# THE BEST HUNTS ALWAYS

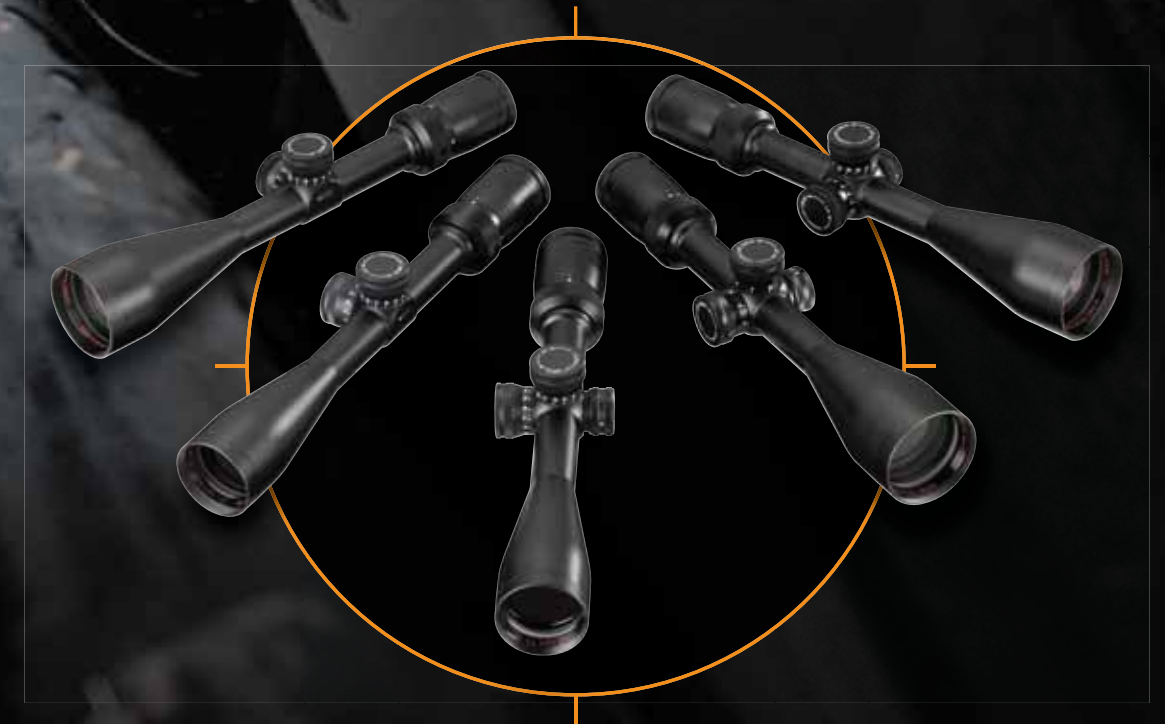

*And Nitrex Helps Tell the Tale*

# HAVE A STORY

□ □ □ Forget the thunderstorm breathing down your neck and the bone-chilling cold. Ignore the broken bootlaces, the bloody knees and the long belly crawl through mud and sage. Months of scouting, days upon days of glassing and hours of stalking has put you in position to become a legend in camp. Be grateful you've got Nitrex™ Optics.

## RISE TO THE CHALLENGE

If you are a serious hunter who abandons all in the pursuit of your passion, you can't go wrong gearing up with Nitrex Optics. Brought to you by Weaver® Optics, the scopes and binoculars generations of hunters have come to trust, Nitrex is a fresh new choice for the avid big game hunter. As premium glass for premium hunters, Nitrex is a powerful force in the optics category.

## NITREX PROMISE

Go ahead, hunt hard. Nitrex™ Optics will be right there with you. From the moment you leave home to the “moment of truth,” Nitrex Optics are designed to go the distance and surpass expectations. This is something you won't have to think twice about. So whether it's for the scrapbook or the record book, let Nitrex help you get in the hunt.

# FOR THOSE HUNTS WHEN THE NEAREST LANDMARK IS THE HORIZON

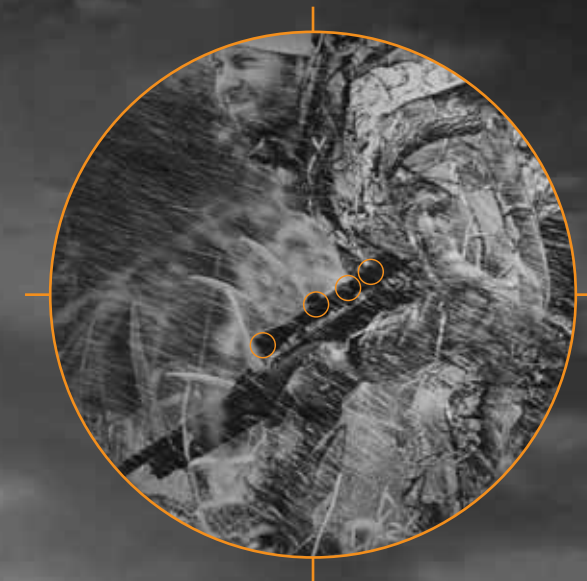

*Hunt Big Country with Nitrex Optics*

## TR TWO SERIES

Shortly after the TR one series was introduced, the engineers at Nitrex were already hard at work designing an even more rugged line of riflescopes to meet the needs of the extreme big game hunter. This next generation of scopes—the TR two series—continues the tradition of no-frills, tough & rugged scopes and includes upgrades such as reset-to-zero, pull-up turrets (no caps), argon gas purged tubes and a new 3-point spring erector design that locks in zero like never before.

The TR two series boasts reticle offerings such as glass etched EBX™ (Enhanced Ballistic-X), Fine-X with dot and illuminated reticles. An expanded magnification selection is the cornerstone of the TR two series with scopes ranging from 2-10x42 to 4-20x50mm. This line of scopes promises that no matter what hunting adventure you tackle, your scope will perform during every heart-pounding moment.

**TruCoat™ Fully Multi-Coated Lenses**  
For maximum light transmission and reduced reflection. An extra hard coating on exposed lenses for scratch-resistant viewing.

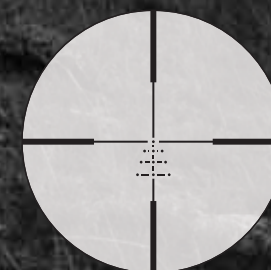

**Pull-Up Resettable Turrets**  
Eliminate lost turret caps with the new pull-up resettable turrets found on all TR two riflescopes. \*Side focus parallax available on most models.

**Power Selector Ring**  
Quickly and smoothly move through magnification ranges with the easy-to-operate Power Ring Selector.

**Argon Purged Tubes**  
To eliminate internal fogging and provide bright, clear viewing, all TR two scopes feature argon purged tubes.

## 2-10X42

Looking for a wide selection of magnification ranges with the streamlined light gathering capability of a 42mm objective? Listen closely because the 2-10x42mm TR two scope is calling. This scope enables shooters to zoom in close for up close action yet provides plenty of long range magnification for long range shots.

- FEATURES**
- TruCoat™ Fully Multi-Coated Lenses
  - Extra Hard Exterior Lens Coating
  - Tough and Rugged Construction
  - One-piece Tube Design
  - Argon Purged Tube
  - Pull-up, No Cap Turrets with ¼" MOA clicks
  - TrexPlex™, EBX™ Reticles
  - Shockproof / Fogproof / Waterproof

94500 - Matte w/ TrexPlex  
94502 - Silver w/ TrexPlex  
94505 - Matte w/ glass etched EBX™

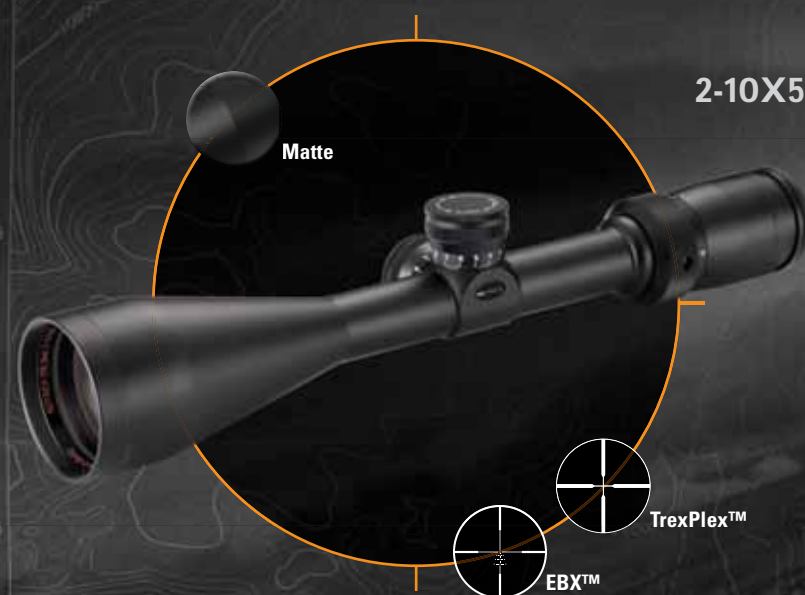

## 2-10X50

If you love all the features of the 2-10x42 but need additional light gathering, then bump up to the 2-10x50mm. This rugged 2-10x TR two scope has all the features of its sister glass but with a more robust 50mm objective. It's the perfect scope for general purpose hunting in all light conditions.

- FEATURES**
- TruCoat™ Fully Multi-Coated Lenses
  - Extra Hard Exterior Lens Coating
  - Tough and Rugged Construction
  - One-piece Tube Design
  - Argon Purged Tube
  - Pull-up, No Cap Turrets with ¼" MOA clicks
  - TrexPlex™, EBX™ Reticles
  - Shockproof / Fogproof / Waterproof

94510 - Matte w/ TrexPlex  
94515 - Matte w/ glass etched EBX™

### 3-15X42

For big game hunters who hunt in wide open spaces, the Nitrex 3-15x42mm fills the need to dial in closer with an increased magnification for longer shots. As with all Nitrex Optics, the 3-15 also features fully multi-coated lenses and one-piece construction but with the same argon filled tubes, pull-up turrets and side focus parallax adjustments as the entire TR two series.

#### FEATURES

- TruCoat™ Fully Multi-Coated Lenses
- Extra Hard Exterior Lens Coating
- Tough and Rugged Construction
- Side Focus Parallax Adjustment
- One-piece Tube Design
- Argon Purged Tube
- Pull-up, No Cap Turrets with ¼" MOA clicks
- TrexPlex™, EBX™ Reticles
- Shockproof / Fogproof / Waterproof

94520 - Matte w/ TrexPlex

94525 - Matte w/ glass etched EBX™

### 3-15X50

As one of the most versatile scopes in the lineup, the Nitrex 3-15x50mm offers the light gathering power of a large 50mm objective with a magnification range that's a favorite among big game hunters. Factor in the Nitrex EBX™ (Enhanced Ballistic X) reticle, side focus parallax adjustment, argon filled tube and reset-to-zero pull-up turrets (no caps) and shooters have a user friendly scope that delivers tough and rugged performance on every hunt.

#### FEATURES

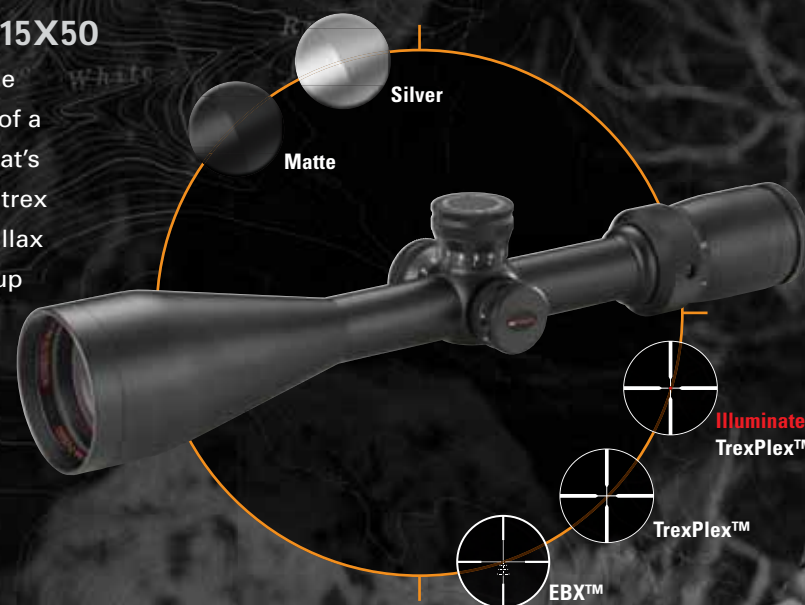

- TruCoat™ Fully Multi-Coated Lenses
- Extra Hard Exterior Lens Coating
- Tough and Rugged Construction
- Side Focus Parallax Adjustment
- One-piece Tube Design
- Argon Purged Tube
- Pull-up, No Cap Turrets with ¼" MOA clicks
- TrexPlex™, Illuminated TrexPlex™, EBX™ Reticles
- Illuminated Reticle offering include 0-5 Red, 0-5 Green w/ On-Off Between Settings
- Shockproof / Fogproof / Waterproof

94530 - Matte w/ TrexPlex

94532 - Silver w/ TrexPlex

94535 - Matte w/ glass etched EBX™

94536 - Matte w/ illuminated TrexPlex

## 4-20X50

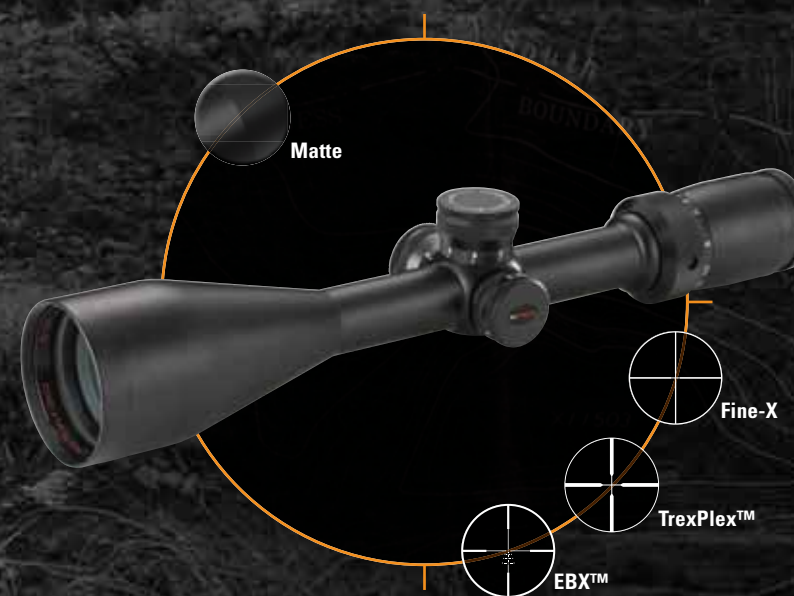

Truly long range shooters will appreciate Nitrex's dedication to riflescopes as evident in the TR two 4-20x50mm. Offering 3.6" (4x) to 5" (20x) of eye relief, the 4-20x50 stands as the elite of Nitrex's line of long range optics. Fully multi-coated lenses with extra hard coatings on exterior lenses and pull-up turrets with 1/8" MOA windage/elevation adjustments add to this scope's unique ability to reach targets with pinpoint accuracy.

- FEATURES**
- TruCoat™ Fully Multi-Coated Lenses
  - Extra Hard Exterior Lens Coating
  - Tough and Rugged Construction
  - Side Focus Parallax Adjustment
  - One-piece Tube Design
  - Argon Purged Tube
  - Pull-up, No Cap Turrets with 1/8" MOA clicks
  - TrexPlex™, EBX™, Fine Crosshair w/ Center Dot Reticles
  - Shockproof / Fogproof / Waterproof

94540 - Matte w/ TrexPlex

94545 - Matte w/ glass etched EBX™

94543 - Matte w/ Fine-X w/ Dot

# OUT HERE, THE FARTHER YOU GO THE CLOSER YOU GET

*Nitrex Optics is Backcountry Glass*

## TR ONE SERIES

The TR one series offers the outdoor enthusiast tough and rugged riflescopes and binoculars that keep them in the hunt no matter where their outdoor action takes them. Fully multi-coated lenses and torture tested construction make Nitrex the ideal glass for taking your passion to its limit. If you are searching for the perfect companion to your rifle, the Nitrex TR one series has plenty of options to satisfy your need to get closer and clearer.

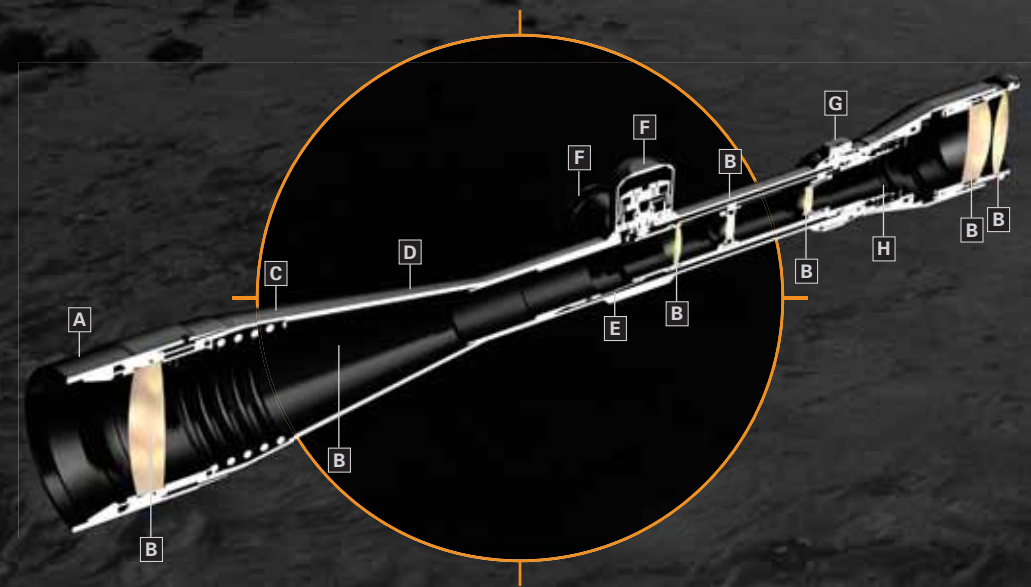

- A Adjustable Objective\***  
Provides parallax correction for maximum accuracy at all ranges.  
\* Available on 4-16x50mm and 6-20x50mm only.
- B TruCoat™ Fully Multi-Coated Lenses**  
For maximum light transmission and reduced reflection. An extra hard coating is added to exposed lenses for scratch-resistant viewing.
- C Tube Construction**  
One-piece tube design machined from a single piece of aircraft aluminum alloy with a durable hard coat anodizing for no-leak, rugged performance.
- D Nitrogen Purged Tube**  
For fogproof performance and viewing.
- E Trex™ 3-Point Precision System**  
Triangulated points of contact eliminate drift, maintain zero and enable precise and repeatable windage and elevation adjustments.
- F Windage/Elevation Adjustments**  
Audible 1/4 MOA clicks for fast, easy zeroing.  
(Target turrets on 6-20x50mm offers 1/8 MOA clicks and provide exact reticle adjustment during competition or long-range shooting.)
- G Power Selector Ring**  
Sure grip, easy turn for smooth transitions between magnifications.
- H TrexPlex™/ Trex Multi-Plex Reticle**  
These reticles provide fast target acquisition and perfect shot placement—every time.

## 1.5-5X32 RIFLESCOPE

If you hunt in dense timber, brush or thickets, your hunt may feel more like close quarters combat. Fast moving game, close action and quick shooting are the order of the day. For hunters like you, Nitrex Optics offers their 1.5-5x32mm riflescope. Ideal for rifles and slug guns, this low power scope provides rapid target acquisition and a wide field of view so you don't miss a thing when you come up on the scope.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Trex™ 3-point Precision Adjustment System
  - One-piece tube design
  - Shockproof, fogproof, waterproof
  - Scratch-resistant coating on exposed lenses
- 94554 - Matte w/ TrexPlex

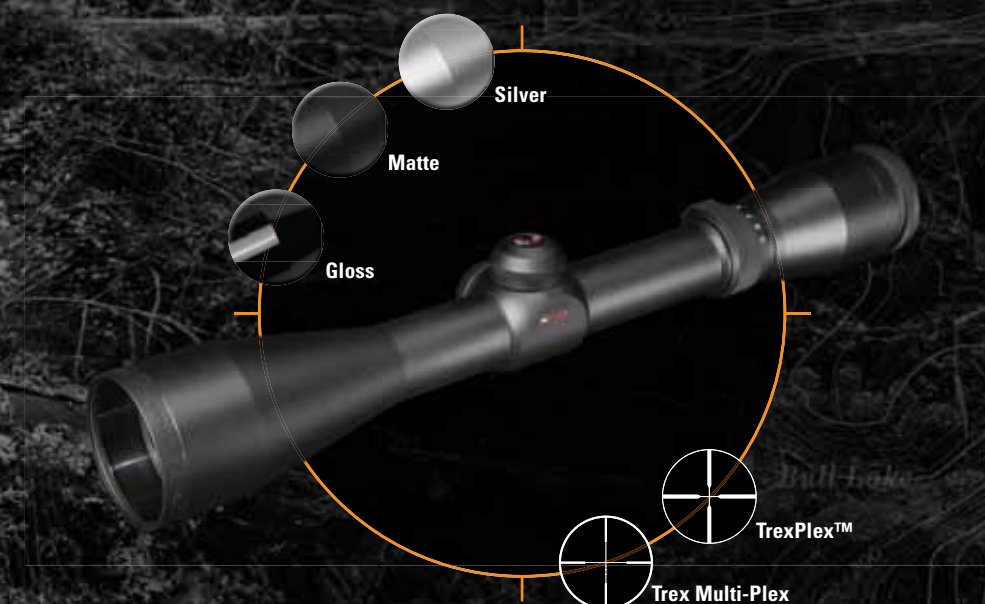

### 3-9X42

Without a doubt, the Nitrex TR one 3-9x42 is the workhorse of the Nitrex line. As one of the most tough and rugged riflescopes on the market, our 3-9x42mm gives you a clear sight picture regardless of conditions. With TruCoat™ fully multi-coated lenses handling low light, bright light, rain and fog with ease and a fast focus eyepiece presenting clear images in seconds, the 3-9x42mm the perfect for the everyday outdoorsman—a hunter who pursues all types of game across a variety of terrain. Featuring a broad F.O.V. at 100 yards and 3½" of eye relief, the 3-9x42mm is a versatile scope that fits just about any shooting style and firearm. Available with Trex Multi-Plex ballistic reticle.

#### FEATURES

- TruCoat™ fully multi-coated lenses
- Trex™ 3-point Precision Adjustment System
- One-piece tube design
- Shockproof, fogproof, waterproof
- Scratch-resistant coating on exposed lenses

94565 - Matte w/ Trex Multi-Plex  
 94563 - Matte w/ TrexPlex  
 94562 - Gloss w/ TrexPlex  
 94564 - Silver w/ TrexPlex

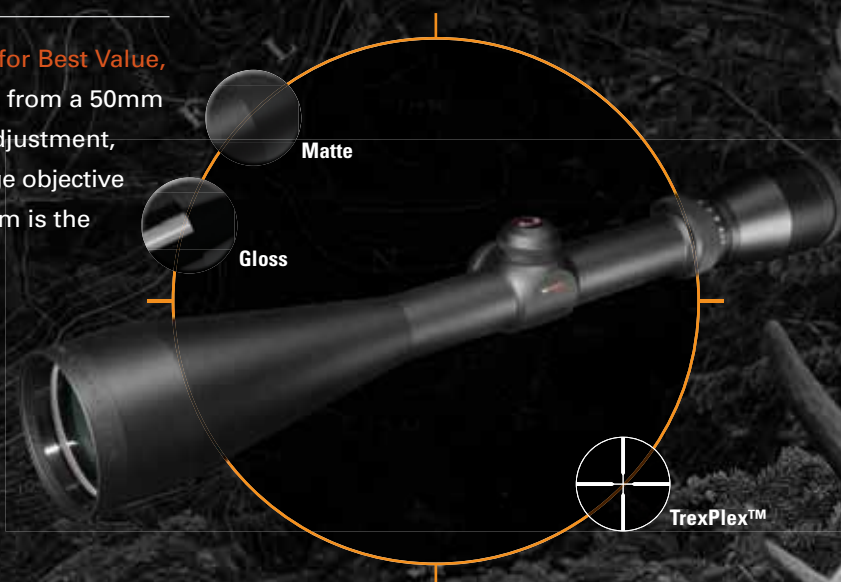

### 3-10X50

Awarded *Field & Stream's* 2008 "Best of the Best" award for Best Value, the 3-10x50 is designed to give you everything you expect from a 50mm scope at a great price. With its Trex™ 3-Point Precision Adjustment, TruCoat™ fully multi-coated, single adjust turrets and a large objective gathering max light in low-light conditions, the 3-10x50mm is the scope you need when one shot is all you get.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Trex™ 3-point Precision Adjustment System
  - One-piece tube design
  - Shockproof, fogproof, waterproof
  - Scratch-resistant coating on exposed lenses

94569 - Matte w/ TrexPlex  
94568 - Gloss w/ TrexPlex

### 4-16X50 AO

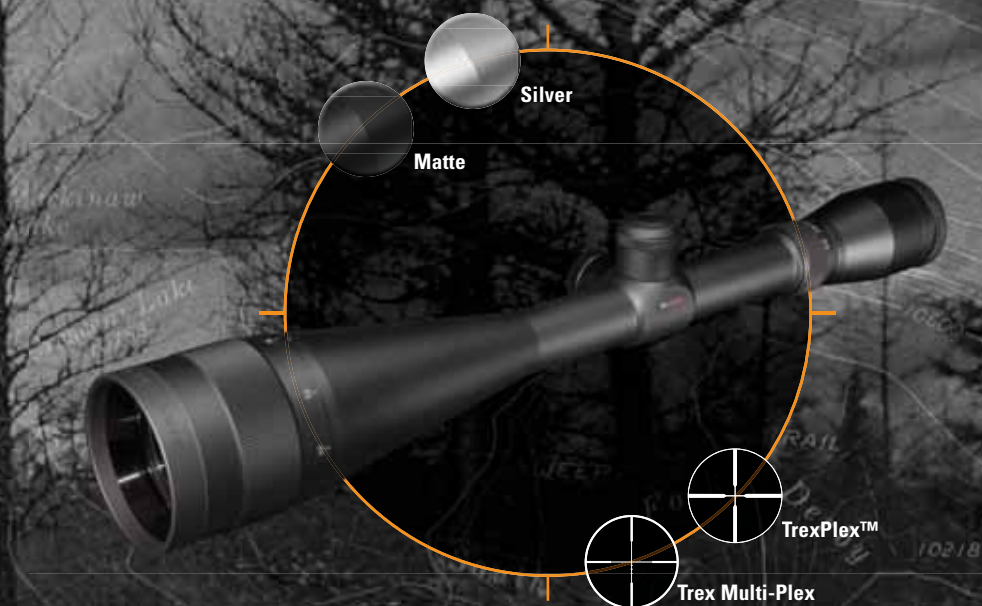

Nitrex Optics™ continues their tough and rugged reputation with a new addition to the TR one series of riflescopes. The new 4-16x50mm AO scope contains all the same great features of the entire Nitrex TR one line, but brings an additional magnification range that fills a void among hunters and avid target shooters.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Trex™ 3-point Precision Adjustment System
  - One-piece tube design
  - Shockproof, fogproof, waterproof
  - Adjustable Objective lens
  - Versatile magnification range ideal for both hunters and target shooters

**NEW!** 94590 - Matte w/ TrexPlex  
**NEW!** 94592 - Matte w/ Trex Multi-Plex

## 6-20X50 AO

When it comes time to “go long range,” premium optics help you reach out and touch your target with consistency. Like the Nitrex TR one 6-20x50 AO. For extreme distances—when wind and terrain become serious factors—the 50mm AO gets hunters on target with amazing clarity, precision and reliability. With a 50mm adjustable objective bell removing parallax and gathering up every bit of light available the 50mm AO is nothing short of tack-driving accuracy captured in a sleek design. For those hunters who have the skill, count on the 6-20x50 to back them up. Available with Trex Multi-Plex ballistic reticle.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Trex™ 3-point Precision Adjustment System
  - One-piece tube design
  - Shockproof, fogproof, waterproof
  - Scratch-resistant coating on exposed lenses
  - Adjustable Objective lens

94583 - Matte w/ Trex Multi-Plex

94580 - Matte w/ TrexPlex

94582 - Silver w/ TrexPlex

# HAS TO BE LEVELED

## NITREX BINOCULARS

The Nitrex Optics TR one binocular series are engineered to make any hunt easier. Designed to provide years of rugged service and crystal-clear viewing, Nitrex binoculars deliver the same performance of high-end optics without the hype, without the price.

### 8X42 & 10X42

With game-spotting F.O.V. at 1,000 yards and the ability to zoom inside 8 feet without distortion, the Nitrex 8x42mm and 10x42mm binoculars offer some of the most aggressive viewing on the planet. From their rugged, rubber-armored coating to their amazing light transmission capabilities, these binoculars quickly earn their place in any serious hunter's pack.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Rugged rubber-armored, easy-grip design
  - BaK-4 Roof prism glass
  - Scratch-resistant coating on exposed lenses
  - Shockproof, fogproof, waterproof

94700 - 8x42mm binoculars  
94701 - 10x42mm binoculars

### 8X25 & 10X25

The compact 8x25mm and 10x25mm TR one models bring lightweight versatility to the hunting experience. With fully multi-coated lenses, an ergonomic-friendly design and fast focus, Nitrex binoculars go the distance and surpass expectations. And their rubber armored finish makes them virtually impervious to the most grueling hunting situations. Nitrex binoculars—what hunters need when the hunts get tough and rugged.

- FEATURES**
- TruCoat™ fully multi-coated lenses
  - Rugged rubber-armored, easy-grip design
  - BaK-4 Roof prism glass
  - Scratch-resistant coating on exposed lenses
  - Phase coated roof prism
  - Shockproof, fogproof, waterproof

94710 - 8x25mm binoculars  
94711 - 10x25mm binoculars

# NOW GET OUT AND USE IT

## LENS CLEANING PEN

Keep your quality Nitrex™ Optics free of dirt and debris with the Nitrex Lens Pen. This cleaning tool features a soft brush for cleaning dirt and dust from lenses and a chemically treated chamois pad for gentle removal of stubborn smudges and fingerprints. Take care of your optics investment with this new lens pen from Nitrex Optics.

- FEATURES**
- Soft brush for removing bulk of dust and debris
  - Chemically treated chamois pad cleans smudges and fingerprints
  - Keeps lenses clean and clear for maximum viewing
  - Handy pen package for easy carry

94755 - Lens Cleaning Pen

## NITREX™ FOGKLEAR® ANTI-FOG CLOTH

Keep your optics ready for action with this soft, durable anti-fog cloth. Micro-fiber construction and anti-fog chemicals make this cloth a must-have for owners of sporting optics.

- FEATURES**
- Large size for easy cleaning
  - Chemically treated with anti-fog chemicals that don't affect finish

94750 - Anti-fog Cloth—1 pack  
94751 - Anti-fog Cloth—25/box

## SUNSHADES

Shield your shot from the distracting rays of the sun with the Nitrex™ Sunshade. For use on the TR one 50 mm, and the TR two 42mm and 50mm offerings, these sunshades block out glare and bring your target into clear focus no matter what angle the sun is at. Made from a rugged aluminum, these sunshades simply screw into the objective to provide a welcome relief to shooters.

- FEATURES**
- Aluminum construction
  - Screw in for rock solid hold and sturdy service
  - Provides shade from even sharp sun angles
  - 3" sunshade designed for all 50mm TR one riflescopes
  - 4" sunshades specifically for 42mm and 50mm TR two riflescopes

94651 - TR one 3" Sunshade (50mm)—matte  
94655 - TR two 4" Sunshade (42mm)—matte  
94656 - TR two 4" Sunshade (42mm)—silver  
94657 - TR two 4" Sunshade (50mm)—matte  
94658 - TR two 4" Sunshade (50mm)—silver

ALL MEASURMENTS SHOWN IN YARDS

LIMITED LIFETIME WARRANTY

Your new Nitrex binocular/riflescope is warranted to be free from defects in material or workmanship for as long as the original owner owns it. This warranty is extended only to the original consumer purchaser. Should you believe that your Nitrex binocular/riflescope is defective in material or workmanship, you must return the Nitrex binocular/riflescope to Ammunition Accessories Inc. through its Onalaska Operations (hereinafter “Onalaska Operations”) postage paid for evaluation. Or if within one year of purchase the defective binocular/riflescope may be returned to a Nitrex certified dealer for a direct over the counter exchange upon proof of purchase being provided by the original consumer. If defective, the product will be repaired or replaced at no charge or money refunded at Onalaska Operations’ option. If Onalaska Operations elects to replace the binocular/ riflescope, a binocular/riflescope of equal or greater value and similar performance will be provided. Send your Nitrex binocular/riflescope, along with proof of purchase, to:

Onalaska Operations  
N5549 CTH Z  
Onalaska, WI 54650

TO ENSURE THE ACCURACY OF YOUR WARRANTY INFORMATION, SEND YOUR WARRANTY CARD TO:

NITREX WARRANTY  
Dept. 5079  
PO Box 5007  
Stacy, MN 55078-5007

THIS LIMITED LIFETIME WARRANTY, INCLUDING THE ONE (1) YEAR OVER THE COUNTER DIRECT EXCHANGE, DOES NOT COVER DEFECTS OR DAMAGE RESULTING FROM CARELESSNESS, ABUSE, MISUSE, IMPROPER INSTALLATION OR OPERATION, UNAUTHORIZED REPAIRS OR MODIFICATIONS, OR NORMAL WEAR AND TEAR. WARRANTY SERVICES CANNOT BE PROVIDED WITHOUT MEETING THE ABOVE REQUIREMENTS. Retain this warranty certificate for future reference.

THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED TO THE DURATION OF THIS LIMITED WARRANTY. ONALASKA OPERATIONS IS NOT LIABLE FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCT AND UNDER NO CIRCUMSTANCES SHALL ONALASKA OPERATIONS BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES. HOWEVER, SOME STATES DO NOT ALLOW LIMITATIONS ON INCIDENTAL, OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. THE ABOVE WARRANTY PROVIDES THE SOLE AND EXCLUSIVE WARRANTY AVAILABLE TO THE CUSTOMER IN THE EVENT OF A DEFECT IN MATERIAL OR WORKMANSHIP IN THE NITREX BINOCULAR/RIFLESCOPE. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
