New for 2011

Be on the lookout for new products in every category. To make it easy on you, we stamped them with our NEW icon!

"Shot after shot, Champion's award-winning DuraSeal target keeps it shape while withstanding thousands of hits ranging from 22-cal up to the monstrous 50 BMG. DuraSeal now comes in a new color—Radiation Green. This unique color really stands out at 100 yards, and is perfect for long-range and low-light shooting conditions."

Slim Passive Hearing Muffs

"Champion now offers a slimmer, sleeker and lighter-weight passive muff for shooters who want less bulky hearing protection that covers your entire ear. This new muff provides superior, dependable protection with a Noise Reduction Rate of 21 decibels."

When you need expert shooting advice, get it from the best—Tom Knapp. Look for his valuable shooting tips shared throughout this catalog.

THE SHOOTING EXPERT

Arguably, Tom Knapp is one of the greatest exhibition shooters of all times. Throughout the years, he's managed to blast his way to three world records, including ten hand-tossed clays broken with ten shots from his shotgun.

Along with sharp eyes, fast reflexes and lots of practice, Knapp also credits his success to using our high-quality gear.

Here are Tom's top picks for 2011:

WheelyBird[™] Auto-Feed Trap

"The WheelyBird is my new favorite trap... it's easy to move, easy to store. And best of all, it's easy on the pocket book. With a 50 clay capacity and a throwing distance of 55 yards, the WheelyBird is ideal for any backyard range."

SHOOT BETTER, HAVE FUN.

Few things are as annoying as clays that break upon release. That's because when a clay fails, it breaks your momentum, your rhythm and your concentration. So the next time you're at the range, trust Champion to deliver predictable, reliable and professional flights every time you say "pull." Keep your focus, keep your rhythm and keep Champion clays loaded in your thrower.

EASYHIT SHOTGUN SIGHT

Champion Traps & Targets®-in partnership with exhibition shooter Tom Knapp-is proud to promote the EasyHit Fiber Optic Sight. This high visibility fiber-optic sight attaches to any ventilated or solid rib or flat surface and is low profile as to not change your point of impact. The EasyHit Shotgun Sight will improve your shooting skills. The intensity of the fiber-optic bead lets you aim with your indirect vision, making it possible to see the bead without looking at it. Now you can concentrate 100-percent on the target and still know exactly were your shotgun is pointing. This is extremely important when following—and in forward lead of—any target.
