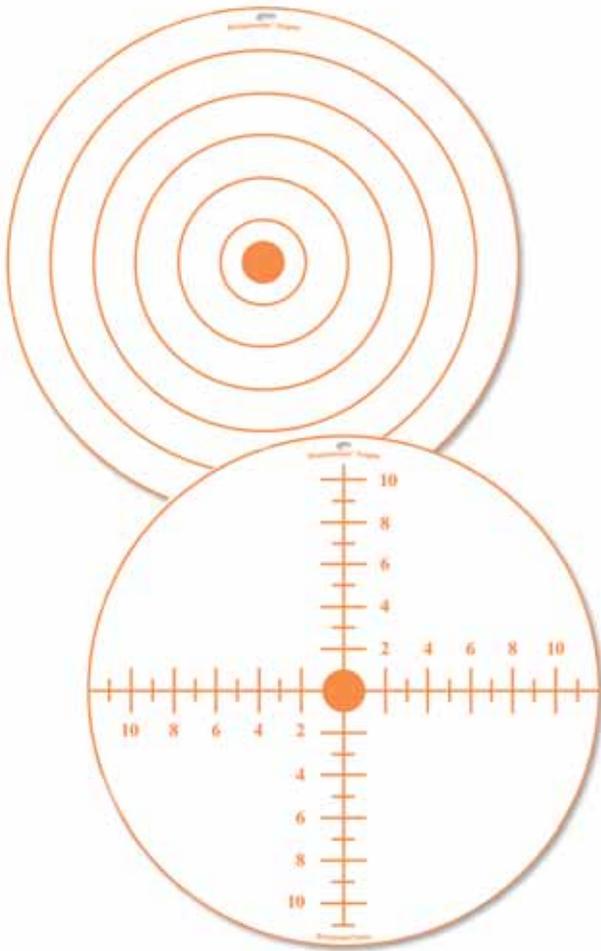

Made from rigid corrugated plastic, this round sight-in target is made for all sighting in distances. The simple "sniper" style crosshairs are simple to line up and easy to see. Each tick mark represents 1" intervals. Your scope sight of view is round; why not shoot at a round target?

38224 SLSI-2 24" Target 1 Target

Sharpshooter™ Corrugated Plastic Bear Silhouette

The next best thing to a real bear! This die cut corrugated silhouette includes embossed lines outlining the bear's many features, creating the most realistic target for shooting.

Shoot•N•C® Self-Adhesive Targets

8" Laser Target

Whether you are boresighting your gun in or shooting with a laser sight, this target makes the perfect aiming point. You get the best of all worlds by applying the Laser Spot™ to the center of the Shoot•N•C Target. The highly reflective Laser Spot™ reflects light back to the shooter creating a highly visible aim point. And, if you miss the Laser Spot™, you immediately see the "halo" on the Shoot•N•C Target.

34807 LT-6 8" Laser Target 6 Targets, 24 Pasters, 8- 1½" Laser Spots™

Shoot•N•C® Self-Adhesive Targets

Crow Target

Make practicing fun with these Crow Targets. Each target has a 3" bull's-eye target centered in it for scoring if need be.

34777 RC-12 8" Crow Target 12 Targets

Shoot•N•C® Self-Adhesive Targets

8" and 12" Round "X" Target

The contrasting crosshair design makes lining up your scope crosshairs a snap. Use as a sight-in target or for general purpose. Use the "crosshair" design vertically or rotate target 45° to create a highly functional "X" aiming point! Each sheet contains extra pasters that match the center aiming point, because that is where you will be hitting the most anyway!

34806 BMW-6 8" Round "X" Targets 6 Targets, 24 Pasters
 34850 BMW-50 8" Round "X" Targets 50 Targets, 200 Pasters
 34015 BMW-5 12" Round "X" Targets 5 Targets, 120 Pasters

Shoot•N•C® Self-Adhesive Targets

6" Round X-Bull's-Eye

A specific "B8" target design used for 25 yard timed and rapid fire events. This 6" target is common for police/military training qualifying courses. The "X" aiming point is inherent in the target design and is great for optic use as well.

34560 B8-60 6" X-Bull's-Eye 60 Targets, 240 Pasters
 34588 B8-1000 6" X-Bull's-Eye 1000 Targets, 4000 Pasters

NEW Products

Perma Fin™ the revolutionary firearm finish. Easily refurbish your firearm back to its original look.

Features include:

- No mixing of components
- Air cures, no baking necessary
- Easily applies by airbrush or fine painter's brush
- Does not fill engraving
- Water-based, easily cleans up
- Solvent resistant

Perma Fin™ Professional Air Cure Gun Finish Kit - Black Satin

PermaFin™ is a single-component, water-based polyurethane resin liquid, making it an easy product to apply and clean up. No mixing of components like other 2-part coatings, and no harsh chemicals to clean up after its use. PermaFin has an excellent adhesion to metal firearm surfaces, but also to plastic and rubber surfaces. PermaFin can be applied in two ways. Apply by airbrush for best results. Can also be applied with a fine-bristled painter's brush. Apply several light coats to obtain a long lasting, durable finish on all gun metal surfaces. Best yet, no baking required; simply air cure! Use the 3 oz bottle if you have your own airbrush or as a refill for the kit.

Kit includes:

- 2-3oz bottles Perma Fin
- 1 airbrush with accessories (compressor not included)
- 1 pair of vinyl gloves
- 1 abrasive sanding pad

Dirty Bird® Targets

HEAVY TAGBOARD
Construction

Colors As Perfect As Your Shots!

Dirty Bird® introduces the new Multi-Color Splattering Targets. The idea is the same as the standard Dirty Bird targets – the name comes from the splatter of color that appears upon bullet impact, which makes the hole highly visible even at a distance! Plus, the multi-color targets also show you how good your shot is without having to walk down range. The concentric circles of the bull's-eye each have their own color splatter, so you can tell by the color how close you are to the center!

Heavy tagboard construction makes these targets extra durable, and the non-adhesive back allows you to affix to a surface as you wish, add notes and then easily save the target for future reference.

- Instant feedback
- Maximum visibility
- Great for indoor and outdoor use
- Excellent value vs. paper targets

Dirty Bird® Targets

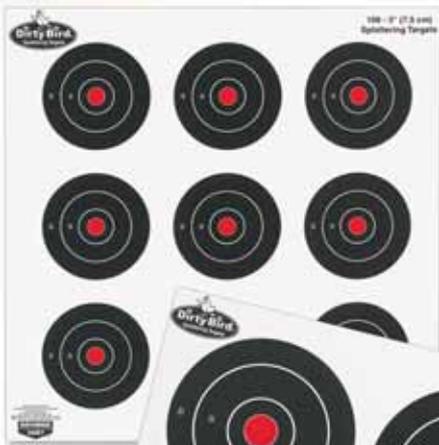

HEAVY TAGBOARD Construction

Spot Your Shots Easily!

The name comes from the splatter of white that appears upon bullet impact, which allows you to immediately spot each shot. These targets are a great value and simple to use both indoors and outdoors. The black and white contrast of these splattering targets is perfect for reading shot groups. The non-adhesive back also allows you to affix to a surface as you wish, add notes and then easily save the targets for future reference.

Why use paper targets when you can enjoy the splatter of Dirty Bird targets? And with the price per target comparable to paper, Dirty Bird targets are not only easy on your eyes, they're easy on your wallet.

Dirty Bird® Rapid Fire 3" and 5.5" Bull's-Eye Packs

Multiple target facings on one sheet make for more shooting time and less target changing time. 9-3" targets or 4-5.5" targets on one convenient sheet. Each Dirty Bird target comes with an aiming point for open or scoped sights.

World of Targets®

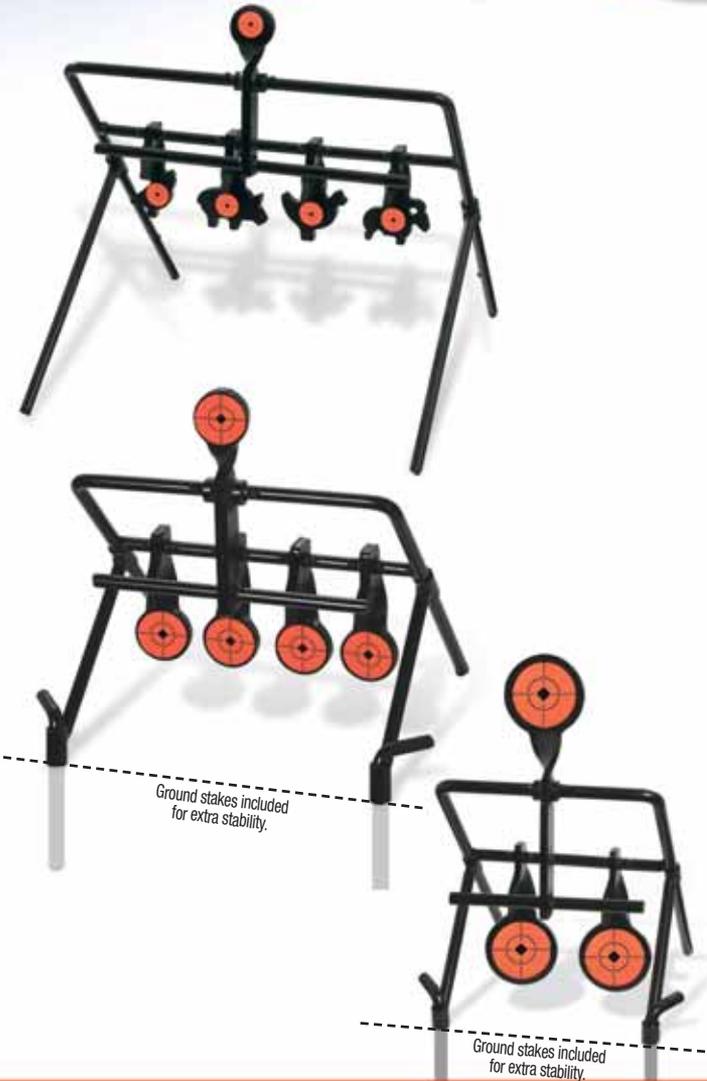

Shoot. Reset. Shoot Again. No problem!

Get the hottest new targets for plinking enthusiasts! Birchwood Casey's World of Targets® offers everything you need for hours of shooting fun without even having to walk down range or pull cords to reset.

Birchwood Casey's Gallery Resetting Targets allow you to knock down all the hanging paddles, and then shoot the upper paddle to reset the others for another round!

There's more to the World of Targets than just resetting targets, though. Check out Birchwood Casey's Spinner targets, too. Improve your shooting with action you can see and hear!

Gallery® Resetting Targets .22 Rimfire and Airgun

Experience hours of shooting fun with your .22 rimfire or airgun! Airgun version requires a moderately powerful airgun (approximately 500 feet per second or faster) with lead pellets only to operate effectively.

Qualifier® Spinner Target

The Qualifier Spinner Target is a popular three disc spinning target for members of the .22 rimfire club. The three different sizes: 3⁵/₈" , 2¹/₄" and 1⁵/₈" circles, will challenge the marksman, sharpshooter or expert in all of us. Improve your shooting skills!

46322 QTA22 .22 Rimfire Rifles and .22 Handguns

Duplex™ Spinner Target

The Duplex Spinner Target is for fans of the .22 rimfire who like a lot of action. With two independent spinners featuring 3⁵/₈" , 2¹/₄" and 1⁵/₈" circles, this target offers it all! Shoot side-by-side with a friend for action you can see and hear.

46422 DQA22 .22 Rimfire Rifles and .22 Handguns

Sharpshooter™ Spinner Target

The Sharpshooter Spinner Target is the all-around pick for the active .22 rimfire shooter. Your choice between the challenging 2¹/₄" and easier 3⁵/₈" circle with every shot. Shoot long range or short range, top or the bottom.

46221 SDA22 .22 Rimfire Rifles and .22 Handguns

Prairie Chuck™ Silhouette Target

World of Targets own silhouette swinger – the Prairie Chuck will sharpen your skills with your favorite .22 rimfire. A popular practice target among squirrel hunters as well! An exciting, challenging long- or short-range target, there is always action you can see and hear.

46676 PSS22 .22 Rimfire Rifles and .22 Handguns

Double Mag™ and Super Mag™ Spinner Target

The Double Mag and Super Mag targets are popular, two-disc spinning targets for the "big bore" pistol shooters. Use the Double Mag for its challenging 3" circle and easier 4¹/₄" circle. Use the Super Mag as an answer for an easier-to-hit target or from long range – its circles are 50% larger. Both targets use 3/8" thick steel.

46244 DMC44 Centerfire Handguns up to .44 Magnum (no Rimfires)

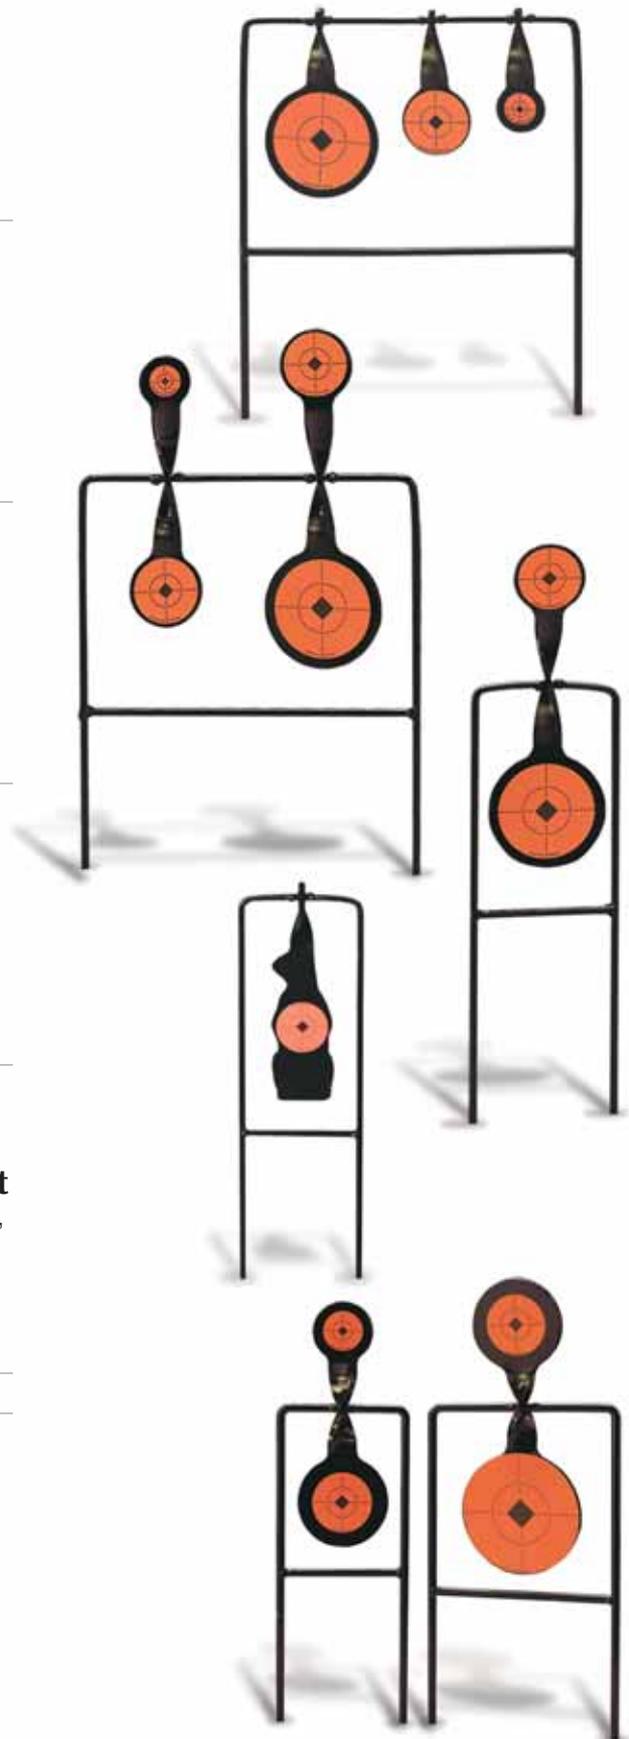

46344 SDM44 Centerfire Handguns up to .44 Magnum (no Rimfires)

World of Targets Specifications

Each target is a solid 3/16" thick (3/8" on the magnums) hung from a durable, welded steel frame to provide years of trouble-free practice. All targets include high visibility Target Spots®. Portable and easy-to-use spinning targets mean no more knocked down targets to set-up. A foot rest makes it easy to push targets into the hardest ground.

The Rimfire Spinners are designed for .22 rimfire cartridges using only soft-nosed bullets. Minimum target distance for shooters and spectators is 25 yards. Do not use .22 rimfire magnums, centerfire handguns, centerfire rifles, blackpowder or BB guns on this target.

The Magnum Spinners are designed for centerfire handgun cartridges up to .44 magnum using only soft-nosed bullets. Minimum target distance for shooters and spectators is 25 yards. Do not use centerfire rifles, .22 rimfire, blackpowder or pellet/BB guns on these targets.

Cleaning & Maintenance

Gun Scrubber® Solvent/Degreaser

The jet-action, high-pressure solvent/degreaser that blasts away dirt and fouling – and air dries immediately. Removes all kinds of oil, grease, grit and softens powder residue, and is non-flammable and harmless to metal finishes. Air dries immediately to eliminate most common causes of gun failures by effectively cleaning (without disassembly) with the solvent used by professional gunsmiths. No rinsing necessary. Great for semi-automatic and gas operated shotguns, rifles and pistols. A handy extension tube produces a powerful blasting action that penetrates even the tiniest crevices. Flushes out both soluble and insoluble residue from hard to clean trigger assemblies, inside receivers and actions without disassembly. Excellent for removing preservative coating on bullet molds, cleaning all reloading tools and removing foreign matter from shotgun choke tubes and barrel threads. No ozone-depleting chemicals.

Angled Cleaning Brushes

Angled cleaning brushes make deep cleaning easier! Three brushes with angled necks allow easy access to all the hard-to-reach places that can cause cleaning headaches. Straight-handled brushes simply can't reach where these brushes can. Two styles of bristles clean thoroughly and safely. Use stainless steel bristles for hard metals and use nylon to avoid scratches on more sensitive surfaces. Comfortable and easy to handle, all three brushes have wooden handles that make gripping a cinch. Solvent- and corrosion-resistant.

Perma Fin™ Professional Air Cure Gun Finish Kit - Black Satin

PermaFin™ is a single-component, water-based polyurethane resin liquid, making it an easy product to apply and clean up. No mixing of components like other 2-part coatings, and no harsh chemicals to clean up after its use. PermaFin has an excellent adhesion to metal firearm surfaces, but also to plastic and rubber surfaces. PermaFin can be applied in two ways. Apply by airbrush for best results. Can also be applied with a fine-bristled painter's brush. Apply several light coats to obtain a long lasting, durable finish on all gun metal surfaces. Best yet, no baking required; simply air cure! Use the 3 oz bottle if you have your own airbrush or as a refill for the kit.

Kit includes:

- 2-3oz bottles Perma Fin
- 1 airbrush with accessories (compressor not included)
- 1 pair of vinyl gloves
- 1 abrasive sanding pad

Wood Finishing

Tru-Oil® Gun Stock Finish

There is no better oil finish! Tru-Oil® Gun Stock Finish has been the professional's choice for gunstock finishing for more than 30 years. Its unique blend of linseed and other natural oils dries fast, resists water damage and will not cloud, yellow or crack with age. Excellent as a sealer for under butt plates, recoil pads and in inletted actions to prevent stock damage.

Save-It™ Shell Catcher

12-Gauge Semi-Auto Shotguns

The original Peterson Save-It™ Shell Catcher is back! An all-steel shotgun shell catcher that prevents empty hulls from being ejected through the receiver opening on semi-automatic shotguns and holds the empties for easy removal. One model works with all 12-gauge semi-auto shotguns.

Simply peel off the double-faced tape to attach the unit to the gun's receiver. The semi-permanent adhesive can be removed if desired. Softly padded tape acts like a barrier, keeping the metal plate away from the gun. There is no movement or vibration to scratch the receiver's finish. The Save-It Shell Catcher is adjustable for different shotshell loads and guns if needed. Simply close or open the ends of the wire with no modifications to the gun.

Save shells from hitting your neighbor on the range, hitting their expensive gun, causing distractions for you and other shooters and the empties from hitting the ground. Save the empties for reloading or having to pick them up later. Easy-to-use and works great!

41012 CCP Save-It Shell Catcher

The wire retaining member locks in the up position for singles, turned down for doubles and easily pulls out for hunting.

Barrel Cots Gun Barrel Protectors

It's easy to keep debris, rain, snow, mud, bugs and more out of your barrel with Barrel Cot. Simply roll the Barrel Cot onto the barrel of your firearm – when you're ready to shoot, go right ahead. Barrel Cot does not have to be removed and does not reduce your accuracy. It protects the muzzle of your gun without sacrificing any performance! One size fits all barrels – pistol, rifle, shotgun and muzzleloader. 20 Cots per bag.

Reel Scrubber® Cleaner/Degreaser

The solvent/degreaser you rely on to penetrate even the tiniest crevices of your reel now has a new formula that's even more effective in removing dirt, oil and grease. It cleans all your moving parts, including gears, bearings, shafts, drag systems, etc. It is perfect for fresh and saltwater spinning, spincasting and bait casting reels as well as other marine equipment.

No disassembly of the reel is required – the extension tube produces a blasting action that penetrates deep. The new formula is less expensive and safe for plastics and painted surfaces.
