**SHOOT BETTER. HAVE FUN.**

# SHOOT BETTER. HAVE FUN.

Welcome to Champion® Traps & Targets—the industry's most exciting and challenging shooting systems. Designed for rugged and reliable performance, every Champion product increases a shooter's skills while providing a fun way to interact with family, friends or competitors.

Champion Traps & Targets are constructed to the highest safety standard and are among the most innovative products on the market. Passionate about shooting and committed to the shooting sports, Champion is the brand you can count on for unparalleled shooting fun. We hope you enjoy this catalog of both new products and old favorites and find something for your next day at the range.

As a leader in the shooting sports industry, Champion® is at the forefront of target technology—always researching new designs and materials. And our DuraSeal™ self-sealing material is one such product. It's hole-closing material lets bullets pass through with little damage to the target and it sits above the frame to provide lifelike hunting scenarios. DuraSeal also prolongs the life of the target—maximizing a shooter's budget and their fun.

Champion's DuraSeal™ multi-cal target material handles even the largest caliber rifles and handguns and still keeps its shape.

One target handles all your rifles.

## TOM KNAPP THE SHOOTING EXPERT

When you need expert shooting advice, get it from the best—Tom Knapp. Holder of three world records, including ten hand-tossed clays broken with ten shots from his shotgun, Tom Knapp is recognized as the greatest exhibition shooter of modern times. Look for his valuable shooting tips throughout this catalog.

How does Tom do it? Tom achieves such amazing feats through lots of practice, sharp eyes and the help of an EasyHit Shotgun Sight. Check it out on page 28.

# GET REACTIVE ACTION

Shooting excitement has burst upon the scene—literally! Champion's VisiChalk™ targets are a great way to have interactive fun at the range. Available in a variety of colors and perfect for short-range action and long-range precision, VisiChalk targets give instant feedback with every positive hit. Put away your spotting scope and get into VisiChalk targets. Refill packs available.

Punching paper has never been more fun than with Champion's VisiColor™ and VisiShot® targets. Available in a multitude of designs—from critters to bulls-eyes—these reactive targets provide a halo of color with every hit. Different colors mark distances from the X-ring so you know exactly where you've shot. Dial in fast, dial in right with Champion® VisiColor (patent pending) or VisiShot.

Few things are as annoying as clays that break upon release. That's because when a clay fails, it breaks your momentum, your rhythm and your concentration. So the next time you're at the range, trust Champion to deliver predictable, reliable and professional flights every time you say "pull." Keep your focus, keep your rhythm and keep Champion clays loaded in your thrower.

# PERFORMANCE YOU CAN COUNT ON

## TOM KNAPP SAYS:

"To become a better trapshooter, you need equipment you can count on. A trusty gun, a reliable thrower and quality clays all work toward increasing your skills. I've shot many different clay targets and the ones I find most consistent are those from Champion. They are just the best birds out there"

# EYES AND EARS PROTECTION

In the shooting sports, nothing is more important than safety. It's the foundation of our industry. From muzzle control to hearing protection, Champion promotes safe shooting at all times. And while proper gun handling can be taught and learned, trust Champion to provide all your eye and ear protection needs. Our line of shooting accessories—including our DSP™ (Digital Sound Protection) hearing/amplification products—make any day of shooting safer and more enjoyable.

## DSP™ DIGITAL BEHIND THE EAR

Get superior hearing protection/amplification without the bulk of muffs with Champion's behind-the-ear digital hearing protection. Simply wrap the amplifier around your ear, insert the soft foam plug and enjoy a noise reduction of 29 decibels for loud noises. Single channel provides a 26 db gain for quiet sounds while double channel delivers a gain of 8 db (when in Mode 2 range setting).
